Hi Patrick,

I know you are swamped, but just want to touchbase about the story you and Dave discussed. On Tuesday, we are likely airing a piece about the woman who said she was left naked during a wrong raid. The woman is trying to get the video and we FOIA'd it too. Are you able to facilitate release of the video?

Thanks,

Michele

All,

CBS2 is working on a story for Tuesday about another wrong raid by the Chicago Police Department. Information on the raid is below but I need CPD to check-in on the FOIA request made by the woman involved in this incident. CBS2's FOIA is below as well but I'm more interested in why the woman-involved hasn't received the video she's requested. Below is the incident as described by CBS2.

**Incident:** On February 21st, 2019, CPD executed a search warrant raid at [REDACTED] [REDACTED] (Warrant: 19SW5247). The resident of the address, 49-year-old Anjanette Young was in the middle of changing when her house was raided by the police. Police officers handcuffed Young, who was naked, and allegedly left her standing for 40 minutes handcuffed and naked while all-male police officers searched her apartment. After 45 minutes, a female police officer arrived at the scene and uncuffed the woman and then turned off her body camera to let her get clothes on. According to CBS2, the individual they were looking for as part of the warrant, lived across the street (CBS2 found him). CBS2 also said that Officer Michael Donnelly (Supervisor: Sgt. Wolinski) was involved in obtaining this search warrant, and he was also involved in the Peter Mendez wrongful raid.

Both Young and CBS2 have been requesting body camera footage from the incident since August and have yet to hear back from CPD. Anthony/Anjali -- can you look into this?

CBS2 is airing its story on Tuesday night. Know this just started, but do we know if there have been any updates from the CPD/Chief Risk Officer review?

Thanks,  
-Pat Mullane

All,

Attached is the draft denial letter that will go out to cbs today. Please let me know right away if we need to discuss or coordinate timing. The letter is self explanatory. The rationale tracks the statute.

There are several videos to watch. That is being done now. Also confirming whether there is an open CR. So far, it appears 13 minutes into body worn, a female officer comes in and takes her into a room. Prior to that, she is given a sheet to cover up.

Regardless, the individual's FOIA was submitted on Friday November 1, 2019 after 5 pm. Therefore, the received date became Monday, November 4, 2019 and the required completion date is tomorrow, November 12, 2019, since today is a holiday.

They are currently working on reviewing and redacting the video to be released to the subject.

Let me know if you need anything else or if we should discuss.

**Subject:** CBS2 - Wrongful Raid (NEXT TUESDAY)

All,

CBS2 is working on a story for Tuesday about another wrong raid by the Chicago Police Department. Information on the raid is below but I need CPD to check-in on the FOIA request made by the woman involved in this incident. CBS2's FOIA is below as well but I'm more interested in why the woman-involved hasn't received the video she's requested. Below is the incident as described by CBS2.

**Incident:** On February 21st, 2019, CPD executed a search warrant raid at [REDACTED] [REDACTED] (Warrant: 19SW5247). The resident of the address, 49-year-old Anjanette Young was in the middle of changing when her house was raided by the police. Police officers handcuffed Young, who was naked, and allegedly left her standing for 40 minutes handcuffed and naked while all-male police officers searched her apartment. After 45 minutes, a female police officer arrived at the scene and uncuffed the woman and then turned off her body camera to let her get clothes on. According to CBS2, the individual they were looking for as part of the warrant, lived across the street (CBS2 found him). CBS2 also said that Officer Michael Donnelly (Supervisor: Sgt. Wolinski) was involved in obtaining this search warrant, and he was also involved in the Peter Mendez wrongful raid.

Both Young and CBS2 have been requesting body camera footage from the incident since August and have yet to hear back from CPD. Anthony/Anjali -- can you look into this?

CBS2 is airing its story on Tuesday night. Know this just started, but do we know if there have been any updates from the CPD/Chief Risk Officer review?

Thanks,

All,

Attached is the draft denial letter that will go out to cbs today. Please let me know right away if we need to discuss or coordinate timing. The letter is self explanatory. The rationale tracks the statute.

There are several videos to watch. That is being done now. Also confirming whether there is an open CR. So far, it appears 13 minutes into body worn, a female officer comes in and takes her into a room. Prior to that, she is given a sheet to cover up.

Regardless, the individual's FOIA was submitted on Friday November 1, 2019 after 5 pm. Therefore, the received date became Monday, November 4, 2019 and the required completion date is tomorrow, November 12, 2019, since today is a holiday.

They are currently working on reviewing and redacting the video to be released to the subject.

Let me know if you need anything else or if we should discuss.

Good to send denial letter to CBS. Attaching this old one, where you note no arrest was made.

Thanks for coming in and getting this resolved today.

All,

CBS2 is working on a story for Tuesday about another wrong raid by the Chicago Police Department. Information on the raid is below but I need CPD to check-in on the FOIA request made by the woman involved in this incident. CBS2's FOIA is below as well but I'm more interested in why the woman-involved hasn't received the video she's requested. Below is the incident as described by CBS2.

**Incident:** On February 21st, 2019, CPD executed a search warrant raid at [REDACTED] (Warrant: 19SW5247). The resident of the address, 49-year-old Anjanette Young was in the middle of changing when her house was raided by the police. Police officers handcuffed Young, who was naked, and allegedly left her standing for 40 minutes handcuffed and naked while all-male police officers searched her apartment. After 45 minutes, a female police officer arrived at the scene and uncuffed the woman and then turned off her body camera to let her get clothes on. According to CBS2, the individual they were looking for as part of the warrant, lived across the street (CBS2 found him). CBS2 also said that Officer Michael Donnelly (Supervisor: Sgt. Wolinski) was involved in obtaining this search warrant, and he was also involved in the Peter Mendez wrongful raid.

Both Young and CBS2 have been requesting body camera footage from the incident since August and have yet to hear back from CPD. Anthony/Anjali -- can you look into this?

CBS2 is airing its story on Tuesday night. Know this just started, but do we know if there have been any updates from the CPD/Chief Risk Officer review?

Thanks,  
-Pat Mullane

Michele and I have been working with CPD and Corporation Counsel stakeholders to evaluate and address the risk associated with search warrants. During our initial work group meeting on Oct 18<sup>th</sup>, we identified three areas of focus: Policy, Training and Accountability (details below).

We have been exploring ways to obtain post-incident data/notifications in efforts to stay ahead of potential litigation and other reputational risk challenges. With respect to the Feb 21<sup>st</sup> incident, we've determined that the CBS FOIA request was received on August 21<sup>st</sup>. OLA and FOIA was aware; however, Michele was apparently not aware until I shared it with her Friday. Given the work we are doing in the CPD Liability Committee focused on search warrants, this one should have been flagged. I've since learned that there is a notification tree, weekly report and weekly meetings for FOIA requests with media flags. I will be following up with Dana O'Malley and FOIA to discuss opportunities to improve communications to ensure that Michele and I are looped in.

### Key Highlights

#### 1) Policy

The GO's related to search warrants are being reviewed to ensure compliance with best practices and to clarify and eliminate any interpretation issues. Specific focus will be placed on the address verification steps, and the duty to validate the information provided by CI's/others. Additionally, a checklist of guidelines is being considered to be added to pre-execution documents for information validation purposes.

#### 2) Training

- Obtained a list of affiants who have applied for search warrants 2+ times within past 18 months. These individuals will receive priority training over the next 12 months.
- Current training conducted focuses primarily on promotional training.
  - Discuss with Training Oversight Committee how to institute new training for the academy (recruits and refresher) and training for specialized teams.
  - Train the Trainer / Instructor Training
    - Identify additional trainers – Currently, there are only 2 members who are considered SME's and trainers on the execution of search warrants.
- Public Agency Training Council offers a course entitled Search Warrant Major Case Investigation that focuses on (1) how to articulate elements sufficient to establish probable cause, withstand suppression issues and decreasing potential for civil liability, (2) preparing search warrants, and (3) utilizing information from confidential informants in search warrant preparations. Upcoming course offered in March 2020 in Indianapolis.

#### 3) Accountability

- Claims and litigation data being assessed to identify trends (where and who)
- Review claims assessment process for resulting property damage in efforts to identify ways to reduce suits arising from relatively small dollar property damage that is not repaired.

Let me know of any questions.

Here's the FOIAs that they're referring to. They ran a web story on this last night and are working on an on-air story for tonight.

We know the Anajanette Young request has been extended so that doesn't really count here. Can someone check in on the [REDACTED] and Samah Assad FOIAs that they're claiming they haven't gotten a response back? Also what was the response for the [REDACTED] FOIA in April and why was the [REDACTED] FOIA denied and then complied with?

[REDACTED]  
Police entered the wrong home searching for a suspected heroin dealer who did not live there and was not known to the family. Allegations: Police pointed a gun at the family, including a 2-month-old baby while in her mother's arms. CBS 2 filed FOIA for body cam filed 8/12. P514119 have not followed up once or given extension.

P494412 denied my FOIA because no arrest, use of force, complaint. And then denied her FOIA saying "too burdensome" to go through 16 hours of video and redact. Her FOIA tracking number was P5-3825. They sent her and her video after our story about them not turning it over.

**Anjanette Young**

We filed our FOIA 8/21 P516747. They denied it Monday, day before our story because no arrest, use of force, or complaint. I appealed it. She filed her FOIA P537723 about a week and a half ago and she got an acknowledgement 11/4. Got an extension letter 11/12.

**Samah Assad (CBS2) -- Claiming she hasn't gotten any response**

You have requested the following records: This is a request under the Illinois Freedom of Information Act. **Subject:** CBS Chicago -- CHICAGO FOIA STORY

Hi Pat,

Reaching out because we're working on a story today about why the Freedom of Information Act matters. It's in response to some of the wrong raids stories that Dave Savini and Michele Youngerman have been working. Several victims in those raids have had their FOIA requests denied or extended indefinitely and are having to hire lawyers in order to follow up.

I know as a candidate Mayor Lightfoot had said she would take immediate steps to make City departments comply with FOIA obligations. She also said it shouldn't have to come to lawsuits in order for departments to produce records. (Transcript of one interview below)

Wondering if you can point me to any progress that's been made on the transparency front so far in Mayor Lightfoot's administration (or maybe something in the works?).

Working on the story for tonight at 5.

Thanks,

Megan

*As set forth in my plan to clean up city government, my administration will comply with the Freedom of Information Act ("FOIA") and affirmatively and regularly disclose more information to ensure the public has access to information to which it is legally entitled. The current administration flouts its obligations under FOIA in an effort to keep people from gaining access to important information about how city government functions. This abuse has financial costs to taxpayers, and it will end when I am mayor.*

*Public bodies sometimes abuse the FOIA process to avoid disclosing embarrassing or harmful records. This happened recently with this administration and CPS, which for months ignored, delayed and denied requests from the Chicago Tribune for documents that proved instrumental in uncovering sexual abuse in Chicago public schools. CPS attempted to thwart the Tribune's requests even though CPS lacked any legal basis for withholding most documents. The school district relented and produced documents only after the Tribune threatened to sue. Fortunately, the Tribune had the resources to fight CPS' repeated attempts to avoid its statutory obligations.*

*Other public bodies, like the Chicago Police Department ("CPD"), simply ignore FOIA requests. CPD can avoid complying with its FOIA obligations because it knows requestors typically lack the time and resources to hold CPD accountable. My administration will follow and comply with the FOIA statute and will not seek to shift the burden of enforcing compliance onto the requestor.*

*Lack of transparency is also a problem. FOIA requests are a matter of public record and public bodies typically maintain online logs showing all requests they have received. While some public agencies take this responsibility seriously, others do not. As a result, the public cannot see what types of information have been requested, and by whom and what public records have and have not been produced. I will take immediate steps to bring greater transparency to city government.*

*One of my first priorities will be to make more information and records publicly available on city websites so that citizens, the media and watchdogs do not have to file FOIA requests to get information to which they are entitled by law. I will sign an executive order which directs all agencies to minimize the use of exemptions to the FOIA statutes to avoid costly and unnecessary litigation. I will also hold agencies and personnel accountable for failure to respond to FOIA requests.*

*I also intend to convene a panel of journalists, attorneys, public watchdogs and other stakeholders that frequently file FOIA requests to make recommendations for increasing transparency and access to information, and improving the city's compliance with the FOIA statute.*

Good Morning Dana and Natalia,

In response to Ms. Anjanette Young's FOIA request for the videos associated with the search warrant operation conducted on her residence in February 2019, we reached out to COPA to determine if there is an ongoing, pending investigation. They responded to CPD's request for verification (see below) by confirming a pending investigation and a request to withhold records pursuant to Section 7(1)(d)(i) and 7(1)(d)(ii).

The numerous body worn camera videos associated with the request are already redacted according to Sgt. Edwards. However, given COPA's response, we would like to confer with you before a final decision is made.

Dana and Natalia, do you have any additional concerns on how the FOIA unit should proceed regarding this matter. A response to the requester from CPD is due by tomorrow, Nov. 19th.

If such an investigation is ongoing, please inform CPD if your office would assert an applicable exemption under Section 7 of FOIA to the release of information by CPD pursuant to a FOIA request because such disclosure would interfere with an ongoing COPA investigation. Good Morning Dana and Natalia,

In response to Ms. Anjanette Young's FOIA request for the videos associated with the search warrant operation conducted on her residence in February 2019, we reached out to COPA to determine if there is an ongoing, pending investigation. They responded to CPD's request for verification (see below) by confirming a pending investigation and a request to withhold records pursuant to Section 7(1)(d)(i) and 7(1)(d)(ii).

The numerous body worn camera videos associated with the request are already redacted according to Sgt. Edwards. However, given COPA's response, we would like to confer with you before a final decision is made.

Dana and Natalia, do you have any additional concerns on how the FOIA unit should proceed regarding this matter. A response to the requester from CPD is due by tomorrow, Nov. 19th.

After sending you the e-mail below, I was informed of the corresponding Log Number associated with the incident. The Log Number is 2019-4600. Please review your database and let me know as soon as possible if there is a pending COPA investigation and whether COPA would be asserting an applicable FOIA exemption to the release of 22 body worn camera videos. The BWC videos will be going to the requester, who is also the complainant. The commanding officer in FOIA needs a response from your office as soon as possible, so a decision can be made by CPD and the Department of Law.

If you have any questions, please let me know.

RE: NOTICE OF RESPONSE TO FOIA REQUEST  
REQUEST RECEIPT DATE: November 12, 2019  
FOIA FILE NO.: P539663

Dear Ms. Assad:

The Chicago Police Department (CPD) is in receipt of your Freedom of Information Act (FOIA), 5 ILCS 140/1, et seq., request for the following:

*"Complaint for search warrant executed on 2/21/2019 by the Chicago Police Department at [REDACTED]  
[REDACTED] The search warrant number is 19SW5247."*

Your request was reviewed by the undersigned. A search was conducted based on the parameters provided. You are receiving the Search Warrant as responsive records to your request. However, please be aware that certain information has been redacted pursuant to 5 ILCS 140/7(1)(b), (c), and (d).

The information that was redacted included employee identification numbers, addresses, and signatures. The redacted information is exempt from disclosure under 5 ILCS 140/7(1)(b) of the Freedom of Information Act, which exempts "private information, unless disclosure is required by another provision of this Act, a State or federal law or court order." "Private information" is defined in section 2(c-5) as "unique identifiers, including a person's social security number, driver's license number, employee identification number, biometric identifiers, personal financial information, passwords or other access codes, medical records, home or personal telephone numbers, and personal email addresses. Private information also includes home address and personal license plates, except as otherwise provided by law or when compiled without possibility of attribution to any person." 5 ILCS 140/2(c-5) (West 2010). Therefore, these identifiers were properly redacted pursuant to Section 7(1)(b). In addition, signatures are unique identifiers and, therefore, an exempt form of private information. See 2010 PAC 9838 (Ill. Att'y Gen. PAC Req. Rev. Ltr. 9838, issued December 10, 2010, at 2).

Second, the names, addresses and other information that could be used to identify the victim and /or witnesses, or others who provided information to the police have been redacted. The redacted information is exempt from disclosure under 5 ILCS 140/7(1)(d)(iv), which enables a public body to redact information that would "unavoidably disclose the identity of a confidential source, confidential information furnished only by the confidential source, or persons who file complaints with or provide information to administrative, investigative law enforcement, or penal agencies; except that the identities of witnesses to traffic accidents, traffic accident reports, and rescue reports shall be provided by agencies

of local government, except when disclosure would interfere with an active criminal investigation conducted by the agency that is the recipient of the request."

Moreover, the names and identifying information of victims, witnesses, and other third-party names, for instance, the names of suspects who were never arrested and of persons referenced incidentally in reports, such as relatives or neighbors (see, e.g., Ill.Att'y Gen. PAC Req. Rev. Ltr. 31526, issued November 26, 2014, at 6) are exempt pursuant to Section 7(1)(c). 5 ILCS 140/7(1)(c) exempts from disclosure, "[p]ersonal information contained within public records, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, unless the disclosure is consented to in writing by the individual subjects of the information." Victims, witnesses and third-parties have a strong interest in keeping their identity private and therefore their names, and dates of birth were properly redacted pursuant to Section 7(1)(c) of FOIA.

You have a right of review by the Public Access Counselor (PAC) at the Office of the Illinois Attorney General, 500 S. 2nd Street, Springfield, Illinois 62706, by telephone at (877)299-3642, fax at (217)782-1396, or email at [publicaccess@atg.state.il.us](mailto:publicaccess@atg.state.il.us). The Search Warrant Execution Subcommittee has met and finalized a 4-pronged approach as follows:

#### 1. Training

- The curriculum is being finalized for presentation to the Training Oversight Committee for approval on December 17<sup>th</sup>.
- Training is scheduled to occur for affiants in January 2020.
- There are approximately 400 affiants who have completed 2 or more in the past 18 months who will be trained in January.
- The updated training will include classroom instruction and a simulation.
- Identifying entry team participants for training to occur January - March 2020
- Training will also be provided to special teams (SWAT, TACT, etc.)
- Exploring the idea of creating specialized SW execution teams per district

#### 2. Policy

- The policy is being revised by CPD R&D to include:
  - Addition of Operational Plan to include a checklist to ensure all pre-execution work has been completed:
    - ✓ Identify of Target (name and photo)
    - ✓ Target Location (photo, map/floorplan, if possible)
      - Specific actions to be taken to confirm location
    - ✓ CCL /FOID Check
    - ✓ Physical Confirmation of Target Location
    - ✓ Safety Concerns (occupants, animals, fortification)
    - ✓ Plan must be approved by signature by a Lieutenant
  - Exploring the idea of requiring the entry stack to include uniformed officer with an active bodycam
  - Requirement Newsworthy Flag to CPD Comms
    - Sergeant to make notification to News Affairs for all physical premises SW
- Draft policy shared with team; proposed changes due to R&D by Friday, December 6
  - Final draft due by December 13<sup>th</sup>
  - Draft will be staffed with exempt staff and revisions as appropriation
  - Draft to Chief West for approval week of December 16<sup>th</sup>
  - Karen Conway signs in approval by end of calendar year

#### 3. Public Education Strategy

- Exploring possibility of partnering with media to highlight good work being done by CPD

#### 4. Accountability

- CR's and "progressive discipline" to include exclusion from future SW's for those who fail to follow the policy
- Exploring other options

Tamika -- do you have time tomorrow to meet with myself, Anthony, Michele, Lt. Cline to do some interview prep ahead of Thursday's interview? There is a chance that CBS2's local story would run on CBS National Evening News so we'd like to make sure we're all prepared for the expected questions being asked.

We'll make sure any time works on our end if you have an available timeframe tomorrow. Let me know and I can throw it on the calendar.

Thanks!

Subject: Re: CPD's New Search Warrant Policies - Press Strategy

There are a couple of inaccuracies:

- There is currently no requirement that all officers involved in search warrant execution have a body worn camera. The policy was updated to indicate that all participating members assigned a body worn camera will follow CPD policies related thereto. Conversations continue as it relates to covert teams and how to incorporate cameras there. Plus, not all CPD units currently have cameras. The two uniformed officers from patrol are intended both for the purpose mentioned here, but also to ensure the presence of a body worn camera.
- There is no requirement that a notification be made to OLA by the search team.

We should give them a clear understanding of what exactly a wrong home raid is. I think they're under the assumption that anytime we go into a home and don't find anyone/anything that it's a wrong raid, but that may not be the case. Should explain factors of why some raids result in nothing. Need to explain difference between just going into the completely wrong home vs going to the right place, but the person they're looking for isn't there or if they were looking for weapons, they could've been moved before officers showed up.

Thanks, Tamika. Anthony and I spoke on this today and we were thinking about giving this to CBS2 next week, preferably later in the week when MLL is in D.C. We'd ideally like to have you sit down with reporter Dave Savini for an on-camera interview about the new changes that your team and CPD determined to be necessary during your analysis of the search warrant policies. I can share talking points based on our phone call earlier this week.

CBS2 is also looking to get the Interim Supt. for an on-camera interview. Anthony is working on putting together a small press event next week where CBS2 could come and talk briefly with Beck on the subject.

Tamika -- let me know if you're open to doing an on-camera interview with CBS2 on the subject and if so, what times Wednesday or Thursday would work best for a 15-minute interview. We can also work on scheduling a brief prep session ahead of the interview. We're going to start with CBS2 since they've been following this closest and we'll see if additional inquiries come in after their story.

If folks have any concerns with this plan, please let us know. Thanks.

I've attached the most recent version of the Search Warrant policy approved on January 3<sup>rd</sup>, 2020.

Changes are indicated by italics, underline and double underline and substantive changes are summarized as follows:

- Preparation & Execution
  - Emphasis on having an approved, pre-execution operations plan which includes steps to validate the address upon which the SW is to be served
  - Requirement for two (2) entry team members to be dressed in COC police seasonal uniform for ease in identification
  - Emphasis on ensuring compliance with the Body Worn Camera directive
- Children
  - Notification to DCFS if there is an unsecured firearm, accessible narcotics and/or if the residence is deemed injurious
  - Emphasis on maintenance of a sensitive approach and the exercise of due care to minimize emotional trauma and ensure the physical well-being of children
- Communications
  - Notification to be made to Communications for all physical SWs
  - SW executed at a wrong address will result in the immediate generation of a log number and initiate the City claims process

In addition to the revised policy, Search Warrant Execution training has been added to the training curriculum.

- Training occurred Jan 14-16, 2020 for 100 members
- Additional classes have been added for February and March for additional members
- The Academy is looking to incorporate search warrant training into the recruit curriculum

Let me know if I can provide any additional information.

Thanks,

Tamika --

Reaching out from the Mayor's Press Office. We understand that your team and CPD are working to roll out a new search warrant policy this Thursday. Following the recent negative coverage the Department has had on search warrants/wrong raids, MLL wants some placed stories around the new policy announcement on Thursday.

Can you please send over information on the new changes so the Press team can work with CPD on how we're going to announce? If this is the result of the City's Chief Risk Officer assessment of CPD's search warrant policy, we'll likely get a number of interview requests for you once this is announced.

Send over whatever you can, thanks! Call if any questions.

Hi Patrick,

I know you are swamped, but just want to touchbase about the story you and Dave discussed. On Tuesday, we are likely airing a piece about the woman who said she was left naked during a wrong raid. The woman is trying to get the video and we FOIA'd it too. Are you able to facilitate release of the video?

Thanks,

All,

Attached is the draft denial letter that will go out to cbs today. Please let me know right away if we need to discuss or coordinate timing. The letter is self explanatory. The rationale tracks the statute.

There are several videos to watch. That is being done now. Also confirming whether there is an open CR. So far, it appears 13 minutes into body worn, a female officer comes in and takes her into a room. Prior to that, she is given a sheet to cover up.

Regardless, the individual's FOIA was submitted on Friday November 1, 2019 after 5 pm. Therefore, the received date became Monday, November 4, 2019 and the required completion date is tomorrow, November 12, 2019, since today is a holiday.

They are currently working on reviewing and redacting the video to be released to the subject.

Let me know if you need anything else or if we should discuss.

**Subject:** CBS2 - Wrongful Raid (NEXT TUESDAY)

All,

CBS2 is working on a story for Tuesday about another wrong raid by the Chicago Police Department. Information on the raid is below but I need CPD to check-in on the FOIA request made by the woman involved in this incident. CBS2's FOIA is below as well but I'm more interested in why the woman-involved hasn't received the video she's requested. Below is the incident as described by CBS2.

**Incident:** On February 21st, 2019, CPD executed a search warrant raid at  (Warrant: 19SW5247). The resident of the address, 49-year-old Anjanette Young was in the middle of changing when her house was raided by the police. Police officers handcuffed Young, who was naked, and allegedly left her standing for 40 minutes handcuffed and naked while all-male police officers searched her apartment. After 45 minutes, a female police officer arrived at the scene and uncuffed the woman and then turned off her body camera to let her get clothes on. According to CBS2, the individual they were looking for as part of the warrant, lived across the street (CBS2 found him). CBS2 also said that Officer Michael Donnelly (Supervisor: Sgt. Wolinski) was involved in obtaining this search warrant, and he was also involved in the Peter Mendez wrongful raid.

Both Young and CBS2 have been requesting body camera footage from the incident since August and have yet to hear back from CPD. Anthony/Anjali -- can you look into this?

CBS2 is airing its story on Tuesday night. Know this just started, but do we know if there have been any updates from the CPD/Chief Risk Officer review?

Thanks,  
-Pat Mullane

I'll check in with Anthony. I don't know timing as last I heard redactions had to be made to some of the footage. I'll check in with Law later for timing. Off-the-record, the only thing I've been told is that from one of the BWCs, it appears 13 minutes into body-worn, a female officer comes in and takes the individual into a room to change. Prior to that, she was given a sheet to cover up.

Again, this is what I was told by Law, I haven't seen any footage myself. I'll circle back on timing later today.

There are several videos to watch. That is being done now. Also confirming whether there is an open CR. So far, it appears 13 minutes into body worn, a female officer comes in and takes her into a room. Prior to that, she is given a sheet to cover up.

Regardless, the individual's FOIA was submitted on Friday November 1, 2019 after 5 pm. Therefore, the received date became Monday, November 4, 2019 and the required completion date is tomorrow, November 12, 2019, since today is a holiday.

All,

CBS2 is working on a story for Tuesday about another wrong raid by the Chicago Police Department. Information on the raid is below but I need CPD to check-in on the FOIA request made by the woman involved in this incident. CBS2's FOIA is below as well but I'm more interested in why the woman-involved hasn't received the video she's requested. Below is the incident as described by CBS2.

**Incident:** On February 21st, 2019, CPD executed a search warrant raid at [REDACTED] (Warrant: 19SW5247). The resident of the address, 49-year-old Anjanette Young was in the middle of changing when her house was raided by the police. Police officers handcuffed Young, who was naked, and allegedly left her standing for 40 minutes handcuffed and naked while all-male police officers searched her apartment. After 45 minutes, a female police officer arrived at the scene and uncuffed the woman and then turned off her body camera to let her get clothes on. According to CBS2, the individual they were looking for as part of the warrant, lived across the street (CBS2 found him). CBS2 also said that Officer Michael Donnelly (Supervisor: Sgt. Wolinski) was involved in obtaining this search warrant, and he was also involved in the Peter Mendez wrongful raid.

Both Young and CBS2 have been requesting body camera footage from the incident since August and have yet to hear back from CPD. Anthony/Anjali -- can you look into this?

CBS2 is airing its story on Tuesday night. Know this just started, but do we know if there have been any updates from the CPD/Chief Risk Officer review?

Hi Anthony,

This is all I can gather right now. It's just the summary of the FOIA we received. When I get home I can try to pull the case report. I'm pretty sure we don't have a specific protocol for wrong raids. The process to obtain a SW includes checks and balances as do the Gen Orders to ensure compliance with the law.

The resident of the address, 49-year-old Anjanette Young was in the middle of changing when her house was raided by the police. Police officers handcuffed Young, who was naked, and allegedly left her standing for 40 minutes handcuffed and naked while all-male police officers searched her apartment. After 45 minutes, a female police officer arrived at the scene and uncuffed the woman and then turned off her body camera to let her get clothes on. According to CBS2, the individual they were looking for as part of the warrant, lived across the street (CBS2 found him). CBS2 also said that Officer Michael Donnelly (Supervisor: Sgt. Wolinski) was involved in obtaining this search warrant, and he was also involved in the Peter Mendez wrongful raid.

Both Young and CBS2 have been requesting body camera footage from the incident since August and have yet to hear back from CPD. Anthony/Anjali -- can you look into this?

CBS2 is airing its story on Tuesday night. Know this just started, but do we know if there have been any updates from the CPD/Chief Risk Officer review?

Thanks,  
-Pat Mullane

I'll check in with Anthony. I don't know timing as last I heard redactions had to be made to some of the footage. I'll check in with Law later for timing. Off-the-record, the only thing I've been told is that from one of the BWCs, it appears 13 minutes into body-worn, a female officer comes in and takes the individual into a room to change. Prior to that, she was given a sheet to cover up.

Again, this is what I was told by Law, I haven't seen any footage myself. I'll circle back on timing later today.

All,

Attached is the draft denial letter that will go out to cbs today. Please let me know right away if we need to discuss or coordinate timing. The letter is self explanatory. The rationale tracks the statute.

There are several videos to watch. That is being done now. Also confirming whether there is an open CR. So far, it appears 13 minutes into body worn, a female officer comes in and takes her into a room. Prior to that, she is given a sheet to cover up.

Regardless, the individual's FOIA was submitted on Friday November 1, 2019 after 5 pm. Therefore, the received date became Monday, November 4, 2019 and the required completion date is tomorrow, November 12, 2019, since today is a holiday.

They are currently working on reviewing and redacting the video to be released to the subject.

Let me know if you need anything else or if we should discuss.

CBS2 is working on a story for Tuesday about another wrong raid by the Chicago Police Department. Information on the raid is below but I need CPD to check-in on the FOIA request made by the woman involved in this incident. CBS2's FOIA is below as well but I'm more interested in why the woman-involved hasn't received the video she's requested. Below is the incident as described by CBS2.

**Incident:** On February 21st, 2019, CPD executed a search warrant raid at [REDACTED] (Warrant: 19SW5247). The resident of the address, 49-year-old Anjanette Young was in the middle of changing when her house was raided by the police. Police officers handcuffed Young, who was naked, and allegedly left her standing for 40 minutes handcuffed and naked while all-male police officers searched her apartment. After 45 minutes, a female police officer arrived at the scene and uncuffed the woman and then turned off her body camera to let her get clothes on. According to CBS2, the individual they were looking for as part of the warrant, lived across the street (CBS2 found him). CBS2 also said that Officer Michael Donnelly (Supervisor: Sgt. Wolinski) was involved in obtaining this search warrant, and he was also involved in the Peter Mendez wrongful raid.

Both Young and CBS2 have been requesting body camera footage from the incident since August and have yet to hear back from CPD. Anthony/Anjali -- can you look into this?

CBS2 is airing its story on Tuesday night. Know this just started, but do we know if there have been any updates from the CPD/Chief Risk Officer review?

Thanks,  
-Pat Mullane

We have a few more questions.

When was the CR opened? What prompted it to be opened? Does that impact Young's FOIA to get the body camera video of police raiding her home? If so, how does it impact the video release timeline?

We were able to take the information police put in the warrant and immediately identify the suspect's correct address. This has happened repeatedly during the past year – we've run the names of suspects in search warrants and found the correct addresses. Can you explain specific steps being taken to make sure officers verify addresses before executing search warrants?

Thanks,

Michele

Mr. Ganiyu,

The file that you requested (2019-0004600) is a pending investigation. Therefore, this file is exempt from inspection and copying under 5 ILCS 140/7(1)(d)(i) and (ii). Our factual basis for this file were compiled in our administrative investigations into allegations of police misconduct pursuant to our establishing ordinance (Chi. Mun. Code 2-78-100 et. Mr. Szczepanski,

After sending you the e-mail below, I was informed of the corresponding Log Number associated with the incident. The Log Number is 2019-4600. Please review your database and let me know as soon as possible if there is a pending COPA investigation and whether COPA would be asserting an applicable FOIA exemption to the release of 22 body worn camera videos. The BWC videos will be going to the requester, who is also the complainant. The commanding officer in FOIA needs a response from your office as soon as possible, so a decision can be made by CPD and the Department of Law.

Good Morning Dana and Natalia,

In response to Ms. Anjanette Young's FOIA request for the videos associated with the search warrant operation conducted on her residence in February 2019, we reached out to COPA to determine if there is an ongoing, pending investigation. They responded to CPD's request for verification (see below) by confirming a pending investigation and a request to withhold records pursuant to Section 7(1)(d)(i) and 7(1)(d)(ii).

The numerous body worn camera videos associated with the request are already redacted according to Sgt. Edwards. However, given COPA's response, we would like to confer with you before a final decision is made.

Dana and Natalia, do you have any additional concerns on how the FOIA unit should proceed regarding this matter. A response to the requester from CPD is due by tomorrow, Nov. 19th.

Please review your database and let me know as soon as possible if there is a pending COPA investigation and whether COPA would be asserting an applicable FOIA exemption to the release of 22 body worn camera videos. The BWC videos will be going to the requester, who is also the complainant. The commanding officer in FOIA needs a response from your office as soon as possible, so a decision can be made by CPD and the Department of Law.

If you have any questions, please let me know.

Mr. Szczepanski,

CPD is requesting COPA to verify whether there is an open investigation with your office concerning a search warrant operation, which took place pm 21 February 2019. If there is an open COPA investigation, CPD is requesting to know whether the release of 22 videos related to the search warrant incident to a requester would interfere with its ongoing investigation. Please review the following information in order to assist in the review of your databases:

Relevant Information:

**Complainant:** Anjanette Young

**Occurrence Date:** 21 Feb 2019

Occurrence Time: 10:15

Please let me know if you need any further information to confirm whether there is an open COPA investigation into this matter and I will provide the information to you shortly. If possible, CPD needs to know the results of your search as soon as possible regarding this matter.

If such an investigation is ongoing, please inform CPD if your office would assert an applicable exemption under Section 7 of FOIA to the release of information by CPD pursuant to a FOIA request because such disclosure would interfere with an ongoing COPA investigation. Furthermore, please provide a brief detailed factual basis for the assertion of any applicable exemption.

Please review your database and let me know as soon as possible if there is a pending COPA investigation and whether COPA would be asserting an applicable FOIA exemption to the release of 22 body worn camera videos. The commanding officer in FOIA needs a response from your office as soon as possible, so a decision can be made by CPD and the Department of Law.

Please let me know if you need any further information to confirm whether there is an open COPA investigation into this matter and I will provide the information to you shortly. If possible, CPD needs to know the results of your search as soon as possible regarding this matter.

If such an investigation is ongoing, please inform CPD if your office would assert an applicable exemption under Section 7 of FOIA to the release of information by CPD pursuant to a FOIA request because such disclosure would interfere with an ongoing COPA investigation. Furthermore, please provide a brief detailed factual basis for the assertion of any applicable exemption.

If you have any additional questions regarding this matter, please contact me at your earliest convenience.

Best regards,
