DEPARTMENT OF PROCUREMENT SERVICES  
CITY OF CHICAGO

**MEMORANDUM**

**To:** The Honorable Jason Ervin  
Chairman, Committee on the Budget and Government Operations

**From:** Aileen Velazquez  
Chief Procurement Officer  
Department of Procurement Services

**CC:** Elizabeth Beatty  
Mayor's Office of Intergovernmental Affairs

**Date:** November 9, 2023

**Re:** Request for Information from Annual Appropriation Committee Hearing

**ID#:** 35-02 Certification Application Processing

---

The following information is provided in response to questions posed at our department's hearing on October 20, 2023 to discuss the proposed 2024 budget.

Alderwoman Lee requested a list of MBE/WBEs that were counted towards the reporting of MBE/WBE numbers, broken out by:

- Contract Number
- Firm Name
- Amount Paid to Date
- Whether the firm was counted on the contract as an MBE or WBE

Please see attached the contract payment detail for the period January 1, 2023 to July 31, 2023.

Alderwoman Lee also asked if a minority woman was counted on a contract as a WBE under DPS regulations, but whose payments were counted under the firm's race, she would like an explanation as to why.

A prime can only receive credit for an MBE or WBE if the Subcontractor is certified as both. The prime will decide how the subcontractor will be utilized on the contract when establishing contract goals at the onset of the contract. For MBE or WBE compliance credit, an MBE/WBE compliance plan must demonstrate how the bidder/prime plans to meet the Contract Specific Goals.

Firms that are certified as both MBE and WBE may only be listed on a Bidder's/Prime's Compliance Plan as either an MBE or a WBE to demonstrate compliance with the Contract Specific Goals. For

example, a firm certified as both an MBE and a WBE may only be listed on the Bidder's/Prime's Compliance Plan as an MBE or a WBE, but not both.

As always, please let me know if you have any further questions.

**ID#:** 35-15 Helicopters

---

The following information is provided in response to questions posed at our department's hearing on October 20, 2023 to discuss the proposed 2024 budget.

Alderman Waguespack asked what questions DOL is asking related to the helicopter procurement, what is the process it went through, and a project timeline.

DPS is unable to provide the questions posed by the Law Department to OPSA regarding the draft agreement with Bell-Textron to purchase two (2) helicopters, as that is part of an active procurement and ongoing negotiations between the City and a vendor. Barring any other unforeseen issues, the draft contract should be sent to Bell-Textron within the next week for review and execution. Pursuant to Bell's approval, the draft contract will be returned to the City for execution and award.

In September 2022, DPS received a request from OPSA to initiate this procurement via the reference contract process. After negotiations and contract development that took several months, and just before the award of the reference contract, Bell-Textron informed the City that continuing with that process was no longer feasible and that they would not be able to participate and deliver the equipment via the reference contract. It was then determined that OPSA would need to acquire the helicopters via the non-competitive review board process. DPS then fast-tracked that request once received from OPSA in mid-July 2023 and, as stated above, expects to have it completed within a matter of weeks.

As always, please let me know if you have any further questions.
