I. INTRODUCTION AND BASIS FOR REPORT

The 2004 Chicago City Council ordinance (Title 4, Chapter 156, section 430 of the Municipal Code) amended the original 1988 ordinance authorizing night baseball at Wrigley Field. The 1988 Ordinance authorized 18 night games a year for 15 years (through 2002). The 2004 Ordinance allowed the Cubs to schedule up to 30 night games to be phased in by 2006 (with 22 night games in 2004 and 26 night games in 2005) at Wrigley Field during the regular season. The 2004 Ordinance extends through at least 2015.

As part of this Ordinance, the City of Chicago provides an Annual Report to demonstrate the efforts of the City of Chicago for the neighborhood protection program and communicate to residents the ongoing activities.

The Office of Emergency Management and Communications (OEMC), as with the 2005 through 2010 Annual Reports, is the designee with respect to the preparation of the Annual Report.

The 2004 Ordinance included the following requirement of the City:

Annual City Report: *The Budget Director, or his or her designee, assignee, or transferee, annually will assemble a report of the agencies identified or described in Subsection C above, and any other relevant City or non-City departments or agencies, collating and describing their activities on, and plans for, neighborhood protection and improvement related to baseball games and any other events at Wrigley Field. The Budget Director will file this report, along with the annual written report of the Cubs specified in Section 4(H), with the City Clerk of the City of Chicago...*

The 2004 Ordinance also defined a neighborhood protection and improvement program to address traffic, parking, litter, public safety and other quality-of-life issues for the neighborhoods surrounding Wrigley Field, including new and continued responsibilities and activities by the Chicago Cubs, the City of Chicago, and other public agencies.

The 2011 Chicago Cubs Neighborhood Protection Program Annual Report can be found at www.chicagocubs.com.

Contributing agencies in the compilation of this report include:

- ❖ Chicago Office of Budget Management
- ❖ Chicago Business Affairs and Consumer Protection
- ❖ Chicago Cubs
- ❖ Chicago Office of Emergency Management and Communications/Traffic Management Authority
- ❖ Pace
- ❖ Chicago Police Department
- ❖ Chicago Department of Finance
- ❖ Chicago Department of Streets and Sanitation
- ❖ Chicago Transit Authority
- ❖ Chicago Department of Transportation

The following Report fulfills the Ordinance requirement for the City of Chicago to summarize City and relevant non-City departments' efforts related to the 2011 Wrigley Field baseball season.

II. THE 2011 CHICAGO CUBS SEASON

The 2011 Cubs baseball season home opener was on Friday, April 1, 2011. The 2011 paid attendance for all 81 home games was 3,017,966 for an average paid attendance of 37,259 per game.

The paid attendance does not reflect “no-shows” and the actual “through the gate” attendance may have been less than the announced paid attendance. Table 1 depicts the night game paid attendance figures for the 2011 Chicago Cubs baseball season.

In addition to the 2011 baseball season:

- The Chicago Cubs hosted two Paul McCartney musical performances for sold-out crowds. The concerts were held July 31 and August 1, 2011.

The 2011 Wrigley Field Night Games are listed in table 1 below.

Date	Day	Time	Opponent	Attendance
April 18	Monday	7:05 p.m.	San Diego	35,800
April 19	Tuesday	7:05 p.m.	San Diego	Rain out

Sept 19	Monday	7:05 p.m.	Milwaukee	33,345
Sept 20	Tuesday	7:05 p.m.	Milwaukee	32,375
			Total	1,006,946

III. CITY DEPARTMENT SUMMARIZED RESPONSIBILITIES

Traffic Control

Intersection Traffic Control

Traffic control operations are the responsibility of the Traffic Control Aides (TCA) in the Traffic Management Authority (TMA) division of the Office of Emergency Management and Communications (OEMC).

The TCA- staffed intersections include areas along the bus routes that provide primary access and egress to Wrigley Field. Forty-eight part time TCA's are typically used for Wrigley Field night game traffic services.

In addition, part time TCA's also facilitated traffic flow for the concerts in July and August 2011.

These totals include:

- 45 part-time TCA's on July 31 (Paul McCartney concert); and;
- 50 part-time TCA's on August 1 (Paul McCartney concert)

Enforcement and Night Baseball Resident Permit Parking

Night Game Parking Violation Enforcement

The Chicago Police Department (CPD) Detail Unit manages night baseball parking violation enforcement. The Chicago Department of Streets and Sanitation (DSS) provide tow trucks. Night baseball program enforcement activities are coordinated at the Wrigley Field Police Command Center located in the Chicago Cubs Brown Parking Garage at 1140 W. Eddy. The coordination activity starts with Police roll call briefings that occur at 4:00 p.m. for 7:05 p.m. night games.

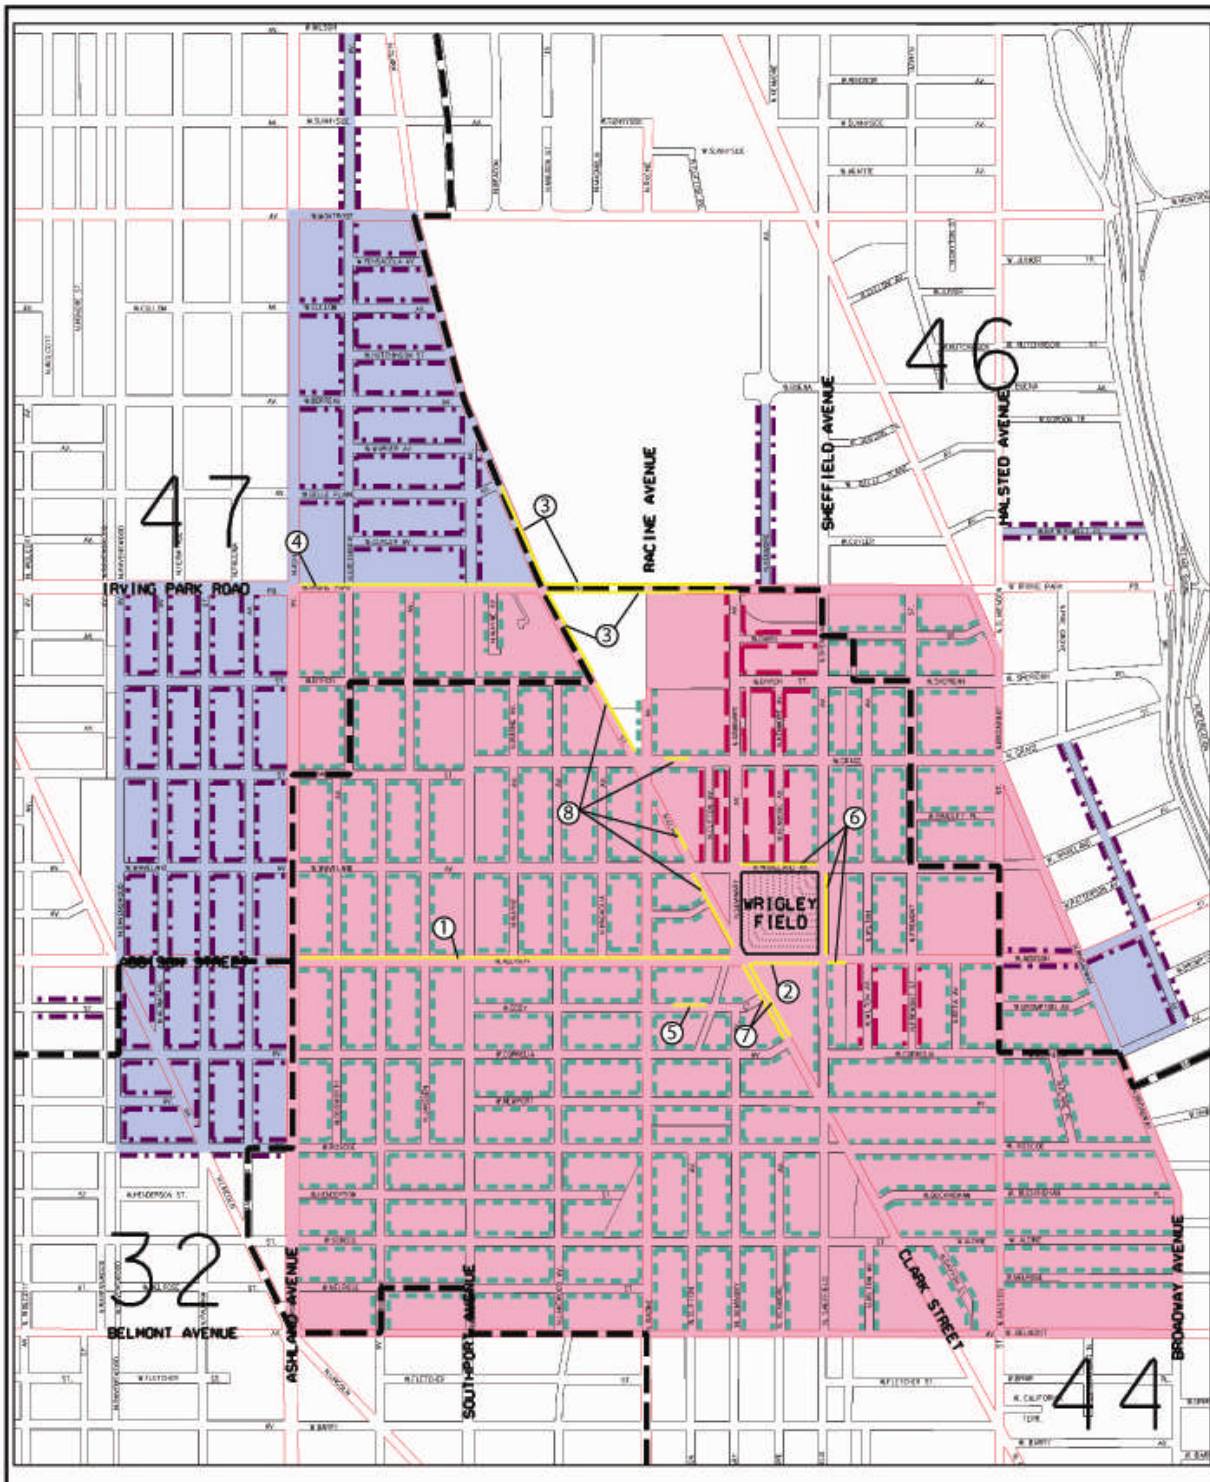

Towing enforcement actions for night baseball resident parking violations are initiated as a result of any one of the following:

1. A citizen request to the night baseball telephone hotline 1-866-4CPD-TOW.
2. A request from an involved Alderman's office (32nd, 44th, 46th, 47th Wards).
3. Police designated street surveys for parking violators in one of two designated Zones that rotate on a game-by-game basis.

Zone 1 is the area bounded by and including Grace Street on the north, Belmont Avenue on the south, Racine Avenue on the east, and Ashland Avenue on the west.

Zone 2 is the area bounded by and including Grace Street on the north, Belmont Avenue on south, Halsted Street on the east, and Racine Avenue on the west.

OEMC DRAFT

The Zone that is not part of the towing operation is instead patrolled by Parking Enforcement Aides of the Department of Finance. This enforcement is from 6:00 p.m. to 8:00 p.m. Between 4:00 p.m. and 6:00 p.m., the Parking Enforcement Aides issue parking violations for parking meter violations, as well as rush hour control, fire hydrant, bus stop, crosswalk, and driveway parking violations.

Parking violation enforcement is primarily handled by the CPD Detail Unit, the Chicago Department of Finance, and the 19th and 23rd Police Districts. An average of 36 parking violations per night game was issued as part of the night game enforcement program. On average, 17 vehicles were towed per night game.

Table 2 (on page 8) shows the number of violations and tows written, as well as calls to the hotline, for night games during the 2011 season.

Table 3 (on page 9) depicts the number of cars actually towed by DSS related to Cubs night games and special event parking enforcement.

Neighborhood Liquor License Holders Management & Violation Enforcement

The CPD coordinates this effort by having pre-season proactive cooperative meetings with liquor establishments to discuss proper management of alcohol service on Cubs game days.

Criminal and Quality of Life Violations

The CPD provides for public safety and order through various management initiatives and enforcement strategies, including cross-district enforcement to address crowd control and criminal activity.

The CPD has developed these initiatives and strategies as a result of input from local citizens and community groups, along with game-day experience over the preceding seasons.

The results were a total of 21 physical arrests for serious offenses committed during Cubs night games. In addition, a total of 100 Administrative Notices of Violation (ANOV) were issued for offenses including peddling, street performing, ticket scalping, public urination and drinking on the public way.

The Department of Business Affairs and Consumer Protection (BACP) maintains the operations of enforcement of City regulations for licensing and business public way violations.

Investigations and violations in the Wrigley Field area included activities such as licensed and unlicensed parking lots, sidewalk cafes, public garages and peddling.

In 2011, a total of 312 investigations were conducted by BACP, resulting in 58 citations issued for violations.

The Department of Finance is responsible for issuing citations for permit parking violations in the Wrigley Field area for night games. Figure 1 depicts the boundaries for the three levels of permit parking, while Table 4 contains a recap of the night game citations issued during the 2011 season.

Trash Pick-up and Litter Control

Trash pick-up and litter control by the DSS is intended to complement the services provided by the Cubs with the following activities during the Chicago Cubs season:

- Putting out baskets to collect game-related litter;
- Emptying debris after every game and on Sunday, Monday, Wednesday, and Friday when the Cubs are out of town;
- Sweeping streets in the Wrigley Field area the following day after every game and;
- Replacing lost or stolen baskets as available.

IV. OTHER CITY OF CHICAGO PROGRAM RESPONSIBILITIES

Wrigley Field Advisory Meetings: *Wrigley Field Advisory Meetings will be held to report on, review, and address past, present, and potential activities concerning the Cubs and the City's activities for neighborhood protection and improvement related to baseball games and any other events at Wrigley Field; to recommend possible changes; to obtain counsel on the expenditure of the CubFund established in Section 5 of this Ordinance; and to ensure regular neighborhood review of, and comment on those activities:*

The City Budget Director and the relevant Aldermen shall convene and co-chair a Wrigley Field Advisory Meeting at least once per year after the conclusion of each baseball season for the purposes listed in this Subsection (B)....

The 2011 Annual Wrigley Field Advisory Meeting was held on February 27, 2012. Traffic Operations meeting was held July 20, 2011 to discuss traffic and concert operations.

Chicago Cubs Annual Meeting

This year in order to comply with the requirements in the Night Game Ordinance; the City of Chicago is convening a public meeting to discuss the Cubs 2011 season with the surrounding community. This meeting will allow constituents an open forum to address the Cubs organization, and hear plans for the upcoming 2012 season.

**Meeting Date:
Monday, February 27, 2012
6:30 pm – 8:30 pm
23rd District Police Station
850 West Addison St**

Representatives from appropriate City Agencies will be present to answer questions posed by the community.

Traffic Operation Control Meetings: *The Chicago Department of Transportation ("CDOT") will host a Traffic Operations Control ("TOC") working meeting regularly, but not less than semi-annually, to address and coordinate issues of traffic and traffic management, parking, towing, permit parking, public transit, and other transportation and related neighborhood issues related to Wrigley Field, the surrounding community and any remote parking area(s).*

V. CHICAGO CUBS PROGRAM RESPONSIBILITIES

SECTION 4. Annual and Continuing Cubs Responsibilities: To ensure the interests and concerns of the residential neighborhood that surrounds Wrigley Field are adequately protected, the following components for neighborhood protection and improvement shall be implemented.

Operation of Bike Corral: The Cubs will operate a bicycle parking "check room" at no charge from May 1 through the conclusion of each season (including post-season play) at or in an area close to Wrigley Field.

Remote Parking: The Cubs will operate a remote parking lot, with a minimum capacity of 500 vehicles, for all Night Games and weekend games, All-Star games, post-season games, and the Night Games of a split double-header, for the entire term of this Agreement.....

The Chicago Cubs have managed the remote parking lot at the DeVry University campus located off Addison Street and Western Avenue since the 2004 season. Below are the statistics detailing the use of the lot during the 2011 season.

- Total cars parked in 2011 in the remote lot: 16,997
- Total fans using the Remote Lot: 46,109
- Average number of cars per night game (regular season): 297
- Average number of cars for Sunday games (regular season): 357
- Largest number of cars parked for a single game: 515

Cubs Fund

The CubFund continues to grow. As of March 1, 2011, the balance was \$768,122. As required by the Neighborhood Protection Ordinance, the Chicago Cubs continue to make annual payments to this account. As determined in the ordinance, the relevant Aldermen and the City Budget Director will consider further appropriations of this fund, dependent on the needs of neighborhood protection and improvements.

CubFund Payments

(1) Subject to Sections 5(A)(2) and 5(A)(3), the Cubs will pay to the City \$83,334 per year as adjusted in Section 5(A)(3) during the term of this Ordinance and Agreement for unanticipated expenses related to the impact of Cubs baseball games on the area that surrounds Wrigley Field. These contributions will be known as the CubFund...

(B) Limitation on CubFund Uses.

(1) The CubFund shall be used exclusively in furtherance of neighborhood protection and improvement for matters related to Cubs baseball games and other events at Wrigley Field.

(2) The CubFund shall be used exclusively within the area bounded by the North Branch of the Chicago River, Diversey Parkway and Avenue, Lake Michigan, Buena Avenue, Clark Street from Buena Avenue to Montrose Avenue and adjacent blocks, and at or around any remote parking lots.

(C) CubFunds Segregation and Annual Appropriation...

(2) Resources from the CubFund will be annually appropriated and expended in a general spending plan that is consistent with this Section 5. The expenditures will be determined jointly by the relevant Aldermen and the City Budget Director in furtherance of neighborhood protection and improvement for matters related to Cubs baseball games and other events at Wrigley Field, taking into account the counsel given at the Wrigley Field Advisory Meetings established by this Ordinance as well as the input of the Cubs, in an ordinance presented to, and approved by, the City Council.

VI. PUBLIC TRANSPORTATION

Chicago Transit Authority (CTA)

Chicago Transit Authority (CTA) provided increased bus and rapid transit service to Wrigley Field for all games, including Purple Line Express rapid transit service at the Addison Street station.

Promotion of public transportation was encouraged through OEMC public outreach as well as by the CTA, in coordination with the Chicago Cubs. Public announcements at Wrigley Field also continued in 2011.

Pace

Pace shuttle services were provided to night and weekend ball games from Yorktown and Schaumburg. A Pace bus stop sign was established on Clark Street (eastside) immediately south of Waveland Avenue to establish the loading area for this important service.

VII. PUBLIC INFORMATION

OEMC has provided public information to residents regarding events at Wrigley Field, including traffic, parking and safety messages through multiple venues. OEMC provided information through media advisories and press releases, website postings, and Notify Chicago Alert messages. In addition, OEMC works in cooperation with the Cubs to prepare periodic press releases reminding area residents, visitors to the Community, and Cubs fans of such traffic control measures such as the Night Baseball Permit Parking Program and the remote parking and public transportation alternatives that are available.

OEMC continues to coordinate with the Illinois Department of Transportation (IDOT) for the use of fixed variable message signs on the Kennedy Expressway approaching Addison Street to provide remote parking information for incoming fans.

There are three locations in the IDOT system used to display this same information:

- Westbound Kennedy Expressway at Damen;
- Eastbound Kennedy Expressway at Foster, and
- Eastbound Edens Expressway at Niles Center Road.

VIII. Conclusion

The City of Chicago continues to provide services designated in the Night Baseball ordinance and strives to maintain operations of the Wrigley Field area for the protection of the residents and visitors and to reduce the impact of the games on local residents as much as possible.

The City will continue to provide opportunities for feedback through the Traffic Operation and Advisory Meetings and report on the activities in relation to this effort.

Exhibit 2 – 2011 Wrigley Field Cubs Night Baseball Resident Parking Violation Enforcement Plan

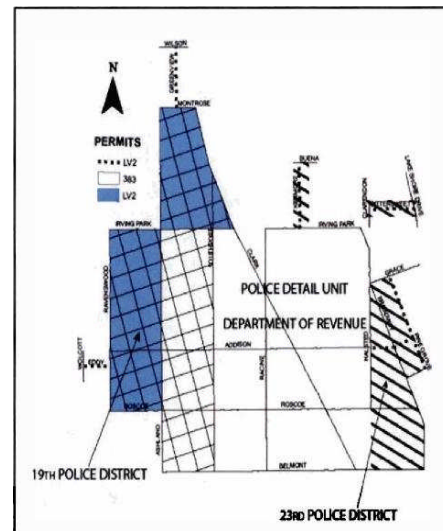

The objective of the Wrigley Field night baseball resident parking program is to preserve limited available on-street parking for area residents on Cubs night game dates. It is not the objective of the program to subject area residents or their guests to Resident Parking Program violation enforcement actions.

All Violations of parking regulations that result in a public hazard should be strictly enforced. (i.e. fire hydrants, bus stops, crosswalks, driveways, and alleys).

The Chicago Police Department Detail Unit manages and coordinates night baseball parking violation enforcement. The Department of Streets and Sanitation provides tow trucks. Normally eight police officers and as many as eight tow trucks are assigned to this activity. Night baseball Program enforcement activities are coordinated at the Wrigley Field Police Command Center located in the Chicago Cubs Brown Parking Garage at 1140 W. Eddy.

The night baseball program area involves four City wards:

1. 32nd Ward (Alderman Scott Waguespack) -2657 N. Clybourn Avenue (773) 248-1330
2. 44th Ward (Alderman Thomas Tunney) -1057 W. Belmont Avenue- (773) 525-6034
3. 46th Ward (Alderman Helen Shiller) - 4544 N. Broadway (773) 878-4646
4. 47th Ward (Alderman Eugene Schuller) - 4237 N. Lincoln Avenue- (773) 348-8400

Night baseball resident parking restrictions are primarily enforced by the:

- Chicago Police Department Detail Unit
- Chicago Police Department 19th Police District
- Chicago Police Department 23rd Police District
- Department of Revenue Parking Enforcement Aids

(See map to right that shows areas of responsibility.)

Towing enforcement actions for night baseball resident parking violations are initiated as a result of any one of the following:

1. A citizen request to the night baseball telephone hotline I -866-4CPD-TOW (866-427-3869).
2. A request from an involved Alderman's office (32nd, 44th, 46th, 47th Wards).
3. Police designated street surveys for parking violators in one of two designated Zones that rotate on a game-by-game basis.

OEMC DRAFT

Zone 2 is the area bounded by and including Irving Park Road on the north, Belmont Avenue on south, Halsted Street on the east, and Racine Avenue on the west.

Towing enforcement is primarily initiated by Detail Unit enforcement personnel in the Zone designated for towing.

The Zone that is not being *enforced* as part of the towing operation is enforced with parking violation enforcement by Parking Enforcement Aides of the Department of Revenue.

This enforcement goes from 6:00 p.m. to 8:00 p.m. Between 4:00 p.m. and 6:00 p.m., the Parking Enforcement Aides issue parking violations for parking meter violations, as well as rush hour control, fire hydrant, bus stop, crosswalk, and driveway parking violations. Eight Parking Enforcement Aides normally are assigned to this enforcement activity.

RESIDENT PARKING PERMIT TYPES

There are five different types of resident parking permits issued for the night baseball resident parking program area.

1. Zone 383 Annual Resident Parking Permits
2. Zone 383 Single-day Guest Parking Permits
3. All-game LV2 Night Baseball Resident Parking Permit (Window Stickers)
4. All-game LV2 Night Baseball Resident Guest Parking Permits (Window Plaques)
5. Single-game LV2 Night Baseball Resident Guest Parking Permits (Window Plaques)

Zone 383 Resident Parking Permits are only valid on posted Zone 383 streets.

Night Baseball (LV2) Resident Parking Permits are only valid on posted LV2 Zone streets.

All-game LV2 Night Baseball Resident parking Permits (Window Stickers) are only valid when displayed on a vehicle also displaying a valid City vehicle sticker. Guest permits do not have this requirement.

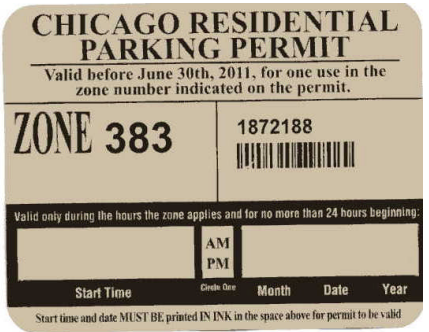

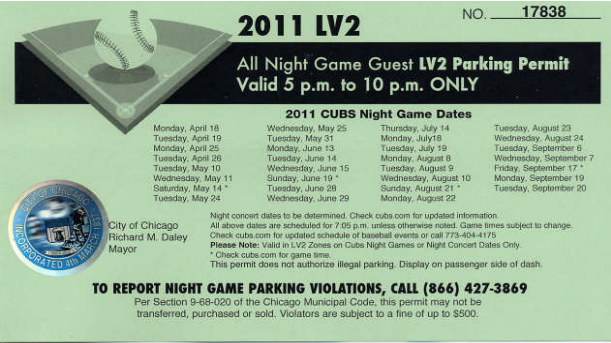

Vehicles designated as trucks are not eligible to receive a resident parking permit, as Title 9-64-170 of Municipal Code prohibits the parking of trucks on City streets.

Motorcycles are exempted from the requirement to display a resident parking permit.

Vehicle towed as a result of an enforcement action are towed to Auto Pound #6 at 701 N. Sacramento (773) 265-7605. A citizen can check to see if their car has been towed by calling 311, Chicago City Services.

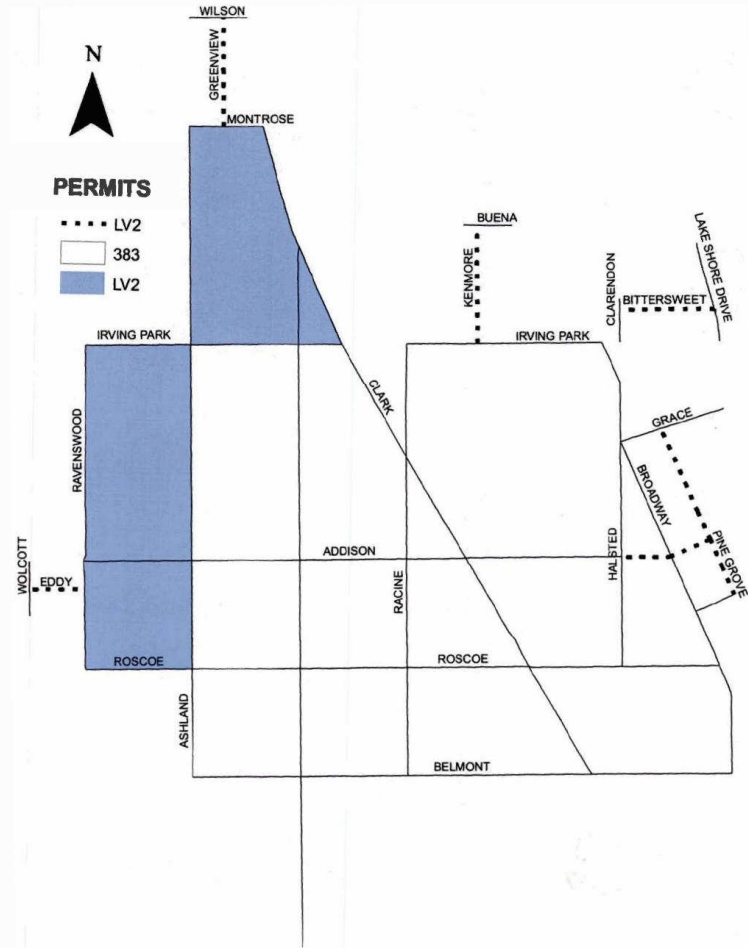

Exhibit 4 – Pace Wrigley Field Express Transportation Flyer

Pace's Wrigley Field Express

only **\$3.00** each way, per person
exact fare required

Take Route 282 from the Northwest Transportation Center in Schaumburg . . .

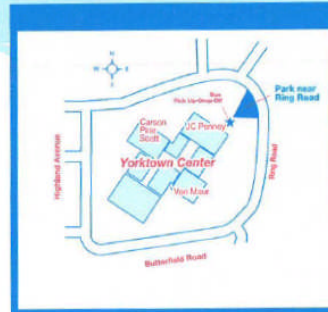

Avoid the stress of Wrigley Field traffic and avoid the high cost of parking at the game. Take the Pace's Wrigley Field Express directly to Wrigley Field for most Cubs home games. FREE parking at Pace's Northwest Transportation Center (NWTC) in Schaumburg and at Yorktown Center in Lombard. Service to all night, weekend, and holiday games, and to every game in June, July, and August.

Sorry, no service to daytime weekday games in April, May, September, or October.

Fare is \$3.00 each way, per person. Exact fare required.

... or Route 779 from Yorktown Center, Lombard.

Game Time	Schaumburg NWTC Departure	Lombard Yorktown Departure
12:05 pm	10:05 am	10:00 am
12:20 pm	10:15 am	10:10 am
1:20 pm	11:15 am	11:30 am
2:55 pm	1:05 pm	12:45 pm
3:05 pm	1:15 pm	12:55 pm
6:05 pm	3:30 pm	3:30 pm
7:05 pm	4:30 pm	4:30 pm

Buses return from Wrigley Field 30 minutes after the game ends. Drop-off and pick-up points are marked with Pace bus stop signs on Clark Street. Please be sure to board the bus headed to your destination.

**CITY OFFICIALS REMIND RESIDENTS TO ENJOY CHICAGO'S BASEBALL
SEASON SAFELY
Parking, DUI Enforcement Top Priorities**

As fans of the Chicago White Sox and Chicago Cubs prepare for the start of the 2011 baseball season, City Officials from the Office of Emergency Management and Communications (OEMC), the Chicago Police and Fire Departments, Department of Business Affairs and Consumer Protection and the Chicago Transit Authority joined elected officials and representatives from the White Sox and Cubs organizations today in addressing safety and quality of life issues during the upcoming baseball season.

"With Chicago's baseball home openers right around the corner, we want to remind residents to enjoy the season safely," said José A. Santiago, OEMC Executive Director at a press conference held at the City's 911 Center, 1411 West Madison.

The Chicago Cubs play the Pittsburgh Pirates in their first home game on Friday, April 1st, while the Chicago White Sox play their home opener on Thursday, April 7th against the Tampa Bay Rays.

"Residents should be aware of the parking restrictions that will begin to take effect around the ballparks, be prepared for heavier traffic, and as always, take public transportation whenever possible," added Santiago.

Approximately 50 traffic control aides will be stationed at each U.S. Cellular Field and Wrigley Field to help prevent traffic congestion during baseball games.

OEMC DRAFT

The Chicago Police Department stated that DUI enforcement is a top priority this season.

“We encourage fans to take cabs or public transportation if they have exceeded the legal alcohol limit, said Deputy Chief Bruce Rottner. “Curfews will be strictly enforced, and business and bar owners should pay special attention to under aged customers like juveniles and college students patronizing their establishments.”

Local businesses serving alcohol were also reminded that all City and State liquor laws, including over-serving and underage drinking, will be strictly enforced and the City will be inspecting liquor establishments for compliance. “Your failure to heed these warnings may result in sanctions against your license to do business and serve liquor within the City of Chicago,” said Norma Reyes, Commissioner, Chicago Department of Business Affairs and Consumer Protection. Reyes also stated that peddling goods without a license is prohibited.

As always, the best way to travel to and from the ballparks is on public transportation, and the Chicago Transit Authority is encouraging baseball fans to check CTA Train and Bus Tracker to plan their routes for each game. The Red Line provides direct service to both US Cellular Field and Wrigley Field.

Residents can sign up to receive up to date information on traffic and streets closures in and around the ballparks from the City of Chicago by visiting www.AlertChicago.com and registering to receive NotifyChicago alerts.
