The following information is provided in response to questions posed at our department's hearing on October 24, 2022 to discuss the proposed 2023 budget.

Alderman Cappleman asked what the expected cost is for the City to plow sidewalks.

Currently, the Department of Transportation clears snow from the bike lanes and bridge decks. Plowing the sidewalks would be a substantial undertaking, as there are over 4,000 miles of sidewalks in the city (over 8,000 miles if you count sidewalk on both sides of the street). At this time, CDOT is unable to say what the expected cost would be. The Department will need to engage in further conversations with the Department of Streets and Sanitation, the Department of Assets, Information and Services and the Office of Budget and Management to develop an expected cost.

Re: Request for Information from Annual Appropriation Committee Hearing

ID: 84-27 3rd Ward Street Cuts

The following information is provided in response to questions posed at our department's hearing on October 24, 2022 to discuss the proposed 2023 budget.

Alderman Dowell asked if a list of street cuts exists, and, if so, to provide the list for the 3rd Ward.

Any entity seeking to cut into, or "open," the right of way must first obtain a "DOT_Opening" permit from Chicago Department of Transportation (CDOT), Division of Infrastructure Management (DIM). CDOT DIM issued 837 opening permits in the 3rd Ward in 2022. Please see attachment for a list of the permits. CDOT publishes permit data for public usage on the Chicago Data Portal and [ChiStreetWork](#). Elected officials and their staff also have access to more detailed permit data via [dotMaps](#).

As always, please let me know if you have any further questions.

Commissioner
Department of Transportation

Date: November 3, 2022

Re: Request for Information from Annual Appropriation Committee Hearing

ID: 84-28 Speed Bumps

The following information is provided in response to questions posed at our department's hearing on October 31, 2022, to discuss the proposed 2023 budget.

Alderman Taylor asked for research on speed bumps bringing down property values.

CDOT was unable to find evidence that speed bumps bring down property values.

As always, please let me know if you have any further questions.
