SECTION A – GOALS AND OBJECTIVES

Program Goals

The objective of the Public Benefits Outreach and Enrollment (PBOE) program is to conduct outreach, education, screening, application assistance, and follow-up support between the applicant household and government agencies to access federal, state and/or local government issued public benefits or programs. Screening individuals for eligibility can result in obtaining such benefits as medical coverage to include Medicare and Medicaid, TANF (Temporary Aid to Needy Families), and SNAP (Supplemental Nutrition Assistance Program). Benefits translate into dollars. For example, in one scenario a single eligible person can obtain \$192 in SNAP benefits and have Medicare premiums paid by Medicaid resulting in a minimum of \$100 deducted from the monthly social security pension payment. Within the Department of Family and Support Services (DFSS) Strategic Plan, a goal for the PBOE program is for 33% of eligible households to obtain one or more benefits.

Target Population

The Target Population consists of those individuals/families that meet eligibility requirements of public benefit programs.

SECTION B – PERFORMANCE MEASUREMENT

Overview

DFSS is committed to moving beyond measuring *how many* people receive services, to focus on whether Chicago residents are *better off* after receiving services. As part of this outcome-oriented approach, DFSS has implemented a Strategic Framework that guides how the department measures, reports on, and reviews its priorities and outcome goals, and uses them to drive contracting, improve decision-making, and encourage greater collaboration.

Performance Indicators

- To track progress toward achieving goals discussed in Section A and assess success of the program, DFSS will monitor a set of performance indicators that include but are not limited to:
- Number of clients/households assessed.
- Number and name of public benefits received.
- Number of outreach activities.
- Dollar value of benefits received.

Data Reporting

Delegate agency will be expected to collect and share data with DFSS according to the format, frequency, and submission protocol specified by DFSS. The parties recognize that reliable and relevant data is necessary to create a common understanding of performance trends, ensure compliance, evaluate program results and performance, and drive program improvements and

- Delegate agency agrees to the following reporting requirements: Delegate agency must agree to enter data information in either or both of the following data systems: STARS (Single Tracking And Reporting System) and HMIS, and if screening homeless individuals or families, (Homeless Management Information System) and/or any other funder's required systems. If required, training will be provided.
- Monthly and/or Quarterly Reports detailing services provided. Format will be provided.
- Monthly Report summarizing where clients/households learned of the availability of PBOE services at respective location (Center/Outreach Site).
- Monthly Meetings with DFSS staff, if required.
- Participant Recruitment Plan including broad geographic areas as well as specific outreach sites within the specific DFSS Community Service Centers' service area.
- Brief, End-of-Year Report highlighting delegate agency's strengths, weaknesses, and suggestions to DFSS to increase program goal.

Data Usage

DFSS reserves the right to use data related to delegate agency performance, including, but not limited to data submitted by the delegate agency for the following:

- a) To review program performance and develop strategies to improve program quality throughout the term of the contract.
- b) To guide DFSS Human Services program development, inform policies and procedures, advise internal contract decisions such as payment rates, contract extensions or renewals, and appraise proposals submitted by the delegate agency in response to any future solicitations by DFSS for goods or services.
- c) Any other purposes identified by DFSS.

Meetings

Regular reviews of and conversations around program performances, program results and program data, particularly related to the goals outlined in this agreement, will allow DFSS and the delegate agency to employ real-time information to track performance, identify good practices, and swiftly, collaboratively, and effectively address any challenges experienced by the target population.

At such meetings, the data will be reviewed to:

- a.) Monitor progress, highlight accomplishments, and identify concerns;
- b.) Collaboratively design and implement operational changes to continuously improve processes and outcomes; and
