**ID#:** 31-03

---

The information below is in response to questions posed at our department's hearing on November 3, 2017 to discuss the proposed 2018 budget.

Alderman Hairston asked how the funds from the \$20 million Redflex settlement would be used.

We expect to receive \$10 million by the end of this year, and these resources will be used to pay the claims made in the Red Light Notice Violation class action settlement and the plaintiffs' legal fees approved by City Council on July 26, 2017. The remaining payments will be allocated in the year in which they are received.

As always, please let me know if you have any further questions.

---

The information below is in response to questions posed at our department's hearing on November 3, 2017 to discuss the proposed 2018 budget.

Alderman Reilly asked for (1) the number of vacancies in the department, (2) the savings identified on non-personnel line items due to zero-based budgeting, (3) the number of non-union employees receiving pay raises, and (4) a list of general efficiencies and cost reductions achieved in 2017.

(1) Number of vacancies.

The Law Department has 48 vacancies; they were not reduced in the 2018 budget.

(2) Savings that were identified on non-personnel line items due to zero-based budgeting.

The Law Department reduced stationary and office supplies by 14.3% (\$17,238) and court reporters by 3.1% (\$35,135)

(3) The number of non-union employees receiving pay raises.

If the employee's performance evaluation warrants an increase, 173 attorneys and 14 non-attorneys will receive a scheduled step increase.

(4) List of general efficiencies and cost reductions achieved in 2017.

The Law Department participated in the City-wide initiative to remove stand-alone printers and replace them with multi-functional devices.

As always, please let me know if you have any further questions.

The information below is in response to questions posed at our department's hearing on November 3, 2017 to discuss the proposed 2018 budget.

Alderman Reilly asked which City Department – the Department of Administrative Hearings (DOAH) or the Department of Law – can prepare a report about cases brought at DOAH.

Information about cases brought at DOAH is maintained by DOAH in its Administrative Hearings Management System.

As always, please let me know if you have any further questions.

---

The information below is in response to questions posed at our department's hearing on November 3, 2017 to discuss the proposed 2018 budget.

Alderman Reilly asked how many times must an offender fail to appear on an Administrative Notice of Violation (ANOV) at the Department of Administrative Hearings (DOAH) before a warrant can be issued.

Warrants are not issued from DOAH. Section 1-4-145 of the Municipal Code makes it a violation to fail to appear at a DOAH hearing. Such a failure does not result in the issuance of a warrant, but instead inclusion on a list that is generated and accessible by the police to effectuate an arrest. An individual is eligible to be placed on this list after failing to appear at the first ANOV hearing date.

As always, please let me know if you have any further questions.

The information below is in response to questions posed at our department's hearing on November 3, 2017 to discuss the proposed 2018 budget.

Alderman Lopez asked for a timeline for filing demolition and vacant building cases.

The process for filing demolition and vacant building cases that are not considered emergencies starts with the Department of Buildings sending an inspector to the property in question. The inspector's report and pictures are saved in the system and a request to the Law Department is made to obtain a title search. The Collection Division of the Law Department reviews the title search and completes an ownership package that includes information about all defendants to be named in our complaint. After the defendants are identified, the Collection Division sends them a 15-day letter, which allows owners a brief window of time to remedy the issue, and also sends the ownership package to the Law Department's Buildings & License Enforcement Division, which is responsible for filing the complaint. This process takes between 30 and 45 days in most cases.

Upon receipt of an ownership package, BLE prioritizes those cases with more dangerous conditions. This includes consideration of the building's disrepair expressed as a depreciation percentage and the inspector's report(s). BLE assigns cases among the assistant corporation

counsels by geographical area. The assigned assistant corporation counsel reviews the ownership package and checks for any permits that were pulled after the 15-day letter was sent. If there are no permits, the assistant corporation counsel sets the court date to file the case according to the court's calendar. The package is given to a law clerk to draft the complaint. The complaint is reviewed and signed by the assistant corporation counsel and it is filed with the court.

The court dates assigned for regular cases are set 6 to 8 weeks out so that defendants may be served with summons and copy of the complaint.

In general, the process takes approximately 5 to 6 months in total. Cases with a low depreciation percentage may take longer, however. In addition, emergency referrals may fill the court calendar and reduce the time the assistant corporation counsels can dedicate to regular referrals.

The information below is in response to questions posed at our department's hearing on November 3, 2017 to discuss the proposed 2018 budget.

Alderman Smith asked how many in-house attorneys are in the Law Department's Federal Civil Rights Litigation Division, as well as the budget for that Division.

The FCRL Division has 49 attorneys budgeted. The personnel cost for the division for 2018 is budgeted at \$5,404,709.
