The following information is provided in response to questions posed at our department's hearing on October 26, 2023, to discuss the proposed 2024 budget.

Alderman Vasquez asked for a breakdown of the work performed for NASCAR preparation and restoration.

The Chicago Department of Transportation (CDOT), along with other infrastructure and public safety departments and agencies, worked closely with NASCAR beginning in August 2022 to prepare for the NASCAR street race. This included course walkthroughs and discussions with NASCAR regarding roadway and sidewalk repairs needed to ensure a safe and successful event for participants and spectators.

The upgrades implemented by CDOT include full curb and sidewalk replacement on the west side of Columbus Drive, as well as resurfacing, bus pad installation, and various roadway repairs on Balbo, Columbus, Jackson, and Michigan. These improvements were necessary for race weekend and continue to support everyday street and sidewalk use.

NASCAR maintains responsibility for any necessary repairs required as a result of the race weekend in order to return the space back to its pre-event condition. CDOT is not aware of any roadway repairs needed as a result of the race.

The following information is provided in response to questions posed at our department's hearing on October 26, 2023, to discuss the proposed 2024 budget.

Alderman Sigcho-Lopez asked how can we increase more local hiring numbers for laborers?

CDOT's efforts to increase more local hiring numbers for laborers are:

- Include local hiring language in our contracts, for example in the Jackson Park Mobility Improvements Project.
- Promote trades vacancies at Career Fairs throughout the city as a collaborative effort with our Sister Agencies (CTA, CPS) and fellow City Departments.
- Continue to share job postings with the City Colleges of Chicago, Chicago Women in Trades and HACIA.

As always, please let me know if you have any further questions.
