<p>Nutrition Risk Screen</p>	
<p>Nutrition Risk Screen – 10 questions</p> <p>(choose points under Yes or No)</p> <p>FEDERALLY REQUIRED INFORMATION</p>	<p>This section contains questions to determine if the Older Adult has high nutritional risk. Each question is assigned a point value if the Older Adult’s answer is “yes” to a question. Total the points chosen in the “Y” column. If the total is six or more points, the Older Adult is considered to have high nutritional risk.</p> <p>Responses do not determine eligibility for HDM.</p> <p>(NOTE: The IDoA is required to report data from the answers in this section to the federal agency).</p>

Activities of Daily Living (ADLs) and Instrumental Activities of Daily Living (IADLs)

Impairment/Problem with Activity of Daily Living (ADL)

Impairment/Problem with Instrumental Activities of Daily Living (IADL)

FEDERALLY REQUIRED INFORMATION

This section contains questions to determine an Older Adult's assistance level for activities of daily living and instrumental activities of daily living.

If a Determination of Need (DON) assessment has already been completed by the CCU, you may use the Part A, Level of Impairment, score for these items. If a DON has not been completed by a CCU, the Older Adult should be asked about his/her need for assistance for each ADL/IADL. Each item will be assigned one of the following answers and the corresponding point value should be entered on the form.

- **Independent – Enter 0 or No**
Independent (no assistance required): A score of zero for any function indicates that the Older Adult performs or can perform all essential components of the activity, with or without an existing assistive device.
- **Minimal Assist – Enter 1 or Yes**
Minimal Assistance: A score of one for any function indicates that the Older Adult performs or can perform most essential components of the activity with or without an existing assistive device, but some impairment of function remains such that the Older Adult requires some supervision or physical assistance to accomplish some or all components of the activity.
- **Moderate Assist – Enter 2 or Yes**
Moderate Assistance: A score of two for any function indicates that the Older Adult cannot perform most of the essential components of the activity, even with an existing assistive device, and requires a great deal of assistance or supervision to accomplish the activity.
- **Maximum Assist – Enter 3 or Yes**
Maximum Assistance: A score of three for any function indicates that the Older Adult cannot perform the activity and requires someone to perform the task, although the Older Adult may be able to assist in small ways, or require constant supervision.
- **Unknown – Enter 4 or No**
Unknown: (unable to determine need for assistance, needs assistance but refuses or does not provide an answer)

Major Health Problems (choose all that apply)	
Ambulation: Full Partial Assisted Bedfast	Ask the Older Adult about his/her ambulation capability.
Vision: Full Limited Glasses Blind	Ask the Older Adult about his/her vision capability.
