Re: Request for Information from Annual Appropriation Committee Hearing

ID# 57-01

The following information is provided in response to questions posed to the CPD during the 2024 CPD Budget Hearing of the City Council on October 24, 2023.

Alderperson Dowell requested the number of officers being added to the hijacking team.

There are Citywide and Area Vehicular Hijacking teams with officers added as needed based on ongoing monitoring and evaluating of trends. However, as of 11/7 there are 93 CPD personnel dedicated to vehicle hijacking. The breakdown of the 93 personnel goes as follows: 1 LT, 8 Sgts, 73 POs assigned as Det, and 11 POs.

As always, please let me know if you have any further questions.

Re: Request for Information from Annual Appropriation Committee Hearing

ID# 57-02

The following information is provided in response to questions posed to the CPD during the 2024 CPD Budget Hearing of the City Council on October 24, 2023.

Chairman Ervin and Alderperson Reilly requested the difference between the 427 and 429 type helicopters. Price/Time it takes to procure, activate them.

The two helicopters are as follows:

407 is a single engine helicopter. All in (including helicopter and equipment) cost is roughly \$5.9 million
429 is a twin/ dual engine helicopter. All in (including helicopter and equipment) cost is estimated \$11 million.

The city is currently working to procure two 407 single engine helicopters. These are expected to arrive in Quarter 4 of 2024. We had to work through the entire contract process. There is a long lead time for the 407 production.

The 429 twin engine helicopter can be built faster and available by Q2 2024 (i.e. before summer). This is due to the fact that the production line for the 429 is shorter than the 407. The city would need to go through the contract process.

As always, please let me know if you have any further questions.

ID# 57-04 State DUI Funding

The following information is provided in response to questions posed to the CPD during the 2024 CPD Budget Hearing of the City Council on October 24, 2023.

Alderperson Ervin requested the amount of money CPD gets from the State on an annual basis to execute DUI missions.

CPD is anticipating being awarded \$1,300,000 in 2024 through the Sustained Traffic Enforcement Program.

As always, please let me know if you have any further questions.

ID# 57-13, 57-14, and 57-15

The following information is provided in response to questions posed to the CPD during the 2024 CPD Budget Hearing of the City Council on October 24, 2023.

Alderperson Martin requested an explanation as to the increase for line items 0140, 0157, and 0169 in the budget, and Alderman Vasquez also asked for an explanation as to the increase for line items 0140, 0157, and 0169.

57-13: 0140:

- \$500,000 for civilian recruitment
- \$428,000 for investigatory services (LEADS Online & Accurint)
- Additional \$280,000 for the removal of the deceased
- \$75,000 for the vet bills for the canines that work public transportation.

57-14: 0157: \$1,900,000 for leased vehicles for the Detectives.

57-15: 0169: \$302,000 is for Bureau of Internal Affairs investigatory subscriptions such as Thomson West and transcription services.

The following information is provided in response to questions posed to the CPD during the 2024 CPD Budget Hearing of the City Council on October 24, 2023.

Alderperson Vasquez requested the amount the Fraternal Order of Policy (FOP) salary increase is going to add to CPD's budget in 2025.

The Office of Budget and Management estimates that the salary increase will cost between \$60M-\$65M in FY2025. It is important to note that this forecasted cost is also dependent on retirements, resignations, promotions, and terminations.

The following information is provided in response to questions posed to the CPD during the 2024 CPD Budget Hearing of the City Council on October 24, 2023.

Alderperson Cardona requested the CPD provide the matrix for the expansion of the District Coordination Officer program.

The request made was to provide information on the matrix plan for Neighborhood Policing (NPI) expansion. The below matrix is the tentative plan for the city-wide expansion of NPI, the below plan needs Superintendent's review and approval; roll out of the NPI program is contingent on numerous variables.

- Staffing
- Available funding
- Resource allocation
- Assessment

Please see table on the next page for expansion matrix.

P2	13.46	13.8
P3	9.69	11

Please be advised, Response times indicate the duration of time from the time the call is dispatched to when "on-scene" is entered by the responding units. Indicating "on-scene" status is done manually by responding unit(s). An "on-scene" status update is not always entered. Dispatch times are from the time the event is sent to the dispatcher to the time it is assigned to a unit(s).

Priority 4 are administrative event types, like checking bus stops or community engagement, things that do not require an emergency response. There are usually 1.5 million administrative events per year. Because they aren't response driven, we don't count them in our 911 dispatch times. It has such a quick response time because they go on and come off of them so quickly.

Re: Request for Information from Annual Appropriation Committee Hearing

ID# 57-25 Forfeitures and Seizures

The following information is provided in response to questions posed to the CPD during the 2024 CPD Budget Hearing of the City Council on October 24, 2023.

Alderperson Clay requested a breakdown of how the forfeiture and seizure funds are spent.

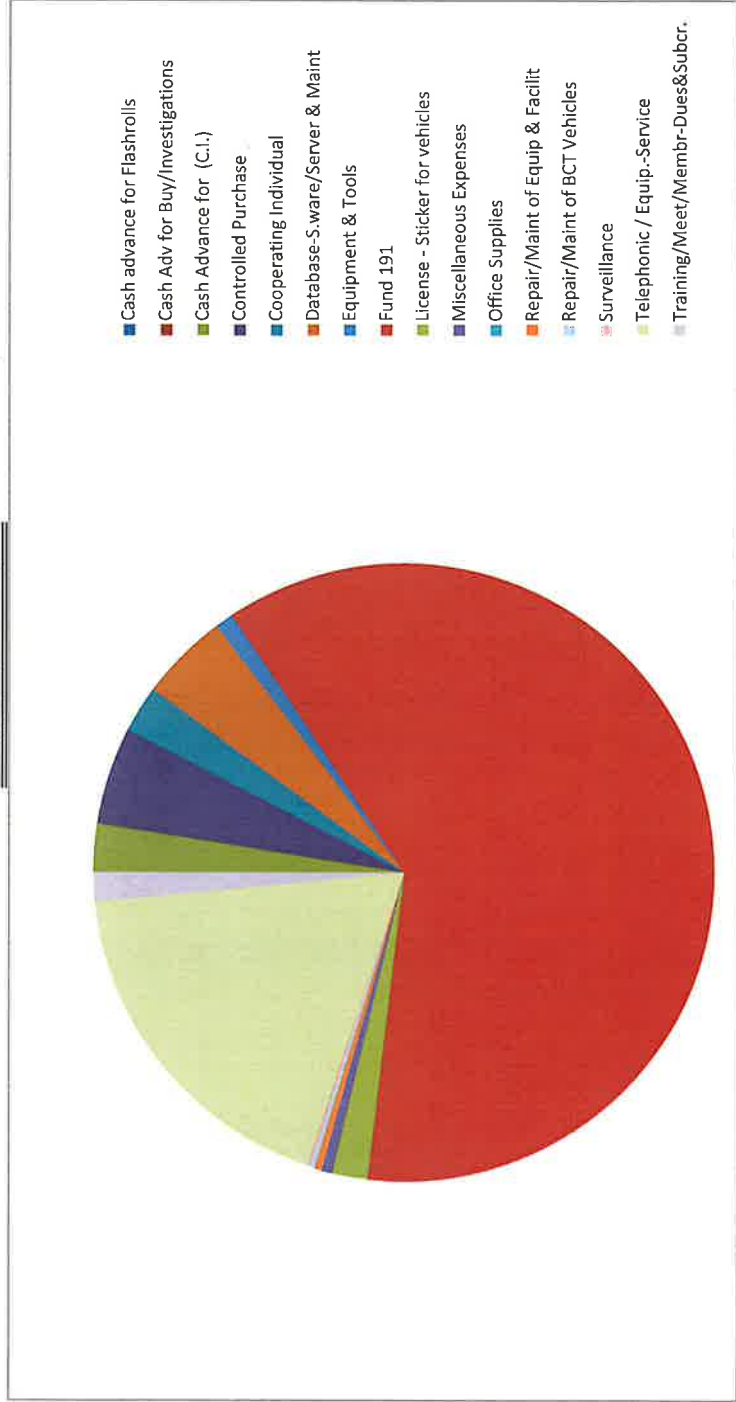

Funds from seizures are distributed back to CPD in accordance with 725 ILCS 150/13.2 (1) (i), which states "65% shall be distributed to the metropolitan enforcement group, local, municipal, county or State law enforcement agency or agencies that conducted or participated in the investigation resulting in the forfeiture." Once the cases are adjudicated and the monies/items become forfeited, Illinois State Police remits 65% back to CPD for deposit into a 1505 account. Note that the Bureau of Counter-Terrorism administers the account since the Bureau is responsible for conducting the majority of narcotic-related investigations.

Please see attached breakdown as to how the funds in the 1505 Account have been utilized year to date.

As always, please let me know if you have any further questions.

The following information is provided in response to questions posed to the CPD during the 2024 CPD Budget Hearing of the City Council on October 24, 2023.

Alderperson Clay requested an explanation as to the carryover for the sexual assault grant.

The carryover in the sexual assault grant with the MO is typical for multi-year grants. The carry-over will continue support for the city's efforts to provide gender-based violence and sexual misconduct training and policy guidance to officers, address Requirements 62 & 63 of the Consent Decree, and create training related to T&U visas.

The following information is provided in response to questions posed to the CPD during the 2024 CPD Budget Hearing of the City Council on October 24, 2023.

Alderperson La Spata requested the definition of a "traffic mission" and the reason they are deployed.

Traffic missions are a tool the Department and Bureau of Patrol (BOP) use to address crime and traffic safety concerns. BOP sends the top 3 locations in each district where data has shown the most vehicular traffic accidents occur. This data is provided to the BOP by CDOT, and locations are distributed daily to all districts. In addition, traffic missions are used to combat violence in high crime areas. Personnel are provided with information on recent crime trends including, but not limited to, robberies, Motor Vehicle Thefts, and shootings. Information provided includes intelligence on wanted offenders, wanted vehicles, patterns, locations, and times. Officers utilize this information so they can make constitutional stops. Officers routinely use License Plate Readers (LPR) to support these missions. LPRs are instrumental in helping recover stolen vehicles and vehicles taken in vehicular hijackings. Recovering these vehicles quickly is vitally important before they can be used in secondary crimes such as robberies and shootings. Traffic missions are routinely conducted at the request of community members to address localized issues as well.

The following information is provided in response to questions posed to the CPD during the 2024 CPD Budget Hearing of the City Council on October 24, 2023.

Alderperson La Spata requested the amount of staff time used to investigate hit and runs.

Whether it's a simple traffic crash report or a fatal crash investigation, every thorough investigation varies in complexity and time. CPD does not have a way to track the amount of time dedicated to hit and runs. Outside of Patrol, CPD has a dedicated unit, Major Accident Investigation Unit (MAIU), that investigates traffic crashes with serious personal injury likely to cause death, fatal traffic crashes, and hit-and-run incidents. Details on MAIU activity for 2023 and 2023 through 11/3/2023 can be found in the table below.

The following information is provided in response to questions posed to the CPD during the 2024 CPD Budget Hearing of the City Council on October 24, 2023.

Alderperson Lee requested the number of carjackings, robberies, and murders in 2022 and 2023 YTD, and arrests.

Please see below tables organized by crime type for 2022 and 2023 YTD.

Note 1 - Vehicular Hijackings are robberies and therefore included in the Robberies totals. Additionally, all vehicular hijackings are counted even if they resulted in murder. Robberies are only counted if they are the highest crime.

Note 2 - YTD indicates January 1st through September 30th.

Note 3 - YTD indicates January 1st through September 30th.

Note 4 - Murder and Vehicular Hijacking arrest counts are arrests where any charge is a murder charge or a vehicular hijacking charge, respectively. Robbery arrests only count arrests where the top charge was a robbery charge.
