CITY OF CHICAGO

DEPARTMENT OF BUSINESS AFFAIRS AND CONSUMER PROTECTION

MEMORANDUM

To: The Honorable Pat Dowell
Chairman, Committee on the Budget and Government Operations

From: Kenneth Meyer
Commissioner
Business Affairs and Consumer Protection

CC: Elizabeth Beatty
Mayor's Office of Intergovernmental Affairs

Date: October 20, 2022

Re: Request for Information from Annual Appropriation Committee Hearing

ID: 70-05 Office of Labor Standards

The following information is provided in response to questions posed at our department's hearing on October 19, 2022 to discuss the proposed 2023 budget.

Alderman Rodriquez requested BACP's analysis and review of Office of Labor Standards staff needs and request in 2023 budget.

In the 2023 budget request, the Office of Labor Standards is set to grow by 66%.

- Personnel
 - Proposal for 2023: 1 Director, 1 Asst Commissioner, 7 LS Investigators, 1 AA III
 - Headcount/Staff 2022 breakdown: 1 Director, 5 LS Investigators (includes current vacancy)
 - HC/Staff 2021 breakdown: 1 Director, 4 LS Investigators
 - HC/Staff 2020 breakdown: 1 Director, 3 LS Investigators, 1 Paralegal II, 1 AA III
- What justifies the increased staffing?
 - Fair Workweek: For the Office of Labor Standards to exercise jurisdiction, the employer must have at a minimum 50 Covered Employees and 100 total Employees. Covered Employees are workers who perform two or more days work for the employer in any two week period. Additionally, the work performed must primarily be in the covered industry and according to the Ordinance "Covered industry" means: (1) Building Services; (2) Healthcare; (3) Hotels; (4) Manufacturing; (5) Restaurants; (6) Retail; and (7) Warehouse Services. As such, case complexity involves larger numbers of employees, more complex data to review, spreadsheets and data review to identify and create valuations for larger numbers of employees.

- Wage Theft: since passing the WT section of the Minimum Wage and Paid Sick Leave Ordinance, tipped wages, wage theft, tip pooling cases have increased, and some of them overlap with Fair Workweek cases
- Food Manufacturing / Fast Food Restaurants: When one worker at one business files a complaint, the Office of Labor Standards brings the action on behalf of all of the impacted workers. As such, large numbers of workers are involved in low wage manufacturing and fast food restaurants cases. These are often Spanish speaking and require heavy use of the Director and one LSI to conduct interviews, visit facilities and map complex timekeeping and payroll systems.

- This \$2M program where 17 community organizations will activate commercial corridors in their neighborhoods by activating vacant storefronts. Businesses will be able to host pop-ups in the vacant storefronts. For storefronts that are not move-in ready, local artists will create artwork for the windows.

Commercial Corridor Recovery Program

For this \$2M program, 7 organizations were selected to serve as capacity builders for other nonprofits. They will provide quarterly informational summits, 1:1 application assistance and small group workgroups, as well as community-based outreach to ensure nonprofits across the City are aware of opportunities to work with the City and where to receive assistance to successfully apply to those opportunities.

Urban Agriculture - Community Growers program

- This \$2M program aims to transform the City's food supply chain through an investment in water, land, and capacity building projects to empower urban growers. The RFP for this program closed on Friday, October 21st, and one organization will be selected as administrator for this program.

16. Number of overnight BACP inspectors budgeted for 2023

We have 16 night/weekend inspectors budgeted for 2023.

17. Number of missions conducted, and citations issued by overnight BACP inspectors in the 42nd ward (2021-2022 YTD)

Nights/Weekends-42nd	2021	2022YTD	Total
Investigations	476	170	646
Citations	170	78	248

18. Number of citations issued to the city-regulated ride-share drivers/companies (and the corresponding fines collected) (2021-2022 YTD)

Citations	2021	2022 (YTD)	Total
Lyft	18	5	23
Uber	39	13	52
Drivers	4079	2979	7058

Total fines collected in 2021 and 2022 were just over \$1.5 million. Due to limitations with the Business Objects reporting software being unable to process more than 1000 records when data is being pulled from two different systems (IRIS and AHMS), it would take significant time to parse out the details further.

19. Total number of licensed ride-share drivers operating in Chicago

In August 2022, there were 42,366 Active TNP (or ride-hail) drivers. A 29% increase compared to August 2021 Active TNP (or ride-hail) drivers of 32,734.

20. Number of citations issued to livery/taxicab drivers (and the corresponding fines collected) (2021-2022 YTD)

Citations	2021	2022YTD	Total
Livery	178	195	373
Taxi	228	196	424

21. Total number of active medallions in Chicago in 2011 versus 2022 YTD

On July 31, 2022, there were 2,195 taxicab medallion licenses in “active” status. An 83% increase since July 31, 2021, of 1,199 taxicab medallion licenses in “active” status.

The City of Chicago license database (IRIS) does not have historical aggregate data reporting functionality. License status is not a permanent status or annual status. A taxicab medallion status can have multiple statuses throughout a month or year: one day active, next day surrender, then following week violation. BACP attempts to capture snapshots of license status on a given date at weekly intervals. The earliest such data available on taxicab medallions is from May 29, 2012, with 6,749 active taxicabs.

22. Average length of time for typical liquor license revocation case and corresponding appeal process for problem liquor license holders

Average length of time for revocation cases is 362 days.

Liquor license appeal cases are heard at the License Appeal Commission (LAC), as required under the Illinois Liquor Control Act. Attached is the guide from the LAC, which sets forward the process for filing an appeal of a revocation decision. Also attached is the LAC Handbook that speaks to LAC process.

23. Number of liquor license applied for in the 42nd ward (2021-2022 YTD) and the number of license applications approved vs denied

- Total licenses applied for – 161
- Approved or conditionally approved – 156

- Cancelled – 2

24. Liquor license revocations (by license-holder) in the 42nd ward (2019 thru 2022 YTD)

- Bottled Blonde Chicago, LLC (Bottled Blonde at 504 N. Wells), revoked 10/31/2019

must be included with your Notice of Appeal. NO APPEAL WILL BE ACCEPTED WITHOUT THE REQUIRED RECEIPT(S). Only one electronic or hard copy is needed.

3. The Applicant should also include any case law or statute upon which the applicant will rely in arguing to reverse the decision of the Department of Business Affairs and Consumer Protection. Please file the appropriate number of copies per 3A above.
4. Refusal to Renew cases - Any liquor licensee who appeals a refusal to renew order from the Local Liquor Control Commission is required by state law to pay and keep current their liquor license renewal fees during the pendency of the appeal. Any liquor licensee who appeals a refusal to renew order with the License Appeal Commission will be required to show proof that all license renewal fees are paid to date. Liquor licensees must pay their renewal fees at the City of Chicago Department of Finance in Room 107 of City Hall and obtain a receipt. The paid license renewal fee receipt, as well as a receipt showing payment of the filing fee for a new appeal, must be submitted to the License Appeal Commission as a prerequisite to filing an appeal.

THE PROCESS

Upon the filing of the appeal, it will be given a case number. The appeal will then be given its first court date. At approximately three-week intervals the License Appeal Commission meets at 11:00 a.m. (or a time designated by the License Appeal Commission) in courtroom LL 02 on the lower level of the Daley Center (50 W. Washington) for what is referred to as the 'General Call.' Upon the filing of the appeal, the case will be assigned to one of the 'General Call' dates. Dates are available on LAC website. LAC reserves the right to limit the number of people in the courtroom for health and safety reasons. Legal representatives and pro se parties will take priority.

At the General Call, cases will be called according to their case numbers with the oldest case numbers being called first. All corporations must be represented by a licensed attorney. Those licensees who do not hold their license in a corporate entity may represent themselves before the License Appeal Commission. However, it is strongly recommended for the appellant's own benefit to seek legal counsel and representation. The Department of Business Affairs and Consumer Protection is always represented, at our hearings, by an attorney for the City called Assistant Corporation Counsel. If the appealing party is represented by counsel they do not need to personally appear for the General Call but are always welcome if they wish to come and observe. The attorney representing you must, however, appear at the General Call.

When an applicant case is called at the General Call, mutual discovery can be requested and your case will be set for a hearing on the merits of your appeal. Continuances in Applicant cases will be granted for good cause at the discretion of the Commissioners.

For appeals of Fines, Suspensions or Revocations, the transcript of the hearing at the Department of Business Affairs and Consumer Protection must be filed electronically with the License Appeal Commission in a timely fashion along with one hard copy as soon as possible after that. If filing in person, then one hard copy is required at the time of filing of the appeal. Once an appeal is filed with the License Appeal Commission, the

Licensee must file a Notarized Affidavit stating that the court reported transcripts from the proceedings at the Department of Business Affairs and Consumer Protection have been ordered. The affidavit must be filed with the License Appeal Commission within TEN (10)* days. A FAILURE TO FILE THIS AFFIDAVIT WILL RESULT IN THE DISMISSAL OF THE APPEAL. Further, a failure to provide the actual transcripts in a timely fashion may be grounds for a dismissal of an appeal. Continuances will be granted for good cause only at the discretion of the Commissioners.

HEARINGS

Fine, Suspensions or Revocation Cases

At hearings for Fine, Suspension or Revocation appeals, arguments are presented to the License Appeal Commission by the parties based entirely on the transcripts and record below and on relevant city code, statute or case law. The party that has filed the appeal is the Appellant and the party responding to the appeal is the Appellee. The Appellant has the burden of proof and argues first, followed by the Appellee and then by a brief rebuttal by the Appellant. After argument, the three Commissioners that make up the License Appeal Commission will take the matter under consideration. After deliberation, the Commissioners will issue a written order deciding the case, which will be mailed to the parties of the appeal.

Applicant Cases

Hearings for applicant cases are considered a trial 'de novo.' Both sides are entitled to call witnesses and present evidence for consideration. LAC may limit the amount and type of evidence, number of witnesses, time for presentation consistent with fundamental notions of fairness and within the general framework of basic rules of evidence and case law. The party that has filed the appeal is the Appellant and the party responding to the appeal is the Appellee. The Appellee has the burden of proof and presents their case first followed by the appellant. After both sides rest on the evidence argument is allowed. After argument, the three Commissioners take the matter under advisement. Subsequently, a written order deciding the case will be mailed to the parties of the appeal.

REHEARINGS, APPEALS

Either party wishing to continue to pursue their appeal after losing at the License Appeal Commission must file with the License Appeal Commission a Petition for Rehearing. A Petition for Rehearing must be filed within TWENTY (20)* DAYS, from the date of the License Appeal Commission's order. Again, electronic filing by email is preferred (one hard copy provided if requested by LAC). If filing in person, the original and one hard copy of the Petition must be provided. Electronic notice and the petition should also be sent to the opposing party's representative (in the alternative, it can be mailed). A written decision granting the rehearing or denying it will be issued. If the Petition for Rehearing is granted, parties will be given a new hearing date. If the Petition is denied, an appeal of the License Appeal Commission's order can be made to the Circuit Court of Cook County within THIRTY-FIVE (35) days and by the Circuit Court's rules.

MOTION TO VACATE AN ORDER DISMISSING AN APPEAL

If your appeal is Dismissed and you wish to reinstate the appeal you must do the following:

1. File a motion explaining why the dismissal order should be vacated. The motion must be filed within THIRTY (30) days of the order dismissing the appeal.
2. Present a receipt from the City of Chicago Department of Finance showing the \$50.00 filing fee has been paid. The POS Invoice form is now available on our department's website at www.cityofchicago.org/lac
Download the form and pay the fee at any City of Chicago payment center.

A written Order granting or denying the Motion will be issued. If the Motion is granted, the case will be given a new hearing date. A party may elect to appeal the LAC order to the Circuit Court of Cook County within THIRTY-FIVE (35) days and by the Circuit Court's rules.

*Days = calendar days. If a due date falls on a Saturday, Sunday, or Court holiday, the due date will be the next available business day.

If any party has any further questions relating to the License Appeal Commission, please do not hesitate to contact our office at (312) 744-4095.

CITY OF CHICAGO

DEPARTMENT OF BUSINESS AFFAIRS AND CONSUMER PROTECTION

MEMORANDUM

To: The Honorable Pat Dowell
Chairman, Committee on the Budget and Government Operations

From: Kenneth Meyer
Commissioner
Business Affairs and Consumer Protection

CC: Elizabeth Beatty
Mayor's Office of Intergovernmental Affairs

Date: October 20, 2022

Re: Request for Information from Annual Appropriation Committee Hearing

ID: 70-12 Commercial Corridors

The following information is provided in response to questions posed at our department's hearing on October 19, 2022 to discuss the proposed 2023 budget.

Alderman Mitchell requested the definition and 2022 examples of commercial corridor activation.

Small Business Vacant Storefront Activations

- A \$2M program where 18 community organizations will activate commercial corridors in their neighborhoods by activating vacant storefronts. Businesses will be able to host pop-ups in the vacant storefronts. For storefronts that are not move-in ready, local artists will create artwork for the windows.
- Additional information on storefront information can be found at <https://www.chicago.gov/city/en/sites/bacp-recovery-plan/home/small-business-vacant-storefront-activations.html>.

Commercial Corridor Recovery Program

- This \$2M program activated commercial corridors and increased foot traffic for storefront businesses. The summer 2022 activations occurred in the Central City with a goal to encourage workers and tourist to return and enjoy downtown Chicago. BACP plans to expand this program City-wide in 2023. \$785K was awarded to six organizations.
