## *A Note from the Commissioner*

Dear Friends:

Ah, summer has finally arrived and it is a great time to try something new! This season we invite you to participate in our wide array of programs, classes, and events geared toward keep you engaged, healthy, safe, and supporting your well-being.

July is Elder Abuse Awareness month, if you suspect an older adult or a person with a disability between the ages of 18-59 living in the community is being harmed physically, emotional, or financially call the statewide, **24-hour Adult Protective Services Hotline: 1-866-800-1409.**

And, while we encourage you to get out and enjoy the wonderful summer weather, remember your local senior center is a cool place to hang out this summer. Not only do we have air conditioning, wonderful activities, we have some really cool people you should consider getting to know.

Enjoy yourself this summer and remember life is a truly wonderful gift.

Sincerely,

Lisa Morrison Butler, Commissioner  
Chicago Department of Family and Support Services

## *A Note from the Executive Director*

Dear Fellow Seniors:

During these warm summer months, it is especially important to watch out for one another. Residents who wish to seek relief from the heat can visit any of the City's Cooling Centers. Or, if you see or know of a friend or relative who appears to be in distress or needs non-emergency assistance, please call 311 for a well-being check. Also, do not forget to join us at Mayor Emmanuel's Senior Fest on Thursday, September 15, 2016 at Millennium Park. There is a terrific lineup of exciting activities such as live entertainment, cultural programming, health resources and much more.

Blessings,

Joyce

## **Chicago Department of Family & Support Services – Senior Services Area Agency on Aging**

Chicago Department of Family and Support Services - Area Agency on Aging is designated by the United States government under the Older Americans Act, and by the Illinois Department on Aging, as the "Area Agency on Aging" for the City of Chicago. Area Agencies on Aging are part of a nationwide network of State and local programs that help older people to plan and care for their life long needs. With the goal of keeping seniors living independently in their own homes for as long as possible, Senior Services- Area Agency on Aging provide a wide range of options that allow older adults, ages 60 and over, access to services and programs that allow them to remain healthy, safe, and independent.

### *Information & Assessment Services*

Information and Assessment is the key element to accessing all programs and services for senior citizens, and is a "one stop link" to elder care service providers in the city of Chicago and throughout the nation. By placing a call to **(312)744-4016**, an older person or caregiver receives information about the services offered by the Chicago Department of Family and Support Services and the aging network. Central Information and Assessment is located in City Hall, 121 North LaSalle St., Room 100, with five (5) community locations in the Regional Senior Centers.

### *Regional and Satellite Senior Centers*

DFSS Senior Centers offer a variety of social, educational, cultural, recreational activities for seniors and their informal caregivers. There are twenty-one (21) senior centers located throughout the city. Contact information for each of the centers is listed on the back page of the brochure. Each center is tailored to the needs and interests of the local community. All centers offer resources for caregivers, Life Enrichment activities, computer learning centers including internet access, fitness programming, congregate dining, and more.

## DFSS Senior Services Programs and Services: At a Glance

<b>Benefits Eligibility Checkup</b>	Using an on-line benefits calculation tool, trained staff screen seniors for hundreds of federal, state and local benefits programs, including; prescription drug coverage, weatherization, energy assistance, & financial assistance. Staff then works with seniors in applying for identified benefits.
<b>Caregiving Resources</b>	Informal/familial caregivers are provided a variety of assistance and supports to aid them in caring for their older loved ones. Services such as one-on-one counseling, family mediation, support groups, newsletters, information and referrals and education opportunities are available.
<b>Care Coordination Services</b>	Through a referral from I&A, trained and certified care coordinators provide a comprehensive needs and eligibility assessment and create appropriate individualized plans of care utilizing a variety of in-home services, allowing seniors to live as independently as possible in their homes and communities. Plans of care are monitored and updated as needed.
<b>Chicago Fitness Plus</b>	Award-winning fitness program that boosts endurance, strength, balance and flexibility. Senior centers are equipped with senior friendly exercise equipment and staffed by experienced, certified senior fitness professionals who lead group exercise classes and one-on-one training.
<b>Chore/ Housekeeping; Heavy Duty &amp; Short-Term</b>	Heavy Duty Chore is an one-time intensive cleaning for seniors whose living conditions pose a threat to their health and safety. Services include trash removal, window cleaning, moving heavy furniture and packing. Short-Term Chore assists seniors recuperating from a short-term illness; a temporary medical disability; and/or has been recently discharged from a medical setting. The temporary housekeeping assistance includes: light housekeeping tasks, laundry, and/or shopping.
<b>Adult Protective Services Program</b>	Trained and certified Adult Protective Services Caseworkers respond to reports of alleged physical, emotional and sexual abuse, neglect, confinement or financial exploitation of any person, age 18-59 living with a disability or older adults living in the community. The program provides assessment, investigation, intervention and follow-up services to victims. Investigators work with the eligible adult to develop a plan to alleviate the abusive situation and reduce the risk of further harm to the eligible person.
<b>Foster Grandparent Program</b>	Opportunity for seniors to make a difference in a child's life. This program also gives the senior volunteer a presence in the community, free annual physicals and the ability to supplement their monthly income.
<b>Golden Diners Nutrition Program</b>	Hot, nutritious lunches in a communal setting are provided at approximately 60 community locations each weekday throughout Chicago. In addition to meals, seniors can participate in a variety of activities, from health education and exercise classes to field trips.
<b>Home Delivered Meals</b>	Microwave-ready frozen or hot meals delivered to home-bound seniors who are unable to prepare meals for themselves and have no other means of acquiring nutritious meals. This service is available after an in-home assessment by a care coordinator.
<b>FOR MORE INFORMATION, PLEASE CALL INFORMATION AND ASSESSMENT AT (312) 744-4016</b>	

## DFSS Senior Services Programs and Services: At a Glance

<b>Health &amp; Wellness Program</b>	Health promotion and disease prevention programming provided at all DFSS senior centers through monthly presentations, health screenings, and one-on-one consultations with wellness nurses, dietitians, pharmacists, and social workers.
<b>Interim Medical Transportation</b>	Temporary transportation for seniors to extreme medical treatments such as dialysis, chemotherapy and radiation, until RTA Para transit service is arranged and approved.
<b>Legal Assistance</b>	Protects the legal rights and interests of seniors in legal matters such as public entitlement, housing, healthcare, guardianship, consumer fraud, employment, family law, and property interests. This program defends seniors from age and other forms of discrimination, as well as protection from abuse, exploitation and coercion. The program will not handle fee generating cases such as personal injury or workman's compensation.
<b>Older Relatives Raising Children</b>	For seniors who have primary caregiving responsibility of a child, from birth to age 18 or those caring for their severely-disabled adult children. Short-term one-on-one counseling and support groups are available. Emergency financial assistance can be accessed for one-time emergency rent payment, school uniform and equipment, medication, and other basics.
<b>Ombudsman Program</b>	Ombudsmen protect, defend and advocate for residents in long term care facilities such as nursing homes and assisted living facilities. Utilizing staff and volunteers, they inform residents and their families of their rights, resolve complaints, provide information on residents needs/concerns to families, facility staff and the department, and advocate for quality individualized care for the residents.
<b>Respite Care</b>	Allows family caregivers caring for a senior, time for themselves. Respite provides professional trained staff to care for a frail senior, who has a familial caregiver, on a temporary basis. This care can be provided in home or in a nursing facility. Respite can be used in an emergency, such as the illness of a caregiver or for planned time away; such as a vacation, special event, appointment or just some time for themselves.
<b>Senior Companion Program</b>	Opportunity for seniors to make a difference in the lives of lonely, frail and homebound seniors by reading, engaging in conversation, preparing light meals and more. This program also gives the senior volunteer a presence in the community, free annual physicals and the ability to supplement their monthly income.
<b>Senior Medicare Patrol</b>	The SMP (Senior Medicare Patrol) Program educates consumers about health care fraud, waste, and abuse. Program staff and volunteers help people with Medicare and Medicaid to: educate, detect, and report possible Medicare and Medicaid fraud, waste, and abuse.
<b>Senior Employment Training</b>	Employment training and job placement for seniors (at least 55 years old) for re-entry into the job market.

# Senior Health Insurance Program - SHIP

800-252-8966

[www.illinois.gov/  
aging](http://www.illinois.gov/aging)

## What is SHIP?

The Senior Health Insurance Program (SHIP) is a free statewide health insurance counseling service for Medicare beneficiaries and their caregivers.

SHIP is provided by the Illinois Department of Insurance and is a volunteer driven program to assist consumers in making informed health insurance decision.

SHIP and their volunteer counselors do not sell or solicit insurance.

They are trained to:

- Educate the consumer and answer questions about Medicare, Medicare Supplement, Medicare Prescription Drug Coverage, Medicare HMO, PPO, Private-Fee-For-Service and other health plans;
- Organize and assist in filing Medicare claims; and
- Analyze Medicare Supplement and Long Term Care policies.

## Here's what SHIP counselors do

Medicare beneficiaries and their families who need help will make an appointment with a local SHIP volunteer site to meet with a volunteer for one-on-one counseling. The volunteer counselor helps the client understand their health care choices, such as HMO's and Medigap or they can help in correcting Medicare claims.

As a SHIP counselor, a volunteer might talk to small groups or help out at health fairs and enrollment events to assist those who can't navigate the Medicare system on their own.

## Training and Preparation

SHIP will provide trainees with the knowledge and basic skills they will need to be a successful counselor. SHIP will support volunteers with information from experts and guide them through providing this information to beneficiaries. Volunteers will be required to participate in ongoing routine volunteer meetings and other opportunities to deal with the needs of beneficiaries. Licensed insurance agents and financial planners are not eligible to be trained as SHIP volunteers due to the potential appearance of a conflict of interest.

## Interested in volunteering for SHIP?

### Qualifications:

We are seeking people who want to help Medicare beneficiaries and their families to better understand their Medicare health insurance choices and rights.

If you are reliable, able to maintain confidentiality, have a sensitive and caring attitude, can communicate well with others, provide information without conflict of interest and want to make a real difference, contact SHIP today!

**For an application to become a SHIP volunteer counselor,**

# ABOUT OUR TRIPS AND EVENTS

**WAIVERS:** Every trip/event participant must register by completing and signing a Senior Services Emergency Contact/Waiver.

**RESERVATIONS:** Reservations are not guaranteed until the ticket is paid for. Please do your best to register as early as possible, since many of our trips and events fill up quickly.

**REFUNDS:** In order to make programs available to as many people as possible, we do our best to keep costs low. We base the cost per person by dividing the cost of the outing by the number of people we expect on the bus. We therefore regret we are unable to give refunds or discounts. However, if we have a waiting list and are able to sell your seat on or before the day of the trip, we will be happy to refund your money. Otherwise, we suggest you give your ticket to a friend as an "early" birthday or holiday present. Naturally we will refund your money if an event is canceled or significantly altered by Senior Services.

**WHEELCHAIRS:** If you use a wheelchair and would like to participate, please contact us at (312) 746-4798 to discuss arrangements.

**TELEPHONE NUMBERS:** When you register, make sure that you provide us with your phone number. Sometimes, in order to fill buses, we need to combine two locations. This can result in a change in the date of your program. If we have your phone number, we can contact you to work out these details.

**PROMPTNESS:** Most of our events and trips are on tight time schedules, and it is our policy to leave promptly at the stated departure time. This makes us unable to wait for latecomers. We regret that no refunds can be given to tardy participants who miss a bus.

**NAME TAGS:** We require participants to wear name tags as identifiers as part of our safety procedures.

**COURTESY:** Participants who go on our outings are expected to cooperate with group leaders, bus drivers and staff, as well as key persons in charge at the point of destinations. Any seniors or group leaders who are uncooperative - by being late, refusing to accommodate reasonable requests, or showing rude or anti-social behavior will be denied access to future trips, programs and events for the safety and comfort of the rest of the participants.

## **ABOUT OUR TRIPS AND EVENTS CONT...**

**GROUP ISSUES:** Group leaders must obtain reservation numbers to register for trips. Payment must be made by the Money Due Date given at time of registration. Unless otherwise designated, Group leaders are given one complimentary ticket when leading 19 or more participants. When two groups share a bus, the first group boarding the bus should fill in the driver's side of the bus, leaving the passenger side for group two. Front seats by the driver are reserved for the group's leader or Family & Support Services staff. Group leaders are responsible for taking attendance to make sure everyone is accounted for and for bringing emergency forms for each participant. Group leaders must immediately let staff know of any accidents or incidents that occurs during the trip. (We salute the energy and dedication of our group leaders! We couldn't host these programs without them).

**ACCOMMODATIONS FOR PERSONS WITH HEARING IMPAIRMENTS:** If you need a sign language interpreter for any of our lectures, programs or classes, please let us know as soon as possible so we can make the necessary arrangements. You can let us know by either calling your center on your TTY, writing a letter, stopping in or asking a friend to contact us. We welcome your participation.

**PARKING:** The five Regional Senior Centers have adjacent free parking. Regrettably, Renaissance Court has NO free parking, but plenty of public transportation options.

**PREPARATION:** Since some of our outings require walking, climbing or varying amounts of stamina, participants are responsible for learning about programs and trips before signing up for them, paying close attention to all trip details and any trip advisories or cautions. Proper footwear and clothing are the participant's responsibility.

Diabetics may want to consider bringing their own snacks should they have concerns about an event's meal service time.

**EXTREME WEATHER WARNING:** In case of severely hot, cold or extreme weather please call centers to confirm trips and events.

**DISCLAIMER:** Senior Services is not responsible for opinions or recommendations of vendors or facilitators.

# **WELLNESS PROGRAM**

## **JULY - SEPTEMBER 2016**

---

The most important component of the Wellness Program is YOU! Healthy living helps to prevent chronic disease and certain disabilities. It can ensure that today's older persons as well as future generations not only live longer, but also live better. It's never too late to adopt healthy lifestyle habits. The Wellness Program can help you start a personal wellness program or provide you the support you need to maintain your wellness goals.

- The Wellness Program at Central West, Southeast (Atlas) and the Southwest Senior Centers is provided by the Bowman Center/Rush University Medical Center.
- The Wellness Program at the Northeast (Levy) Senior Center, Northwest (Copernicus) Senior Center, and Renaissance Court is provided by White Crane Wellness Center.

At each senior center, the latest information on healthy living and disease prevention is provided through monthly talks with the wellness nurse, social worker, dietitian, and pharmacist.

Take a look at the wellness schedule at the center nearest you and meet the wellness team. It is the first step to a healthier lifestyle.

# **WELLNESS TEAM OF PROFESSIONALS**

## **WELLNESS NURSE**

The Wellness Nurse is available weekly at each center. The Wellness Nurse is knowledgeable about health issues and provides education, guidance and insight. The Wellness Nurse provides blood pressure and other health screenings, support groups, and monthly health talks to help you manage your health.

## **SOCIAL WORKER**

The Social Worker is available one half day several times each month by appointment for private, one-on-one consultations. See the Wellness Social Worker for advice and information on resources for those times when you are faced with life's challenging issues. The Wellness Social Worker also leads a discussion group on a variety of topics focusing on contemporary issues of aging.

## **DIETITIAN**

The Dietitian is available monthly to assist you in achieving your nutritional goals with one-on-one consultations, nutritional health talks, and discussion groups. The Wellness Dietitian shares insights about dietary needs, strategies to make positive lifestyle changes as well as the relationship between nutrition and your health.

## **PHARMACIST**

A Pharmacist is available at each center one half-day each month. In addition to informative presentations and question and answer sessions on medications and health-related issues, the pharmacist is available by appointment for private, one-on-one consultations to address your concerns. Make an appointment for a "brown-bag" medication review (bring all of your medications into the pharmacist for review) to receive help with timing your medications or bring in your lab results for discussion. See each center's postings for available appointment times.

### **Mood & Food – How to Be More Mindful at Your Meals**

You may have heard of the terms “mindful eating” and “emotional eating” before and wondered what they meant. Emotional eating is more commonly used, but is not simply the drowning of one’s sorrows in a gallon of ice cream. Rather, it encompasses many complex emotions and sometimes is a reward after a happy occasion. Some people lose their appetite under stress or depression and feel challenged to finish a full meal, while others eat mindlessly in an attempt to comfort themselves. Taking control of overeating/undereating is possible after examining motivations and replacing food with other rewards and comforts. We will discuss how mindful eating can be used to combat instances where emotional eating might be your automatic response.

### Falls Prevention

Have you recently fallen, or are you afraid that you are at risk of falling? If so, you are not alone. According to CDC, millions of adults 65 and older fall each year. Among older adults, falls are the leading cause of both fatal and nonfatal injuries, such as hip fractures and head traumas. Fortunately, falls represent a public health problem that is largely preventable. Join us to learn about a few easy ways to reduce your own risk of falling and when to call on professionals for additional assistance.

### Wasting: Unintended Weight Loss

Losing weight is typically seen as a positive in our society. However, for a variety of reasons, some people lose too much weight. Too much weight loss typically leads to the wasting of lean body mass – muscle, bones, and possibly organs. Learn the importance of protein and physical activity in preventing or reversing unhealthy weight loss. Switching to several smaller meals may help you get the calories and nutrients needed for better muscle strength, immunity, and overall better general health.

### Falls, Balance, Gait – How Medications Can Affect Your Balance and Fall Risk

Falls in the elderly are a major public health problem with substantial medical and economic consequences. Annually, about one-third of older adults living in the community fall. Often times, chronic disease, (stroke, dementia, Parkinson's, arthritis) or drug treatments can contribute to fall risk. In this session, we'll discuss medications that can affect your balance and suggest methods to minimize your risk.

# Flu + You

**Protect. Learn. Understand. Safeguard.**  
Educating older adults about influenza and prevention  
From the National Council on Aging and Sanofi Pasteur

## Influenza (commonly known as “the flu”), is a serious and potentially life-threatening disease, especially in adults 65 years of age and older.

- Influenza, also known as “the flu,” is a common respiratory infection caused by several related viruses.
- The flu is easily passed from person to person through coughing, sneezing, or through contact with fluids from an infected person’s mouth or nose.
- Symptoms of the flu often include high fever, headache, tiredness, cough, sore throat, runny or stuffy nose, and body aches.
- As we get older, our immune system typically weakens. This generally makes it harder for us to fight disease and may also make us less responsive to vaccines. As a result, adults 65 years of age and older are at increased risk of flu and its complications. For example, the influenza virus can cause worsening of chronic conditions and it can lead to death.
- Each year in the United States, nine out of 10 flu-related deaths and more than six out of 10 flu-related hospital stays occur in people 65 years of age and older.

## The flu can worsen other health problems.

- The flu is especially dangerous for people with certain conditions that commonly affect older adults, including heart disease, lung disease, diabetes, and cancer.
  - People with these conditions are more likely to develop complications from the flu that can result in hospitalization and even death.

## The best way to help protect against the flu is vaccination.

- According to the Centers for Disease Control and Prevention, the single best way to prevent the flu is to get an annual vaccination, which is recommended for everyone 6 months of age and older.
  - Despite these recommendations, immunization rates among adults 65 and older are still far below public health goals. The leading reason older adults do not get the flu shot is not being aware they need it.
- Receiving the flu vaccination each and every year is the best way and first step to help protect yourself from the flu and spreading it to friends and family.

## There is a vaccine that is designed specifically for adults 65 years of age and older.

- Adults 65 years of age and older have vaccine options. In addition to the traditional flu vaccine (which helps protect against three strains of the flu virus), there is also a quadrivalent vaccine (which helps protect against four strains), and a higher dose vaccine.
  - By improving the production of antibodies in older patients, the higher dose vaccine can provide a stronger immune response to influenza than traditional vaccines.
- These vaccine options are widely available at a doctor’s office or local pharmacy. An annual flu shot is a Medicare Part B benefit – this means that the vaccine is covered with no copay for Medicare beneficiaries 65 years of age and older.

**Talk to your health care provider today about the dangers of the flu,  
the benefits of vaccination, and the best vaccine option to meet your needs.**

# PROTECT YOURSELF

## From Abuse, Neglect and Exploitation!

Unfortunately, it is estimated that millions of U.S. elders, from all walks of life, face abuse and neglect every year. Anyone can be victimized. However, there are things you can do to help protect yourself from abuse and neglect...

### PLAN!

**Talk with family members, friends, and professionals that you trust and plan for your future. Consider doing the following:**

- Have your income (e.g. retirement, Social Security, SSI, disability income) directly deposited into your checking account. Contact your bank or go to [www.godirect.org](http://www.godirect.org) for help.
- If managing your daily finances becomes difficult, consider utilizing a daily money manager. Only allow someone you trust to manage your finances. Visit [www.aadmm.com](http://www.aadmm.com) or [www.aarpmm.org](http://www.aarpmm.org) for further information on professional money management services.
- Get your estate plan in place. Talk with an attorney about helping you create the following as appropriate:
  - *a living will. The Five Wishes living will is one popular example, visit [www.agingwithdignity.org](http://www.agingwithdignity.org)*
  - *a revocable trust*
  - *durable power of attorney for healthcare and/or asset management. Name a person you trust to make healthcare and asset management decisions for you when you are incapable. Designating co-powers of attorney can ensure that no one agent can act unilaterally.*
- If you have to go to a long term care facility, learn about your options! Visit [www.medicare.gov/quality-care-finder](http://www.medicare.gov/quality-care-finder) for more info on long term care facility quality.

### BE CAUTIOUS!

**Unscrupulous people target seniors and will abuse or take advantage of them. Consider doing the following:**

- Learn about the types of elder abuse and neglect and associated warning signs (see National Center on Elder Abuse website to learn more: [www.ncea.aoa.gov/faq/index.aspx](http://www.ncea.aoa.gov/faq/index.aspx))
- Get on the National Do Not Call Registry to reduce telemarketing calls. Visit [www.donotcall.gov](http://www.donotcall.gov) or call **888-382-1222** to register your phone number.
- If you are offered a “prize”, “loan”, “investment”, etc. that sounds too good to be true, it probably is too good to be true.
- Consult with someone you trust before making a large purchase or investment. Don’t be pressured or intimidated into immediate decisions.
- Don’t sign any documents that you don’t completely understand without first consulting an attorney or family member you trust.
- Do not provide personal information (e.g. social security number, credit card) over the phone unless you placed the call and know with whom you are speaking.
- Tear up or shred credit card receipts, bank statements, and financial records before disposing of them in the trash.
- If you hire someone for personal assistance services, in home care services, etc. ensure that they have been properly screened with criminal background checks completed.

# STAY CONNECTED!

**Keep in touch regularly with others, isolation can make you vulnerable to abuse. Consider doing the following:**

- Build a network of family, friends, neighbors, and groups that you can interact with
- Keep active, stay busy! Get involved with your senior center or other groups
- Create a buddy system with other elders, call each other daily for reassurance and friendship and visit each other if possible.

## REPORT!

**Making a report in instances of abuse or neglect is the right thing to do, and it's easy. Don't be afraid! Elders have a right to be safe!**

» **In cases of immediate danger, call 911.**

» **If you or others experience abuse or neglect in a community setting:**

# Golden Diners

SERVING OLDER CHICAGOANS SINCE 1969 FOOD, FUN, AND FRIENDS

Come and join your neighbors at your local Golden Diners location. There are nearly 60 locations throughout the city, and there is sure to be one near your home. Most locations serve a hot meal at lunchtime and are open Monday thought Friday. Some are open on the weekend. Golden Diners are open to individuals 60 years of age and older and their spouses of any age. In addition to American style cuisine, ethnic foods are served in specific ethnic communities. These include Southeast Asian, Indian, Korean, and Chinese. Special programs and activities are also provided at Golden Diners locations. Nothing is as rewarding as the friendship and companionship that the program has to offer. For more information, please call (312) 744-4016.

# Heat Relief City Cooling Centers

During the summer months, the Chicago Department of Family and Support Services operates six Cooling Centers located inside of the City's Community Service Centers.

There are also various other locations for residents to find relief during the extreme heat, including:

- Libraries, police stations or other structures are made available after hours, on weekends, or on holidays, as conditions warrant
- Seniors are welcome at one of the City's 21 Senior Centers
- The Garfield Center (10 S. Kedzie) is open to connect residents to emergency shelter 24 hours a day, seven days a week

To learn the location of the closest available Cooling Center at any given time, call 3-1-1.

## DFSS COOLING CENTERS

9 a.m. - 5 p.m.      Monday - Friday

Hours and days of service could be extended under extreme conditions. Other City facilities might be designated as Cooling Centers after hours, on weekends, or holidays. For the most current Cooling Center information at any time, call 3-1-1.

# Beat the Heat!

## Keep Your Cool During Extreme Hot Weather

Oppressive summer heat is more than uncomfortable. High temperatures and humidity can pose a health and safety threat. The City of Chicago has many services available to help residents cope safely with extreme weather conditions.

### CALL 311 TO:

- Locate a Cooling Center near you.
- Request a well-being check for someone who may be suffering from the heat.
- Register for the City's Extreme Weather Notification System.

### HOT WEATHER TIPS:

- Drink lots of water and natural juices; avoid alcoholic beverages, coffee, tea and sodas.
- Avoid going outside in the extreme heat.
- If you don't have air conditioning, keep shades drawn and blinds closed but windows slightly open.
- Keep electric lights off or turned down.
- Minimize use of your oven and stove.
- Wear loose, light, cotton clothing.
- Take cool baths and showers.
- Don't leave anyone (including pets) in a parked car, even for a few minutes.

### REMEMBER...

Check on relatives, neighbors and friends. If you are unable to make contact, call 3-1-1 and request a well-being check.
