## MEMORANDUM

**To:** The Honorable Pat Dowell  
Chairman, Committee on the Budget and Government Operations

**From:** Shannon E. Andrews  
Chief Procurement Officer  
Department of Procurement Services

**CC:** Manuel Perez  
Mayor's Office of Intergovernmental Affairs

**Date:** November 10, 2020

**Re:** Request for Information from Annual Appropriation Committee Hearing

**ID#:** 35-02 Breakdown of Contract by Type

---

The following information is provided in response to questions posed at our department's hearing on November 5, 2020 to discuss the proposed 2021 budget.

Alderman King requested the breakdown of contracts by "type" (pro-serv, commodities, work services, construction, etc.) with M/WBE participation, as opposed to numbers by construction vs. non-construction.

Like many provisions of the City's Municipal Code, the existing) system, which is used for various certification/compliance tracking purposes, differentiates between construction and non-construction contracts. However, the City's current system does not differentiate between more narrow categories of contracts (professional services vs. work services vs. commodities, etc.). DPS is currently identifying system improvements which would provide more nuanced reporting.

As always, please let me know if you have any further questions.

**Re:** Request for Information from Annual Appropriation Committee Hearing

**ID#:** 35-04 Certified Weed Cutting Contract

---

The following information is provided in response to questions posed at our department's hearing on November 5, 2020 to discuss the proposed 2021 budget.

Alderman Ervin requested a list of firms certified to perform the work on the weed cutting contract, including the number of firms that are African American-owned.

Attached is the list of firms that are certified to provide weed cutting (landscaping services). There are a total of 132 firms, of which 39 are African American-owned.

As always, please let me know if you have any further questions.

CITY OF CHICAGO

DEPARTMENT OF PROCUREMENT SERVICES

## MEMORANDUM

**To:** The Honorable Pat Dowell  
Chairman, Committee on the Budget and Government Operations

**From:** Shannon E. Andrews  
Chief Procurement Officer  
Department of Procurement Services

**CC:** Manuel Perez  
Mayor's Office of Intergovernmental Affairs

**Date:** November 10, 2020

**Re:** Request for Information from Annual Appropriation Committee Hearing

**ID#:** 35-05-Slave Ownership Disclosure

---

The following information is provided in response to questions posed at our department's hearing on November 5, 2020 to discuss the proposed 2021 budget.

Alderman David Moore asked for information delineating if a company faces consequences for stating "yes" or is misleading regarding the Slavery Ownership disclosure on the Economic Disclosure Statement.

Effectuating Section 2-92-585 of the Municipal Code, the City's Economic Disclosure Statement (EDS) requires contractors to certify that they searched all of their company records and records of any predecessor entities regarding records of investments or profits from slavery or slaveholder insurance policies during the slavery era, and to certify as to whether they identified any such records.

Although the Municipal Code does not give DPS the authority to penalize contractors that find such records or to refuse to award a contract on that basis, there are multiple consequences based on how contractors answer this question:

- If the contractor finds relevant records, it must identify the names of any and all slaves or slaveholders described in those records.
- The CPO is required to make those disclosures available to the public and provide an annual report to City Council.
- If the contractor makes a false certification on this question, the City is authorized to declare the contractor in default, which could result in terminating the contract in question,

declaring the contractor to be non-responsible for future contract opportunities, and/or taking advantage of other contractual remedies.

It is extremely uncommon for DPS to interact with businesses that have existed for long enough to have records of investments or profits from slavery or slaveholder insurance policies during the slavery era.

As always, please let me know if you have any further questions.
