Dear Friends,

We hope everyone is enjoying summer time Chi! We invite you to take advantage of pleasant summer weather by going to parks, walking with friends, and gardening around your home and community. According to the National Institute on Aging, there are a number of steps that you can take to actively support *aging well as you seek to live your best life*! Taking care of your physical, mental, and cognitive health is key. It has been shown that even making small changes to your daily routine can put you on the path to living longer and better. **Staying active, eating and sleeping well, meeting new people, and being socially engaged** are all factors associated with improved health and well-being.

We can assist you with exploring new things, making new connections, and enjoying the opportunity to fully focus and concentrate on you! As you go out in search of things to do, we invite you to join us at one of our 21 senior centers located throughout the city. Enjoy a lunchtime meal free of charge. Check out your nearby senior center to see who’s there and what’s going on. Our centers offer activities like yoga, billiards, line dancing, chair tap, jewelry making, and card games like Bid Whist. For those of you not able to make it out to the senior centers or those who prefer to enjoy the senior center from the comfort of your home, please take a look inside the latest edition of the Chicago Seniors Connected brochure. You will find virtual opportunities for fitness, health and wellness presentations, computer sessions, and other activities.

We also know that many of you have considerable skills, talents, and experiences to share. We invite you to share those talents with us and your peers across the city. We are seeking volunteer support with our senior centers, senior companion and foster grandparent programs, and our new ombudsman volunteer program. Studies show that people who volunteer feel a renewed sense of purpose and that participation in meaningful social activities has helped to improve longevity, mental health, and, in some instances, to reduce the risk of dementia. Please call DFSS Senior Services at 312-744-4016 or email aging@cityofchicago.org to learn more about volunteer opportunities.

Lastly, we would like to provide you with a few tips shared by the Center for Disease Control to help you stay safe and healthy during these summer months, especially during time of extreme heat and heat waves:

**Stay hydrated.** Drink water to help you stay hydrated. Avoid alcoholic and caffeinated beverages such as soda, coffee, and tea, as they can leave you dehydrated quickly.

**Stay indoors during extreme heat.** In extreme heat and humidity, evaporation slows down and the body must work extra hard to maintain a normal temperature. Remember the sun is the most intense between 10:00 a.m. and 4:00 p.m. If you can… limit your outdoor activity to the morning and the evening.
**Stay in an air-conditioned place.** Air-conditioning is important when it is hot and humid outside. If you do not have air-conditioning in your home, go somewhere that does. You are welcome to join us at any of our senior centers which also serve as local cooling centers during periods of extreme heat. You may also visit a local library, a movie theater, or friends and family to try to stay cool.

**Know the weather forecast and dress appropriately.** The best clothing to wear in the summertime is loose-fitting and lightweight clothes in natural, breathable fabrics like cotton. Dress in light colors that will reflect the sun and heat instead of darker colors that will attract them.

**Protect your skin and eyes.** Wearing sunglasses can block your eyes from harmful UV rays and protect your vision. When outdoors, protect your skin from damage by wearing hats, sunglasses, and a sunscreen of SPF 30 or higher and that protects against both UVA and UVB radiation.

**Know the side effects of your prescriptions.** Some medications can cause increased sensitivity to the sun. Look over your medications and talk with your doctor about any concerns or questions you have.

**Know the early signs of heat-related illnesses such as dehydration, heat stroke, heat exhaustion, hyperthermia, etc.** Signs to look for may include disorientation, dry skin, excessive tiredness, headache, lethargy, nausea, a flushed face, high body temperature, rapid pulse, dizziness, and confusion. Take immediate action if you feel any symptoms coming on.

**Maintain communication with friends, family, caregivers, and emergency contacts.** Prepare a list of emergency phone numbers and place them in an easy-to-access area in case needed. Call your friends/peers to check on them and see how they are doing.

Please call 311 if you need assistance with heat related matters. Please call 911 for emergencies. We have also included flyers and informational materials in the Chicago Seniors Connected brochure for additional tips on managing the heat.

Enjoy the summer! We look forward to seeing you soon and often!

Sincerely,

**Margaret LaRaviere**
Executive Director – Chicago Area Agency on Aging
Deputy Commissioner – DFSS Senior Services Division
Prior to participating in our virtual programs, registration is required. It’s easy as 1, 2, 3!

1. **Scan the QR code on your smart phone** (open your camera, point it at the symbol below, and then tap the pop-up link) or **visit**: https://bit.ly/3aty8T5.

2. **Answer the registration questions** (if you’re a current participant of a senior center, have your senior center membership card handy)

3. **New participants will receive an email with a participant number!** Current participants will keep their existing numbers. And, please note that at the beginning of each virtual class, you’ll be asked to type your participant number in the chat box.
Classes are scheduled weekly, unless otherwise noted, and are available in various formats listed under “Location”.

<td><strong>Dietitian Presentation (7/3)</strong> &lt;br&gt;Title: Happy Heart—Diet Don’t Fail Me Now**&lt;br&gt;Congestive Heart Failure (CHF) occurs when the heart does not pump enough to deliver enough oxygen to your body. High blood pressure, heart disease, and kidney problems can lead to CHF. Too often people focus too much on what they need to cut out of their diet instead of what they should add to their diet to keep their heart healthy. This can lead to your heart being even more unhealthy! Join us to learn what to add to your diet to help keep your heart happy and strong!&lt;br&gt;<strong>Presenter: Jim Coogan, RD/LDN (White Crane)</strong></td>

*Title: Get A Pulse On Your Heart’s Health*  
People aged 65 and older are much more likely than younger people to have a heart attack, a stroke, and to develop heart disease. This is why it is important for you to have your blood pressure checked regularly. If not treated, high blood pressure could lead to a stroke or other problems with your heart. Attend this session to learn other ways you can lessen your chances of developing problems with your heart.

<td><strong>Pharmacist Presentation/Consultations (6/15)</strong>&lt;br&gt;<em>Title: Dementia &amp; Alzheimer’s Disease (Adv Care Planning)</em>&lt;br&gt;Did you know that the greatest known risk factor for Alzheimer’s disease is increasing age? Alzheimer’s disease is the most common form of dementia, affecting memory, thinking, and social abilities. As dementia progresses, it can become difficult to make choices about your care, finances, and other decisions. Advanced care planning helps ensure your wishes are communicated, heard, and respected. Join us as we discuss how to recognize signs/symptoms of dementia, discuss treatment options (including meds), and provide an overview of advanced care planning. <strong>Individual consultations will follow the presentation at 11:30am.</strong>&lt;br&gt;<em>Presenter: Kathryn Sawyer, PharmD/MBA/BCACP/CAPM(UIC)</em></td>

<tr>
<td>10:30am</td>
<td><strong>Pharmacist Presentation/Consultations (7/20)</strong>&lt;br&gt;Title: <em>Hepatitis—Another Reason to Learn Your ABCs</em>&lt;br&gt;Hepatitis means inflammation of the liver. When the liver is inflamed or damaged, its function can be affected. In older adults, hepatitis is even more concerning since the liver is not able to process nutrients, filter the blood, and fight infections as easily. There are many types of hepatitis, with the most common types being A, B, and C. Hepatitis C is the most common infection in the United States. In this session, the pharmacist will review the different types of hepatitis infections, their causes, complications, prevention, and treatment methods, including drug therapies. <strong>Individual consultations will follow the presentation at 11:30am.</strong>&lt;br&gt;Presenter: Kathryn Sawyer, PharmD/MBA/BCACP/CAPM(UIC)</td>

<td>10:30am</td>
<td><strong>Pharmacist Presentation/Consultations (8/17)</strong>&lt;br&gt;Title: <em>Vaccines &amp; Immunizations</em>&lt;br&gt;By the time you are 65 years old, you have probably been exposed to, or immunized against, most of the common infectious diseases. However, sometimes that protection decreases, which is why certain immunizations are recommended in older adults. In this session, we will review the most up-to-date recommendations for immunizations (including the flu, shingles, pneumonia, and COVID-19 vaccines), what vaccines you should receive based on your age or health conditions, why these immunizations are important, and who can give them to you. Don't miss your shot to learn more about vaccines! <strong>Individual consultations will follow the presentation at 11:30am.</strong>&lt;br&gt;Presenter: Kathryn Sawyer, PharmD/MBA/BCACP/CAPM(UIC)</td>

Individual Wellness Phone Consultations

Looking for personalized help? Our team of wellness professionals are available by phone to answer your health-related questions and refer you to resources whenever possible. Phone consultations are not designed to address emergencies. If you are having an emergency, please call 911.

To make an appointment for a phone consultation, please call the **White Crane Wellness Center** at **773-271-9001**. Appointments are available on a first-come, first-served basis and last for approximately 15 minutes.

- **Ask the Nurse**: The nurse can help quickly answer your most pressing health questions and direct you to follow-up care as needed.
- **Ask the Social Worker**: The social worker can provide emotional support as you adjust to a new way of life, as well as provide resources for accessing social services when possible.
- **Ask the Pharmacist**: The pharmacist is ready to answer your medication questions to help ensure you stay healthy and safe.
- **Ask the Dietitian**: The dietitian has ideas for ways to get creative with healthy food.
VIRTUAL COMPUTER & TECH CLASSES
Tuesdays @ 8:30 a.m.

Family Caregivers of People with any type of Dementia
(like Alzheimer’s, Parkinson’s / Lewy Body, Vascular)

You Are Not Alone

DFSS is here to support you with the Stress-Buster Program!

Caregiving can be both rewarding and stressful, this program seeks to improve your quality of life through:

- stress management and peer support
- relaxation and coping strategies
- enhanced problem-solving skills

To Register: bit.ly/SBPCaregivers
Contact: victoria.russo@cityofchicago.org

This program is FREE and available at no cost to you!

WHO: Family caregivers of a loved one with any type of dementia
WHAT: Multi-component program meets

- 90 minutes / week for 9 weeks
- Groups of up to 8 - 12 people

“I was at a very low point in my life. This program saved my life.” Participant
If you are living with diabetes, join this monthly meeting to share information, resources and ideas related to the ups and downs of managing this chronic condition. We are an informal, diverse group and welcome new members every month.

- Research shows that managing diabetes can sometimes be overwhelming, sharing your experiences with others in similar situations is a way to relieve stress and learn new ways to care for yourself
- Acquire valuable information from Rush diabetes experts and gain insights from others who truly understand the journey of living well with diabetes
- Establish personal health goals and make monthly action plans to achieve these goals in a supportive environment

The Third Thursday of every month, 2:00-3:30pm

This group will be held via zoom until further notice.

To receive the information to log-in, contact Daniela Mitchem, LCSW at 312.947.0469 or email Daniela_Mitchem@rush.edu

To register or for more information, please call 800-757-0202
The Health Legacy Program for Women

VIRTUAL WORKSHOP

The Health Legacy Program is a FREE 6-week workshop designed for women of color wanting to make lifestyle changes for themselves and their families by eating right, losing weight, and improving their overall health and wellness.

Join us for fun exercise, nutrition guidance, and health education in a supportive environment. Create a legacy for lifelong health for you and your family!

Health Legacy Program participants will:
- Meet twice a week for 6 consecutive weeks
- Discuss healthy habits and create a personal weekly health plan
- Exercise weekly for improved strength and flexibility
- Learn about nutrition, healthy eating, and practice meal planning
- Meet with other women in supportive discussion groups
- Practice goal setting and problem solving
- Be celebrated at the end with a graduation and surprises!

For any questions or for more information, call us at (800) 757-0202!

If you would like to schedule a virtual workshop for women at your organization or if you are interested in participating in a workshop, please call us!
(800) 757-0202

Requirements
Participants with internet access on Smart Phone, a Tablet or Computer will enjoy and benefit most from the program, since workshops are offered via the Zoom videoconference platform.

Needed workshop materials will be mailed to participants, so pre-registration is required.

This workshop is provided at zero cost to the host organization or participants.
Programa de Legado de la Salud Para Mujeres

El Programa de Legado de la Salud es un taller GRATUITO de 6 semanas, diseñado para mujeres de color que desean cambiar su estilo de vida y el de sus familias, por medio de una buena alimentación, pérdida de peso y una mejora en su salud y bienestar en general.

Participe en ejercicios divertidos, nutrición guiada y educación de la salud en un ambiente de solidaridad. Establezca un legado de salud de por vida para usted y su familia.

Las participantes del Programa de Legado de la Salud:
- Se reunirán dos veces por semana por 6 semanas consecutivas
- Hablarán sobre hábitos sanos y crearán un plan de salud personal semanal
- Se ejercitarán semanalmente para mejorar su fuerza y flexibilidad
- Aprenderán sobre nutrición, alimentación saludable y practicarán planeación de comidas
- Se reunirán con otras mujeres en grupos de discusión de apoyo
- Practicarán fijación de objetivos y resolución de problemas
- ¡Tendrán una celebración final con graduación y sorpresas!

Para más información, para registrar para una sesión pendiente, o para coordinar un taller para su iglesia u organización, llame a Grisel Rodríguez-Morales al (312) 942-2093.

Este grupo se reúne dos veces a la semana y dura 6 semanas, con una sesión zero adicional.

Para unirse a una sesión o coordinar un grupo para su organización, llame 312.942.2093.

Este taller no tiene ningún costo para la institución anfitriona, ni para las participantes.

Por el momento ofrecemos los talleres a través de zoom, pero regresaremos a talleres presenciales en cuanto podamos.

Coordinadora de Programa:
Daniela Mitchem, LCSW
312.947.0469

Do You Get Health Insurance Through Medicaid? 
Get Ready To Renew!

Starting May 2023, all Illinois residents must reconfirm eligibility. Don’t risk losing your health insurance. To keep your insurance, Illinois Medicaid needs to be able to send you paperwork. Give them an address where mail can always reach you.

3 WAYS TO UPDATE YOUR INFORMATION

• Call the Illinois Department of Healthcare and Family Services (HFS) to report address changes:
  1-877-805-5312 (select Option 8),
  TTY 1- 877-204-1012
  MONDAY–FRIDAY | HOURS 7:45–4:30

• Use the HFS online change of address form to report new address, phone, email:
  WWW2.ILLINOIS.GOV/HFS/ADDRESS

• Click Manage My Case at abe.illinois.gov to verify your address and find your due date.
¿Obtiene Seguro Médico por medio de Medicaid? ¡Prepárese para renovarlo!

A partir de Mayo del 2023, todos los residentes de Illinois necesitan que reconfirmar su elegibilidad. No se arriesgue a perder su cobertura médica. Para mantenerse inscrito, Medicaid en Illinois necesita que enviarle la documentación a su domicilio. Asegúrese de proporcionar una dirección en la cual lo puedan contactar.

3 MANERAS EN LAS QUE PUEDE ACTUALIZAR SU INFORMACIÓN

- Llame al Departamento de Beneficios de Salud en Illinois y al Departamento de Servicios para la Familia (HFS) para realizar cambios:
  1-877-805-5312 (seleccione la opción 8),
  TTY 1- 877-204-1012
  LUNES A VIERNES HORARIO 7:45 A 4:30

- Utilice la opción en línea de HFS para actualizar su domicilio, teléfono, correo electrónico.
  WWW2.ILLINOIS.GOV/HFS/ADDRESS

- Para verificar su dirección y su fecha límite, seleccione “manage my case” en abe.illinois.gov
Beat The Heat!

Keep Your Cool During Extreme Hot Weather.

The City of Chicago has services available to help residents cope safely with extreme weather conditions. Those resources will be even more impactful with your support. Make a special effort to check on your friends and neighbors during a heat wave, especially if they are older adults, young children, live alone or are people with special needs.

Call 3-1-1 To:

- Locate a Cooling Center near you.
- Request a well-being check for someone.

Hot Weather Tips:

- Drink lots of water, avoid alcoholic beverages, coffee, and sodas.
- Avoid going outside in extreme heat.
- If you don’t have air conditioning, keep shades drawn and blinds closed, with windows slightly open.
- If you must be outside, seek shade.
- Keep electric lights off or turned off.
- Minimize your use of your stove or oven.
- Wear loose, light, cotton clothing.
- Take cool baths and showers.
- Don’t leave anyone (including pets) in a parked car, even for a few minutes.
- Never leave children, older adults, or those who require special care during periods of intense summer heat.
- Older adults and others who may be sensitive to extreme heat should contact friends, neighbors, or relatives periodically throughout the day.
- Seek help if you feel symptoms of heat related illnesses.

Remember

Check on relatives, neighbors and friends. If you are unable to make contact, call 3-1-1 and request a well-being check.
COMMUNITY SERVICE CENTERS

COOLING CENTER HOURS: 9 A.M. - 5 P.M. (Monday-Friday)

Englewood Center
1140 W. 79th St.

Garfield Center
10 S. Kedzie Ave.

King Center
4314 S. Cottage Grove

North Area Center

South Chicago Center
8650 S. Commercial Ave.

Trina Davila Center
4312 W. North Ave.

*The Garfield Center is available 24/7 to connect residents to shelter!

SENIOR CENTERS

COOLING CENTER HOURS: 8:30 A.M. - 4:30 P.M. (Monday-Friday)

Central West Center
2102 W. Ogden Ave.

Northeast Senior Center
2019 W. Lawrence Ave.

Northwest Senior Center
3160 N. Milwaukee Ave.

Renaissance Court
78 E. Washington

Southeast Senior Center
1767 E. 79th St.

Southwest Center
6117 S. Kedzie Ave.

10 A.M. - 5 P.M.

ALTERNATE LOCATIONS

Chicago Parks & Libraries also serve as cooling centers during extreme heat. Check in with your local park, library or police station for cooling center locations & hours.

VISIT 311.CHICAGO.GOV OR CALL 3-1-1 FOR THE MOST CURRENT INFORMATION ON CITY COOLING CENTERS

*The Garfield Center is available 24/7 to connect residents to shelter!
# HEAT-RELATED ILLNESSES

## WHAT TO LOOK FOR

### HEAT STROKE
- High body temperature (103°F or higher)
- Hot, red, dry, or damp skin
- Fast, strong pulse
- Headache
- Dizziness
- Nausea
- Confusion
- Losing consciousness (passing out)

### HEAT EXHAUSTION
- Heavy sweating
- Cold, pale, and clammy skin
- Fast, weak pulse
- Nausea or vomiting
- Muscle cramps
- Tiredness or weakness
- Dizziness
- Headache
- Fainting (passing out)

### HEAT CRAMPS
- Heavy sweating during intense exercise
- Muscle pain or spasms

### SUNBURN
- Painful, red, and warm skin
- Blisters on the skin

### HEAT RASH
- Red clusters of small blisters that look like pimples on the skin (usually on the neck, chest, groin, or in elbow creases)

## WHAT TO DO

### HEAT STROKE
- Call 911 right away—heat stroke is a medical emergency
- Move the person to a cooler place
- Help lower the person’s temperature with cool cloths or a cool bath
- Do not give the person anything to drink

### HEAT EXHAUSTION
- Move to a cool place
- Loosen your clothes
- Put cool, wet cloths on your body or take a cool bath
- Sip water

**Get medical help right away if:**
- You are throwing up
- Your symptoms get worse
- Your symptoms last longer than 1 hour

### HEAT CRAMPS
- Stop physical activity and move to a cool place
- Drink water or a sports drink
- Wait for cramps to go away before you do any more physical activity

**Get medical help right away if:**
- Cramps last longer than 1 hour
- You’re on a low-sodium diet
- You have heart problems

### SUNBURN
- Stay out of the sun until your sunburn heals
- Put cool cloths on sunburned areas or take a cool bath
- Put moisturizing lotion on sunburned areas
- Do not break blisters

### HEAT RASH
- Stay in a cool, dry place
- Keep the rash dry
- Use powder (like baby powder) to soothe the rash

---

[Image: CDC logo]
Staying Safe in Hot Weather

Watch for these signs of hyperthermia:

- Dizziness
- Muscle cramps
- Swelling in your ankles and feet
- Nausea and weakness
- Rapid pulse

Tips to prevent hot-weather illness:

- Drink liquids
- Limit caffeine and alcohol
- Wear light-colored, loose fitting clothes
- If it's too hot, try exercising indoors

Learn more about staying safe in hot weather at www.nia.nih.gov/hot-weather-safety.
OUR MISSION
It is CEDA’s mission to work in partnership with communities to empower individuals and families to achieve self-sufficiency and improve their quality of life.

WHO WE HELP
As one of the largest private, nonprofit Community Action Agencies in the US, we serve more than 300,000 people and 150,000 households in Chicagoland yearly.

OUR SERVICES

GAS & ELECTRIC ASSISTANCE
What is it?
A program to relieve stress on a household’s budget and keep the utilities running.

How does it help me?
Provides a one-time benefit toward gas and electric bills.

What do I need to do?
Check your eligibility at CEDAorg.net/LIHEAP

FURNACE REPAIR & REPLACEMENT
What is it?
Assists when your heating system isn’t working or unsafe.

How does it help me?
Provides a one-time benefit toward gas and electric bills.

What do I need to do?
Check your eligibility at CEDAorg.net/LIHEAP

WATER ASSISTANCE (City of Chicago)
What is it?
Makes your water, sewer and water-sewer tax bills more affordable.

How does it help me?
50% rate reduction for bills
No shut off, penalties or debt collection
Debt forgiveness after one year in the program

What do I need to do?
Check your eligibility at Chicago.gov/UBR

STAY IN TOUCH
CEDAorg.net @CEDAgogreen
FsACE (Chicago Suburbs)

**What is it?**
Assists low-wage earners in attaining skills, knowledge and resources necessary to remove barriers and improve sustainability.

**How does it help me?**
Programs include Dental Care, Transportation, Vision Care, Family Nutrition, Trade Skills, Employment Services, Scholarships.

**What do I need to do?**
Check your eligibility at CEDAorg.net/FsACE

**HOME WEATHERIZATION**

**What is it?**
Home improvements that keep houses warmer in the winter and cooler in the summer.

**How does it help me?**
Installs insulation, Seals drafty areas, Furnace/boiler and water heater replacement.

**What do I need to do?**
Check your eligibility at CEDAorg.net/Home-Weatherization

**WOMEN, INFANTS, AND CHILDREN**

**What is it?**
Food, education, and support for women, primary caregivers, infants, and children under age five.

**How does it help me?**
Provides healthy food, nutrition education, breast-feeding support, and referrals.

**What do I need to do?**
Check your eligibility at CEDAorg.net/WIC

**HOUSING SERVICES**

**What is it?**
Counseling services for homebuyers, homeowners, renters, and the homeless.

**How does it help me?**
Assists with affordable housing, avoiding displacement, budgeting and credit.

**What do I need to do?**
Check your eligibility at CEDAorg.net/Housing

**STAY IN TOUCH**
CEDAorg.net  @CEDAgogreen
The City of Chicago is offering a new program to provide FREE lead service line replacements to income-qualified homeowners.

You may qualify if you:

- Own your home – and it’s a single family home or two-flat
- Have a household income below 80% of the area median income ($88,250 for a family of four)

The number of homes receiving free service line replacements will be capped annually by available funding.

GET STARTED NOW
For more program details and a program application visit www.LeadSafeChicago.org.

What’s Involved in a Lead Service Line Replacement?

The service line brings the water from the water main to your house. In Chicago, many service lines to single family and two-flat homes are lead. Replacing the line involves digging a trench from the street to your house. The new copper water service will enter your house through the floor or the wall and connect to your existing plumbing at the first water shut-off valve.
What Residents Can Do Now

The following steps are options for further reducing residents’ exposure to lead in their homes. Lead exposure should be particularly limited for pregnant or nursing women and children under age 5.

1. **Check for lead paint:**
   - Paint is the most common cause of lead exposure in children. Test swabs can instantly check for lead in paint. Paint no longer contained lead after the 1970s, but children’s toys and red-glazed pottery can still sometimes contain lead.

2. **Check what your service line material is:**
   - **Copper:** The pipe may appear dull brown on the outside but will be the color of a bright penny if gently scratched. A magnet WILL NOT stick to a copper pipe.
   - **Lead:** The pipe will appear dull and soft but will turn a shiny silver color when scratched. A magnet WILL NOT stick to a lead pipe.
   - **Galvanized Steel:** The scratched area will remain a dull gray, and a magnet WILL stick to the surface.

3. **Replace old faucets:**
   - If your faucet is brass from before 2014, replace it with a new no-lead fixture. Antique faucets often have high lead content as well and should not be used for kitchen sinks.

4. **Flush water for 5 minutes if it hasn’t been used for 6 hours:**
   - Activities such as showering or running the dishwasher/laundry will serve to flush the line. When the water temperature drops during flushing, this typically indicates that the water is coming from the water main, where lead is rarely detectable.

5. **Clean faucet aerators every six months:**
   - The screen on the faucets can trap lead particles and so should be cleaned periodically.

6. **Cook and drink cold water:**
   - Heat cold water for cooking or drinking rather than using the hot water from the tap.

7. **Call 311 for a free lead test kit if you’re concerned about lead:**
   - The test kit will have three bottles to take sample water in the morning, once the water has not been used for eight hours. Samples are sent back to the City for analysis, and property owners will be notified of results within a few weeks. City staff will do a follow-up investigation of any property with a lead test result above 15 ppb for free.

8. **Use a water filter:**
   - If you are concerned about lead exposure, pitcher filters rated NSF 53 remove dissolved lead. A standard Britta filter will not remove lead. The filter must be specifically rated for lead. The City will provide a free filter to properties impacted by construction or with a past meter installation or high lead test results. Go to www.LeadSafeChicago.org to see if your property qualifies.
La ciudad de Chicago está ofreciendo un nuevo programa para proporcionar reemplazos de líneas de servicio de plomo GRATIS para los dueños de casas con ingresos calificados.

Usted podría calificarse si:
- Es dueño de su casa - y es una casa unifamiliar o de dos pisos
- Tenga ingresos familiares bajo 80% de los ingresos medios de la zona (88.250 dólares para una familia de cuatro miembros)

El número de casas que reciban reemplazos gratuitos de líneas de servicio tendrá un límite anual según los fondos disponibles.

EMPiece AHORA MISMO
Para obtener más detalles del programa y una solicitud de este, visite www.leadsafechicago.org/es/hogar

¿Qué está involucrado en reemplazar una línea de servicio de plomo?

La línea de servicio lleva el agua desde la tubería principal de agua hasta su casa. En Chicago, muchas líneas de servicio de las casas unifamiliares y de dos pisos son de plomo. El reemplazo de la línea implica la excavación de una zanja desde la calle hasta su casa. REI nuevo servicio de agua de cobre entrará en su casa a través del suelo o de la pared y se conectará a la tubería existente en la primera válvula de corte de agua.

La propiedad de la línea de servicio de plomo se divide entre la ciudad (lado público) y el propietario (lado privado). Si usted cumple con los requisitos de este programa, la ciudad reemplazará toda la línea de servicio de plomo, incluida la parte del propietario, de forma gratuita.
Que pueden hacer los residentes ahora:

Los siguientes pasos son opciones para reducir aún más la exposición de los residentes al plomo en sus hogares. La exposición al plomo debe ser particularmente limitada para mujeres embarazadas o lactantes y niños menores de 5 años.

1. Compruebe si hay pintura con plomo:
   La pintura es la causa más común de la exposición al plomo en los niños. Hay pruebas que pueden verificar instantáneamente si hay plomo en la pintura. Pintura hecha después de la década de 1970 no contiene plomo, pero los juguetes de niños y la cerámica con esmalte rojo todavía pueden contener plomo.

2. Compruebe de cual material esta hecho su línea de servicio:
   - Cobre: La tubería puede parecer marrón opaca por fuera pero será el color de un brillante centavo si se rasca suavemente. Un imán NO se pegará a un tubo de cobre.
   - Plomo: La tubería parecerá opaca y suave pero se volverá un brillante color de plata cuando se raya. Un imán NO se pegará a un tubo de plomo.
   - Acero galvanizado: El área rayada se quedará un gris opaco, y un imán SE pegará a el tubo.

3. Reemplace grifos antiguos:
   Si su grifo es de latón anterior a 2014, reemplácelo con un accesorio nuevo sin plomo. Los grifos antiguos también tienen un alto contenido de plomo y no deben usarse para fregaderos de cocina.

4. Descarga su agua para 5 minutos si no se ha utilizado durante 6 horas:
   Actividades como duchándose o prender el lavaplatos/lavadora servirá para enjuagar la línea. Cuando la temperatura del agua baja durante el lavado, esto generalmente indica que el agua proviene de la tubería principal de agua, donde el plomo rara vez se detecta.

5. Limpie los aireadores del grifo cada seis meses:
   La malla de los grifos puede atrapar partículas de plomo y así debería ser limpiado periódicamente.

6. Cocine y beba agua fría:
   Calienta el agua fría para cocinar o beber en lugar que usar el agua caliente del grifo.

7. Llame al 311 para obtener un kit de prueba de plomo gratis si le preocupa el plomo:
   El kit de prueba tendrá tres botellas para tomar muestras de agua en la mañana, una vez que el agua no se ha utilizado durante ocho horas. Las muestras se envían de regreso a la Ciudad para su análisis, y los propietarios serán notificados de los resultados dentro de unas pocas semanas. El personal de la ciudad hará una investigación de seguimiento de cualquier propiedad con un resultado de prueba de plomo superior a 15-ppb gratis.

8. Utilice un filtro de agua:
   Si le preocupa la exposición al plomo, los filtros de jarra con clasificación NSF 53 eliminan el plomo disuelto. El filtro Britta estándar no eliminará el plomo. El filtro debe estar clasificado específicamente para plomo. La ciudad proporciona un filtro gratis a las propiedades afectadas por la construcción o en el pasado con una instalación de medidor o con resultados altos de la prueba de plomo. Vaya a www.LeadSafeChicago.org para ver si su propiedad califica.
The Golden Diners Program Site Listing

Come join your friends and neighbors at your local Golden Diners location and enjoy a well-balanced, nutritious meal! The program is open to individuals 60 years of age and older and their spouses of any age. Special programs and activities, including exercise classes, education lectures, and fun outings, are also provided at many of the locations. For additional information, please call the site directly or email your inquiry to aging@cityofchicago.org

The Chicago Department of Family and Support Services (DFSS) Senior Services Division offers a variety of citywide programs designed to address the diverse needs and interests of older Chicagoans and their caregivers. **In general, all Chicagoans aged 60 and older are eligible for services. Some programs have lower ages of eligibility, call us!**

**Call Information and Assistance at 312-744-4016 or call 311 Monday – Friday, 8:30 am to 4:30 pm or email aging@cityofchicago.org**

### In-Home Support Services

**Caregiver Respite**

Caregiver Respite provides a break from caring for loved ones. A variety of options include in home care - home care aides, hiring of a personal friend or family, and residential care in a facility. Support is available for up to two weeks annually.

**Caregiver Support**

People who care for their aging family or loved ones (caregivers) can receive supportive services such as one-on-one or family counseling, support groups, food boxes, information and referrals, help purchase of goods or services, and education opportunities. A range of ages qualify – please call for information.

**Caregiver Training & Education**

The Savvy Caregiver™ Training Program is a 12-hour education program for family caregivers taking care of those with Alzheimer’s Disease and related disorders. Each free weekly session is 2-hours over six weeks. A Caregiver Manual is provided. Training opportunities are available throughout the year.

**Chore Services**

Short-Term Chore service provides assistance with light housekeeping, laundry, shopping or other household support due to a life change, illness, disability, or temporary situation. **Heavy-Duty Chore is an intensive cleaning** for those whose living conditions pose a threat to their health and safety. Services include trash removal, moving heavy furniture, help with clutter, packing and more.

**Grandparents & Older Relatives Raising Children**

Grandparents or older relatives aged 55+ who have primary responsibility for a child under 18 or loved one with severe disabilities aged 19-59 are eligible for services including one-on-one or family counseling, support groups, information and referrals, education opportunities, and help purchasing goods or services such as clothes, school supplies, toys, and more.

### Elder Rights, Legal Services, Protection, & Advocacy

**Adult Protective Services (APS)**

Certified APS workers respond to reports of alleged abuse of Chicagoans aged 60+ and those with disabilities aged 18-59. Concerns including physical, emotional, and sexual abuse, self-neglect, neglect, confinement, and / or financial exploitation. APS stops the abuse and develops a plan for safety, well-being, and prevention.

**Case Advocacy & Support (CAS)**

CAS provides a Well-Being Check to Chicagoans aged 55+ living in the community who may be experiencing challenges living independently or are at-risk to themselves or others. The Team meets with the older adult, assesses their situation, then provides helpful referrals to services and links to community supports.

**Intensive Case Advocacy Services (ICAS)**

ICAS provides ongoing support to Chicagoans aged 55+ who are experiencing challenges living independently in the community by helping clients to access supports that prolong the ability to remain living at home. ICAS can also help those who are moving, experiencing transitions, health challenges, and more.
Legal Services protects the rights of older Chicagoans on matters such as: housing, guardianship, Powers of Attorney for health care and property, bankruptcy, fraud, employment, family law, financial and foreclosure counseling, reverse mortgages, and Advance Directives.

Ombudsmen protect, defend and advocate for residents in long-term care facilities such as nursing homes, assisted living, and more. Ombudsmen protect resident rights, resolve complaints, provide information, and ensure quality care for Chicago’s long-term care residents over aged 19.

SHIP helps Medicare beneficiaries access Medicare, drug plans, and more. SHIP Counselors host educational programs and one-on-one counseling to help older adults and people with disabilities by providing objective information about health insurance to those who have questions about Medicare.

The Senior Medicare Patrol (SMP) Program educates consumers about Medicare & Medicaid fraud, waste, and abuse. Program staff and volunteers help Chicagoans to prevent, detect, and report Medicare and Medicaid abuse.

Nutritious meals in a group setting are provided each weekday to nearly 50 community locations throughout Chicago. These meals promote better health through improved nutrition and reduced social isolation. Culturally specific meals are available.

Microwave-ready frozen or hot meals delivered to home-bound older adults 60 years of age or older who are unable to prepare meals for themselves and have no other means of acquiring nutritious and / or dietary-specific meals.

This free virtual and call-in training program is available to all Chicagoans and is targeted to residents living in apartment buildings. The programs focuses on behaviors to maintain healthy brains throughout life.

An opportunity for seniors to make a difference in a child’s life. This program recognizes senior volunteers as a presence in the community. Volunteers make a difference in the lives of children and youth by mentoring and tutoring in communities across the city. This program includes travel, meal reimbursements, and a monthly stipend.

Seniors make a difference in the lives of lonely, isolated older adults by reading, visiting and chatting, preparing light meals and more. This program recognizes senior volunteers as a presence in the community and includes travel, meal reimbursements, and a monthly stipend.

Award-winning fitness programs that boost endurance, strength, balance and flexibility. Our centers are equipped with age-friendly exercise equipment and staffed by experienced, certified senior fitness professionals who lead group exercise classes and one-on-one training in-person or online.

Evidence-based health promotion and disease prevention programming is provided at all Senior Centers through monthly presentations, health screenings, and consultations with wellness nurses, dietitians, pharmacists, and social workers.

A variety of social, educational & recreational activities for older adults tailored to the interests of the local community. Life Enrichment programming designed to keep participants active while providing opportunities to foster personal growth and creativity.
Free Legal Services for Seniors

Information about Medicare

Enrolling in Medicare is a milestone! And selecting a Part-D prescription drug plan can be challenging. DFSS’ Senior Health Insurance Program (SHIP) has trained counselors who can help provide the information you need, whether you are new to Medicare, joining or changing a Part-D Drug plan, or just have questions about Medicare. Call us about:

- Original Medicare Part-A: Hospital Insurance
- Original Medicare Part-B: Medical Insurance
- Medicare Part-C: Medicare Advantage—an alternative
- Medicare Part-D: Prescription Drug Coverage
- Medigap Policies: Extra Medicare policies that cover co-pays and additional costs

Medicare Open Enrollment is October 15th - December 7th.
Free language interpretation services available.
