CITY OF CHICAGO

2025 BUDGET RECOMMENDATIONS

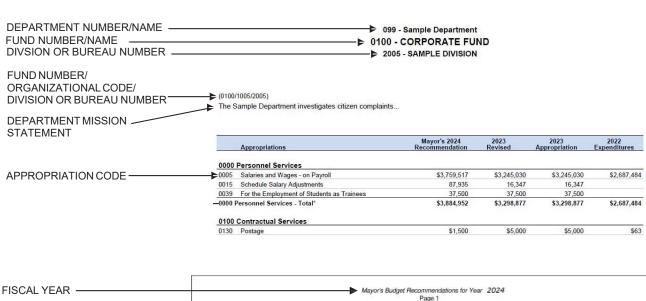

HOW TO READ THE MAYOR'S BUDGET RECOMMENDATIONS

The Budget Recommendation contains summary information about budgeted revenues and proposed appropriations, as well as detailed information down to the individual budget appropriation.

- Summary A through F, the first financial reports within the Recommendations, contains summary financial information at revenue and expenditure levels.
- Estimated Revenue Details appear after the Summary Statements.
- Estimated Expenditures follow the Estimated Revenue Details and provides information down to the individual budget appropriation.
 - The detail is organized first by departments, then by funds.

- The first department is the Mayor's Office. After the Mayor's Office, detail information is provided for all departments in local funds, sorted by department number order.
- Within each department statement, information is broken down by fund, in ascending fund code order. Only funds being used by a particular department will appear within detail section. The legend below illustrates how to read reports within this section.
- The Recommendations conclude with information about grants (Summary G and Estimates of Grant Revenue), anticipated reimbursements between funds (Appendix A and B), and salary rate schedules.

060 - Civilian Office of Police Accountability 0100 - CORPORATE FUND 2005 - CIVILIAN OFFICE OF POLICE ACCOUNTABILITY

(0100/1005/2005)

The mission of the Civilian Office of Police Accountability ("COPA") is to provide a just and efficient means to fairly and timely conduct investigations of alleged police misconduct within its jurisdiction. COPA determines whether those allegations are well-founded by applying a preponderance of the evidence standard, and identifying and addressing patterns of police misconduct. Based on information obtained through such investigations, COPA makes policy recommendations to improve the Chicago Police Department and reduce incidents of police misconduct.

062 - Community Commission for Public Safety and Accountability 0100 - CORPORATE FUND

2005 - COMMUNITY COMMISSION FOR PUBLIC SAFETY AND ACCOUNTABILITY

(0100/1005/2005)

The Community Commission for Public Safety and Accountability is made up of two bodies; a citywide Community Commission, which has oversight authority over the Chicago Police Department, the Civilian Office of Police Accountability, and the Police Board; and District Councils elected in each police district to work to improve policing and public safety in the districts. The Community Commission and District Councils work to bring police officers and Chicago residents together to plan, prioritize, and build mutual trust; strengthen the police accountability system; give Chicagoans a meaningful new role in oversight; and explore and advance alternative effective approaches to public safety.

925-Grant Funds

The appropriation of grant funds set forth below is an authorization for the designated City departments and agencies to spend up to the amount appropriated for the purposes specified in the individual contractual agreements with federal, state, local, and private agencies subject to approval by the Budget Director and the award of the grant funds.

Federal direct and federal pass-through grants are appropriated under fund 925F. State direct and state pass-through grants are appropriated under fund 925S. All other local public and private grants are appropriated under fund 925L. Program income collected from grants is appropriated under fund 925P. Community Development Block Grants (CDBG) from the U.S. Department of Housing and Urban Development (HUD) are appropriated under fund GJ51. COVID-19 response and recovery grants are appropriated under fund 925C. The State and Local Fiscal Recovery Fund grant under the American Rescue Plan Act (ARPA) is appropriated under fund GA00.

Grant funds appropriated reflect both new award amounts that City departments and agencies anticipate receiving during the budget fiscal year, and carryover of unexpended balances on grant awards from prior budget fiscal years. Carryover appropriations from City Council are necessary to ensure that City departments and agencies have continued access to grant funds from awards with periods that extend beyond the City's budget fiscal year. Carryover appropriations are calculated at a point in time: August 1 of the prior budget fiscal year.

Required City matching funds for grant awards are reflected under both 925-Grant Funds and Finance General. The total required City match amounts are included in the Deduct Transfer between Funds line in Summary B.

The approval of any loan from these grant funds in the amount of \$150,000 or more shall be subject to review and approval by the City Council provided that the City Council shall complete its review within 21 days after submission of the ordinance to authorize such loan.

New grants not included in this appropriation, grant funding that exceeds the amount hereby appropriated, and public works capital projects and planning grants covered under City-State agreements are subject to approval by the Budget Director and appropriation by the City Council.
