How to Read the 2025 Q2 Menu Report

[Return to TOC](#)

Overview: Each of Chicago's 50 Wards receives an annual allotment of \$1.5 Million in capital bond funds to use for various infrastructure projects. This report outlines, by Ward, which projects the Aldermen have selected through the end of 2025.

Structure: The report typically has 50 sections, one for each Ward. If an Alderperson has yet to allocate menu funds to any projects, that Ward's section will be omitted from this quarter's report. Beginning with the First Ward you will see a list of projects along with their locations and estimated cost. The lefthand column describes what the project is, followed by its location in the center, and its estimated cost on the right. Some projects show a \$0 total cost. These projects are supplemental to menu work and do not count against the aldermanic menu balance.

At the bottom of each Ward's section, you will find the financial summary. This summary, outlined in bold, shows the Ward's starting balance (\$1.5 million for a calendar year), followed by the sum of the estimated costs for projects they have selected so far, and finally how much they have remaining to commit to future projects.
