Re: Request for Information from Annual Appropriation Committee Hearing

ID#: 31-010 Workers Compensation

The following information is provided in response to questions posed at our department's hearing on November 10, 2020 to discuss the proposed 2021 budget.

Alderman Thompson asked the Department whether it could quantify any savings it has incurred in workers compensation claims as a result of the hiring of Gallagher Bassett as the Third-Party Administrator and if so, what are the savings.

The transition to Gallagher Bassett as the third-party administrator has been positive. Gallagher Bassett's resolution managers bring experience and are in constant communication with the Department of Finance and the Department of Law. Gallagher Bassett's hands-on approach includes working directly with opposing parties on administrative issues and settling smaller and less complex claims. In addition, its resolution managers have been thorough in their review of older files, helping to move them toward resolution. This should come at a cost reduction to the City as employees are moved off of workers' compensation benefits and toward either trial or settlement. Gallagher Bassett's involvement also helps free up the City's attorneys, allowing them to concentrate on defending more complex matters that are in litigation, and DOL has been successful in reducing its number of open cases.

Thus, while it is too soon to quantify a cost reduction as a result of engaging Gallagher Bassett, one is anticipated as the partnership matures.

As always, please let me know if you have any further questions.
