ID#: 48-06 Housing Accessibility Needs & Best Practices for Accessible Housing

The following information is provided in response to questions posed at our department's hearing on November 9, 2020 to discuss the proposed 2021 budget.

Alderman Osterman asked what level of funding would be required to construct all needed accessible housing citywide and best practices from other cities for accessible housing.

MOPD will be working with the Department of Housing (DOH) to conduct mid construction accessibility assessments. This will help ensure that housing units are built according to Code and the designs presented during permit reviews. MOPD will also be working with DOH to develop a tracking process for accessible units to ensure that the City knows the quantity and locations of any accessible units being built.

MOPD on occasion does look into what other cities are doing for accessible housing. They provide interesting ideas, but no one city has a model that is appropriate for Chicago.

As always, please let me know if you have any further questions.

ID#: 48-07 Services for Seniors Who are Disabled

The following information is provided in response to questions posed at our department's hearing on November 9, 2020 to discuss the proposed 2021 budget.

Alderman Moore asked for information about disability services for seniors.

The Small Accessible Repairs for Seniors (SARFS) program provides safety, security and accessibility improvements that help senior citizens to remain in their homes. Repair types are limited to minor repairs that may include, but are not limited to:

- Grab bars
- Lever faucets
- Door repairs
- Carbon monoxide detectors
- Smoke detectors
- Wheelchair ramps

SARFS is for Chicago seniors who earn no more than 80 percent of the area's medium income and are at least 60 years of age. Qualified recipients may be owners or renters residing in a one- to four-unit building (a renter must have permission from the landlord and the landlord needs to certify that he or she will not increase the rent as a direct result of SARFS improvements).

[Delegate agencies](#), under contract to the Department of Planning and Development are available to assist seniors with the following:

- Application process
- Make on-site assessments to determine service needs
- Provide limited home improvements at no cost to the applicant

Residents must provide proof of age, income, and ownership, or owner/agent approval at time of application.

As always, please let me know if you have any further questions.
