2-80-040 Powers And Duties Of The Department.

The department of revenue shall have the following powers and duties:

(Omitted text is unaffected by this ordinance.)

(l) Subject to subsection (p), to ~~To~~ operate off-street parking facilities owned by the city, and to collect all fees and charges for the use of such facilities;

(Omitted text is unaffected by this ordinance.)

(o) To serve ex officio as the traffic compliance administrator provided for in Section 9-100-010 of the code, and in that capacity, to appoint ticketing agents, who may include a person, or the person's designee, acting pursuant to a concession agreement with the city governing the operation, maintenance, improvement, installation and removal of, and collection of fees from, certain designated parking meters, for purposes of enforcing parking laws and regulations;

(p) To direct the operation, maintenance, improvement, installation and removal of, and collection of fees from, parking meters consistent with the provisions of the code, and to determine average comparable meter revenue rates pursuant to Section 9-68-050; provided however that if the city council authorizes a concession agreement for the operation, improvement, installation, removal and maintenance of, and collection of fees from, certain designated parking meters, all powers provided for in subsections (l) and (p) of this section shall be performed consistent with the terms of such concession agreement;

(Omitted text is unaffected by this ordinance.)

SECTION 7. Amendment Of Section 3-32-020 Of Municipal Code. Section 3-32-020 of the Municipal Code is hereby amended by adding the language underscored and by deleting the language struck through, as follows:

3-32-020 Definitions.

When any of the following words or terms are used in this chapter, whether or not capitalized and whether or not used in a conjunctive or connective form, they shall have the meaning or construction ascribed to them in this section:

(Omitted text is unaffected by this ordinance.)

l. "Lease" or "rental" means any transfer of the possession or use of personal property, but not title or ownership, to a user for consideration, whether or not designated as a lease, rental, license or by some other term, and includes a "nonpossessory lease".

The term "nonpossessory lease" means a lease or rental wherein use but not possession of the personal property is transferred and includes, but is not limited to, leased time on or use of any and all personal property not otherwise itself rented, such as leased time on or for the use of addressing machines, billboards, calculators, computers, computer software, copying equipment or data processing equipment, whether the time is fully or partially utilized, and specifically includes a "nonpossessory computer lease".

The term "nonpossessory computer lease" means a nonpossessory lease in which the customer obtains access to the provider's computer and uses the computer and its software to input, modify or retrieve data or information, in each case without the intervention (other than de minimis intervention) of personnel acting on behalf of the provider. The term "nonpossessory computer lease" includes, but is not limited to, time sharing or time or other use of a computer with other users. In the case of a nonpossessory computer lease, the location of the terminal or other device by which a user accesses the computer shall be deemed to be the place of lease or rental and the place of use of the computer for purposes of the tax imposed by this chapter.

The words "lease" or "rental" shall not be construed to include an agreement which constitutes a bona fide conditional sale of personal property. The primary consideration in determining whether an agreement is a conditional sale rather than a lease or rental is whether the lessee under the agreement both is required to make payments the sum of which is at least equal to the lessor's cost of the personal property and, under the terms of the agreement, has the option of taking title to or ownership of the personal property for nominal or no consideration after all payments required under the agreement have been made.

The words "lease" or "rental" shall not be construed to include an agreement which grants certain rights to a person, or the person's agent, to install, remove, operate, improve and maintain, and collect fees from, certain designated parking meters pursuant to a concession agreement.

The words "lease" or "rental" shall include a transfer of the use of software within the meaning of this chapter only if, for purposes of the Illinois Retailers' Occupation Tax and Illinois Use Tax, the software is not "custom" software and the transfer is an exempt license of software.

(Omitted text is unaffected by this ordinance.)

SECTION 8. Amendment Of Section 9-4-010 Of Municipal Code. Section 9-4-010 of the Municipal Code is hereby amended by adding the language underscored and by deleting the language struck through, as follows:

9-4-010 Definitions.

Whenever the following words and phrases are used in Chapter 9-4 through 9-103, they shall have the meanings respectively ascribed to them in this section:

(Omitted text is unaffected by this ordinance.)

"Parking meter" means a traffic control device which, upon being activated by deposit of currency of the United States, or by electronic or other form of payment, in the amount indicated thereon or otherwise, either: (1) displays a signal showing that parking is allowed from the time of such activation until the expiration of the time fixed for parking in the parking meter zone in which it is located, and upon expiration of such time indicates by sign or signal that the lawful parking period has expired, or (2) issues a ticket or other token, or activates a display device, on which is printed or otherwise indicated the lawful parking period in the parking meter zone in which the parking meter is located, such ticket, or other token, or display device, to be displayed in a publicly visible location on the dashboard or inner windshield of a vehicle parked in the parking meter zone, or such ticket to be affixed on the front lamp of a motorcycle or motor scooter parked in the parking meter zone.

(Omitted text is unaffected by this ordinance.)

SECTION 9. Amendment Of Section 9-8-010 Of Municipal Code. Section 9-8-010 of the Municipal Code is hereby amended by adding the language underscored and by deleting the language struck through, as follows:

9-8-010 Authorized -- Compliance Required.

(a) (1) Subject to subsection (a)(2), ~~the~~ The commissioner of transportation and the executive director of emergency management and communications are hereby authorized to cause the placement, erection and maintenance of traffic-control devices as provided in the traffic code, as required to make effective the traffic ordinance of the city, and as necessary to guide and warn traffic. ~~The commissioner of transportation and the executive director of emergency management and communications are also authorized to place and maintain temporary traffic-control devices as needed in connection with construction or special events or experimental devices for the purposes of an engineering study; provided, however, such devices shall not be maintained for longer than 180 days without city council approval. Upon the authorization of the commissioner of transportation or the executive director of emergency management and communications, the actual erection, placement and maintenance of any traffic-control device shall be performed by the appropriate city department or bureau. All traffic-control devices placed and maintained pursuant to the traffic code shall conform to the manual and specifications approved by the State of Illinois Department of Transportation and shall so far as practicable be uniform as to type and location throughout the city. All traffic-control devices so erected and not inconsistent with the provisions of state law or this code shall be official traffic-control devices.~~

(2) Subject to Section 9-64-200, the director of revenue shall have the sole authority to cause or direct the placement, erection and maintenance of parking meters.

(Omitted text is unaffected by this ordinance.)

(d) No provision of any traffic ordinance for which traffic-control devices are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official device is not in proper position and sufficiently legible to be seen by an ordinary observant person. Whenever a particular section does not state that signs or other devices are required, such section shall be effective even though no signs or other devices are erected or in place.

Any act involving a traffic-control device that would be a violation of this code if the device had been authorized or caused to be erected by the commissioner of transportation shall also be a violation of this code if the act involved: (1) a traffic-control device authorized or caused to be erected by the executive director of emergency management and communications; or (2) a parking meter installed and maintained: (i) by the director of

revenue, or (ii) by a person (or such person's designee) acting pursuant to a concession agreement approved by the city council for the operation, maintenance, improvement, installation and removal of, and the collection of fees from, certain designated parking meters.

Any person violating subsections (b) or (c) of this section shall be fined no less than \$90.00 and no more than \$300.00 and may be required to perform reasonable public service.

SECTION 10. Amendment Of Chapter 9-64 Of Municipal Code. Chapter 9-64 of the Municipal Code is hereby amended by adding new Sections 9-64-206 and 9-64-207, by adding the language underscored and by deleting the language struck through, as follows:

No operator of any motor vehicle shall permit such vehicle to remain in the parking meter zone for an additional consecutive time period.

The commissioner shall consult with the traffic compliance administrator in determining the number of meters necessary in any zone.

The director of revenue shall inform the commissioner of transportation about the installation of parking meters, and the commissioner of transportation shall cause signs to be installed and maintained that indicate the area is a parking meter zone or space for those parking meter zones and spaces not subject to a concession agreement approved by the city council for the operation, maintenance, improvement, installation and removal of, and the collection of fees from, certain designated parking meters.

(a) The City acknowledges receipt from the Concessionaire of cash (the "Cash Deposit") or one or more Letters of Credit with a term of at least 180 Days from the date hereof (the "Closing LOC"), in an aggregate amount equal to, at the election of the Concessionaire, either \$75,000,000 or 5% of the Consideration, to be held by the City for the sole purpose described in Section 2.3(b). The City shall deposit any Cash Deposit with the Escrow Agent, which shall invest such amount in Eligible Investments pending the Closing.

(b) If the City terminates this Agreement pursuant to Section 2.4(d)(iv), then the City shall be entitled to (i) retain the Cash Deposit and all interest accrued thereon or, (ii) without notice to the Concessionaire, immediately draw the full amount of the Closing LOC upon presentation of a sight draft and a certificate confirming that the City has the right to draw under the Closing LOC in the amount of such sight draft, and the City shall be entitled to retain all of the proceeds of the Closing LOC, in each case as the sole remedy or right of the City against the Concessionaire hereunder (*provided* that this limitation shall not apply in the event of fraud); *provided, however*, that if this Agreement is terminated for any other reason, the City shall return any Cash Deposit and the interest earned thereon in accordance with the Concessionaire's reasonable instructions, or deliver, in accordance with the Concessionaire's reasonable instructions, the Closing LOC and agree to cancel the Closing LOC, in each case, immediately following any such termination (*provided* that this limitation shall not apply in the event of fraud). Except in cases involving fraud by the Concessionaire, the right of the City to retain the Cash Deposit or to draw the Closing LOC is intended to be, and shall constitute, liquidated damages, and any payment thereof to the City shall terminate the City's rights and remedies in all respects.

(c) At Closing, upon the satisfaction of the conditions set forth in Sections 2.4(a), 2.4(b) and 2.4(c), the Concessionaire shall be entitled to apply the Cash Deposit (including any accrued interest) as a credit against the Consideration.

Section 2.4. Conditions Precedent; Termination.

(a) *Conditions for the Benefit of the Concessionaire.* The Concessionaire shall be obligated to complete the Closing only if each of the following conditions has been satisfied in full at or before the Time of Closing, unless waived by the Concessionaire: (i) the representations and warranties of the City set forth in Section 9.1 shall be true and correct in all material respects on and as of the date hereof and at and as of the Time of Closing with the same force and effect as if made at and as of such time and date except that representations and warranties that by their terms speak only as of the date of this Agreement or some other date need to be true and correct only as of such date; (ii) the City shall not be in material breach of any material covenant on its part contained in this Agreement which is to be performed or complied with by the City at or prior to the Time of Closing; (iii) the Initial Schedule of Parking Fees shall be in full force and effect; (iv) the City shall have delivered to the Concessionaire a legal opinion of counsel to the City, in substantially the form attached hereto as Schedule 11; (v) the City shall have executed and delivered the consents and estoppel certificate contemplated by Section 10.2, (vi) the City shall have obtained and delivered to the Concessionaire, at the expense of the Concessionaire, a title report with respect to the City's title to the properties constituting the Concession Parking Lots and any encumbrances and other exceptions to title shown on such report shall be reasonably acceptable to the Concessionaire (the "Title Report"), (vii) the aggregate Initial Revenue Value of all Concession Metered Parking Spaces as of the Closing Date shall not be less than ninety-five percent (95%) of the aggregate Initial Revenue Value of all Concession Metered Parking Spaces as of the Bid Date, (viii) no event has transpired between the date of signing of this Agreement and the Closing Date that is not remedied as of the Closing Date and would have constituted an Adverse Action or a Reserved Powers Adverse Action had such event occurred during the Term; and (ix) there shall not have occurred a material casualty loss, destruction or damage to the Metered Parking System. As used in this Section 2.4(a) and in Section 2.5(i), a material casualty loss, destruction or damage to the Metered Parking System means the casualty, loss, damage or destruction of not less than 2,000 Concession Metered Parking Spaces such that those Metered Parking Spaces are not available as spaces for parking motor vehicles and collecting Metered Parking Fees.

(b) *Conditions for the Benefit of the City.* The City shall be obligated to complete the Closing only if each of the following conditions precedent has been satisfied in full at or before the Time of Closing, unless waived by the City: (i) all representations and warranties of the Concessionaire in Section 9.2 shall be true and correct in all material respects on and as of the date hereof at and as of the Time of Closing with the same force and effect as if made at and as of such time and date except that representations and warranties that by their terms speak only as of the date of this Agreement or some other date need be true and correct only as of such date; (ii) the Concessionaire shall not be in material breach of any material covenant on its part contained in this Agreement which is to be performed or complied with by the Concessionaire at or prior to the Time of Closing; and (iii) the Concessionaire shall have delivered to the City a legal opinion of counsel to the Concessionaire, in substantially the form attached hereto as Schedule 12.

(c) *Mutual Conditions.* The City and the Concessionaire shall be obligated to complete the Closing only if each of the following conditions precedent has been satisfied in full at or before the Time of Closing, unless waived by both the City and the Concessionaire: (i) there shall be no preliminary or permanent injunction or temporary restraining order or other order issued by a Governmental Authority of competent jurisdiction or other legal restraint or prohibition enjoining or preventing the consummation of the Transaction; and (ii) there shall be no action taken, or any Law enacted, entered, enforced or deemed applicable to the Transaction by any Governmental Authority of competent jurisdiction that makes the consummation of the Transaction illegal.

(d) *Termination.* This Agreement may be terminated at any time prior to the Closing:

(i) by mutual consent of the City and the Concessionaire in a written instrument;

(ii) by either the City or the Concessionaire, upon notice to the other Party, if (A) any Governmental Authority of competent jurisdiction shall have issued an order, decree or ruling or taken any other action permanently restraining, enjoining or otherwise prohibiting the Transaction, and such order, decree, ruling or other action has become final and nonappealable or (B) a challenge to the validity or enforceability of this Agreement or the City's right or authority to enter into this Agreement or consummate the transaction is filed with any court or other tribunal unless, within a reasonable time after the filing of such challenge, the City shall have agreed in writing to indemnify the Concessionaire and its Representatives for and against any losses, costs, damages and liabilities that may be incurred by or imposed on them as a result of such a challenge if the Concessionaire agrees to close the Transaction; *provided, however*, that the right to terminate this Agreement under this Section 2.4(d)(ii) shall not be available to any Party whose failure to comply with any provision of this Agreement has been the cause of, or resulted in, such action;

(iii) by the Concessionaire, upon notice to the City, if any condition set forth in Section 2.4(a) is not satisfied at the Time of Closing; *provided, however*, that the Concessionaire shall not have the right to terminate this Agreement under this Section 2.4(d)(iii) if the Concessionaire's failure to comply with any provision of this Agreement has been the cause of, or resulted in, the failure of such condition or conditions to be satisfied; or

(iv) by the City, upon notice to the Concessionaire, if any condition set forth in Section 2.4(b) is not satisfied at the Time of Closing; *provided, however*, that the City shall not have the right to terminate this Agreement under this Section 2.4(d)(iv) if the City's failure to comply with any provision of this Agreement has been the cause of, or resulted in, the failure of such condition or conditions to be satisfied.

(e) *Effect of Termination.* In the event of termination of this Agreement by either the City or the Concessionaire as provided in Section 2.4(d), this Agreement shall forthwith become void and there shall be no liability or obligation on the part of the City

or the Concessionaire or their respective Representatives, except as set forth in Section 2.3(b), this Section 2.4(e), Article 12, Article 19 and Article 20. In the event that the Concessionaire terminates this Agreement pursuant to Section 2.4(d)(iii), the City will compensate the Concessionaire for up to \$2,000,000 of out-of-pocket costs incurred by the Concessionaire in connection with the transaction contemplated by this Agreement. In the event of termination pursuant to Section 2.4(d)(i), (ii) or (iii), the Cash Deposit and all investment earnings accrued thereon shall be paid to the Concessionaire or the Closing LOC shall be returned undrawn to the Concessionaire marked canceled, as applicable.

Section 2.5. Covenants.

(a) *Cooperation.* From the date hereof up to the Time of Closing, the Parties shall cooperate with each other in order to permit the Closing to be consummated on the Closing Date.

(b) *Reasonable Efforts.* From the date hereof up to the Time of Closing, each Party shall use all reasonable efforts (i) to take, or cause to be taken, all actions necessary to comply promptly with all requirements under this Agreement and all legal requirements which may be imposed on such Party to consummate the Transaction as promptly as practicable, including, but not limited to, making any necessary filings, and (ii) to obtain (and to cooperate with the other Party to obtain) any Consent of any Governmental Authority or any other public or private third party which is required to be obtained or made by such Party in connection with the consummation of the Transaction. Each Party shall promptly cooperate with and promptly furnish information to the other in connection with any such efforts by, or requirement imposed upon, any of them in connection with the foregoing.

(c) *Injunctions.* If any Governmental Authority of competent jurisdiction issues a preliminary or permanent injunction or temporary restraining order or other order before the Time of Closing which would prohibit or materially restrict or hinder the Closing, each Party shall use all reasonable efforts to have such injunction, decree or order dissolved or otherwise eliminated or to eliminate the condition that formed the basis for such injunction or order, in each case as promptly as possible and, in any event, prior to the Time of Closing. Except to the extent provided in Section 2.4(d)(ii), any costs associated with any action taken pursuant to this Section 2.5(c) shall be borne by the Party responsible for such injunction, decree, or order or, in the absence of any such responsibility, then each Party shall bear its own costs.

(d) *Operation of the Metered Parking System.* From the date hereof up to the Time of Closing, the City shall operate the Metered Parking System in the ordinary course in a manner consistent with past practice, which shall include using all reasonable efforts to preserve the goodwill of the Metered Parking System and to maintain good business relationships with Persons having business dealings with the Metered Parking System, to maintain the Metered Parking System Assets in normal operating condition and repair in accordance with past practice (ordinary wear and tear excepted), to perform (or cause to be performed) in all material respects all of the City's obligations under the Metered Parking System Contracts and to cause the Metered Parking System to be

operated in all material respects in accordance with all applicable Laws (except to the extent any non-compliance is being contested in good faith by appropriate proceedings), all to the end that the Metered Parking System as a going concern shall be unimpaired and delivered to the Concessionaire at the Time of Closing in a condition not materially worse than the condition as of the date hereof; *provided, however*, that the City shall not amend, modify, renew, execute or otherwise negotiate any contracts relating to the Metered Parking System or the Metered Parking System Operations (exclusive of any contract for the enforcement of parking violations) after the date hereof up to the Time of Closing without the prior written approval of the Concessionaire. The City, shall, up to and including the Time of Closing, be entitled to all of the cash or cash equivalents in or generated by the Metered Parking System (subject to the terms of Section 2.2(b) in the case of any cash or cash equivalents that are paid prior to the Time of Closing but are allocable to periods after the Time of Closing). Without limiting the foregoing, the City shall not terminate, amend, modify or agree to a waiver of the terms of any Authorization related to the Metered Parking System after the date of this Agreement and before the Time of Closing without the Concessionaire's consent, which shall not be unreasonably withheld, conditioned or delayed.

(e) *Metered Parking System Contracts.* The Metered Parking System Contracts are listed on Schedule 1. At least 30 Days prior to the Closing Date, the Concessionaire shall designate any such Metered Parking System Contracts as Metered Parking System Contracts to be assigned to the Concessionaire by the City on the Closing Date. Following the Concessionaire's designation, the City shall designate any remaining Metered Parking System Contracts that are not to be assigned to the Concessionaire as Metered Parking System Contracts to be retained by the City following the Closing Date (so long as such retained Metered Parking System Contracts do not adversely affect the Concessionaire or the Metered Parking System or otherwise interfere with the operation of the Metered Parking System (or any of the rights or remedies of the Concessionaire hereunder and should not bind the Concessionaire or the Metered Parking System to any obligations)). All other Metered Parking System Contracts shall be terminated by the City, effective at the Time of Closing. Any liability under or related to any Metered Parking System Contract retained by the City following the Closing Date or terminated by the City on the Closing Date (including any liability resulting from the termination thereof), and any liability under or related to any Metered Parking System Contract that is assigned to the Concessionaire on the Closing Date attributable to periods prior to the effectiveness of the assignment thereof to the Concessionaire, shall be solely for the account of the City.

(f) *Disclosure of Changes.*

(i) From the date hereof up to the Time of Closing, each Party shall immediately disclose in writing to the other Party any matter which becomes known to it which is inconsistent in any material respect with any of the representations or warranties contained in Article 9. No such disclosure, however, shall cure any misrepresentation or breach of warranty for the purposes of Section 2.4 or Article 12; and

(ii) From the date hereof up to the Time of Closing, the City may supplement or amend the Schedules hereto, including one or more supplements or

amendments to correct any matter which would constitute a breach of any representation, warranty, covenant or obligation contained herein. No such supplement or amendment shall be deemed to cure any breach for purposes of Section 2.4(a) or, subject to the following sentence, for any other purpose. Notwithstanding the previous sentence, if the Closing occurs, then, subsequent to the Time of Closing, any such supplement or amendment with respect to any representation or warranty contained in Section 9.1(d), (e), (f), (g), (i), (j) and (k) relating to a matter arising after the date hereof will be effective to cure and correct for all purposes any inaccuracy in, or breach of, any such representation or warranty which would exist if the City had not made such supplement or amendment, and all references to any Schedule hereto which is supplemented or amended as provided in this Section 2.5(f)(ii) shall (subject to the foregoing limitation) for all purposes after the Time of Closing be deemed to be a reference to such Schedule as so supplemented or amended.

(g) *Access to Information.* From the date hereof up to the Time of Closing, but subject to confidentiality obligations binding on the City with respect to any Person (*provided* that the City has disclosed to the Concessionaire the existence of the applicable Document that is subject to such confidentiality limitation in order to enable the Concessionaire to evaluate the materiality and significance of the lack of disclosure based on such limitations) the City shall (i) give the Concessionaire and its Representatives reasonable access during normal business hours and on reasonable notice to the Metered Parking System, subject to the City's policies and regulations regarding safety and security and any other reasonable conditions imposed by the City, (ii) permit the Concessionaire and its Representatives to make such inspections as they may reasonably request and (iii) to furnish the Concessionaire and its Representatives with such financial and operating data and other information that is available with respect to the Metered Parking System as they may from time to time reasonably request. The Concessionaire shall hold and will cause its Representatives to hold in strict confidence all Documents and information concerning the Metered Parking System to the extent and in accordance with the terms and conditions of the confidentiality agreement between the City and the Concessionaire in connection with the Transaction. After the Closing Date, the Concessionaire shall at the request of the City, in connection with claims or actions brought by or against third parties based upon events or circumstances concerning the Metered Parking System, (A) provide reasonable assistance in the collection of information or Documents and (B) make the Concessionaire's employees available when reasonably requested by the City; *provided, however*, that the City shall reimburse the Concessionaire for all reasonable out-of-pocket and documented costs and expenses incurred by the Concessionaire in providing said assistance and will not unduly interfere with the Concessionaire's operations.

(h) *Transition.* From the date hereof up to the Time of Closing, the Parties shall cooperate with each other to ensure the orderly transition of control, custody, operation, management, maintenance of, and the right to charge and collect Metered Parking Revenues in connection with, the Metered Parking System at the Time of Closing. The City shall take all efforts as may be necessary in order to ensure such orderly transition and provide to the Concessionaire with all Information and Documents related to the Metered Parking System Operations. At the request of the Concessionaire,

the City will provide to the Concessionaire, for up to four months following the Closing, the services of any employee whose primary responsibilities relate to the Metered Parking System (or the services of other City employees who are assigned for such purpose). All such services shall be provided for an amount equal to the actual cost to the City (including employment costs and related overhead expenses allocable to such employees, as reasonably determined by the City), which amount shall be billed to the Concessionaire as soon as reasonably practicable following the end of each month and shall be payable by the Concessionaire within 30 Days of receipt of any such statement, and upon such other reasonable terms and conditions as the City and the Concessionaire may agree.

(i) *Casualty Loss Prior to Closing.* If prior to the Time of Closing, a material casualty loss, destruction or damage to the Metered Parking System has occurred and this Agreement has not been terminated under Section 2.4(d), then the City shall either (i) promptly and diligently repair and rebuild the affected parts of the Metered Parking System to restore them to at least the same condition in which they were before the occurrence of such casualty loss, destruction or damage or (ii) authorize the Concessionaire to repair the Metered Parking System and assign to the Concessionaire all insurance and other proceeds (if any) payable by third-party insurers or other third parties in respect of such casualty loss, destruction or damage and enforce (with the cooperation of the Concessionaire) all of its rights, remedies and privileges under any applicable insurance policies with third-party insurers; *provided* that if no insurance exists or such insurance proceeds are not sufficient to repair and rebuild the affected parts of the Metered Parking System to its prior condition, then the City shall reimburse the Concessionaire for that amount representing the difference between the cost to repair and the amount of any insurance proceeds.

(j) *Policies of Insurance.* From the date hereof up to the Time of Closing, the City shall continue in force all applicable policies of insurance maintained by the City in respect of the Metered Parking System. At the Time of Closing, all such policies of insurance shall terminate and the Concessionaire shall be responsible for obtaining insurance for the Metered Parking System in accordance with the terms hereof.

(k) *Damage or Destruction.* The City shall not perform or fail to perform any act which as a result would cause material damage to or the destruction of the Metered Parking System and such damage or destruction would have a Material Adverse Effect. For the avoidance of doubt whether or not sufficient insurance is in place shall be disregarded for the purposes of this Section 2.5(k).

(l) *Operational Matters.* The City shall consult with the Concessionaire with respect to any Metered Parking System operation matters of a material nature prior to the Time of Closing.

Section 2.6. Intended Treatment for Federal and State Income Tax Purposes. This Agreement is intended for United States federal and state income Tax purposes to be a sale of the Metered Parking System and the Metered Parking System Assets to the Concessionaire and the grant to the Concessionaire of a right for and during the Term to collect and retain Metered Parking Revenues. Payments made by the City to

the Concessionaire in connection with Quarterly Settlement Amounts, or payments made by the Concessionaire to the City in connection with the generation of a Settlement Credit pursuant to Section 7.5(b) shall for United States federal and state income tax purposes be deemed to be an adjustment to the Consideration for such sale of the Metered Parking System (but not the Metered Parking System Assets) and the grant of the rights to collect and retain Metered Parking Revenues with respect to Concession Metered Parking Spaces. The City and the Concessionaire agree that the Consideration will be allocated among the assets that the Concessionaire is obtaining the use of pursuant to this Agreement using the residual allocation provisions of Section 1060 of the Internal Revenue Code of 1986, in the following order: (i) no allocation to Class I assets; (ii) no allocation to Class II assets; (iii) no allocation to Class III assets; (iv) no allocation to Class IV assets; (v) (A) an allocation equal to \$33,824,950 to the tangible value of the Metered Parking System Assets described in clause (i) of the definition thereof (other than Concession Parking Lots), which is an allocation equal to the fair market value of such Class V assets based on the higher of the City's original cost for such Class V assets minus any depreciation taken on such Class V assets or the replacement costs for such Class V assets as determined by the City, (B) an allocation equal to fair market value to the tangible property included in the Metered Parking System other than the property described in subclause (A) of this clause (v), and (C) an allocation equal to fair market value to any intangible assets acquired from the City other than intangible assets described in Section 197 of the Internal Revenue Code of 1986 (or any comparable successor provision); (vi) an allocation equal to fair market value to any Class VI asset; and (vii) any remaining portion of the Consideration allocated to Class VII assets. This allocation is made pursuant to Section 1060 of the Internal Revenue Code of 1986 and Section 1.1060-1(c)(4) of the Income Tax Regulations.

Section 2.7. Closing Deliveries. At the Time of Closing, each Party shall execute and deliver all assets, agreements, bills of sale, assignments, endorsements, instruments and Documents as are reasonably necessary in the opinion of the other Party to effect the Transaction (and in form and substance that are reasonably satisfactory to such other Party).

ARTICLE 3 TERMS OF THE CONCESSION

Section 3.1. Right to Use and Present Condition.

(a) *Right to Use.* The City agrees that, subject to the City's remedies upon a Concessionaire Default, the Concessionaire shall, at all times during the Term, be entitled to and shall have the use of the Metered Parking System and the rights and privileges granted to the Concessionaire hereunder, subject to (i) the provisions contained in this Agreement and (ii) the police and regulatory powers of the City including the Reserved Powers. The City and the Concessionaire acknowledge that the Concessionaire's rights to use the Metered Parking System, to collect and retain Metered Parking Revenues from the Concession Metered Parking Spaces and to be compensated for operating and maintaining the Reserve Metered Parking Spaces, are subject to the right of the City, in

accordance with the terms of this Agreement, to monitor compliance with this Agreement to ensure that the Metered Parking System is used and operated as required by this Agreement. The City shall, at all times during the Term, defend (i) its lawful right to impose fees and charges for the privilege of parking motor vehicles in Metered Parking Spaces and to impose and collect fines for violations of parking rules and regulations related to Metered Parking Spaces and (ii) the rights granted to the Concessionaire hereunder, or any portion thereof, against any Person claiming any interest adverse to the City or the Concessionaire in the Metered Parking System, or any portion thereof, or the Reserved Powers of the City, except where such adverse interest arises as a result of the act, omission, negligence, misconduct or violation of Law of the Concessionaire, its Affiliates or their respective Representatives.

(b) *Present Condition.* Without limiting any rights or remedies of the Concessionaire in connection with a breach of the representation and warranty in Section 9.1(g)(i) the Concessionaire understands, agrees and acknowledges that the Concessionaire (i) by the execution of this Agreement, agrees to accept the Metered Parking System "AS IS" at the Time of Closing and (ii) has inspected the Metered Parking System and is aware of its condition and acknowledges that the City neither has made nor is making any representation or warranty, express or implied, regarding the condition of the Metered Parking System (or any part thereof) or its suitability for the Concessionaire's proposed use, except for representations explicitly provided in Section 9.1.

Section 3.2. Metered Parking System Operations.

(a) *Use.* Except as otherwise specifically provided herein, the Concessionaire shall, at all times during the Term, (i) be responsible for all aspects of the Metered Parking System Operations, and (ii) cause the Metered Parking System Operations to be performed in accordance with the provisions of this Agreement and applicable Law. The Concessionaire shall, at all times during the Term, cause the Metered Parking System to be continuously operational for use during the applicable Periods of Operation of Concession Metered Parking Spaces and Reserve Metered Parking Spaces by all members of the public except that the Concessionaire shall not be obligated to conduct Metered Parking System Operations with respect to a Metered Parking Space (A) during any period of time during which the City has suspended Metered Parking System Operations with respect to such Metered Parking Space including, but not limited to, any suspension resulting from a Required Closure, (B) as specifically permitted under this Agreement, (C) as required by applicable Law, (D) as necessary to comply with any other requirement of this Agreement (including closures related to the performance of capital improvements or maintenance or repair activities as required by the Operating Standards), (E) as necessary for temporary closures required to address emergencies, public safety, temporary events or closures undertaken to maintain the public way or (F) as necessary to perform maintenance or repairs of the Metering Devices.

(b) *Costs and Expenses.* Except as otherwise specifically provided herein, the Concessionaire shall, at all times during the Term, pay or cause to be paid all costs and expenses relating to the Metered Parking System Operations as and when the same are due and payable.

(c) *Assumed Liabilities.* The Concessionaire agrees to assume and discharge or perform when due, all debts, liabilities and obligations whatsoever relating to the Metered Parking System or the Metered Parking System Operations that occur, arise out of or relate to, or are based on facts or actions occurring, during the Term, but only to the extent such debts, liabilities or obligations do not arise from or relate to any breach by the City of any covenant, representation or warranty set forth in this Agreement (collectively, the "Assumed Liabilities"); *provided, however*, that the Assumed Liabilities shall not include, and the City shall perform or cause to be performed and discharge or cause to be discharged as and when due, any debts, liabilities and obligations (i) with respect to the City's obligations under this Agreement, (ii) arising out of Metered Parking System Operations (including with respect to any Metered Parking System Contracts) prior to the Time of Closing and (iii) under any Environmental Law arising out of or relating to the ownership, operation or condition of the Metered Parking System, including Concession Parking Lots, at any time prior to the Time of Closing or any Hazardous Substance or other contaminant that was present or released on or migrated or escaped or was released from the Metered Parking System or otherwise existed at any time prior to the Time of Closing and including any known or unknown environmental conditions and any pre-existing conditions prior to the Time of Closing the manifestation of which occurs following the Time of Closing (collectively, the "Excluded Liabilities").

(d) *Right of Entry and Access to the Public Way.* The City hereby grants to the Concessionaire and its Representatives the right to enter upon, in, under, over and across the streets, alleys, sidewalks in the public way, all to such extent and at such times as shall be necessary or desirable for the Concessionaire to access the Metered Parking System (including the Metering Devices and all supporting structures and appurtenances thereto, and the Concession Parking Lots) in order to conduct Metered Parking System Operations, including operating, maintaining, inspecting, repairing and managing Metered Parking System properties, constructing, installing, replacing, testing, dismantling and removing Metering Devices and all supporting structures and appurtenances thereto, interconnecting the same to any electric utility, telephonic or other communication lines, collecting Metered Parking Revenues, and installing monitoring or observation technology or equipment reasonably necessary for Metered Parking System Operations. The rights granted to the Concessionaire under this Section 3.2(d) do not create a priority in favor of the Concessionaire over any other user of the public way and are subject to the Operating Standards and all provisions of Law, including, but not limited to, applicable City permit requirements, relating to the conduct of a private business or franchise in the public way.

(e) *Issuance of Parking Tickets.* The City retains the exclusive right to establish and to revise from time to time all parking rules and regulations in accordance with Section 7.6. The Concessionaire shall have the right, at its sole cost and expense, to issue parking tickets or citations for violations of the parking rules and regulations with respect to the Concession Metered Parking Spaces and Reserve Metered Parking Spaces, provided that such tickets or citations must be in the form prescribed by the City, that the issuance of such tickets and citations shall otherwise be subject to applicable City rules and regulations and the performance by the Concessionaire must conform to the Operating Standards. The City shall provide to the Concessionaire, at the

Concessionaire's sole cost and expense, parking ticket books or rolls and other items and materials reasonably necessary to enable the Concessionaire to issue parking tickets or citations as contemplated by this Section 3.2(e). The City retains the right and responsibility to provide all other enforcement of parking rules and violations. Parking tickets issued by the Concessionaire pursuant to this Section 3.2(e) shall have the same legal efficacy as parking tickets issued by the City.

Section 3.3. Operator.

(a) *Engagement.* The Metered Parking System Operations shall, at all times during the Term, be under the direction and supervision of an active operator with the expertise, qualifications, experience, competence, skills and know-how to perform the Metered Parking System Operations in accordance with this Agreement (an "Operator") who may be (but is not required to be) the Concessionaire itself or its Affiliate. The Operator on the first day of the Term shall be the Concessionaire unless the Concessionaire has designated another Person to be the Operator in the response to the request for Metered Parking System concessionaire qualifications delivered by or on behalf of the Concessionaire to the City in connection with the execution of this Agreement. The Concessionaire shall not engage or appoint a replacement Operator unless the City has Approved such Operator or such Operator and replacement Operator are Affiliates of the Concessionaire in which case no such Approval shall be required; *provided, however*, that (i) a Change in Control of an Operator shall be deemed to be the appointment of a replacement Operator subject to the City's Approval and (ii) if the City does not provide the Concessionaire with the relevant Approval, the Concessionaire shall be entitled to appoint an interim Operator without the City's Approval for a period of up to 180 Days from the date of appointment of such interim Operator. The Operator shall at all times be subject to the direction, supervision and control (by ownership, contract or otherwise) of the Concessionaire, and any delegation to an Operator shall not relieve the Concessionaire of any obligations, duties or liability hereunder. The Concessionaire shall immediately notify the City upon the termination or resignation of an Operator. Any agreement between the Concessionaire and any Operator shall by its terms terminate without penalty at the election of the City or the Operator upon three Business Days' notice to such Operator or the City, as applicable, upon the termination of this Agreement. The Operator shall have no interest in or rights under this Agreement or the Metered Parking System unless the Operator is the Concessionaire itself.

(b) *Approval.* The City's Approval of a proposed replacement Operator may be withheld if the City reasonably determines that the engagement of such proposed Operator is prohibited by applicable Law or such proposed Operator is not capable of performing the Metered Parking System Operations in accordance with this Agreement, which determination may be based upon, or take into account, one or more of the following factors: (i) the financial strength and integrity of the proposed Operator, its direct or indirect beneficial owners and each of their respective Affiliates; (ii) the capitalization of the proposed Operator; (iii) the experience of the proposed Operator in operating on street metered parking systems; (iv) the background and reputation of the proposed Operator, its direct or indirect beneficial owners, each of their respective officers, directors and employees and each of their respective Affiliates (including the absence of criminal, civil or regulatory claims or actions against any such Person and the

quality of any such Person's past or present performance on other projects); and (v) the proposed terms of the engagement of the Operator. The City shall have the right to reasonably condition its Approval of a proposed replacement Operator.

Section 3.4. Authorizations; Qualifications.

(a) *Compliance.* The Concessionaire shall obtain, comply with, promptly renew and maintain in good standing all Authorizations; *provided, however,* that if the Concessionaire is, at any time during the Term, required to obtain any Authorization from a Governmental Authority that the City was not required to obtain in connection with its operation of the Metered Parking System prior to the Time of Closing, the City shall use its reasonable efforts to assist the Concessionaire in obtaining such Authorization. Nothing in this Agreement, including Section 2.1, shall be deemed to waive or modify any Authorization required to be obtained by the Concessionaire or any other Person in connection with the Metered Parking System, the Metered Parking System Operations or any activities generating Metered Parking Revenues.

(b) *Qualifications.* The Concessionaire shall, at all times during the Term, maintain in full force and effect its existence and all qualifications necessary to carry on its business pertaining to the Metered Parking System Operations, including all rights, franchises, licenses, privileges and qualifications required in connection with the Metered Parking System Operations. For the avoidance of doubt, the foregoing shall not prohibit or limit the Concessionaire from changing its organizational form or status, subject to the terms of Section 17.1(e).

Section 3.5. No Encumbrances.

(a) *By the Concessionaire.* The Concessionaire shall not do any act or thing that will create any Encumbrance (other than a Permitted Concessionaire Encumbrance) against the Metered Parking System and shall promptly remove any Encumbrance (other than a Permitted Concessionaire Encumbrance) against the Metered Parking System, unless the Encumbrance came into existence as a result of an act of or omission by the City or a Person claiming through it which in turn was not caused by an act or omission of the Concessionaire. The Concessionaire shall not be deemed to be in default hereunder if the Concessionaire continuously, diligently and in good faith contests any such Encumbrance, or the validity thereof (or causes such contest), by appropriate legal proceedings that shall operate to prevent the foreclosure of any such Encumbrance, *provided* that the Concessionaire has given (i) advance notification to the City that it is the intent of the Concessionaire to contest the validity or collection thereof or cause such contest and (ii) unless a bond or other security is provided in connection with such proceedings, a satisfactory indemnity to the City or deposited with the City a Letter of Credit, indemnity bond, surety bond, cash or Eligible Investment reasonably satisfactory to the City in an amount equal to the amount of the claim or Encumbrance, plus such interest and penalties, court costs, or other charges as the City may reasonably estimate to be payable by the Concessionaire at the conclusion of such contest or as is required to provide insurance over any potential Encumbrance; *provided, however,* that in the event such Letter of Credit bond, cash or Eligible Investment shall be so deposited, the same shall be held by the City until such claim or other imposition shall have been released and

discharged and shall thereupon be promptly returned to the Concessionaire, less any amounts reasonably expended by the City to procure such release or discharge, or any loss, cost, damage, reasonable attorneys' fees or expense incurred by the City by virtue of the contest of such Encumbrance.

(b) *By the City.* The City shall not do any act or thing that will create any Encumbrance (other than a Permitted City Encumbrance) against the Metered Parking System and shall promptly remove any Encumbrance (other than a Permitted City Encumbrance) against the Metered Parking System that came into existence as a result of an act of or omission by the City or a Person claiming through the City. The City shall not be deemed to be in default hereunder if the City continuously, diligently and in good faith contests any such Encumbrance, or the validity thereof (or causes such contest), by appropriate legal proceedings that shall operate to prevent the foreclosure of any such Encumbrance, *provided* that the City has given advance notification to the Concessionaire that it is the intent of the City to contest the validity or collection thereof or cause such contest.

(c) *Removal.* Each Party, if requested by the other Party and at such other Party's costs and expense, shall use its reasonable efforts to assist such other Party in attempting to remove any Encumbrance that has come into existence as a result of an act of or omission by such other Party; *provided* that nothing herein shall obligate the City to waive, modify or otherwise limit or affect the Reserved Powers or the enforcement by the City of any applicable Law with respect to the Metered Parking System or any activities generating Metered Parking Revenues.

Section 3.6. Single Purpose Covenants. The Concessionaire shall, at all times during the Term, (i) be formed and organized solely for the purpose of owning the Concessionaire Interest and using, possessing, operating and collecting Metered Parking Revenues with respect to and otherwise dealing with the Metered Parking System (and carrying out the Metered Parking Services and other activities permitted pursuant to this Agreement (and any activities reasonably incidental thereto)), (ii) not engage in any business unrelated to clause (i) above, (iii) not have any assets other than those related to its activities in accordance with clauses (i) and (ii) above, (iv) except as appropriate for Tax reporting purposes or in connection with consolidated financial statements, maintain its own separate books and records and its own accounts, (v) observe all corporate, limited partnership or limited liability company, as applicable, formalities and do all things necessary to preserve its existence, (vi) not guarantee or otherwise obligate itself with respect to the debts of any other Person *provided that* the Concessionaire may guarantee or otherwise obligate itself with respect to the debt of any Person who is a special purpose entity formed and organized solely for the purpose of engaging in the business of providing parking for motor vehicles and *provided further*, if the Collateral Assignment Debt is incurred at the holding company level (that is, by the Concessionaire's parent entity), then the Concessionaire shall have the right to guarantee such parent entity's obligations and liabilities in respect of such Collateral Assignment Debt, so long as such parent entity is in itself a special purpose entity formed and organized solely for the purpose of owning the Concessionaire and other single purpose affiliates of the Concessionaire engaged in the business of providing parking for motor vehicles), (vii) except as expressly permitted hereby or by any Collateral Assignment or

in connection in the ordinary course of business of the Metered Parking System, not pledge its assets for the benefit of any other Person and (viii) maintain adequate capital in light of its contemplated business operations.

Section 3.7. Rights of the City to Access and Perform Work on the Metered Parking System.

(a) *Reservation of Rights.* The City (and its Representatives, grantees, tenants, licensees and others claiming by, through or under the City) shall, at all times during the Term, retain all property rights associated with the City's ownership of the Concession Parking Lots. The City shall have access to the Metered Parking System and each and every part thereof (provided that no access is granted to the cash collections, Metering Device keys and locks, or any software or intangibles) at all reasonable times and upon reasonable prior notice to perform each of the following at the City's own cost and expense (other than if pursuant to clause (ii) or (iii)):

(i) to inspect the Metered Parking System (including the Concession Parking Lots) or determine whether or not the Concessionaire is in compliance with its obligations under this Agreement or applicable Law pursuant to Section 8.3;

(ii) if a Concessionaire Default then exists, to make any necessary repairs to the Metered Parking System and the Concession Parking Lots and perform any work therein pursuant to Section 16.1(b)(iii);

(iii) in the event of an emergency or danger that threatens to cause injury to individuals (or damage to property) or to impair the continuous operation of the Metered Parking System or to impair the enforcement of parking violations or traffic control regulations and if the Concessionaire is not then taking all necessary steps to rectify or deal with said emergency or danger, to take actions as may be reasonably necessary to rectify such emergency or danger (in which case, no notice shall be necessary);

(iv) to use the Concession Parking Lots or any part thereof for any and all purposes not inconsistent with the rights granted to the Concessionaire under this Agreement so long as such use does not result in a reduction of the value of the related Metered Parking Spaces (whether as a result of reducing revenues therefrom or costs associated therewith);

(v) to (A) install, design, manage, maintain, repair and rehabilitate any existing or future utilities or similar services (whether provided by the City or third parties at the City's instruction) in, on, under, across, over or through the Concession Parking Lots (including water and sewer lines, power transmission lines, fiber optic cable, other communications and other equipment), (B) grant easements and rights on, over, under or within the Concession Parking Lots for the benefit of suppliers or owners of any such utilities or services and (C) use the Metered Parking System in connection with any such installation, design, management, maintenance, repair or rehabilitation (*provided that notwithstanding the foregoing clauses (A), (B) and (C), the Concessionaire shall have the right, at all times during the Term, to install, design, manage, maintain,*

repair and rehabilitate utilities or other services for its own account (and not for lease, resale or service to third parties) to the extent that the said utilities or services are necessary for the Metered Parking System Operations); and

(vi) to, solely in accordance with the terms hereof, do any other act or thing that the City may be obligated to do or have a right to do under this Agreement;

provided, however, that the City shall use reasonable efforts to minimize interference with the Metered Parking System Operations or the value of the Metered Parking System Assets in connection with any entry on the Concession Parking Lots pursuant to this Section 3.7(a).

(b) *Access Rights.* The City and any of its Representatives, grantees, tenants, licensees and others claiming by, through or under the City, during the progress of any work referred to in this Section 3.7 shall have all necessary access rights and may keep and store at the Concession Parking Lots all necessary materials, tools, supplies, equipment and vehicles, in a reasonably neat and orderly fashion in compliance with all Laws and so as to not unreasonably interfere with the Concessionaire's conduct of business. To the extent that the City undertakes work or repairs under this Section 3.7 or any other provision of this Agreement, such work or repairs shall be commenced and diligently completed in a good and workmanlike manner, in accordance with any applicable Operating Standards and in such a manner as not to unreasonably interfere with the conduct of business in or use of such space.

(c) *Effect of Reservation.* Any reservation of a right by the City and any of its Representatives, grantees, tenants, licensees and others claiming by, through or under the City to enter the Metered Parking System and to make or perform any repairs, alterations, Restoration or other work in, to, above, or about the Concession Parking Lots and the Metered Parking System which is the Concessionaire's obligation pursuant to this Agreement, shall not be deemed to (i) impose any obligation on the City to do so, (ii) render the City liable to the Concessionaire or any other Person for the failure to do so or (iii) relieve the Concessionaire from any obligation to indemnify the City as otherwise provided in this Agreement. Nothing in this Agreement shall impose any duty upon the part of the City to do any work required to be performed by the Concessionaire hereunder and performance of any such work by the City and any of its Representatives, grantees, tenants, mortgagees, licensees and others claiming by, through or under the City shall not constitute a waiver of the Concessionaire's default in failing to perform the same.

Section 3.8. Coordination.

(a) *Utility Coordination.* The City shall be responsible for coordinating or ensuring the coordination of the use of Concession Parking Lots with utilities and Persons having service lines, pipelines, transmission lines and other equipment, cables, systems and other apparatus in, on, under, over or adjacent to the Concession Parking Lots. The City shall cause provision to be made for the removal or temporary or permanent relocation and restoration of utilities and other services and any lines, equipment, cables, systems and other apparatus that intersect, interfere with, interface

with or otherwise affect the Concession Parking Lots and shall arrange for temporary rights of entry and access to utilities and other services to be made available that are necessary in connection with the Concession Parking Lots or as may exist under this Agreement or applicable Law. The Concessionaire shall cooperate with the City with respect to City's obligations under this Section 3.8(a).

(b) *Affected Property Coordination.* The City shall be responsible for coordinating or ensuring the coordination of the use of Concession Parking Lots with Affected Property. Without limiting the City's right to close Concession Parking Lots pursuant to Section 4.5, the City shall provide for right-of-way entry and access to Concession Parking Lots for users of the Concession Parking Lots. The City shall arrange for temporary right-of-entry and access to the property of all relevant Governmental Authorities or other Persons as may be necessary in connection with the use of Concession Parking Lots or as may exist under this Agreement or applicable Law. The Concessionaire shall cooperate with the City with respect to the City's obligations under this Section 3.8(b).

(c) *No Interference.* The Parties understand and agree that nothing in the foregoing clauses (a) and (b) is in any way intended to interfere with the normal operations of the Metered Parking System by the Concessionaire, and the City shall cooperate with the Concessionaire in minimizing any effect that the obligations of the City under such clauses (a) and (b) may have on the Metered Parking System Operations and Metered Parking Revenues.

Section 3.9. Police, Fire, Emergency and Public Safety Access Rights. At all times during the Term and without notice or compensation to the Concessionaire (i) any police, fire and emergency services and any other security or emergency personnel retained by or on behalf of the City shall have access, as required by such services or personnel, to the Concession Parking Lots; (ii) the City shall have access to the Concession Parking Lots as necessary for the protection of public safety; *provided, however,* that inspections by the City for purposes of determining whether or not the Concessionaire is in compliance with its obligations under this Agreement or applicable Law shall be undertaken pursuant to Section 3.7(a)(i); and (iii) any Governmental Authority with jurisdiction over the Concession Parking Lots shall have access to the Concession Parking Lots as necessary for emergency management and homeland security purposes, including the prevention of or response to a public safety emergency. This Section 3.9 is not a limit on the Reserved Powers.

Section 3.10. Payment of Taxes. Except as otherwise provided in this Section 3.10, the Concessionaire shall pay when due all Taxes payable during the Term in respect of the use or conduct of business with respect to the Metered Parking System and the Concession Parking Lots, including any Parking Taxes, which the Concessionaire is obligated to collect from customers of the Metered Parking System and remit to the City or other Governmental Authority, as required by the applicable Law. The City reserves the right, without being obligated to do so, to pay the amount of any such Taxes not timely paid and which are not being contested by the Concessionaire, and the amount so paid by the City shall be deemed additional consideration hereunder, due and payable by the Concessionaire within 10 Business Days after written demand by the City. The

Concessionaire shall have the right to contest in good faith the validity or amount of any Taxes which it is responsible to pay under this Section 3.10, *provided* that (i) the Concessionaire has given prior notice to the City of each such contest, (ii) no contest by the Concessionaire may involve a reasonable possibility of forfeiture or sale of the Metered Parking System, and (iii) upon the final determination of any contest by the Concessionaire, if the Concessionaire has not already done so, the Concessionaire shall pay any amount found to be due, together with any costs, penalties and interest. The Concessionaire shall not be liable for, and the City shall indemnify and hold the Concessionaire (and with respect to any New Agreement, the Collateral Assignee) harmless from and against, any (A) sales, use or similar Tax imposed by the State of Illinois, the City or any other unit of local government in the State of Illinois on the Consideration; (B) transfer, stamp, deed recording or similar Tax imposed by the State of Illinois, the City or any other unit of local government in the State of Illinois by reason of the execution and delivery of this Agreement or any grant or transfer to the Concessionaire by the City at Closing or any New Agreement and (C) Property Taxes.

Section 3.11. Utilities. The Concessionaire shall pay when due all charges (including all applicable Taxes and fees) for gas, electricity, light, heat, power, telephone, water and other utilities and services used in the Metered Parking System Operations or supplied to the Metered Parking System during the Term. Upon request of the City, the Concessionaire shall forward to the City, within 15 Days following the respective due dates, official receipts, photocopies thereof, or other evidence satisfactory to the City, acting reasonably, of the payment required to be made by the Concessionaire in accordance with this Section 3.11. The City shall offer to furnish to the Concessionaire for purposes of the Metered Parking System Operations any utilities that the City is voluntarily and directly furnishing to other commercial users in the immediate vicinity of the Concession Parking Lots at such time, on rates and other terms as are applicable to other similarly situated commercial users of such utilities, as may be amended from time to time; *provided, however*, that the City shall have no obligation or responsibility to furnish the Concessionaire with any other utilities and makes no representations or warranties as to the availability of any utilities. The City does not warrant that any utility services will be free from interruptions caused by war, insurrection, civil commotion, riots, acts of God, government action, terrorism, repairs, renewals, improvements, alterations, strikes, lockouts, picketing, whether legal or illegal, accidents, inability to obtain fuel or supplies or any other causes, and any such interruption of utility services in and of itself shall never be deemed an Adverse Action or an eviction or disturbance of the Concessionaire's use of the Metered Parking System or any part thereof, or render the City liable to the Concessionaire for damages or, unless the same constitutes a Delay Event, relieve the Concessionaire from performance of the Concessionaire's obligations under this Agreement.

Section 3.12. Competing Off-Street Parking.

(a) Subject to Section 3.12(b) and Section 3.12(c), the City will not operate, and will not permit the operation of, a "Competing Public Parking Facility." A "Competing Public Parking Facility" means any off-street public parking lot or public parking garage that (i) is (A) owned or operated by the City or (B) operated by any Person and located on land owned by the City, or leased to the City, (ii) is within one

mile of a Concession Metered Parking Space, (iii) is used primarily for general public parking; (iv) has a schedule of fees for parking motor vehicles that is less than three times the highest Metered Parking Fees then in effect for Concession Metered Parking Spaces in the same area; and (v) was not used for general public parking on the effective date of this Agreement.

(b) As used in Section 3.12(a), the term "Competing Public Parking Facility" does not include (i) any parking lot or parking garage located at, or providing parking for motor vehicles in connection with the regular operations of public buildings and facilities including, but not limited to, any airport, courthouse, correctional facility, police station, fire station, administrative building, public school, public library, public park or recreational facility, public hospital or similar government building; (ii) any parking facility located at, or within one-half mile of, any sports stadium or sports arena having a seating capacity in excess of 15,000; (iii) park and ride facilities that are used primarily by mass transit passengers; (iv) temporary parking facilities used for Special Events; and (v) any parking facility that is used primarily to provide parking for an affordable housing development or a public housing project.

(c) If the City undertakes or permits a Competing Public Parking Facility in violation of Section 3.12(a), such action shall constitute a Compensation Event requiring the payment of Concession Compensation. Such action shall not constitute a City Default, an Adverse Action or a Reserved Powers Adverse Action. No interest in real estate is conveyed by Section 3.12.

Section 3.13. Notices of Defaults and Claims.

(a) *Notice by the Concessionaire.* The Concessionaire shall promptly give notice to the City (i) if the Concessionaire becomes aware that a Concessionaire Default has occurred under this Agreement (*provided, however*, that the failure to give such notice shall not constitute an independent Concessionaire Default) and (ii) of all material claims, proceedings, disputes (including labor disputes) or litigation in respect of the Concessionaire pertaining to the Metered Parking System, the Metered Parking System Operations or the City (whether or not such claim, proceeding or litigation is covered by insurance) of which the Concessionaire is aware (other than as a result of a notice to the Concessionaire from the City). The Concessionaire shall provide the City with all reasonable information requested by it from time to time concerning the status of such claims, proceedings or litigation.

(b) *Notice by the City.* The City shall promptly give notice to the Concessionaire (i) if the City becomes aware that a City Default has occurred under this Agreement (*provided, however*, that the failure to give such notice shall not constitute an independent City Default) and (ii) of all material claims, proceedings, disputes (including labor disputes) or litigation in respect of the City pertaining to the Metered Parking System, the Metered Parking System Operations or the Concessionaire (whether or not such claim, proceeding or litigation is covered by insurance) of which the City is aware (other than as a result of a notice to the City from the Concessionaire). The City shall provide the Concessionaire with all reasonable information requested by it from time to time concerning the status of such claims, proceedings or litigation.

Section 3.14. Assignment of Operating Agreements and Plans. At the request of the City, the Concessionaire shall collaterally assign, to the extent reasonably practicable, to the City, in form and substance satisfactory to the City, acting reasonably, all of the right, title and interest of the Concessionaire in, to and under all or any of the Operating Agreements and all present and future specifications, plans, drawings, information and documentation in relation to the Metered Parking System Operations except to the extent any of the foregoing involve proprietary information (collectively, the "Operating Agreements and Plans") as collateral security to the City for the observance and performance by the Concessionaire of its covenants and obligations under this Agreement. The Concessionaire covenants that it shall cause all of the right, title and interest of the Concessionaire in, to and under all Operating Agreements and Plans entered into or created after the Time of Closing to be collaterally assignable to the City for the purposes of this Section 3.14. The City acknowledges that the Operating Agreements and Plans may also be assigned as security to a Collateral Assignee and that each of the City and such Collateral Assignee shall be entitled to use the Operating Agreements and Plans in enforcing their respective security as hereinafter provided. Without limiting the generality of the foregoing, but subject to the City's assumption of future liabilities under the Operating Agreements and Plans and to Article 18, the City shall be entitled to use the Operating Agreements and Plans in each of the following events: (i) if the City terminates this Agreement without a concession agreement being granted to a Collateral Assignee or nominee thereof pursuant to the provisions of Article 18; and (ii) if the City elects to use the Operating Agreements and Plans to remedy a Concessionaire Default under this Agreement. Notwithstanding the foregoing, in the event that any such Collateral Assignee has entered into possession or is diligently enforcing and continues to diligently enforce its security, whether by way of appointment of a receiver or receiver and manager, foreclosure or power of sale in accordance with Article 18, or otherwise, and is using the Operating Agreements and Plans in respect of the Metered Parking System Operations, the City shall not be entitled to use the Operating Agreements and Plans in enforcing its security, it being acknowledged that any assignment of the Operating Agreements and Plans to a Collateral Assignee shall have priority at all times over any assignment of the Operating Agreements and Plans to the City. The Concessionaire shall promptly deliver to the City, at the sole cost and expense of the Concessionaire, forthwith after completion or execution and delivery, a copy of each item of the Operating Agreements and Plans.

Section 3.15. City Use of Information and Records. In connection with the exercise of its Reserved Powers, the City shall be entitled to access to all records, electronic data and other information collected and retained by the Concessionaire with respect to the Metered Parking System Operations to the extent needed or useful to the City in connection with the enforcement of traffic and parking regulations, the identification of parking violations, the imposition and collection of parking fines and the adjudication of parking enforcement cases.

Section 3.16. Metering Devices. The Concessionaire shall be required to maintain and operate the Metering Devices in accordance with the Operating Standards. The Concessionaire will inspect all Metering Devices in a manner designed to identify and promptly repair or replace defective or inoperative Metering Devices. The

Concessionaire shall establish a method pursuant to which members of the general public may report inoperative and defective Metering Devices and shall display, at or near each Metering Device, a telephone number and internet address for the reporting of inoperative and defective Metering Devices and other operational problems related to the Metered Parking System and Metered Parking System Operations.

Section 3.17. Payments by the City. The Concessionaire acknowledges and agrees that if the City is required under applicable Law of general application to withhold a portion of any payment that the City is obligated to make to the Concessionaire under this Agreement, the City will be deemed to have satisfied such payment obligation to the Concessionaire to the extent of such withholding by the City. If any such withheld amounts are permitted to be paid to the Concessionaire, the City shall pay such amounts to the Concessionaire whenever permitted by Law. The City shall notify the Concessionaire in writing at least five Business Days prior to the withholding of any amount pursuant to this Section 3.17.

Section 3.18. Naming Rights and Commercial Advertisements and Activities. The City retains the exclusive naming rights with respect to the Metered Parking System and the exclusive right to register and own the naming rights as the "Chicago Metered Parking System." The City also retains the exclusive rights with respect to commercial advertisements, including (but not limited to) billboards in the Concession Parking Lots, advertising on Metering Devices and advertisements dispensed from Metering Devices. The City also retains the exclusive rights with respect to any other commercial activities, other than the collection of Metered Parking Fees, to be derived from the Metered Parking System. The City shall retain all proceeds and other consideration derived from such naming rights, commercial advertisements or other commercial activities derived from the Metered Parking Operations, other than the collection of Metered Parking Fees. Any action taken by the City pursuant to this Section 3.18 is not a Compensation Event or an Adverse Action. The City shall not use or permit to be used, any name or mark in connection with the Metered Parking System that may reasonably be odious or offensive to the Concessionaire or otherwise be reasonably likely to result in a negative association by the general public.

Notwithstanding the foregoing provisions of this Section 3.18, the City grants to the Concessionaire a non-exclusive, non-transferable, royalty free license during the Term to use any names associated with the Metered Parking System together with all existing and future developed logos and marks (not including the City seal or, without the Approval of the City, other logos and marks used by the City for general municipal purposes) used in connection with the Metered Parking System Operations, solely in connection with the performance by the Concessionaire or any Operator of their obligations under the Agreement and in the provision of Metered Parking Services.

Section 3.19. Administration of the Public Way. The City agrees, and the Concessionaire acknowledges and accepts, that the City holds and administers the public way in trust under the public trust doctrine for the non-discriminatory benefit of all Persons and interests, including the Concessionaire and the Concessionaire Interest. In the administration of its public trust with respect to the public way, the City will not take any action in contradiction of the public trust doctrine that is intended to discriminate

against the Concessionaire or the Concessionaire Interest. The foregoing provisions of this Section 3.19 are not a limitation of any provision of Article 7 or Section 14.3.

Section 3.20. Reversion of Metered Parking System. On the Reversion Date, the Concessionaire shall surrender and deliver to the City all of its rights, title and interest in the Metered Parking System (including all improvements to the Metered Parking System, the Metered Parking System Assets and all tangible and intangible personal property of the Concessionaire (including inventories) that is included in the Metered Parking System and used in connection with the Metered Parking System Operations, subject, however, as to any intellectual property included in the Metered Parking System, to any restrictions or prohibitions to disclosure, transfer or sharing thereof and any other rights of third parties with respect thereto, all in accordance with the provisions of Section 16.4.

ARTICLE 4 CAPITAL IMPROVEMENTS

Section 4.1. Concessionaire Responsibility for Capital Improvements. The Concessionaire shall be responsible for all capital improvements with respect to the Metered Parking System required to be completed during the Term in accordance with the terms of this Agreement, including as required by the Operating Standards. As provided in Section 7.2(c), the installation of Metering Devices for Reserve Metered Parking Spaces shall be at the sole cost and expense of the City.

Section 4.2. Authorizations Related to Capital Improvements. The Concessionaire's obligation to perform capital improvements shall be subject to the issuance by the City of any and all Authorizations to be issued by the City and as required by the City with respect thereto and the City agrees not to unreasonably withhold, condition or delay the issuance of any such Authorizations, and to use its reasonable efforts to assist the Concessionaire in obtaining such Authorizations. Without limiting the generality of the foregoing, the City agrees that it will reasonably assist and cooperate with the Concessionaire in obtaining any and all Authorizations (including any required rights of access over real property that is owned or controlled by the City) in order for the Concessionaire to perform capital improvements.

Section 4.3. City Responsibility for Capital Improvements. Subject to the City's right to close Concession Parking Lots pursuant to Section 4.5, the City, at its own cost and expense, shall maintain, repair and rehabilitate any existing or future sidewalks, roads or streets constituting Affected Property under the jurisdiction of the City that provide direct access to or from the Concession Parking Lots in such a manner as to maintain access to and from the Concession Parking Lots reasonably comparable to that in existence as of the date of this Agreement and in any event to a standard not less than that observed by the City with respect to other public roads. Prior to undertaking any maintenance, repairing or rehabilitation pursuant to this Section 4.3 the City shall first give prompt notice to the Concessionaire and will consult with the Concessionaire as to how to mitigate the effects of such work which is proposed to be carried out.

Section 4.4. Required Payment Options. Any Concession Metered Parking Space or Reserve Metered Parking Space with a Metered Parking Fee of at least \$1.50 per hour must have a payment option at the point of sale other than the cash payment of the Metered Parking Fee. The Concessionaire shall provide such payment option by use of a credit card or a debit card or similar methods with respect to each Concession Metered Parking Space and each Reserve Metered Parking Space no later than 180 Days after the first Day that the Metered Parking Fee from such Metered Parking Space is at least \$1.50 per hour.

Section 4.5. Closure of Concession Parking Lots. Pursuant to the exercise of its Reserved Powers and at the sole cost and expense of the City, the City may close one or more of the Concession Parking Lots at any time or from time to time and may also remove Concession Metered Parking Spaces and Reserve Metered Parking Spaces from the Concession Parking Lots. Any action taken by the City pursuant to this Section 4.5 is not an Adverse Action and is not a Compensation Event. The Concessionaire shall not have any obligations under this Agreement with respect to any Concession Parking Lot during such time as such Concession Parking Lot is closed. The City shall reimburse the Concessionaire for any capital improvements undertaken by or on behalf of the Concessionaire after the Closing Date to a Concession Parking Lot that is closed by the City and such reimbursement shall be in an amount equal to the initial cost of such capital improvements less accumulated depreciation thereof determined in accordance with generally accepted accounting principles including any elections taken with respect thereto under the Internal Revenue Code of 1986.

Section 4.6. Reimbursement of Certain Costs. The City shall reimburse the Concessionaire for all additional operating and maintenance costs and expenses incurred by the Concessionaire in relation to resurfacing, de-icing, snow removal or insurance premiums as a result of complying with its obligations under paragraphs 6, 8, 9 and 10 under the heading "Concession Parking Lot Maintenance, Repair and Improvements" of the Operating Standards, in relation to any Concession Parking Lots that were not Concession Parking Lots as of the Closing Date. The City shall reimburse all costs of sub-surface capital improvements to Concession Parking Lots that are undertaken by the Concessionaire in order to comply with the requirements of Chapter 11-18 of the Municipal Code. Each such reimbursement shall be paid by the City within 60 Days after the Concessionaire shall have filed with the City a written request for payment together with such information as the City may reasonably request to confirm the claim for reimbursement.

ARTICLE 5 MODIFICATIONS

Section 5.1. City Directives. The City may, at any time during the Term, issue a City Directive to the Concessionaire. Subject to the City making available to the Concessionaire sufficient funds to perform the work required to implement such City Directive at or before the time payment for such work is required to be made, and the Concessionaire having obtained (with the cooperation of the City) all relevant

Authorizations from all relevant Governmental Entities required for the relevant work, the Concessionaire shall perform the work required to implement such City Directive, and the City shall pay to the Concessionaire the Concession Compensation with respect thereto. The addition of or the removal of Concession Metered Parking Spaces and Reserve Metered Parking Spaces by the City (including any direction to install or remove Metering Devices) is not a City Directive and shall not result in Concession Compensation, but shall be governed by the provisions of Article 7.

Section 5.2. Concessionaire Requests. If the Concessionaire wishes at any time during the Term to make a material change in the dimensions, character or quality of any part of the Metered Parking System, then the Concessionaire may submit to the City, for Approval, a Concessionaire Request with respect to such change and shall submit to the City for its Approval specific plans with respect to any such work. The Concessionaire shall not in any event be required to submit a Concessionaire Request, and no Approval shall be required, with respect to any Concessionaire's actions so long as such actions comply with applicable Operating Standards. The Concessionaire shall be responsible for all amounts required to implement an Approved Concessionaire Request (and any Losses incurred in connection therewith). No Concessionaire Request shall be implemented unless and until such Concessionaire Request has been Approved by the City.

Section 5.3. Performance of Modifications. Subject to the other provisions of this Article 5, the Concessionaire shall ensure that City Directives and Approved Concessionaire Requests are performed in a good and workmanlike manner and diligently complied with and implemented in such manner that the costs (in the case of City Directives only) and delays relating thereto are minimized.

ARTICLE 6 OPERATING STANDARDS

Section 6.1. Compliance with Operating Standards. The Concessionaire shall, at all times during the Term, cause the Metered Parking System Operations to, comply with and implement the Operating Standards in all material respects (including any changes or modifications to the Operating Standards pursuant to the terms of this Agreement). The City and the Concessionaire acknowledge and agree that the Operating Standards shall be construed flexibly in light of their objectives. The Concessionaire shall have in place procedures that are reasonably designed to achieve compliance with the Operating Standards. The Operating Standards shall not be deemed to be violated by immaterial acts or omissions, including an immaterial failure to comply with specific requirements set forth in the Operating Standards other than actions or omissions that endanger the public health or safety. Except as specifically set forth herein, the Concessionaire shall perform all work required to comply with and implement the Operating Standards (including the capital improvements described therein) as part of the Metered Parking System Operations and at its sole cost and expense.

Section 6.2. Proposed Operating Standards. If the Concessionaire, at its cost and expense, wishes to implement and use operating standards other than the Operating Standards, the Concessionaire must provide notice of such proposed operating standards to the City for Approval. The Concessionaire's proposed operating standards must be accompanied by an explanation of the Concessionaire's rationale for making its proposal and all relevant supporting information, certificates, reports, studies, investigations and other materials as are necessary to demonstrate that the Concessionaire's proposed operating standards are reasonably designed to achieve the objectives of the applicable Operating Standards. The City may request any additional supporting information, certificates, reports, studies, investigations and other materials as are reasonably required by the City to determine if the Concessionaire's proposed operating standards are reasonably designed to achieve the objectives of the applicable Operating Standards. Until the City provides its Approval for the implementation of the Concessionaire's proposed operating standards, the Concessionaire shall not implement the proposed operating standards and shall implement and comply with the Operating Standards. The Concessionaire's proposed operating standards shall be deemed incorporated into the Operating Standards upon Approval by the City in accordance with the terms hereof. If the City refuses to Approve any proposed operating standards and the Concessionaire disagrees with such refusal, the Concessionaire may submit the matter to arbitration under the provisions of Article 19.

Section 6.3. Modified Operating Standards.

(a) The City shall have the right, at any time during the Term, to modify or change the Operating Standards upon notice to the Concessionaire to comply with any new Law (other than a Law of the City) applicable to the Metered Parking System Operations. In the event the City modifies the Operating Standards in accordance with the immediately preceding sentence, the Concessionaire, at its cost and expense, shall perform all work required to implement and shall comply with all such modifications and changes and in no event shall the Concessionaire be excused from compliance with any such modification or change. The Concessionaire shall have the right to challenge pursuant to Article 19 any modified Operating Standard on the grounds that it does not meet the requirement of this Section 6.3(a).

(b) If during the Term the City is of the opinion that a modification or change to the Operating Standards is necessary or desirable but such modification or change is not subject to Section 6.3(a), the City may upon reasonable written notice to the Concessionaire modify or change the Operating Standards; *provided, however*, that the City shall pay to the Concessionaire the Concession Compensation with respect thereto at the time such modification or change is implemented. At the City's request, the Concessionaire shall perform all work required to implement and shall comply with all such modifications and changes, and in no event shall the Concessionaire be excused from compliance with any such modification or change. The City shall have the right to undertake the work, upon reasonable notice to the Concessionaire, necessary to ensure implementation of and compliance with any such modification or change to the Operating Standards if the Concessionaire fails to do so within a reasonable period of time; *provided, however*, that to the extent that such work is undertaken by the City, the Concessionaire shall pay to the City within 10 Business Days following demand therefor,

or the City may offset from amounts owing to the Concessionaire in connection with such modification or change, the costs of the portion of the work performed in order to comply with the Operating Standards existing immediately prior to such modification or change, and the City shall be responsible only for the incremental costs of the additional work required in order to implement such proposed modification or change to the Operating Standards and, without duplication with the foregoing, the Concession Compensation with respect to such modification or change.

ARTICLE 7 PARKING REVENUES AND CONCESSION VALUE

Section 7.1. Metered Parking Fees. The City has (and shall retain during the Term) the Reserved Power to establish and revise from time to time the Metered Parking Fees that shall be imposed and charged in respect of motor vehicles using Metered Parking Spaces, including Concession Metered Parking Spaces and Reserve Metered Parking Spaces. Pursuant to the Metered Parking System Ordinance the City has approved and adopted the Initial Schedule of Parking Fees. At or before the Time of Closing the City shall place in effect the Initial Schedule of Parking Fees, and the City agrees that it will constitute a Compensation Event if, prior to December 31, 2013, the City (without the prior written approval of the Concessionaire) places into effect a revised schedule of Metered Parking Fees that (without regard to (i) any Expected Utilization Adjustments and (ii) any other changes to the Concession Metered Parking Spaces resulting from the exercise by the City of its Reserved Powers) results in a reduction in the Aggregate Revenue Value from the Aggregate Revenue Value as of the time immediately prior to the effective date of such revised schedule.

The exercise by the City of its Reserved Power to establish Metered Parking Fees shall not be used to favor the use by the general public of any Other Metered Parking Space located within one mile of any Concession Metered Parking Space or any Reserve Metered Parking Space over the use by the general public of any Concession Metered Parking Space.

The Concessionaire shall, during the Term, have the right to collect and retain all of the Metered Parking Revenues derived from the Concession Metered Parking Spaces, and the right to pledge and assign such Metered Parking Revenues as security for any indebtedness incurred by the Concessionaire pursuant to a Collateral Assignment (and related financing documents).

During the Term, the City shall have the right to retain (or to receive from the Concessionaire) all of the Metered Parking Revenues derived from the operation of Reserve Metered Parking Spaces net of any amounts to be paid to the Concessionaire as consideration for its operation and management of the Reserve Metered Parking Spaces. The consideration to be paid to the Concessionaire for the operation and management of a Reserve Metered Parking Space shall be an amount equal to fifteen percent (15%) of the gross revenues from such Reserve Metered Parking Space. The net revenues derived from Reserve Metered Parking Spaces shall be calculated by the Concessionaire and shall

be paid to the City by the second Business Day next following the Day of collection of such Metered Parking Revenue. If in the reasonable opinion of the Concessionaire the operation and management costs together with a reasonable profit margin relating to a Reserve Metered Parking Space exceeds fifteen percent (15%) of the gross revenues related to a Reserve Metered Parking Space, then the Concessionaire shall have the right to elect that the City and the Concessionaire consult with a Consultant on what a reasonable increase in operation and management fees would be under the then current market conditions. The decision of the Consultant shall be binding on both the City and the Concessionaire for a period of two years. The Concessionaire shall pay the costs and expenses of the Consultant.

The Concessionaire shall be obligated to charge and collect the full amount of the Metered Parking Fees imposed by the City with respect to each Concession Metered Parking Space and each Reserve Metered Parking Space and may not initiate any plan or program of discounts or surcharges from the schedule of Metered Parking Fees as in effect from time to time. In accordance with Section 3.10, the Concessionaire shall be obligated to charge and collect all Parking Taxes that the Concessionaire is obligated to collect from customers of the Metered Parking System and shall be obligated to remit such Parking Tax collections to the appropriate Government Authority (including the City) in the manner required by law.

Section 7.2. Designation and Removal of Metered Parking Spaces.

(a) *Designation.* The designation of Metered Parking Spaces is a Reserved Power of the City and the City shall have the right to designate, and to remove from such status, from time to time, each Metered Parking Space, Concession Metered Parking Space and Reserve Metered Parking Space; *provided, however*, that the City's right to increase the number of Concession Metered Parking Spaces is limited by the provisions of Section 7.2(b). The City shall also retain the Reserved Power to establish the Period of Operation and Period of Stay of Metered Parking Spaces. Any designation or direction of the City pursuant to this Section 7.2 shall be provided in writing to the Concessionaire.

(b) *Limitation on Concession Metered Parking Spaces.* The number of Concession Metered Parking Spaces designated and operating at any time may not exceed 45,000 without the prior written consent of the Concessionaire. During any Excess Value Year, any increase in the number of Concession Metered Parking Spaces (other than an increase resulting from the exercise by the Concessionaire of its right of first refusal pursuant to Section 2.1) is subject to the written consent of the Concessionaire. As used in this Section 7.2(b), the term "Excess Value Year" means the 12-month period beginning on June 1 of a year immediately following a period of two consecutive Reporting Years in which the average System in Service Percentage was greater than one hundred five percent (105%).

(c) *Metering Devices.* All Metering Devices shall be purchased and owned by the Concessionaire. The Concessionaire shall be obligated to install promptly Metering Devices with respect to all newly designated Concession Metered Parking Spaces and Reserve Metered Parking Spaces. If a Concession Metered Parking Space or a Reserve Metered Parking Space ceases to be designated by the City as a Metered Parking Space,

then the Concessionaire must immediately cease to collect Metered Parking Fees with respect to such parking space and, upon the direction of the City, shall proceed to remove all Metering Devices with respect thereto. The installation and the removal of Metering Devices shall be undertaken in accordance with the Operating Standards.

(d) *Costs.* With respect to the payment of the costs of installation of Metering Devices for newly designated Concession Metered Parking Spaces when no Metering Device then exists to service such Metered Parking Space, the first 4,000 installations in any Reporting Year shall be at the sole cost and expense of the Concessionaire and any additional installations in such Reporting Year in excess of the first 4,000 installations shall be paid by the Concessionaire and reimbursed by the City. Such reimbursement shall be paid by the City within 60 Days after the Concessionaire shall have filed with the City a written request for payment together with such information as the City may reasonably request to confirm the claim for reimbursement. For the purpose of determining the number of such installations in any Reporting Year, the date of installation of a Metering Device shall be the Day such Metering Device is placed in service in accordance with the Operating Standards. The Concessionaire shall be obligated to pay all other costs and expenses related to the installation of Metering Devices for Concession Metered Parking Spaces, including, but not limited to, any required installation of a new Metering Device pursuant to Section 4.4 and any reinstallation of a Metering Device after a Required Closure. Any removal of a Metering Device with respect to any Concession Metered Parking Space that is undertaken because such Metered Parking Space is no longer designated by the City as a Metered Parking Space shall be at the sole cost and expense of the City. The installation and removal of Metering Devices with respect to Reserve Metered Parking Spaces shall be undertaken by the Concessionaire at the cost and expense of the City. When a Metering Device is used with respect to a Reserve Metered Parking Space, the City shall pay a monthly rental fee to the Concessionaire for the use of such Metering Device. The monthly rental fee shall be an amount equal to two percent (2%) of the invoiced acquisition cost of the Metering Device (or allocated portion of such acquisition cost if the Metering Device services other Metered Parking Spaces) and shall be payable on the first Business Day after such Metering Device is placed in service with respect to such Reserve Metered Parking Space and thereafter as of the first Business Day of each month during the time such Reserve Metered Parking Space remains designated as a Reserve Metered Parking Space. If the End Date occurs prior to the date falling on the last Day of the 50th month following the first Business Day after such Metering Device is placed in service with respect to such Reserve Metered Parking Space, then the remaining unpaid portion of the invoiced acquisition cost of the Metering Device (or allocated portion of such allocation cost) shall be reimbursed by the City. If in any Reporting Year, the aggregate invoiced acquisition cost of all Metering Devices placed in service during such Reporting Year with respect to Reserve Metered Parking Spaces exceeds the Acquisition Cost Limitation for such Reporting Year, then the City shall reimburse the Concessionaire for any such aggregate invoiced acquisition cost in excess of the Acquisition Cost Limitation for such Reporting Year. Each such reimbursement shall be paid by the City within 60 Days after the Concessionaire shall have filed with the City a written request for payment together with such information as the City may reasonably request to confirm the claim for reimbursement.

(e) *Deemed Removal.* A Metered Parking Space shall be deemed to be removed by the City for the purposes of this Article 7 (and the provisions of Section 14.3) if the City takes any action that has the practical effect of removing such Metered Parking Space from service or making it unusable (or fails to take an action that is necessary to be taken in order to preserve a designated Metered Parking Space as a useable parking space) and such condition continues for a period of 180 consecutive Days, whether or not the City officially or formally removes such a space from designation as a Metered Parking Space (or formally declares a Required Closure), and whether or not any specific notice of such removal or closure is provided by the City. Notwithstanding the foregoing, the Concessionaire shall not remove any Metered Parking Devices from a Metered Parking Space unless and until such Metered Parking Space is formally removed by the City from being designated as a Metered Parking Space and notice of such removal is provided by the City to the Concessionaire in accordance with Section 7.2(a).

Section 7.3. Notice of Exercise of Reserved Powers. The City shall provide the Concessionaire with timely written notice of any changes in Metered Parking Fees pursuant to Section 7.1 and of any actions taken by the City pursuant to Section 7.2. The City shall use reasonable efforts to provide the Concessionaire with timely written notice of any Required Closure other than a Required Closure that is disregarded pursuant to Section 7.8(c). The City shall provide the Concessionaire with timely written notice of any proposed designation or removal of Metered Parking Spaces, any proposed changes in Metered Parking Fees, Periods of Operation, Periods of Stay, Required Closures or fines for parking violations and any other Reserved Power actions (other than emergency actions) that could reasonably be expected to have the effect of resulting in a reduction in Revenue Value of at least five percent (5%).

Section 7.4. Revenue Value. Revenue Values shall be determined by the City in accordance with the methodology set forth in Schedule 6 with respect to the Concession Metered Parking Spaces shown in Schedule 10. The Initial Revenue Value of each Concession Metered Parking Space shall be determined by the City based upon and after taking into account with respect to such Concession Metered Parking Space, the Metered Parking Fee, the Period of Operation, the Period of Stay, the Utilization Rate of such Concession Metered Parking Space and the Rate to Fine Multiple Factor determined in accordance with Section 7.8(e).

For the purpose of determining any Revenue Value or adjusting any Revenue Value, (i) any designation of a new Concession Metered Parking Space or change in Metered Parking Fees, Periods of Operation or Periods of Stay that requires the installation of a new Metering Device shall be deemed effective as the earlier of the date the Metering Device is placed in service in accordance with the Operating Standards or the 120th Day following the Reserved Powers Action Date; (ii) any removal of the designation of a Metered Parking Space as a Concession Metered Parking Space shall be deemed effective as of the second Business Day immediately following the Reserved Powers Action Date; (iii) any change in Metered Parking Fees, Periods of Operation or Periods of Stay that does not require the installation of a new Metering Device shall be deemed effective as of the earlier of the Day the Metering Device as modified to reflect such change is placed in service in accordance with the Operating Standards or the

60th Day following the Reserved Powers Action Date; (iv) any designation of a Concession Metered Parking Space that does not require the installation of a new Metering Device or the modification of the then installed Metering Device (including an informational sticker or display) shall be deemed effective as of the second Business Day after the Reserved Powers Action Date. The Concessionaire shall provide the City with prompt written notice of the placed in service date of each new Metering Device installed pursuant to clause (i) of this paragraph and of each Metering Device that is modified pursuant to clause (iii) of this paragraph. As used in this Section 7.4, "Reserved Powers Action Date" means (A) (i) the effective date of the Reserved Power action as determined in the ordinance or resolution of the City Council authorizing such Reserved Powers action or (ii) if no such effective date is determined in such ordinance or resolution, then the date such ordinance or resolution takes effect or (B) if the exercise of such Reserved Power has been delegated by action of the City Council to the Director of the Department of Revenue of the City or other designated official, the date such delegated authority is exercised by the Director of the Department of Revenue of the City or such designated official by written notice to the Concessionaire. The provisions of this paragraph relate only to the effective dates for the determination or adjustment of Revenue Values and are not a limitation on any provision or requirement of the Operating Standards.

On the first Business Day of each month the City shall calculate the Monthly System in Service Percentage for that month which shall include changes, if any, in the Aggregate Revenue Value and the Existing System Revenue. On the first Business Day of the third month of each Quarter, the City shall calculate the Quarterly System in Service Percentage and the Quarterly Settlement Amount for that Quarter. On the first Business Day of May of the year 2010 and annually thereafter on the first Business Day of May, the City shall calculate the Settlement System Revenue Value.

Each of the foregoing calculations by the City shall be promptly reported in writing and such reports shall be promptly submitted to the Concessionaire. For a period of ten Days following the submission by the City of any of the foregoing reports, the Concessionaire may provide the City with comments or objections to the report and the City agrees to meet with the Concessionaire and its Representatives to discuss any of the matters presented in the report. Within 30 Days after the initial submission of any report, unless the Concessionaire is disputing any element of the report, the City shall deliver to the Concessionaire the report in final form.

During the month of March immediately following the end of a Reporting Year, the Concessionaire shall file with the City a written report determining the Actual System Operating Revenue for the Reporting Year and shall provide the information needed to determine the Utilization Rate of each Concession Metered Parking Space for that Reporting Year. The methodology used to make such determinations shall be subject to the Approval of the City. Absent manifest error, the calculations of the Concessionaire must be accepted by the City.

Section 7.5. Settlements.

(a) *City Settlement Payment.* If the Quarterly Settlement Amount for any Quarter is a positive number, then the City shall owe the Concessionaire the Quarterly

Settlement Amount for that Quarter. Each such Quarterly Settlement Amount shall bear interest at the Bank Rate from the last Day of the Quarter until discharged. Any such Quarterly Settlement Amount shall be reduced by the application of the amount of any available Settlement Credit and any Quarterly Settlement Amount remaining after such reduction must be paid within 60 Days following the final determination of such Quarterly Settlement Amount in accordance with Section 7.4.

(b) *Concessionaire Settlement Payment or Credit.* If the Quarterly Settlement Amount is a negative number for that Quarter, then the Concessionaire shall owe the City the Quarterly Settlement Amount for that Quarter. Any Quarterly Settlement Amount due to the City by the Concessionaire shall accrue as a credit (the "Settlement Credit") against future Quarters in which the City owes a Quarterly Settlement Amount to the Concessionaire. Any balance of a Settlement Credit shall bear interest at the Bank Rate from the last Day of its respective Quarter until applied or discharged. On any date, the Concessionaire, at its option, may pay to the City all or any portion of the Settlement Credit, including accrued interest thereon, due to the City. On the End Date, the amount of any such accrued Settlement Credit, including accrued interest, shall constitute the final settlement amount to be paid by the Concessionaire to the City on the End Date; *provided, however*, that such amount shall be deemed discharged and no such payment shall be required if the End Date is on or after February 29, 2084. Notwithstanding Section 12.11(a), such payment amount shall in no event be offset against any obligation of the City to pay the Metered Parking System Concession Value pursuant to this Agreement.

Section 7.6. Parking Fines and Enforcement. (a) *General Provisions.* The Parties acknowledge and agree that effective enforcement of parking rules and regulations by the City and the adjudication and punishment of Persons that violate such rules and regulations are material to the Parties and to the administration of this Agreement. The Concessionaire acknowledges and agrees that the City's system for the enforcement of parking rules and regulations as in effect on the date of execution of this Agreement satisfies the requirements of this Section 7.6 and that the City will incur no liability to the Concessionaire during such period as such system remains unchanged and in effect. The City covenants that it will enforce parking rules and regulations, as in effect from time to time, in accordance with the provisions of this Section 7.6 and acknowledges that its failure to do so may result in losses to the Concessionaire and thereby may constitute a Compensation Event. The Concessionaire acknowledges and agrees that the adjudication of parking violations and the punishment of violators is a judicial or quasi-judicial matter and that the outcome of such adjudications (and the methods employed by the City with respect thereto) and the punishments, if any, imposed, may not be compensated for under this Agreement and will not give rise to a Compensation Event or result in Concession Compensation in any event. During the Term and pursuant to its Reserved Powers, but subject to applicable provisions of the Illinois Vehicle Code, the City shall adopt and enforce rules and regulations with respect to the Metered Parking Spaces. Violations of parking rules and regulations shall be enforced by the City in accordance with Law. The City agrees to establish, maintain and undertake procedures for the enforcement of parking rules and regulations that are designed to deter parking violations, including procedures for the collection of unpaid

parking tickets by such means as then permitted by Law, including notification to the Illinois Secretary of State of Persons subject to license suspension proceedings pursuant to Section 6-306.5 of the Illinois Vehicle Code. In addition, the City shall at all times during the Term maintain a vehicle immobilization program if then permitted by Law (the form and method of which may be determined from time to time by the City or another Governmental Authority). In no event shall this prevent the City from using alternative methods of deterrence and immobilization which are not currently being used as of the date of this Agreement. The amount of the fines imposed for violations with respect to Metered Parking Spaces shall be established by the City and revised from time to time as necessary to deter parking violations. The City shall establish and maintain a system for the adjudication and punishment of those Persons that commit parking violations. With respect to parking by Exempt Persons, the City will penalize abuse of such parking permits through significant fines and other appropriate measures and will take all reasonable measures to ensure that levels of counterfeit parking permits are minimized.

(b) *Specific Undertakings.* In the administration of its vehicle immobilization program, the City will not discriminate between tickets issued for metered parking violations and tickets issued for other parking violations or between tickets issued by the City and tickets issued by the Concessionaire pursuant to Section 3.2(e). Whenever a metered parking violation has neither been contested or paid and the City has obtained accurate and complete registration information with respect to the registered owner of the vehicle, the City will mail notices of violation, determination and final determination to the registered owner of the cited vehicle in accordance with the following schedule: (i) a notice of violation, within 21 Days of the receipt of accurate and complete registration information, (ii) a notice of determination, within 35 Days of the receipt of accurate and complete registration information, and (iii) a notice of final determination, within 45 Days of the receipt of accurate and complete registration information. The City grants to the Concessionaire the right to provide the City with registration information, if the City is unable to obtain complete and accurate registration information within 45 Days following the date of the data entry of the ticket information. The City agrees to use the information provided by the Concessionaire for enforcement purposes if, in the reasonable judgment of the City, such information is accurate and complete. If the City is unable to collect the amount of any unpaid metered parking violation fine or penalty within 180 Days following the final adjudication of such fine or penalty, and the aggregate amount due to the City equals or exceeds the amount of the fine for the violation, then the City shall refer such collection to a law firm or collection agency.

(c) *Compensation Events.* Each of the following shall constitute a Compensation Event: (i) if the City requires more than three final determinations of parking violation liability for a passenger vehicle to become eligible for vehicle immobilization, *provided, however,* that nothing in this clause (i) limits the City from enacting dollar thresholds for vehicle immobilization eligibility as long as the average fine and penalty value is less than or equal to the average value of three final determinations of parking violation liability, and (ii) if the City offers Persons with unpaid parking fines or penalties the option of paying an amount as full satisfaction of the

fine and penalty if that amount is less than ten times the then weighted average hourly Metered Parking Fee for Concession Metered Parking Spaces.

Section 7.7. Additional Concession Metered Parking Spaces. During the Term and subject to the provisions of Section 7.2(b), the City may designate additional Concession Metered Parking Spaces and each additional Concession Metered Parking Space shall immediately become part of the Metered Parking System. The Concessionaire shall promptly undertake to install (if needed) a Metering Device for each such additional Concession Metered Parking Space and to commence Metered Parking System Operations with respect to such Concession Metered Parking Space.

The City shall assign a Revenue Value to each such additional Concession Metered Parking Space taking into account the then current Metered Parking Fee, Period of Operation, Period of Stay, Rate to Fine Multiple Factor and Expected Utilization Rate, pursuant to the methodology set forth in Schedule 6. On the first Day of the Reporting Year that occurs no less than 12 months and not more than 24 months after the date the designation of the Concession Metered Parking Space is deemed to be effective for Revenue Value purposes pursuant to Section 7.4, the City shall adjust the Aggregate Revenue Value by the Expected Utilization Adjustment for such additional Concession Metered Parking Space, if any, pursuant to the methodology set forth in Schedule 6. However, if the Revenue Value of a Concession Metered Parking Space has been changed by virtue of a Reserved Power action, excluding Regular Rate Adjustments, that impacts the Expected Utilization Rate prior to the first Day of a Reporting Year occurring not less than 12 months and not more than 24 months after the date the designation of an additional Concession Metered Parking Space is deemed to be effective for Revenue Value purposes pursuant to Section 7.4, an Expected Utilization Adjustment shall only be made for the final Reserved Power action.

Section 7.8. Adjustments to Revenue Values.

(a) *General.* Schedule 10 listing the Revenue Values of the Concession Metered Parking Spaces shall be adjusted from time to time as provided in this Section 7.8. Any change in Revenue Value (other than as set forth in Section 7.1 with respect to the Initial Schedule of Parking Fees) made by the City pursuant to this Article 7 is not a Compensation Event and will not result in Concession Compensation. For the purposes of calculating Revenue Value, the Utilization Rate of a Concession Metered Parking Space will be adjusted (i) pursuant to Section 7.8(f); or (ii) when the City exercises its Reserved Powers and such action impacts the Utilization Rate *provided, however* that no adjustment of the Utilization Rate will take place under this clause (ii) on account of a revision in the Metered Parking Fee for a Concession Metered Parking Space that is a Regular Rate Adjustment.

(b) *Changes in Rate, Period of Operation or Period of Stay.* Whenever there is a change in the Metered Parking Fee or the Period of Operation or the Period of Stay of a Concession Metered Parking Space, the City shall promptly assign a new Revenue Value to the Concession Metered Parking Space taking into account the then current Metered Parking Fee, Period of Operation, Period of Stay, Rate to Fine Multiple Factor and Expected Utilization Rate, pursuant to the methodology set forth in Schedule 6

provided that if such change is solely a Regular Rate Adjustment then the Utilization Rate in effect immediately prior to such Regular Rate Adjustment, pursuant to the methodology set forth in Schedule 6, shall be used in the calculation of Revenue Value and no Expected Utilization Adjustment shall be made. On the first Day of the Reporting Year that occurs no less than 12 months and not more than 24 months after the date the change is deemed to be effective for Revenue Value purposes pursuant to Section 7.4, the City shall adjust Aggregate Revenue Value by the Expected Utilization Adjustment for such Concession Metered Parking Space, if any, pursuant to the methodology set forth in Schedule 6. However, if the Revenue Value of a Concession Metered Parking Space has been changed by virtue of a Reserved Power action, excluding Regular Rate Adjustments, that impacts the Expected Utilization Rate prior to the first Day of a Reporting Year occurring not less than 12 months and not more than 24 months after the date such change is deemed to be effective for Revenue Value purposes pursuant to Section 7.4, an Expected Utilization Adjustment shall only be made for the final Reserved Power action.

(c) *Required Closure.* If as a result of a Required Closure, Metered Parking System Operations for a Concession Metered Parking Space are suspended for a number of Days in the Reporting Year in excess of the Required Closure Allowance, then for the current and any subsequent Quarter during such Reporting Year the City shall be obligated to make a Required Closure Payment. Any Required Closure of an aggregate duration of greater than six hours in any Day shall be treated as a Required Closure for the entire Day and any Required Closure of an aggregate duration of six hours or less shall be disregarded; *provided* that any Required Closure of an aggregate duration of six hours or more that occurs within a period of three consecutive Days (with no single Day Required Closure of greater than six hours) shall be treated as a Required Closure for one Day.

(d) *Parking Tax Imposition or Increase.* If a Parking Tax is imposed with respect to Concession Metered Parking Spaces that are On Street Parking Spaces, then the Revenue Value of each such Concession Metered Parking Space shall be promptly reduced to reflect that the Metered Parking Fee expected to be derived by the Concessionaire from such Concession Metered Parking Space will be net of the Parking Tax. If, after the Closing Date, an existing Parking Tax is increased or a new Parking Tax is imposed on a Concession Metered Parking Space that is an Off Street Parking Space, then a similar reduction shall be made in the Revenue Value of that Concession Metered Parking Space.

(e) *Rate to Fine Multiple.* The Revenue Value of a Concession Metered Parking Space shall be promptly reduced by ten percent during any period of time that the Rate to Fine Multiple is less than ten; by twenty-five percent during any period of time that the Rate to Fine Multiple is less than five and by eighty percent during any period of time that the Rate to Fine Multiple is less than three.

(f) *Utilization Adjustment.* Whenever in the reasonable opinion of the Concessionaire, the exercise by the City of its Reserved Powers, other than a change in Metered Parking Fees, Periods of Operation, Periods of Stay or Rate to Fine Multiple factor, has caused a reduction in both the Utilization Rate of the Concessionaire Metered

Parking Spaces and Aggregate Revenue Value, measured over a period of at least 60 Days, then, upon the written request of the Concessionaire, the City shall, after taking into account information provided by the Concessionaire with respect to the Utilization Rate over such 60 Day period (i) evaluate the Utilization Rate of all Concession Metered Parking Spaces as needed to adjust the then current Revenue Value of each Concession Metered Parking Space, taking into account such exercise by the City of its Reserved Powers and (ii) promptly make such adjustments in the Utilization Rate of Concession Metered Parking Spaces in accordance with the results of such evaluation.

(g) *Meter Adjustment.* Schedule 10 shall also be promptly adjusted whenever a Metered Parking Space is added or removed as a Concession Metered Parking Space. The Revenue Value of any such Concession Metered Parking Space shall also be subject to all of the other adjustments required under this Section 7.8.

Section 7.9. Incentive to Modernize Metering Devices. Any increase in the number of On-Street Parking Spaces resulting from the replacement of traditional single bay and double bay electronic or mechanical Metering Devices by the installation of pay and display Metering Devices or other Metering Devices that eliminate or reduce the need for stanchions and other structures in the public way will not constitute an increase in the number of Concession Metered Parking Spaces for the purpose of any calculation of Revenue Value.

Section 7.10. Reduction in Concession Metered Parking Spaces. A Reserved Powers Adverse Action shall have occurred if (i) for any Reporting Year the average daily number of Concession Metered Parking Spaces is less than 30,000 or (ii) for any Reporting Year ending prior to March 1, 2073, the average of the Monthly System in Service Percentages for such Reporting Year is less than eighty percent (80%).

Section 7.11. Excessive Use By Exempt Persons. The amount of any Exempt Persons Annual Excess Loss for a Reporting Year shall accrue interest at the Bank Rate from the last day of the applicable Reporting Year and shall be paid by the City to the Concessionaire no later than 90 Days following the determination of the amount of such Exempt Persons Annual Excess Loss.

Section 7.12. Right to Challenge. If a Party objects to any determination made by the other Party pursuant to this Article 7, the objecting Party shall have the right to submit such determination (at any time including after the date of such determination) for resolution by technical arbitration pursuant to Section 19.7.

ARTICLE 8 REPORTING; AUDITS; INSPECTIONS

Section 8.1. Reports.

(a) *Incident Management and Notifications.* The Concessionaire shall provide notice to the City within 24 hours of all emergencies, known to the Concessionaire or the Operator, and promptly provide notice to the City of all material

accidents and incidents occurring at the Concession Parking Lots or with respect to the Metered Parking System, and of all claims in excess of \$50,000 made by or against the Concessionaire, or potential claims in excess of \$50,000 that the Concessionaire reasonably expects to make against, or to be made against it by, third parties.

(b) *Environmental Incident Management and Notifications.* The Concessionaire shall provide notice to the City within 24 hours following the Concessionaire's becoming aware of the discharge, dumping, spilling (accidental or otherwise) of any reportable quantity, as defined under applicable Environmental Law, of Hazardous Substances occurring at the Concession Parking Lots, the time, the agencies involved, the damage that has occurred and the remedial action taken. The Concessionaire shall be financially responsible and shall pay the costs and expenses of any remediation required as a result of any such discharge, dumping or spilling of Hazardous Substances caused by the willful misconduct or negligent action of, or permitted by the negligent inaction of, the Concessionaire or any of its Representatives. The Concessionaire shall not be financially responsible for the actions of third parties except for those actions with respect to which the Concessionaire or any of its Representatives shall have had prior knowledge or those actions consented to by the Concessionaire or any of its Representatives.

(c) *Financial Reports.* The Concessionaire shall deliver to the City within 120 Days after the end of each Reporting Year a copy of the audited balance sheets of the Concessionaire at the end of each such Reporting Year, and the related audited statements of income, changes in equity and cash flows for such Reporting Year, including in each case the notes thereto, together with the report thereon of the independent certified public accountants of the Concessionaire, in each case in a manner and containing information consistent with the Concessionaire's current practices and certified by the Concessionaire's chief financial officer that such financial statements fairly present the financial condition and the results of operations, changes in equity and cash flows of the Concessionaire as at the respective dates of and for the periods referred to in such financial statements, all in accordance with generally accepted accounting principles in the United States consistently applied. Such financial statements shall reflect the consistent application of such accounting principles throughout the periods involved, except as disclosed in the notes to such financial statements.

Section 8.2. Information.

(a) *Furnish Information.* At the request of the City, the Concessionaire shall, at the Concessionaire's cost and expense and at any and all reasonable times during the Term: (i) make available or cause to be made available (and, if requested by the City, furnish or cause to be furnished) to the City all Information relating to the Metered Parking System Operations, this Agreement or the Metered Parking System as may be specified in such request and as shall be in the possession or control of the Concessionaire or its Representatives, and (ii) permit the City, after giving 10 Business Days' prior notice to the Concessionaire (which notice shall identify the Persons the City requests to be present for an interview and describe with reasonable specificity the subject matter to be raised in the interview), to discuss the obligations of the Concessionaire under this Agreement with any of the directors, officers, employees or

managers of the Concessionaire, the Operator or their respective Representatives (it being agreed that the Concessionaire shall have the right to be present during any such discussions with the Operator or Representatives of the Concessionaire or the Operator), for the purpose of enabling the City to determine whether the Concessionaire is in compliance with this Agreement, *provided* that, in the case of investigations of possible criminal conduct or City ordinance violations, no prior notice shall be required to the Concessionaire and the Concessionaire shall not have the right to be present during any discussions with the Operator or Representatives of the Concessionaire or the Operator. For the avoidance of doubt, this Section 8.2(a) does not impose a requirement to retain Information not otherwise retained in the normal course of business or required to be retained by applicable Law.

(b) *Confidentiality.* Unless disclosure is required by applicable Law, the City shall keep confidential any Information obtained from the Concessionaire or its Representatives that (i) pursuant to Section 7(1)(g) of the Illinois Freedom of Information Act, 5 ILCS 140/7(1)(g), constitutes trade secrets or commercial or financial information (A) where the trade secrets or commercial or financial information are proprietary, privileged or confidential, or (B) where disclosure of the trade secrets or commercial or financial information may cause competitive harm and (ii) is designated as such by the Concessionaire in writing to the City; *provided, however*, that the City shall have the right to determine, in its reasonable discretion, whether Section 7(1)(g) of the Illinois Freedom of Information Act applies to any such Information; *provided further* that in the event the City determines that Section 7(1)(g) of the Illinois Freedom of Information Act does not apply to any such Information, the City shall provide reasonable notice to, and shall consult with, the Concessionaire prior to disclosure of such Information. In the event that the Concessionaire requests the City to defend an action seeking the disclosure of Information that the City determines to be confidential pursuant to this Section 8.2(b), the Concessionaire shall reimburse the City for the reasonable costs and expenses (including attorneys' fees of the prevailing party) incurred by the City in defending any such action. Notwithstanding anything to the contrary herein, the City and the Concessionaire may disclose the United States federal tax treatment and tax structure of the Transaction.

Section 8.3. Inspection, Audit and Review Rights of the City.

(a) *Audit Right.* In addition to the rights set out in Section 8.2, the City may, at all reasonable times, upon 10 Business Days' prior notice, except in the case of investigations of possible criminal conduct or City ordinance violations, in which case no prior notice shall be required, cause a Representative designated by it to, carry out an Audit of the Information required to be maintained or delivered by the Concessionaire under this Agreement in connection with the performance of the Metered Parking System Operations for the purpose of verifying the information contained therein and shall be entitled to make copies thereof and to take extracts therefrom, at the City's expense, but, in any event, subject to Section 8.2(b). The Concessionaire, at the cost and expense of the Concessionaire, shall, at reasonable times, make available or cause to be made available to the City or its designated Representative such information and material as may reasonably be required by the City or its designated Representative for its purposes.

and otherwise provide such cooperation as may be reasonably required by the City in connection with the same.

(c) *Tests.* The City and its Representatives shall, with the prior consent of the Concessionaire (which shall not be unreasonably withheld, conditioned or delayed), except in the case of investigations of possible criminal conduct or City ordinance violations, in which case no consent shall be required, be entitled, at the sole cost and expense of the City, and at any time and from time to time, to perform or cause to be performed any test, study or investigation in connection with the Metered Parking System or the Metered Parking System Operations as the City may reasonably determine to be necessary in the circumstances and the Concessionaire, at the cost and expense of the Concessionaire, shall, and shall cause its Representatives to, furnish the City or its Representatives with reasonable assistance in connection with the carrying out of such tests, procedures, studies and investigations.

(d) *No Waiver.* Failure by the City or its Representatives to inspect, review, test or Audit the Concessionaire's responsibilities under this Agreement or any part thereof, or the performance by the Concessionaire of the Metered Parking Services, or the Information, shall not constitute a waiver of any of the rights of the City hereunder or any of the obligations or liabilities of the Concessionaire hereunder. Inspection, review, testing or Audit not followed by a notice of Concessionaire Default shall not constitute a waiver of any Concessionaire Default or constitute an acknowledgement that there has been or will be compliance with this Agreement and applicable Law.

(e) *No Undue Interference.* In the course of performing its inspections, reviews, tests and Audits hereunder, the City shall minimize the effect and duration of any disruption to or impairment of the Metered Parking System Operations or the Concessionaire's rights or responsibilities under this Agreement, having regard to the nature of the inspections, reviews, tests and Audits being performed, except as necessary in the case of investigations of possible criminal conduct or City ordinance violations.

ARTICLE 9 REPRESENTATIONS AND WARRANTIES

Section 9.1. Representations and Warranties of the City. The City makes the following representations and warranties to the Concessionaire and acknowledges that the Concessionaire and its Representatives are relying upon such representations and warranties in entering into this Agreement:

Subject to any and all permitted City Encumbrances, the recorded or unrecorded restrictions, exceptions, easements, rights of way, reservations, limitations, interests and other matters that affect title to the Metered Parking System (or any portion thereof) do not materially adversely affect the Concessionaire's ability to operate the Metered Parking System in accordance with the terms hereof. (f) *Consents.* No Consent is required to be obtained by the City from, and no notice or filing is required to be given by the City to or made by the City with, any Person (including any Governmental Authority) in connection with the execution, delivery and performance by the City of this Agreement or the consummation of the transactions contemplated hereby.

Section 10.2. City's Obligations. The City shall, to the extent consistent with applicable Law and at the sole cost and expense of the Concessionaire, cooperate with the Concessionaire with respect to documentation reasonably necessary to obtain, maintain and replace financing for the performance of the obligations of the Concessionaire hereunder. The City's cooperation may include reviewing, Approving and executing documents which substantiate the terms of this Agreement (including any consents and agreements necessary to confirm that the debt evidenced by the relevant financing constitutes Collateral Assignment Debt) and making information and material available to the Concessionaire's lenders to facilitate financing to the extent permitted by applicable Law and contractual obligations with third parties and to the extent reasonable in the circumstances. ARTICLE 12 INDEMNIFICATION

Section 12.1. Indemnification by the Concessionaire. The Concessionaire shall indemnify and hold harmless the City and each of its Representatives from and against any Losses actually suffered or incurred by the City or any such Representative, based upon, arising out of, occasioned by or attributable to (i) any failure by the Concessionaire, the Operator or each of their respective Representatives to comply with, observe or perform any of the covenants, obligations, agreements, terms or conditions in this Agreement or, subject to Section 9.4(b), any breach by the Concessionaire of its representations or warranties set forth herein, (ii) any Assumed Liabilities, (iii) any Tax or recording charge attributable to any Transfer of the Concessionaire Interest or any part thereof by the Concessionaire (other than a Transfer to the City pursuant to this Agreement) or (iv) any claim for brokerage commissions, fees or other compensation by any Person who acted on behalf of the Concessionaire or its Representatives in connection with this Agreement, any Transfer of the Concessionaire Interest or any part thereof or any other matter affecting the Metered Parking System; *provided, however*, that, except with respect to Claims resulting from Third Party Claims, Claims are made in writing within a period of three years following the expiration of the Term or earlier termination of this Agreement or within such shorter period as may be prescribed by the applicable statute of limitations.

Section 12.2. Indemnification by the City. The City shall indemnify and hold harmless the Concessionaire and each of its Representatives and Collateral Assignee against and from and against any Losses actually suffered or incurred by the

Concessionaire or any such Representative or Collateral Assignee, based upon, arising out of, occasioned by or attributable to (i) any failure by the City or its Representatives to comply with, observe or perform any of the covenants, obligations, agreements, terms or conditions in this Agreement or, subject to Section 9.4(a), any breach by the City of its representations or warranties set forth herein, (ii) any Excluded Liabilities, (iii) any claim for brokerage commissions, fees or other compensation by any Person who acted on behalf of the City or any of its Representatives in connection with this Agreement, or any other matter affecting the Metered Parking System; *provided, however*, that, except with respect to Claims resulting from Third Party Claims, Claims are made in writing within a period of three years of the expiration of the Term or earlier termination of this Agreement or within such shorter period as may be prescribed by the applicable statute of limitations.

Section 12.3. Agency for Representatives. Each of the City and the Concessionaire agrees that it accepts each indemnity in favor of any of its Representatives, as agent and trustee of that Representative and agrees that each of the City and the Concessionaire may enforce an indemnity in favor of its Representatives on behalf of that Representative. As used in this Section 12.3, the term "Representative," in the case of the Concessionaire, includes the Collateral Assignee.

Section 12.4. Third Party Claims.

(a) *Notice of Third Party Claim.* If an Indemnified Party receives notice of the commencement or assertion of any Third Party Claim, the Indemnified Party shall give the Indemnifier reasonably prompt notice thereof, but in any event no later than 30 Days after receipt of such notice of such Third Party Claim. Such notice to the Indemnifier shall describe the Third Party Claim in reasonable detail (and include a copy of any complaint or related documents) and shall indicate, if reasonably practicable, the estimated amount of the Loss that has been or may be sustained by the Indemnified Party.

(b) *Defense of Third Party Claim.* The Indemnifier may participate in or assume the defense of any Third Party Claim by giving notice to that effect to the Indemnified Party not later than 30 Days after receiving notice of that Third Party Claim (the "Notice Period"). The Indemnifier's right to do so shall be subject to the rights of any insurer or other Party who has potential liability in respect of that Third Party Claim. The Indemnifier agrees to pay all of its own expenses of participating in or assuming each defense. The Indemnified Party shall co-operate in good faith in the defense of each Third Party Claim, even if the defense has been assumed by the Indemnifier and may participate in such defense assisted by counsel of its own choice at its own expense. If the Indemnified Party has not received notice within the Notice Period that the Indemnifier has elected to assume the defense of such Third Party Claim, the Indemnified Party may assume such defense, assisted by counsel of its own choosing and the Indemnifier shall be liable for all reasonable costs and expenses paid or incurred in connection therewith and any Loss suffered or incurred by the Indemnified Party with respect to such Third Party Claim.

(c) *Assistance for Third Party Claims.* The Indemnifier and the Indemnified Party will use all reasonable efforts to make available to the Party which is undertaking

and controlling the defense of any Third Party Claim (the “Defending Party”), (i) those employees whose assistance, testimony and presence is necessary to assist the Defending Party in evaluating and in defending any Third Party Claim, and (ii) all Documents, records and other materials in the possession of such party reasonably required by the Defending Party for its use in defending any Third Party Claim, and shall otherwise cooperate with the Defending Party. The Indemnifier shall be responsible for all reasonable expenses associated with making such Documents, records and materials available and for all expenses of any employees made available by the Indemnified Party to the Indemnifier hereunder, which expense shall not exceed the actual cost to the Indemnified Party associated with such employees.

(d) *Settlement of Third Party Claims.* If an Indemnifier elects to assume the defense of any Third Party Claim in accordance with Section 12.4(b), the Indemnifier shall not be liable for any legal expenses subsequently incurred by the Indemnified Party in connection with the defense of such Third Party Claim. However, if the Indemnifier fails to take reasonable steps necessary to defend diligently such Third Party Claim within 30 Days after receiving notice from the Indemnified Party that the Indemnified Party bona fide believes on reasonable grounds that the Indemnifier has failed to take such steps, the Indemnified Party may, at its option, elect to assume the defense of and to compromise or settle the Third Party Claim assisted by counsel of its own choosing and the Indemnifier shall be liable for all reasonable costs and expenses paid or incurred in connection therewith. The Indemnified Party shall not settle or compromise any Third Party Claim without obtaining the prior written consent of the Indemnifier unless such settlement or compromise is made without any liability to, and does not require any action on the part of, the Indemnifier.

Section 12.5. Direct Claims. Any Direct Claim shall be asserted by giving the Indemnifier reasonably prompt notice thereof, but in any event not later than 90 Days after the Indemnified Party becomes aware of such Direct Claim. The Indemnifier shall then have a period of 30 Days within which to respond in writing to such Direct Claim. If the Indemnifier does not so respond within such 30-Day period, the Indemnifier shall be deemed to have rejected such Claim, and in such event the Indemnified Party may submit such Direct Claim to the dispute resolution process set forth in Article 19.

Section 12.6. Failure to Give Timely Notice. A failure to give timely notice in accordance with this Article 12 shall not affect the rights or obligations of any Party except and only to the extent that, as a result of such failure, a Party which was entitled to receive such notice was deprived of its right to recover any payment under its applicable insurance coverage or was otherwise directly and materially damaged as a result of such failure. However, this Section 12.6 shall have no effect whatever on the survival provisions set out in Section 9.4 and the rights of the Parties with respect thereto.

Section 12.7. Reductions and Subrogation. If the amount of any Loss incurred by an Indemnified Party at any time subsequent to the making of an indemnity payment hereunder (an “Indemnity Payment”) is reduced by any recovery, settlement or otherwise under or pursuant to any insurance coverage, or pursuant to any claim, recovery, settlement or payment by or against any other Person, the amount of such reduction (less any costs, expenses (including Taxes) or premiums incurred in connection therewith),

together with interest thereon from the date of payment thereof at the Bank Rate, shall promptly be repaid by the Indemnified Party to the Indemnifier. Upon making a full Indemnity Payment, the Indemnifier shall, to the extent of such Indemnity Payment, be subrogated to all rights of the Indemnified Party against any third party in respect of the Loss to which the Indemnity Payment relates. Until the Indemnified Party recovers full payment of its Loss, any and all claims of the Indemnifier against any such third party on account of such Indemnity Payment shall be postponed and subordinated in right of payment to the Indemnified Party's rights against such third party.

Section 12.8. Payment and Interest. All amounts to be paid by an Indemnifier hereunder shall bear interest at a rate per annum equal to the Bank Rate, calculated annually and payable monthly, both before and after judgment, from the date that the Indemnified Party disbursed funds, suffered damages or losses or incurred a loss, liability or expense in respect of a Loss for which the Indemnifier is liable to make payment pursuant to this Article 12, to the date of payment by the Indemnifier to the Indemnified Party.

Section 12.9. Limitation on Certain Claims. No Claim may be made by the Concessionaire or its Representatives against the City under Section 12.2 for the breach of any representation or warranty made or given by the City in Section 9.1 unless (i) the Loss suffered or incurred by the Concessionaire or its Representatives in connection with such breach is in excess of \$10,000 and (ii) the aggregate of all Losses suffered or incurred by the Concessionaire or its Representatives in connection with breaches of representations and warranties in Section 9.1 exceeds \$2,000,000 in the aggregate, in which event the amount of all such Losses in excess of such amount may be recovered by the Concessionaire or its Representatives; *provided, however*, that the maximum aggregate liability of the City to the Concessionaire or its Representatives in respect of such Losses shall not exceed 50% of the Consideration; *provided further* that this Section 12.9 shall not apply to Claims for the breach of the representations or warranties in Section 9.1(a), (b), (c), (d), (e), (f) or (g) or to Claims for fraud, intentional misrepresentation or intentional breach of the representations or warranties in Section 9.1.

Section 12.10. Other Matters. To the extent permissible by applicable Law, the Concessionaire waives any limits to the amount of its obligations to defend, indemnify, hold harmless or contribute to any sums due under any Losses, including any claim by any employee of the Concessionaire, that may be subject to the Workers Compensation Act, 820 ILCS 305/1 *et seq.* or any other related law or judicial decision (such as, *Kotecki v. Cyclops Welding Corporation*, 146 Ill. 2d 155 (1991)).

Section 12.11. Offset Rights; Limitations on Certain Damages.

(a) Except as provided in Section 7.5(b) with respect to offset, each Party's obligations under this Agreement are subject to, and each Party shall have the benefit of, all defenses, counterclaims, rights of offset or recoupment or other claims and rights, including the right to deduct payments due to the other Party hereunder (collectively, "Offsets") which such Party may have at any time against such other Party (or any of their respective successors and assigns) or any transferee or assignee of any such other

Party's rights as against such Party or any part thereof or interest therein, whether the claim or right of such Party relied upon for such purpose is matured or unmatured, contingent or otherwise, and no transfer or assignment of this Agreement or any other obligation of such other Party, or of any rights in respect thereof, pursuant to any plan of reorganization or liquidation or otherwise shall affect or impair the availability to each Party of the Offsets.

(b) In no event shall any Party be liable to the other Party under this Agreement for consequential, indirect, exemplary or punitive damages (except for claims for fraud or for intentional misrepresentation or intentional breach).

Section 12.12. Survival. This Article 12 shall remain in full force and effect in all circumstances and shall not be terminated by any breach (fundamental, negligent or otherwise) by any Party of its representations, warranties or covenants hereunder or by any termination or rescission of this Agreement by any Party.

ARTICLE 13 INSURANCE

Section 13.1. Insurance Coverage Required. The Concessionaire shall provide and maintain at the Concessionaire's own expense, or cause to be maintained, during the Term and during any time period following expiration if the Concessionaire is required to return and perform any additional work, the insurance coverages and requirements specified below, insuring the Metered Parking System and all Metered Parking System Operations (the "Required Coverages").

The receipt of any certificate does not constitute agreement by the City that the insurance requirements in this Agreement have been fully met or that the insurance policies indicated on the certificate are in compliance with all requirements of this Agreement. The failure of the City to obtain certificates or other insurance evidence from the Concessionaire shall not be deemed to be a waiver by the City. The Concessionaire shall advise all insurers of provisions of this Agreement regarding insurance. Non-conforming insurance shall not relieve the Concessionaire of the obligation to provide insurance as specified herein. Except as otherwise expressly set forth herein, each Required Coverage may be reviewed by the City for compliance with the terms of this Agreement. Each Required Coverage shall be signed by the insurer responsible for the risks insured against or by the insurer's authorized representative. The Concessionaire shall not cancel, terminate, materially change to the detriment of the City any Required Coverage.

(c) *Deductibles.* All Required Coverages may contain deductibles or self-insured retentions not to exceed amounts reasonably acceptable to the City. Any and all deductibles or self-insured retentions on Required Coverages shall be borne by the Concessionaire or its Contractors.

and all costs and expenses of the City in connection therewith shall be payable by the Concessionaire to the City on demand without any Days of grace and without prejudice to any other rights and remedies of the City hereunder. Such insurance taken out by the City shall not relieve the Concessionaire of its obligations to insure hereunder and the City shall not be liable for any loss or damage suffered by the Concessionaire in connection therewith.

(g) *No Limitation as to Concessionaire Liabilities.* The Concessionaire expressly understands and agrees that any coverages and limits furnished by the Concessionaire shall in no way limit the Concessionaire's liabilities and responsibilities specified within this Agreement or by Law.

(h) *No Contribution by City.* The Concessionaire expressly understands and agrees that any insurance or self-insurance programs maintained by the City shall not contribute with insurance provided by the Concessionaire under this Agreement.

(i) *Insurance Not Limited by Indemnification.* The required insurance shall not be limited by any limitations expressed in the indemnification language herein or any limitation placed on the indemnity therein given as a matter of law.

Such coverages shall insure the interests of the City, its employees, elected officials, agents and representatives, the Concessionaire and any other Contractors in respect of the applicable work being performed and shall be subject to the same (or comparable) coverage and administrative requirements as are imposed on the Concessionaire pursuant to this Agreement. When requested to do so by the City, the Concessionaire shall provide or cause to be provided to the City Certificates of Insurance with respect to such insurance coverages or such other evidence of insurance, as may be reasonably acceptable in form and content to the City.

(k) *Joint Venture and Limited Liability Company Policies.* If the legal entity maintaining the Required Coverage is a joint venture or limited liability company, the insurance policies shall specifically name the joint venture or limited liability company as a named insured.

(l) *Other Insurance Obtained by Concessionaire.* If the Concessionaire or its Contractors desire coverages in addition to the Required Coverages, the Concessionaire and each Contractor shall be responsible for the acquisition and cost of such additional coverages. If the Concessionaire or its Contractors obtain any property, liability or other insurance coverages in addition to the Required Coverages ("Additional Coverages"), then the Concessionaire or its Contractors shall (i) notify the City as to such Additional Coverages, (ii) provide the City with any documentation relating to the Additional Coverages, including Certificates of Insurance, that the City reasonably requests and (iii) at the City's election, cause the City and its employees, elected or appointed

officials, agents and representatives to be named as additional insureds under such Additional Coverages.

(m) *Cooperation.* The City and the Concessionaire shall do all acts, matters and things as may be reasonably necessary or required to expedite the adjustment of any loss or damage covered by insurance hereunder so as to expedite the release and dedication of proceeds of such insurance in the manner and for the purposes herein contemplated.

(n) *City's Right to Modify.* The City (through its Risk Management Department) shall have the right to modify, delete, alter or change insurance coverage requirements set forth in Section 13.1 (other than any property insurance, which pursuant to Section 13.1(f) is not required to be maintained) and this Section 13.2 to reflect known and established material changes in insurance coverages for operations comparable to the Metered Parking System Operations or known and established material changes in insurance exposures associated with the Metered Parking System provided that the Concessionaire shall not have any obligation to procure or maintain at its cost any additional insurance unless an independent insurance consultant shall have delivered to the Concessionaire its opinion to the effect that the additional coverages are required pursuant to the above-stated criteria and such additional coverages are commercially available at reasonable rates in terms of cost of premium and amount of deductibles. Notwithstanding anything to the contrary herein, if any insurance (including the limits or deductibles thereof) required to be maintained under this Agreement shall not be available at commercially reasonable rates, the Concessionaire shall have the right to request that the City consent to waive such requirement and the City shall not unreasonably withhold, condition or delay such consent. Any such waiver shall be effective only so long as such insurance shall not be available at commercially reasonable rates, *provided* that during the period of such waiver, the Concessionaire maintains the maximum amount of such insurance otherwise available at commercially reasonable rates.

Section 13.3. Damage and Destruction.

(a) *Obligations of Concessionaire.* If all or any part of any of the Metered Parking System shall be destroyed or damaged during the Term in whole or in part by fire or other casualty of any kind or nature (including any casualty for which insurance was not obtained or obtainable), ordinary or extraordinary, foreseen or unforeseen, the Concessionaire shall: (i) give the City notice thereof promptly after the Concessionaire receives actual notice of such casualty; (ii) at its sole cost and expense, whether or not insurance proceeds, if any, shall be equal to the estimated cost of repairs, alterations, restorations, replacement and rebuilding (the "Casualty Cost"), proceed diligently to repair, restore or rebuild the same to the condition existing prior to the happening of such fire or other casualty (any such activity being a "Restoration"); and (iii) deposit all insurance proceeds received by the Concessionaire in connection with any Restoration with a Depositary; *provided, however*, that if at any time the Casualty Cost exceeds the net insurance proceeds actually deposited with the Depositary, then the Concessionaire shall also deposit with the Depositary such cash as is sufficient to cover the difference between the Casualty Cost and the net insurance proceeds (collectively, with any interest

earned thereon, the "Restoration Funds"); *provided further* that the procedures of this clause (iii) of this Section 13.3(a) shall only apply to casualty events in which the cost of Restoration exceeds \$1,000,000.

(b) *Rights of City.* If (i) the Concessionaire shall fail or neglect to commence the diligent Restoration of the Metered Parking System or the portion thereof so damaged or destroyed, (ii) having so commenced such Restoration, the Concessionaire shall fail to diligently complete the same in accordance with the terms of this Agreement or (iii) prior to the completion of any such Restoration by the Concessionaire, this Agreement shall expire or be terminated in accordance with the terms of this Agreement, the City may, but shall not be required to, complete such Restoration at the Concessionaire's expense and shall be entitled to be paid out of the Restoration Funds, but such payment shall not limit the Concessionaire's obligation to pay the City's reasonable Restoration expenses, less amounts received by the City from such Restoration Funds. In any case where this Agreement shall expire or be terminated prior to the completion of the Restoration, the Concessionaire shall (x) account to the City for all amounts spent in connection with any Restoration which was undertaken, (y) pay over or cause the Depository to pay over to the City, within 30 Days after demand therefor, the remainder, if any, of the Restoration Funds received by the Concessionaire prior to such termination or cancellation and (z) pay over or cause the Depository to pay over to the City, within 30 Days after receipt thereof, any Restoration Funds received by the Concessionaire or the Depository subsequent to such termination or cancellation. The Concessionaire's obligations under this Section 13.3(b) shall survive the expiration or termination of this Agreement.

(c) *Payment of Restoration Funds to Concessionaire.* Subject to the satisfaction by the Concessionaire of all of the terms and conditions of this Section 13.3, the Depository shall pay to the Concessionaire from time to time, any Restoration Funds, but not more than the amount actually collected by the Depository upon the loss, together with any interest earned thereon, after reimbursing itself therefrom, as well as the City, to the extent, if any, of the reasonable expenses paid or incurred by the Depository and the City in the collection of such monies, to be utilized by the Concessionaire solely for the Restoration, such payments to be made as follows:

(i) prior to commencing any Restoration, the Concessionaire shall furnish the City with an estimate of the cost of such Restoration, prepared by an architect or engineer;

(ii) the Restoration Funds shall be paid to the Concessionaire in installments as the Restoration progresses, subject to Section 13.3(c)(iii), based upon requisitions to be submitted by the Concessionaire to the Depository and the City in compliance with Section 13.3(d), showing the cost of labor and materials purchased for incorporation in the Restoration, or incorporated therein since the previous requisition, and due and payable or paid by the Concessionaire; *provided, however*, that if any lien (other than a Permitted Concessionaire Encumbrance) is filed against the Metered Parking System or any part thereof in connection with the Restoration, the Concessionaire shall not be entitled to receive any further installment until such lien is satisfied or discharged (by bonding or otherwise); *provided further* that notwithstanding the foregoing, but subject to the provisions of Section 13.3(c)(iii), the existence of any

such lien shall not preclude the Concessionaire from receiving any installment of Restoration Funds so long as such lien will be discharged with funds from such installment and at the time the Concessionaire receives such installment the Concessionaire delivers to the City and the Depository a release of such lien executed by the lien or and in recordable form;

(iii) the amount of any installment to be paid to the Concessionaire shall be (A) the product of (x) the total Restoration Funds and (y) a fraction, the numerator of which is the cost of labor and materials theretofore incurred by the Concessionaire in the Restoration and the denominator of which is the Casualty Cost, less (B) all payments theretofore made to the Concessionaire out of the Restoration Funds and less (C) 10% of the amount determined by the calculation described in clauses (A) and (B) of this Section 13.3(c)(iii), except that no amounts due shall be withheld for architects' or engineers' fees or permitting or other governmental fees in connection with the Restoration or with respect to each Contractor upon the final completion of each such Contractor's respective work, provided that the unapplied portion of the funds held by the Depository are sufficient to complete the Restoration; *provided, however*, that all disbursements to the Concessionaire shall be made based upon an architect's or engineer's certificate for payment in accordance with industry standards, and disbursements may be made for advance deposits for material and Contractors to the extent that such disbursements are customary in the industry and provided that the unapplied portion of the funds held by the Depository are sufficient to complete the Restoration; and

(iv) except as provided in Section 13.3(b), upon completion of and payment for the Restoration by the Concessionaire, subject to the rights of any Collateral Assignee, the Depository shall pay the balance of the Restoration Funds, if any, to the Concessionaire; *provided, however*, that if the insurance proceeds are insufficient to pay for the Restoration (or if there shall be no insurance proceeds), the Concessionaire shall nevertheless be required to make the Restoration and provide the deficiency in funds necessary to complete the Restoration as provided in Section 13.3(a)(iii).

(d) *Conditions of Payment.* The following shall be conditions precedent to each payment made to the Concessionaire as provided in Section 13.3(c):

(i) at the time of making such payment, no Concessionaire Default (other than any Concessionaire Default resulting from the occurrence of the damage or destruction for which such payment is being made or the result thereof) exists;

(ii) the Restoration shall be carried out under the supervision of the architect or engineer, and there shall be submitted to the Depository and the City the certificate of the architect or engineer (or other evidence reasonably satisfactory to the City) stating that (A) the materials and other items which are the subject of the requisition have been delivered to the Metered Parking System (except with respect to requisitions for advance deposits permitted under Section 13.3(c)(iii)), free and clear of all Encumbrances, and no unsatisfied or unbonded mechanic's or other liens have been claimed, except for any mechanic's lien for claims that will be discharged, by bonding or otherwise, with funds to be received pursuant to such requisition (*provided* that a release

of such lien is delivered to the Depository in accordance with Section 13.3(c)(ii), or insured over by title insurance reasonably acceptable to the City, (B) the sum then requested to be withdrawn either has been paid by the Concessionaire or is due and payable to Contractors, engineers, architects or other Persons (whose names and addresses shall be stated), who have rendered or furnished services or materials for the work and giving a brief description of such services and materials and the principal subdivisions or categories thereof and the several amounts so paid or due to each of such Persons in respect thereof, and stating in reasonable detail the progress of the work up to the date of such certificate, (C) no part of such expenditures has been made the basis, in any previous requisition (whether paid or pending), for the withdrawal of Restoration Funds or has been made out of the Restoration Funds received by the Concessionaire, (D) the sum then requested does not exceed the value of the services and materials described in the certificate, (E) the work relating to such requisition has been performed in accordance with this Agreement, (F) the balance of the Restoration Funds held by the Depository will be sufficient upon completion of the Restoration to pay for the same in full, and stating in reasonable detail an estimate of the cost of such completion and (G) in the case of the final payment to the Concessionaire, the Restoration has been completed in accordance with this Agreement.

(e) *Payment and Performance Bonds.* If the Concessionaire obtains payment or performance bonds related to a Restoration (which the Concessionaire may or may not obtain in its discretion), the Concessionaire shall name the City and the Concessionaire and any Collateral Assignee, as their interests may appear, as additional obligees, and shall deliver copies of any such bonds to the City promptly upon obtaining them.

(f) *Benefit of City.* The requirements of this Section 13.3 are for the benefit only of the City, and no Contractor or other Person shall have or acquire any claim against the City as a result of any failure of the City actually to undertake or complete any Restoration as provided in this Section 13.3 or to obtain the evidence, certifications and other documentation provided for herein.

(g) *Investment of Restoration Funds.* Restoration Funds deposited with a Depository shall be invested and reinvested in Eligible Investments at the direction of the Concessionaire, and all interest earned on such investments shall be added to the Restoration Funds.

(h) *Rights of Collateral Assignee.* The City acknowledges and agrees that any Restoration Funds not applied to a Restoration as provided in this Section 13.3 shall be subject to the lien or liens of any Collateral Assignment.

ARTICLE 14 ADVERSE ACTIONS

Section 14.1. Adverse Action.

(a) An "Adverse Action" shall occur if the City, the County of Cook or the State of Illinois (or any subdivision or agency of any of the foregoing) takes any action or actions at any time during the Term (including enacting any Law) and the effect of such

action or actions, individually or in the aggregate, is reasonably expected (i) to be principally borne by the Concessionaire or other operators of on-street metered parking systems and (ii) to have a material adverse effect on the fair market value of the Concessionaire Interest (whether as a result of decreased revenues, increased expenses or both), except where such action is in response to any act or omission on the part of the Concessionaire that is illegal (other than an act or omission rendered illegal by virtue of the Adverse Action) or such action is otherwise permitted under this Agreement; *provided, however*, that none of the following shall be an Adverse Action: (A) any action taken by the City pursuant to its Reserved Powers, (B) other than as a result of any action taken by the City pursuant to its Reserved Powers, the development, redevelopment, construction, maintenance, modification or change in the operation of any existing or new parking facility or mode of parking or of transportation (including a road, street or highway) whether or not it results in the reduction of Metered Parking Revenues or in the number of vehicles using the Metered Parking System, (C) the imposition of a Tax of general application or an increase in Taxes of general application, including parking Taxes of general application imposed on customers or operators of parking facilities, or (D) requirements generally applicable to public parking lot licensees including "public garage-not enclosed" licensees under the Municipal Code.

(b) If an Adverse Action occurs, the Concessionaire shall have the right to (i) be paid by the City the Concession Compensation with respect thereto (such Concession Compensation, the "AA-Compensation") or (ii) terminate this Agreement and be paid by the City the Metered Parking System Concession Value, in either case by giving notice in the manner described in Section 14.1(c).

(c) If an Adverse Action occurs, the Concessionaire shall give notice (the "AA-Preliminary Notice") to the City within 30 Days following the date on which the Concessionaire first became aware of the Adverse Action stating an Adverse Action has occurred. Within 180 Days following the date of delivery of the AA-Preliminary Notice, the Concessionaire shall give the City another notice (the "AA-Notice") setting forth (i) details of the effect of said occurrence that is principally borne by the Concessionaire or other operators of on street metered parking systems generally and not by others, (ii) details of the material adverse effect of the said occurrence on the fair market value of the Concessionaire Interest, (iii) a statement as to which right in Section 14.1(b) the Concessionaire elects to exercise, and (iv) if the Concessionaire elects to exercise the right to Concession Compensation under Section 14.1(b), the amount claimed as AA-Compensation and details of the calculation thereof. The City shall, after receipt of the AA-Notice, be entitled by notice to require the Concessionaire to provide such further supporting particulars as the City may reasonably consider necessary. If the City wishes to dispute the occurrence of an Adverse Action or the amount of AA-Compensation, if

any, claimed in the AA-Notice, the City shall give notice of dispute (the "AA-Dispute Notice") to the Concessionaire within 30 Days following the date of receipt of the AA-Notice stating in reasonable detail the grounds for such dispute. If neither the AA-Notice nor the AA-Dispute Notice has been withdrawn within 30 Days following the date of receipt of the AA-Dispute Notice by the Concessionaire, the matter shall be submitted to the dispute resolution procedure in Article 19.

(d) If the Concessionaire has elected to exercise its right to AA-Compensation, the City shall pay the amount of Concession Compensation claimed to the Concessionaire within 60 Days following the date of receipt of the AA-Notice, or if a AA-Dispute Notice has been given, then not later than 60 Days following the date of determination of the AA-Compensation (together with interest at the Bank Rate from the date of receipt of the AA-Dispute Notice to the date on which payment is made), *provided that*, subject to the right of the Concessionaire to receive interest at the Bank Rate on the payment owed by the City from the date of receipt of the AA-Dispute Notice to the date on which payment is made, the City may defer any such payment for an additional 120 Days if the City determines, in its reasonable discretion, that such additional period is necessary in order to obtain financing or otherwise to obtain the necessary funds to make such a payment. It is acknowledged and agreed that payment of such Concession Compensation shall not release the City from any obligations with respect to any indemnification or other claims by the Concessionaire hereunder that are not related to the events or circumstances that gave rise to such Concessionaire Compensation.

Section 14.2. Termination.

(a) If the Concessionaire has elected to exercise its right to terminate this Agreement in connection with an Adverse Action pursuant to Section 14.1 this Agreement, subject to Section 14.2(c) and Section 14.4, shall terminate 60 Days following the date of receipt of the AA-Notice by the City, and the City shall pay an amount equal to the aggregate of (i) the Metered Parking System Concession Value as of the date of such termination (which shall be determined as if no Adverse Action has occurred), plus (ii) without duplication, the reasonable out-of-pocket and documented costs and expenses incurred by the Concessionaire as a result of such termination, plus (iii) the Concession Compensation calculated for the period between the date of the Adverse Action and the date of termination less (iv) any insurance or condemnation proceeds received by the Concessionaire in respect of all or any portion of the Metered Parking System as a result of such Adverse Action, (collectively, the "Termination Damages") to the Concessionaire on the Reversion Date or, if the Termination Damages are determined on a date subsequent to the Reversion Date, then not later than 60 Days following the date of determination of the Termination Damages (together with interest at the Bank Rate from the Reversion Date to the date on which payment is made), *provided that*, subject to the right of the Concessionaire to receive interest at the Bank Rate on the payment owed by the City from the date of receipt of the AA-Dispute Notice to the date on which payment is made, the City may defer any such payment for an additional 120 Days if the City reasonably determines that such additional period is necessary in order to obtain financing to make such a payment; *provided, however*, that any amounts received by the Concessionaire or any Collateral Assignee from any insurance policies

payable as a result of damage or destruction to the Metered Parking System that has not been remedied prior to the Reversion Date, shall, to the extent not used to remedy such effects, be deducted from the amount payable by the City to the Concessionaire, so long as the City has not received any such amounts pursuant to Section 13.3(b).

(b) Any dispute arising out of the determination of the Termination Damages shall be submitted to the dispute resolution procedure in Article 19.

(c) This Agreement shall not terminate pursuant to Section 14.2(a) unless the Concessionaire has first obtained and delivered to the City the written consent of the Collateral Assignee to such termination.

(d) Payment of the entire sum of Termination Damages or the AA-Compensation, as the case may be, by the City to the Concessionaire, shall constitute full and final satisfaction of all amounts that may be claimed by the Concessionaire for and in respect of the occurrence of the Adverse Action, as the case may be, and, upon such payment, the City shall be released and forever discharged by the Concessionaire from any and all liability in respect of such Adverse Action.

Section 14.3. Reserved Powers Adverse Actions.

(a) *Use of Reserved Powers.* The Parties acknowledge and agree that (i) it is anticipated that the City will exercise its Reserved Powers during the Term, (ii) the impact of certain of such actions may have a material adverse effect on the fair market value of the Concessionaire Interest; (iii) the provisions of Article 7, including the provisions thereof relating to the payment of Settlement Amounts by the City, are designed to compensate the Concessionaire for changes resulting from the exercise by the City of its Reserved Powers in a manner that will maintain the fair market value of the Concessionaire Interest over the Term and (iv) adverse changes may be mitigated by other Reserved Power actions of the City that will have a favorable impact on the fair market value of the Concessionaire Interest. The Parties also acknowledge and agree that there may be circumstances when the exercise by the City of its Reserved Powers may have a material adverse effect on the fair market value of the Concessionaire Interest that cannot be compensated fully under the provisions of Article 7 and that under such circumstances the Concessionaire may seek compensation with respect thereto (the "Reserved Powers Adverse Action Compensation").

(b) *Reserved Powers Adverse Action.* A "Reserved Powers Adverse Action" shall occur if (i) the City takes any action or actions during the Term that would otherwise have constituted an Adverse Action under Section 14.1 except that such action or actions were taken by the City pursuant to its Reserved Powers, and (ii) such actions, individually or in the aggregate, are reasonably expected (A) to be borne principally by the Concessionaire or other operators of on-street metered parking systems and (B) to have a material adverse effect on the fair market value of the Concessionaire Interest after taking into account the provisions of Article 7. In addition, the events described in Section 7.10 relating to a reduction of Concession Metered Parking Spaces or to the average of the Monthly System in Service Percentage for certain Reporting Years being less than eighty percent (80%) are each a Reserved Powers Adverse Action.

(c) *Compensation.* The amount of Reserved Powers Adverse Action Compensation shall be equal to the reduction in the fair market value of the Concessionaire Interest resulting from such Reserved Powers Adverse Action after taking into account the present value of the amounts paid, or reasonably expected to be paid, over the remaining Term by the City pursuant to Article 7 as a result of such Reserved Powers Adverse Action, as determined pursuant to a written appraisal by an independent third party appraiser that is nationally recognized in appraising infrastructure assets used to provide services to the general public and that is acceptable to the City and the Concessionaire. If the Parties fail to agree upon such a single appraiser within 30 Days after a Party requests the appointment thereof, then the City and the Concessionaire shall each appoint an independent third party appraiser and both such appraisers shall be instructed jointly to select a third party appraiser to make the fair market value appraisal. The City shall pay the reasonable costs and expenses of any appraisal.

(d) *Notice and Claim.* If a Reserved Powers Adverse Action occurs, the Concessionaire shall give notice (the "RP Preliminary Notice") to the City within 30 Days following the date on which the Concessionaire first became aware of the Reserved Powers Adverse Action stating a Reserved Powers Adverse Action has occurred. Within 180 Days following the date of delivery of the RP-Preliminary Notice, the Concessionaire shall give the City another notice (the "RP-Notice") setting forth (i) details of the effect of said occurrence that is principally borne by the Concessionaire or other operators of on-street metered parking systems generally and not by others, (ii) details of the lasting and material adverse effect of the said occurrence on the fair market value of the Concessionaire Interest, (iii) a statement that the reduction in the fair market value of the Concessionaire Interest cannot be fully compensated under the provisions of Article 7, and the reasons that such statement is correct, and (iv) the amount claimed as Reserved Powers Adverse Action Compensation and details of the calculation thereof. The City shall, after receipt of the RP-Notice, be entitled by notice to require the Concessionaire to provide such further supporting particulars as the City may reasonably consider necessary. If the City wishes to dispute the occurrence of a Reserved Powers Adverse Action or the amount of Reserved Powers Adverse Action Compensation claimed in the RP-Notice, the City shall give notice of dispute (the "RP-Dispute Notice") to the Concessionaire within 30 Days following the date of receipt of the RP-Notice stating in reasonable detail the grounds for such dispute. If neither the RP-Notice nor the RP-Dispute Notice has been withdrawn within 30 Days following the date of receipt of the RP-Dispute Notice by the Concessionaire, the matter shall be submitted to the dispute resolution procedure in Article 19.

(e) *Option to Terminate.* If the amount of Reserved Powers Adverse Action Compensation, as determined pursuant to Section 14.3(c) and (d), is greater than twenty-five percent (25%) of the fair market value of the Concessionaire Interest as of the time immediately prior to the Reserved Powers Adverse Action, then the Concessionaire, at its option, may, by written notice to the City, elect to terminate this Agreement and be paid the greater of the Reserved Powers Adverse Action Compensation or the Remaining Amortized Value. Such written notice shall establish an End Date for this Agreement, which shall be no earlier than 120 Days and no later than 180 Days later than the date of delivery of such notice, and shall be accompanied by the written consent of the Collateral

Assignee to such termination. The Concessionaire's option to terminate this Agreement pursuant to this Section 14.3(e) does not limit the rights of the City to remedy the occurrence of an Adverse Action or a Reserved Powers Adverse Action as permitted by Section 14.4.

(f) *Payment of Reserved Powers Adverse Action Compensation.* If the Concessionaire has elected to exercise its right to Reserved Powers Adverse Action Compensation, the City shall pay the amount of Reserved Powers Adverse Action Compensation claimed to the Concessionaire within 60 Days following the date of receipt of the RP-Notice, or if a RP-Dispute Notice has been given, then not later than 60 Days following the date of determination of the Reserved Powers Adverse Action Compensation (together with interest at the Bank Rate from the date of receipt of the RP-Dispute Notice to the date on which payment is made), provided that, subject to the right of the Concessionaire to receive interest at the Bank Rate on the payment owed by the City from the date of receipt of the RP-Dispute Notice to the date on which payment is made, the City may defer any such payment for an additional 120 Days if the City determines, in its reasonable discretion, that such additional period is necessary in order to obtain financing or otherwise to obtain the necessary funds to make such a payment. It is acknowledged and agreed that payment of such Reserved Powers Adverse Action Compensation shall not release the City from any obligations with respect to any indemnification or other claims by the Concessionaire hereunder that are not related to the events or circumstances that gave rise to such Reserved Powers Adverse Action Compensation.

(g) *Termination Payment.* If the Concessionaire has elected to exercise its option to terminate this Agreement, then, on the Reversion Date, the City shall pay the Concessionaire the Remaining Amortized Value or the Reserved Powers Adverse Action Compensation, in accordance with the election made by the Concessionaire pursuant to Section 14.3(e), provided that, subject to the Concessionaire's right to receive interest at the Bank Rate on such amount after the Reversion Date, the City may defer any such payment for an additional 60 Days if the City determines, in its reasonable discretion, that such additional period is necessary in order to obtain financing or otherwise to obtain the necessary funds to make such payment.

(h) *Release of City.* Payment of the entire sum due under Section 14.3(f) or Section 14.3(g), as the case may be, by the City to the Concessionaire shall constitute full and final satisfaction of all amounts that may be claimed by the Concessionaire for and in respect of the occurrence of the Reserved Powers Adverse Action and upon such payment, the City shall be released and forever discharged by the Concessionaire from any and all liability in respect of such Reserved Powers Adverse Action.

Section 14.4. Right of City to Remedy. If the City wishes to remedy the occurrence of an Adverse Action or a Reserved Powers Adverse Action, the City shall give notice thereof to the Concessionaire within 30 Days following the date of receipt of the applicable AA-Notice or RP-Notice. If the City gives such notice it must remedy the applicable Adverse Action or Reserved Powers Adverse Action within 180 Days following the date of receipt of the AA-Notice or RP-Notice or, if a AA-Dispute Notice or RP-Dispute Notice has been given, within 180 Days following the final award

pursuant to Article 19 to the effect that an Adverse Action or Reserved Powers Adverse Action occurred. If the City elects to remedy the occurrence of an Adverse Action within the applicable period of time, the right of the Concessionaire shall be limited to a claim for AA-Compensation with respect to such Adverse Action. If the City elects to remedy the occurrence of a Reserved Powers Adverse Action within the applicable period of time, the right of the Concessionaire shall be limited to a claim for Reserved Powers Adverse Action Compensation.

Section 14.5. Other Actions by Governmental Authorities. In the event that any Governmental Authority (other than the City, Cook County or the State of Illinois (or any subdivision or agency of any of the foregoing)) proposes to take any action at any time during the Term (including or enacting any Law) and the effect of such action is reasonably expected (i) to be principally borne by the Concessionaire or other operators of on street metered parking systems (and not by others) and (ii) to have a material adverse effect on the fair market value of the Concessionaire Interest, except where such action is in response to any act or omission on the part of the Concessionaire that is illegal (other than an act or omission rendered illegal by virtue of an Adverse Action or such action by any such other Governmental Authority), then at the request of the Concessionaire the City shall use its reasonable efforts to oppose and challenge such action by any such other Governmental Authority; *provided, however*, that all reasonable out-of-pocket costs and expenses incurred by the City in connection with such opposition or challenge shall be borne by the Concessionaire.

ARTICLE 15

DELAY EVENTS AND CONCESSION COMPENSATION

Section 15.1. Delay Events.

(a) If the Concessionaire is affected by a Delay Event, it shall give notice within 10 Business Days following the date on which it first became aware of such Delay Event to the City (*provided* that in the case of such Delay Event being a continuing cause of delay, only one notice shall be necessary), which notice shall include (i) a statement of which Delay Event the claim is based upon, (ii) details of the circumstances from which the delay arises and (iii) an estimate of the delay in the performance of obligations under this Agreement attributable to such Delay Event and information in support thereof, if known at that time. The City shall, after receipt of any such notice, be entitled by notice to require the Concessionaire to provide such further supporting particulars as the City may reasonably consider necessary.

(b) The Concessionaire shall notify the City within 10 Business Days following the date on which it first became aware that a Delay Event has ceased.

(c) Subject to the Concessionaire giving the notice required in Section 15.1(a), a Delay Event shall excuse the Concessionaire from whatever performance is prevented by the Delay Event referred to in such notice for such appropriate number of Days as the City and the Concessionaire jointly determine, each

acting reasonably. If the City and the Concessionaire cannot agree upon the period of extension, then either Party shall be entitled to refer the matter to the dispute resolution procedure in Article 19. This Section 15.1(c) shall not excuse the Concessionaire from the performance and observance under this Agreement of all obligations and covenants not affected by the Delay Event. Notwithstanding the occurrence of a Delay Event, the Concessionaire shall continue its performance and observance under this Agreement of all of its obligations and covenants to the extent that it is reasonably able to do so and shall use its reasonable efforts to minimize the effect and duration of the Delay Event. Nothing herein shall permit or excuse noncompliance with a change to applicable Laws.

(d) Except as provided in the immediately following sentence, if a Delay Event occurs that has the effect of causing physical damage or destruction to a material part of the Metered Parking System that results in the Metered Parking System being substantially unavailable for the provision of Metered Parking Services and such effect continues for a period in excess of 120 Days and has a material adverse effect on the fair market value of the Concessionaire Interest, and insurance policies payable (or that should have been payable but for the breach of an obligation to take out and maintain such insurance policy by the Concessionaire) or condemnation or other similar proceeds are insufficient to restore the Concessionaire to the same economic position as it would have been in the absence of such event, then, notwithstanding Section 2.1, the Concessionaire shall have the right to extend the Term for a period that would be sufficient so to compensate the Concessionaire and to restore it to the same economic position as it would have been in had such Delay Event not occurred (a "Delay Event Remedy"). This Section 15.1(d) shall not apply if the applicable Delay Event was caused by the exercise by the City of any of its Reserved Powers, it being acknowledged and agreed that the Concessionaire's remedy in such case shall be as provided in Article 7 or Section 14.3.

(e) If the Concessionaire elects to exercise the right to the Delay Event Remedy, the Concessionaire shall give notice ("Delay Event Notice") to the City within 30 Days following the date on which the Concessionaire first became aware of its right to the Delay Event Remedy occurring setting forth (i) the details of the Delay Event and its effect on either causing physical damage or destruction to the Metered Parking System that results in the Metered Parking System being substantially unavailable for the provision of Metered Parking Services or suspending the collection of Metered Parking Fees at the Metered Parking System, (ii) the amount claimed as compensation to restore the Concessionaire to the same economic position as it would have been in had such Delay Event not occurred (including the details of the calculation thereof) and (iii) the details of the relationship between such compensation and the Delay Event Remedy that it proposes. The City shall, after receipt of the Delay Event Notice, be entitled by notice to require the Concessionaire to provide such further supporting particulars as the City may reasonably consider necessary. If the City wishes to dispute the occurrence of a Delay Event or the Delay Event Remedy claimed in the Delay Event Notice, the City shall give notice to dispute (the "Delay Event Dispute Notice") to the Concessionaire within 30 Days following the date of receipt of the Delay Event Notice stating the grounds for such dispute, and if neither the Delay Event Notice nor the Delay Event Dispute Notice has been withdrawn within 30 Days following the date of receipt of the

Delay Event Dispute Notice by the Concessionaire, the matter shall be submitted to the dispute resolution procedure in Article 19.

Section 15.2. Relationship to Compensation Event. Section 15.1 shall not prevent the Concessionaire from receiving Concession Compensation or any other compensation from the City provided for in this Agreement for any Delay Event that constitutes a Compensation Event pursuant to the terms of this Agreement.

Section 15.3. Payment of Concession Compensation.

(a) Except as provided elsewhere in this Agreement, if a Compensation Event occurs, the Concessionaire shall give notice (the "CE-Preliminary Notice") to the City within 30 Days following the date on which the Concessionaire first became aware of the Compensation Event stating that a Compensation Event has occurred. Within 30 Days following the date of delivery of the CE-Preliminary Notice, the Concessionaire shall give the City another notice (the "CE-Notice") setting forth (i) details of the Compensation Event, including an explanation of the reasons that the event constitutes a Compensation Event under the terms of this Agreement and (ii) the amount claimed as Concession Compensation and details of the calculation thereof in accordance with the calculation methodology set forth in the definition of "Concession Compensation"; provided, that the failure by the Concessionaire to timely deliver the CE-Preliminary Notice or the CE-Notice shall not limit its remedies hereunder or otherwise reduce the amount of the Concession Compensation.

(b) All Concession Compensation due to the Concessionaire shall be due and payable by the City within 30 Days of the CE-Notice.

(c) If the City wishes to dispute the occurrence of a Compensation Event or the amount of Concession Compensation claimed in the CE-Notice issued by the Concessionaire in accordance with Section 15.3(a), then the City shall give notice of dispute (the "CE-Dispute Notice") to the Concessionaire within 30 Days following the date of receipt of the CE-Notice stating the grounds for such dispute. If the CE-Dispute Notice has not been withdrawn within 30 Days following the date of receipt of the CE-Dispute Notice by the Concessionaire, the matter shall be submitted to the dispute resolution procedure set forth in Article 19. Notwithstanding the foregoing, the City shall pay to the Concessionaire any undisputed portion of the Concession Compensation in accordance with the terms of this Agreement during the pendency of any dispute regarding a disputed portion of the Concession Compensation.

**ARTICLE 16
DEFAULTS; LETTERS OF CREDIT**

Section 16.1. Default by the Concessionaire.

(a) *Events of Default.* The occurrence of any one or more of the following events during the Term shall constitute a "Concessionaire Default" under this Agreement:

(i) if the Concessionaire fails to comply with, perform or observe any material obligation, covenant, agreement, term or condition in this Agreement, and such failure continues unremedied for a period of 90 Days following notice thereof (giving particulars of the failure in reasonable detail) from the City to the Concessionaire or for such longer period as may be reasonably necessary to cure such failure, *provided*, in the latter case, that the Concessionaire has demonstrated to the satisfaction of the City, acting reasonably, that (A) it is proceeding, and will proceed, with all due diligence to cure or cause to be cured such failure, (B) its actions can be reasonably expected to cure or cause to be cured such failure within a reasonable period of time acceptable to the City, acting reasonably and (C) such failure is in fact cured within such period of time;

(ii) if this Agreement or all or any portion of the Concessionaire Interest is Transferred in contravention of Article 17 and such Transfer or action continues unremedied for a period of 10 Business Days following notice thereof from the City to the Concessionaire;

(iii) if the Concessionaire fails to comply with the requirements or directives of a final award in a matter submitted to dispute resolution in accordance with Article 19, and such failure continues unremedied for a period of 30 Days following notice thereof from the City to the Concessionaire, or for such longer period as may be reasonably necessary to cure such failure, *provided*, in the latter case, that the Concessionaire has demonstrated to the satisfaction of the City, acting reasonably, that (A) it is proceeding, and will proceed, with all due diligence to cure or cause to be cured such failure, (B) its actions can be reasonably expected to cure or cause to be cured such failure within a reasonable period of time acceptable to the City, acting reasonably and (C) such failure is in fact cured within such period of time;

(iv) if the Concessionaire (A) admits, in writing, that it is unable to pay its debts as such become due, (B) makes an assignment for the benefit of creditors, (C) files a voluntary petition under Title 11 of the U.S. Code, or if such petition is filed against it and an order for relief is entered, or if the Concessionaire files any petition or answer seeking, consenting to or acquiescing in any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under the present or any future U.S. bankruptcy code or any other present or future applicable Law, or shall seek or consent to or acquiesce in or suffer the appointment of any trustee, receiver, custodian, assignee, sequestrator, liquidator or other similar official of the Concessionaire or of all or any substantial part of its properties or of the Metered Parking System or any interest therein, or (D) takes any corporate action in furtherance of any action described in this Section 16.1(a)(iv);

(v) if within 90 Days after the commencement of any proceeding against the Concessionaire seeking any reorganization, arrangement, composition,

readjustment, liquidation, dissolution or similar relief under the present or any future U.S. bankruptcy code or any other present or future applicable Law, such proceeding has not been dismissed, or if, within 90 Days after the appointment, without the consent or acquiescence of the Concessionaire, of any trustee, receiver, custodian, assignee, sequestrator, liquidator or other similar official of the Concessionaire or of all or any substantial part of its properties or of the Metered Parking System or any interest therein, such appointment has not been vacated or stayed on appeal or otherwise, or if, within 90 Days after the expiration of any such stay, such appointment has not been vacated;

(vi) if a levy under execution or attachment has been made against all or any part of the Metered Parking System or any interest therein as a result of any Encumbrance (other than a Permitted Concessionaire Encumbrance) created, incurred, assumed or suffered to exist by the Concessionaire or any Person claiming through it, and such execution or attachment has not been vacated, removed or stayed by court order, bonding or otherwise within 60 Days after the Concessionaire becomes aware of such levy, unless such levy resulted from actions or omissions of the City or its Representatives; or

(vii) the Concessionaire repudiates in writing any of its material obligations under this Agreement.

(b) *Remedies of the City Upon Concessionaire Default.* Upon the occurrence, and during the continuance, of a Concessionaire Default, the City may, by notice to the Concessionaire with a copy to the Collateral Assignee in accordance with the terms hereof, declare the Concessionaire to be in default and may, subject to the provisions of Articles 18 and 19, do any or all of the following as the City, in its discretion, shall determine:

(i) the City may terminate this Agreement by giving 30 Days' prior notice to the Concessionaire upon the occurrence of (A) a Concessionaire Default that consists of a failure to comply with, perform or observe any Operating Standard if such Concessionaire Default creates a material danger to the safety of Metered Parking System Operations or a material impairment to the Metered Parking System or to the continuing use of the Metered Parking System or (B) any other Concessionaire Default; *provided, however,* that the Concessionaire shall be entitled to cure a Concessionaire Default pursuant to Section 16.1(a)(i) by providing the City with a written work plan within such 30-Day period outlining the actions by which the Concessionaire will ensure future compliance with either (x) the obligation, covenant, agreement, term or condition in this Agreement or (y) the requirements or directives of the issued final award in accordance with Article 19 that the Concessionaire failed to perform or observe, which work plan is Approved by the City, but any failure of the Concessionaire to comply in any material respect with such Approved work plan following 30 Days' notice of such failure from the City to the Concessionaire shall be deemed to be a Concessionaire Default described in Section 16.1(a)(i) and the entitlement of the Concessionaire to cure such Concessionaire Default by the delivery of an Approved work plan shall not apply thereto;

(ii) if the Concessionaire Default is by reason of the failure to pay any monies, the City may (without obligation to do so) make payment on behalf of the Concessionaire of such monies, and any amount so paid by the City shall be payable by the Concessionaire to the City within three Business Days after demand therefor;

(iii) the City may cure the Concessionaire Default (but this shall not obligate the City to cure or attempt to cure a Concessionaire Default or, after having commenced to cure or attempted to cure a Concessionaire Default, to continue to do so), and all costs and expenses reasonably incurred by the City in curing or attempting to cure the Concessionaire Default, together with an administrative fee equal to 15% of such costs and expenses, shall be payable by the Concessionaire to the City within three Business Days after written demand therefor; *provided, however*, that (A) the City shall not incur any liability to the Concessionaire for any act or omission of the City or any other Person in the course of remedying or attempting to remedy any Concessionaire Default and (B) the City's cure of any Concessionaire Default shall not affect the City's rights against the Concessionaire by reason of the Concessionaire Default;

(iv) the City may seek specific performance, injunction or other equitable remedies, it being acknowledged that damages are an inadequate remedy for a Concessionaire Default;

(v) the City may seek to recover its Losses arising from such Concessionaire Default and any amounts due and payable under this Agreement and, in connection therewith, exercise any recourse available to any Person who is owed damages or a debt;

(vi) with respect to those Concessionaire Defaults that entitle the City to terminate this Agreement pursuant to Section 16.1(b)(i), the City may terminate the Concessionaire's right to use, operate, maintain and rehabilitate the Metered Parking System and the Concessionaire's right to collect and retain Metered Parking Revenues, and in such event, the City or the City's agents and servants may immediately or at any time thereafter take possession and control of the Metered Parking System and remove all Persons from Concession Parking Lots and all or any property therefrom, by any available action under law or proceeding at law or in equity, and with or without terminating this Agreement, and undertake any and all of the Metered Parking System Operations; *provided, however*, that no such action by the City shall be construed as an election on its part to terminate this Agreement unless a notice of such intention is given to the Concessionaire; *provided further* that any re-possession of the Metered Parking System or termination of this Agreement made in accordance with this Agreement as against the Concessionaire shall be valid and effective against the Concessionaire even though made subject to the rights of a Collateral Assignee to cure any default of the Concessionaire and continue as in the place of the Concessionaire under this Agreement or a new concession agreement as provided herein; and

(vii) the City may exercise any of its other rights and remedies provided for hereunder or at law or equity.

Section 16.2. Defaults by the City.

(a) *Events of Default.* The occurrence of any one or more of the following events during the Term shall constitute a "City Default" under this Agreement:

(i) if the City fails to comply with or observe any material obligation, covenant, agreement, term or condition in this Agreement (other than an Adverse Action) and such failure continues unremedied for a period of 90 Days following notice thereof (giving particulars of the failure in reasonable detail) from the Concessionaire to the City or for such longer period as may be reasonably necessary to cure such failure, *provided*, in the latter case, that the City has demonstrated to the satisfaction of the Concessionaire, acting reasonably, that (A) it is proceeding with all due diligence to cure or cause to be cured such failure, and (B) its actions can be reasonably expected to cure or cause to be cured such failure within a reasonable period of time acceptable to the Concessionaire, acting reasonably and (C) such failure is in fact cured within such period of time;

(ii) if the City fails to comply with the requirements or directives of a final award in a matter submitted to dispute resolution in accordance with Article 19 and such default continues unremedied for a period of 30 Days following notice thereof from the Concessionaire to the City, or for such longer period as may be reasonably necessary to cure such failure, *provided*, in the latter case, that the City has demonstrated to the satisfaction of the Concessionaire, acting reasonably, that (A) it is proceeding, and will proceed, with all due diligence to cure or cause to be cured such failure, (B) its actions can be reasonably expected to cure or cause to be cured such failure within a reasonable period of time acceptable to the Concessionaire, acting reasonably and (C) such failure is in fact cured within such period of time;

(iii) if a levy under execution or attachment has been made against all or any part of the Metered Parking System including the Concession Parking Lots or the Concessionaire Interest as a result of any Encumbrance (other than a Permitted City Encumbrance) created, incurred, assumed or suffered to exist by the City or any Person claiming through it, and such execution or attachment has not been vacated, removed or stayed by court order, bonding or otherwise within a period of 60 Days, unless such levy resulted from actions or omissions of the Concessionaire or its Representatives or if all or a material part of the Metered Parking System shall be subject to a condemnation or similar taking by the City or any agency thereof;

(iv) if the City (A) admits, in writing, that it is unable to pay its debts as such become due, (B) makes an assignment for the benefit of creditors, (C) files a voluntary petition under Title 9 of the U.S. Code, or if such petition is filed against it and an order for relief is entered, or if the City files any petition or answer seeking, consenting to or acquiescing in any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under the present or any future U.S. bankruptcy code or any other present or future applicable Law, or shall seek or consent to or acquiesce in or suffer the appointment of any trustee, receiver, custodian, assignee, sequestrator, liquidator or other similar official of the City, or of all or any substantial part of its properties (in each case, to the extent applicable to a municipality), or (D) takes any action in furtherance of any action described in this Section 16.2(a)(iv); or if within

90 Days after the commencement of any proceeding against the City seeking any reorganization, arrangement, composition, readjustment, liquidation, dissolution or similar relief under the present or any future U.S. bankruptcy code or any other present or future applicable Law, such proceeding has not been dismissed, or if, within 90 Days after the appointment, without the consent or acquiescence of the City, of any trustee, receiver, custodian, assignee, sequestrator, liquidator or other similar official of the City or of all or any substantial part of its properties (in each case, to the extent applicable to a municipality), such appointment has not been vacated or stayed on appeal or otherwise, or if, within 90 Days after the expiration of any such stay, such appointment has not been vacated;

(v) if (A) a court of competent jurisdiction enters a final and unappealable judgment order against the City in any action, suit or proceeding brought against the City, which action, suit or proceeding was not brought by or supported in any way by the Concessionaire, any Operator, any Representative, any Collateral Assignee or any other Person acting on behalf of any of the foregoing or any other Person having an pecuniary interest in this Agreement, and (B) as a result of such final and unappealable judgment order (i) it becomes unlawful for the City to comply with or observe any material obligation, covenant, agreement, term or condition in this Agreement or (ii) any material obligation, covenant, agreement, term or condition of the City under this Agreement becomes unenforceable against the City; and (C) the Parties, acting in good faith and within a reasonable time, are unable to reform this Agreement to conform to the requirements of such judgment order; provided that the entry of such judgment order shall not constitute a City Default if, within 180 Days following the entry of such judgment order, (i) a Law is enacted that validates or confirms the lawful authority of the City, or grants to the City the lawful authority, to perform its contractual obligations under this Agreement notwithstanding such judgment order or otherwise remedies the City Default and (ii) the City reimburses the Concessionaire for any unreimbursed Losses attributable to such judgment order and accrued during the period from the date of entry of such judgment order to the date of enactment of such Law; or

(vi) the City repudiates in writing any of its material obligations under this Agreement.

(b) *Remedies of Concessionaire Upon City Default.* Upon the occurrence, and during the continuance, of a City Default, the Concessionaire may by notice to the City declare the City to be in default and may, subject to the provisions of Article 19, do any or all of the following as the Concessionaire, in its discretion, shall determine:

(i) the Concessionaire may terminate this Agreement by giving 30 Days' prior notice to the City; *provided, however*, that the City shall be entitled to cure a City Default pursuant to Section 16.2(a)(i) by (i) agreeing within such 30-Day period to pay any Losses sustained as a result of such City Default or (ii) providing the Concessionaire with a written work plan within such 30-Day period outlining the actions by which the City will ensure future compliance with either (x) the obligation, covenant, agreement, term or condition in this Agreement or (y) the requirements or directives of the issued final award in accordance with Article 19 that the City failed to perform or observe, which work plan is approved by the Concessionaire (which approval shall not be

unreasonably withheld, delayed or conditioned), but any failure of the City to comply in any material respect with such approved work plan following 30 Days' notice of such failure from the Concessionaire to the City shall be deemed to be a City Default described in Section 16.2(a)(i) and the entitlement of the City to cure such City Default by the delivery of an approved work plan shall not apply thereto; and upon such termination the City shall be obligated to pay to the Concessionaire the Metered Parking System Concession Value plus, without duplication, the reasonable out-of-pocket and documented costs and expenses incurred by the Concessionaire as a result of such termination;

(ii) the Concessionaire may exercise any of its rights or remedies at law or in equity; and

(iii) the Concessionaire may seek to recover its Losses and any amounts due and payable under this Agreement and, in connection therewith, exercise any recourse available to any Person who is owed damages or a debt.

Section 16.3. Letters of Credit.

(a) The Concessionaire shall deliver no later than the first day of the Concession Year that is five years prior to the final Concession Year of the Term, a Letter of Credit in the amount then to be calculated equal to the amount that the City reasonably determines is appropriate to cover all costs of capital improvements for the remainder of the Term as set forth in the Concessionaire's capital improvement program required pursuant to the Operating Standards.

(b) Such Letter of Credit shall be replaced on every anniversary of such Concession Year until the date that is two years after (i) the expiration of the Term and (ii) such time as there being no unresolved disputes with respect to the Concessionaire complying with, performing or observing any obligation, covenant, agreement, term or condition in this Agreement with a Replacement Letter of Credit in the amount of the undrawn balance of such Letter of Credit plus the amount of interest that would have been earned on such balance if invested for the next 12-month period at the Bank Rate. Subject to Approval, the required amount of any Letter of Credit with respect to a Concession Year (but only with respect to such Concession Year) may be reduced from time to time (at intervals that may be shorter than one year) by the amount that the City reasonably determines is appropriate such that the amount of the Letter of Credit remains sufficient to cover all costs of capital improvements for the remainder of the Term in light of the condition of the Metered Parking System (including the City's assessment of the present and future condition of the Metered Parking System, and all costs and expenses of capital improvements to be performed in connection therewith, during the remaining years of the Term) and the Concessionaire's compliance with this Agreement in connection therewith. Upon the occurrence of a Concessionaire Default (or if there is a dispute as to the occurrence of a Concessionaire Default, upon the final decision of the arbitral panel pursuant to Article 19 that a Concessionaire Default has occurred), the City shall have the right (in addition to all other rights and remedies provided in this Agreement, but with the understanding that any other monetary damages that the City may recover will be reduced by the amount so drawn, and without the City's exercise of

such right being deemed a waiver or a cure of the Concessionaire's failure to perform and whether or not this Agreement is thereby terminated), with three Business Days' prior notice to the Concessionaire, to draw against such Letter of Credit or any replacement thereof, upon presentation of a sight draft and a certificate confirming that the City has the right to draw under such Letter of Credit in the amount of such sight draft, up to the amount due to the City with respect to such Concessionaire Default.

(c) The Concessionaire shall replace each Letter of Credit with a replacement Letter of Credit (the "Replacement Letter of Credit") at least 30 Days prior to the expiry date of a Letter of Credit which is expiring. If the Concessionaire does not deliver to the City a Replacement Letter of Credit within such time period, the City shall have the right (in addition to all other rights and remedies provided in this Agreement and without the City's exercise of such right being deemed a waiver or a cure of the Concessionaire's failure to perform and whether or not this Agreement is thereby terminated) to immediately draw the full amount of the Letter of Credit upon presentation of a sight draft and a certificate confirming that the City has the right to draw under such Letter of Credit in the amount of such sight draft. After the Concessionaire delivers to the City a Replacement Letter of Credit complying with the provisions of this Agreement, the City shall deliver in accordance with the Concessionaire's reasonable instructions the Letter of Credit being replaced (except to the extent that at such time no sight draft under such Letter of Credit is outstanding and unpaid). Any Replacement Letter of Credit shall be upon the same terms and conditions as the Letter of Credit, replaced and satisfy the requirements for a Letter of Credit, but in any event (i) the amount of each Replacement Letter of Credit, except as provided in Section 16.3(a), shall equal or exceed the amount of the Letter of Credit being replaced at the time of replacement and (ii) the date of the Replacement Letter of Credit shall be its date of issuance. The expiry date of the Replacement Letter of Credit, as referred to in the opening paragraph of such Replacement Letter of Credit, shall be not earlier than one year later than the expiry date of the Letter of Credit being replaced.

(d) If this Agreement is terminated by the City prior to the expiration of the Term as a result of a Concessionaire Default, the City shall have the right (in addition to all other rights and remedies provided in this Agreement and without the City's exercise of such right being deemed a waiver or a cure of the Concessionaire's failure to perform), with three Business Days' prior notice to the Concessionaire, to draw against any Letter of Credit, upon presentation of a sight draft and a certificate confirming that the City has the right to draw under such Letter of Credit in the amount of such sight draft, up to the amount due to the City pursuant to the terms of this Agreement.

(e) The City will accept the Letters of Credit to be delivered pursuant to this Section 16.3 (and pursuant to Section 2.3) as security for the Concessionaire's obligations under this Agreement, in place of a cash deposit in the same amount, with the understanding that the Letters of Credit are to be the functional equivalent of a cash deposit. The Concessionaire's sole remedy in connection with the improper presentment or payment of sight drafts drawn under the Letter of Credit shall be the right to obtain from the City a refund of the amount of any sight draft the proceeds of which were drawn inappropriately or misapplied and the reasonable costs incurred by the Concessionaire as a result of such inappropriate draw or misapplication; *provided, however*, that at the time

of such refund, the Concessionaire increases the amount of the Letter of Credit to the amount (if any) then required under the applicable provisions of this Agreement. The Concessionaire acknowledges that the presentment of sight drafts drawn under the Letter of Credit could not under any circumstances cause the Concessionaire injury that could not be remedied by an award of money damages, and that the recovery of money damages would be an adequate remedy therefor. The Concessionaire shall not request or instruct the issuer of the Letter of Credit to refrain from paying any sight draft drawn under a Letter of Credit.

(f) If the City desires to assign its rights and obligations in accordance with Section 17.2 of this Agreement, the Concessionaire shall cooperate so that concurrently with the effectiveness of such assignment, either Replacement Letters of Credit as described in Section 16.3(c) for, or appropriate amendments to, the Letters of Credit then held by the City, in either case identifying as beneficiary the appropriate party after the assignment becomes effective, shall be delivered to the City, at no cost to the Concessionaire.

(g) The Concessionaire shall obtain and furnish all Letters of Credit and Replacement Letters of Credit at its sole cost and expense and shall pay all charges imposed in connection with the City's presentation of sight drafts and drawing against the Letters of Credit or Replacement Letters of Credit.

(h) In lieu of any Letter of Credit to be provided by the Concessionaire pursuant to the terms of this Section 16.3, the Concessionaire shall, at the Concessionaire's sole discretion, have the option to provide a surety bond or other similar form of security or to deposit with a Depository for the benefit of the City, as collateral security, cash or Eligible Investments in an amount equal to the amount of such Letter of Credit at the time of such deposit. Such Depository shall invest and reinvest such amounts in Eligible Investments at the direction of the City, *provided* that earnings thereon shall be paid to the Concessionaire not less frequently than quarterly. If, at any time during the Term, the City would have the right to draw any amount on a Letter of Credit for which the Concessionaire has substituted cash or Eligible Investments pursuant to this Section 16.3(h), the Depository shall pay such amount to the City from such cash deposit or Eligible Investments in accordance with the terms of this Section 16.3 and all rights and remedies of the City and the Concessionaire with respect to such cash deposits or Eligible Investments, if any, shall be the same as those provided in this Section 16.3 with respect to any Letter of Credit; *provided, however*, that the certification that would have been provided by the City with the sight draft had cash or Eligible Investments not been so substituted shall be made to the Depository and delivered to the Depository together with the City's written demand for payment.

(i) If Letters of Credit shall not in the future be available at commercially reasonable terms and rates or shall not be a commercially reasonable form of security in similar transactions, the Concessionaire shall furnish the City with comparable security instruments or Eligible Investments that then are commonly used in similar transactions and which are Approved; and if no such comparable security instruments shall be available, the Concessionaire shall deposit with the City cash as security.

Section 16.4. Consequences of Termination or Reversion. Upon the termination or expiration of this Agreement, notwithstanding any claims the Parties may have against each other and subject to Section 16.1(b)(v), Section 16.2(b)(iii) and Article 18, the following provisions shall apply:

(a) the Concessionaire shall, without action whatsoever being necessary on the part of the City, well and truly surrender, transfer and deliver to the City the Metered Parking System (including all improvements to the Metered Parking System), the Metered Parking System Assets and all tangible and intangible personal property of the Concessionaire (including inventories) that is included in the Metered Parking System and used in connection with the Metered Parking System Operations (subject, however, as to any intellectual property included in the Metered Parking System, to any restrictions or prohibitions to disclosure, transfer or sharing thereof and any other rights of third parties with respect thereto), in good order, condition and repair (reasonable wear and tear excepted), determined reasonably in accordance with the then applicable Operating Standards, free and clear of all Encumbrances other than (w) Permitted Concessionaire Encumbrances set forth in clause (iv), clause (vii) and clause (viii) as it pertains to clauses (iv) and (vii) of the definition of that term, (x) Permitted City Encumbrances, (y) those created by or suffered to exist or consented to by the City or any Person claiming through it, and (z) with respect to any property added to the Metered Parking System after the Time of Closing, title defects affecting such property in existence on the date such property is added to the Metered Parking System;

(b) the Concessionaire hereby waives any notice now or hereafter required by Law with respect to transfer of the Metered Parking System on the Reversion Date;

(c) the City shall, as of the Reversion Date, assume full responsibility for the Metered Parking System Operations, and as of such date, the Concessionaire shall have no liability or responsibility for Metered Parking System Operations occurring after such date;

(d) the Concessionaire shall be liable for all costs, expenses and other amounts for which it is liable or responsible hereunder incurred up to but not including the Reversion Date, and the City shall be liable for all costs, expenses and amounts incurred in connection with the Metered Parking System Operations on and after the Reversion Date;

(e) the City shall have the option by providing notice to the Concessionaire of requiring that the Concessionaire assign, without warranty or recourse to the Concessionaire, to the fullest extent permitted by Authorizations and applicable Law, all of its right, title and interest in, to and under (in each of the following cases, to the extent assignable) all or any of the Operating Agreements then in effect and all Authorizations to the City or its nominee for the remainder of their respective terms; *provided, however*, that if the City exercises such option, the right, title and interest of the Concessionaire in, to and under such Operating Agreements and Authorizations shall be assigned to the City or its nominee as of the Reversion Date and the Concessionaire shall surrender the Metered Parking System to the City and shall cause all Persons claiming under or through the Concessionaire to do likewise, and the City shall assume in writing, pursuant to an

assumption agreement satisfactory to the Concessionaire, the Concessionaire's obligations under the Operating Agreements that arise in respect of, or relate to, any period of time falling on and after the Reversion Date; *provided further* that if the City does not exercise such option, the Concessionaire shall, unless the City has granted to a Collateral Assignee or its nominee a new concession agreement containing the same provisions as are contained in this Agreement, take such steps as are necessary to terminate the Operating Agreements to the extent permitted thereunder and in accordance with the terms thereof;

(f) the Concessionaire, at its sole cost and expense, shall promptly deliver to the City copies of all records and other documents relating to the Metered Parking Revenues that are in the possession of the Concessionaire or its Representatives and all other then existing records and information relating to the Metered Parking System as the City, acting reasonably, may request;

(g) the Concessionaire shall execute and deliver to the City a transfer of title documents and other instruments reasonably required by the City to evidence such termination;

(h) the Concessionaire shall assist the City in such manner as the City may require to ensure the orderly transition of control, operation, management, maintenance and rehabilitation of the Metered Parking System, and shall, if appropriate and if requested by the City, take all steps as may be necessary to enforce the provisions of the Operating Agreements pertaining to the surrender of the Metered Parking System;

(i) the City and the Concessionaire shall make appropriate adjustments, including adjustments relating to any Operating Agreements assigned to the City, Metered Parking Fees and other similar charges collected on and after the Reversion Date that are incurred prior to the Reversion Date, and utilities, and any adjustments and payment therefor shall be made by the appropriate Party on the Reversion Date, but shall be subject to readjustment if necessary because of error in matters such as information, calculation, payments and omissions that are identified within the period of 180 Days following the Reversion Date; *provided, however*, that the City and the Concessionaire acknowledge that certain adjustments or readjustments may have to be made when a third party provides to the City or the Concessionaire a final adjustment amount in respect of a matter, and for such matters the adjustment and readjustment date shall each be correspondingly extended; and

(j) if this Agreement is terminated as a result of an Adverse Action or a Reserved Powers Adverse Action, the payment by the City to the Concessionaire of the amounts required under Article 14 or Article 19 shall constitute full and final settlement of any and all Claims the Concessionaire may have against the City for and in respect of the termination of this Agreement and upon such payment, the Concessionaire shall execute and deliver all such releases and discharges as the City may reasonably require to give effect to the foregoing.

This Section 16.4 shall survive the expiration or any earlier termination of this Agreement.

Section 16.5. Termination Other Than Pursuant to Agreement. If this Agreement is terminated by the City other than pursuant to Section 16.1 or is canceled, rescinded or voided during the Term for any reason over the objection and without action by the Concessionaire, any Collateral Assignee and their respective Affiliates, the City shall pay to the Concessionaire the Metered Parking System Concession Value as of the date of such termination, cancellation, rescinding or voiding, plus, without duplication, the reasonable out-of-pocket and documented costs and expenses incurred by the Concessionaire as a direct result of such termination, cancellation, rescinding or voiding. The City hereby acknowledges and agrees that it may only terminate this Agreement in accordance with the express terms hereof and shall not, in any event, have the right to terminate this Agreement for convenience.

ARTICLE 17 RESTRICTIONS ON TRANSFERS

Section 17.1. Transfers by the Concessionaire.

(a) The Concessionaire shall not Transfer, or otherwise permit the Transfer of, any or all of the Concessionaire Interest to or in favor of a Transferee, unless (i) the City has Approved (based upon a determination in accordance with Section 17.1(b)) such proposed Transferee (unless it is a Collateral Assignee permitted under Article 18) and (ii) the proposed Transferee (unless it is a Collateral Assignee permitted under Article 18) enters into an agreement with the City in form and substance satisfactory to the City, acting reasonably, wherein the Transferee acquires the rights and assumes the obligations of the Concessionaire and agrees to perform and observe all of the obligations and covenants of the Concessionaire under this Agreement. Any Transfer made in violation of the foregoing provision shall be null and void ab initio and of no force and effect.

(b) Approval of a proposed Transferee may be withheld if the City reasonably determines that (i) such proposed Transfer is prohibited by applicable Law, (ii) such proposed Transferee's entering into this Agreement with the City is prohibited by Law, (iii) such proposed Transfer would result in a violation of Law, (iv) such proposed Transfer would result in a Tax liability to the City (unless the City shall have received indemnification, as determined in the City's discretion, with respect thereto) or (v) such proposed Transferee is not capable of performing the obligations and covenants of the Concessionaire under this Agreement, which determination shall be based upon and take into account the following factors: (a) the financial strength and integrity of the proposed Transferee, its direct or indirect beneficial owners, any proposed managers or operating partners and each of their respective Affiliates; (b) the experience of the proposed Transferee or the Operator to be engaged by the proposed Transferee in operating metered parking systems and performing other relevant projects; (c) the background and reputation of the proposed Transferee, its direct or indirect beneficial owners, any proposed managers or operating partners, each of their respective officers, directors and employees and each of their respective Affiliates (including the absence of criminal, civil or regulatory claims or actions against any such Person and the quality of any such Person's past or present performance on other projects); and (d) the Operator engaged by

the proposed Transferee, including the ability of the Operator to meet the operating standards.

(c) No Transfer of all or any of the Concessionaire Interest (except a Transfer to a Collateral Assignee or its nominee upon its exercise of remedies under its Collateral Assignment and a subsequent transfer to the transferee of the Collateral Assignee that has been Approved under Section 17.1(b)) shall be made or have any force or effect if, at the time of such Transfer there has occurred a Concessionaire Default that has not been remedied or an event that with the lapse of time, the giving of notice or otherwise would constitute a Concessionaire Default.

(d) A Change in Control of the Concessionaire shall be deemed to be a Transfer of the Concessionaire Interest for purposes of the foregoing provisions.

(e) Nothing contained in the foregoing shall be deemed to prohibit or limit the Concessionaire from changing its organizational form or status (including a change from a limited liability company to a corporation or limited partnership), *provided* that such change in organizational form or status does not result in a Change of Control of the Concessionaire.

(f) Neither (i) a change of ownership that is attributable to a concession, management agreement, operating agreement or other similar arrangement that is subject and subordinate in all respects to the rights of the City under this Agreement, nor (ii) the creation of a trust or any other transaction or arrangement that is solely a transfer of all or part of the Concessionaire's economic interest under this Agreement to another entity shall be deemed to be a Transfer of the Concessionaire Interest for purposes of Section 17.1(a).

Section 17.2. Assignment by the City. The City shall have the right to Transfer any or all of the City's interest in the Metered Parking System and this Agreement, *provided* that it shall be jointly and severally liable with the Transferee for the performance and observance of the obligations and covenants of the City under this Agreement and any agreement entered into by the City under this Agreement (including agreeing directly with any Collateral Assignee to be bound by the agreement entered into in accordance with Section 18.3) and that any such Transfer by the City shall not materially limit or reduce any of the Concessionaire's other rights, benefits, remedies or privileges under this Agreement.

ARTICLE 18 LENDER'S RIGHTS AND REMEDIES

Section 18.1. Collateral Assignments. The Concessionaire shall have the right, at its sole cost and expense, to execute and deliver one or more (subject to Section 18.7) Collateral Assignments, if at the time any such Collateral Assignment is executed and delivered to the Collateral Assignee, no Concessionaire Default exists unless any such Concessionaire Default will be cured pursuant to Section 18.3 in connection with

entering into such Collateral Assignment, and upon and subject to the following terms and conditions:

(a) a Collateral Assignment may not cover any property of, or secure any debt issued or guaranteed by, any Person other than the Concessionaire (including any debt guaranteed by the Concessionaire in accordance with Section 3.6), but may cover shares or equity interests in the capital of the Concessionaire and any cash reserves or deposits held in the name of the Concessionaire;

(b) no Person other than an Institutional Lender shall be entitled to the benefits and protections accorded to a Collateral Assignee in this Agreement; *provided, however,* that lenders to the Concessionaire (and lenders to the Collateral Assignee as successor in interest to the Concessionaire under this Agreement) may be Persons other than Institutional Lenders so long as any Collateral Assignment securing the loans made by such Persons is held by an Institutional Lender acting as collateral agent or trustee;

(c) no Collateral Assignment or other instrument purporting to pledge, encumber, or create a lien, charge or security interest on or against any or all of the Concessionaire Interest shall extend to or affect the fee simple interest in the Concession Parking Lots, the City's interest hereunder or its reversionary interest and estate in and to the Metered Parking System or any part thereof;

(d) the City shall have no liability whatsoever for payment of the principal sum secured by any Collateral Assignment, or any interest accrued thereon or any other sum secured thereby or accruing thereunder, and, except for violation by the City of express obligations set forth herein, the Collateral Assignee shall not be entitled to seek any damages or other amounts against the City for any or all of the same;

(e) the City shall have no obligation to any Collateral Assignee in the enforcement of the City's rights and remedies herein and by Law provided, except as expressly set forth in this Agreement and unless such Collateral Assignee has provided the City with notice of its Collateral Assignment in accordance with the Collateral Assignee Notice Requirements;

(f) each Collateral Assignment shall provide that if the Concessionaire is in default under the Collateral Assignment and the Collateral Assignee gives notice of such default to the Concessionaire, then the Collateral Assignee shall give notice of such default to the City;

(g) subject to the terms of this Agreement, all rights acquired by a Collateral Assignee under any Collateral Assignment shall be subject and subordinate to all of the provisions of this Agreement and to all of the rights of the City hereunder;

(h) while any Collateral Assignment is outstanding, the City shall not agree to any amendment or modification of this Agreement that could reasonably be expected to have a material adverse effect on the rights or interests of the Collateral Assignee or agree to a voluntary surrender or termination of this Agreement by the Concessionaire without the consent of the Collateral Assignee;

(i) notwithstanding any enforcement of the security of any Collateral Assignment, the Concessionaire shall remain liable to the City for the payment of all sums owing to the City under this Agreement and the performance and observance of all of the Concessionaire's covenants and obligations under this Agreement; and

(j) a Collateral Assignee shall not, by virtue of its Collateral Assignment, acquire any greater rights or interest in the Metered Parking System than the Concessionaire has at any applicable time under this Agreement, other than such rights or interest as may be granted or acquired in accordance with Section 18.2, 18.3, 18.4 or 18.5; and each Collateral Assignee, the City and the Concessionaire shall enter into a consent agreement in a form acceptable to all parties; *provided* that such consent agreement shall be in a customary form and shall include the rights and protections provided to the Collateral Assignees in this Agreement.

Section 18.2. Notices and Payments to Collateral Assignees. Whenever a Collateral Assignment exists as to which the City has been provided notice in accordance with the Collateral Assignee Notice Requirements, the City shall, simultaneously with providing the Concessionaire any required notice under this Agreement, provide a copy of such notice to such Collateral Assignee, and no such notice to the Concessionaire shall be effective against the Collateral Assignee until a copy thereof is duly provided to such Collateral Assignee at its address specified in its notice given to the City in accordance with the Collateral Assignee Notice Requirements (or any subsequent change of address notice given to the City pursuant to the requirements of Section 20.1). With respect to a Collateral Assignment regarding which the City has been provided notice in accordance with the Collateral Assignee Notice Requirements, unless the Collateral Assignee has otherwise advised the City in writing, all payments to the Concessionaire to be made by the City under this Agreement shall be made to the institution acting as the collateral agent or depository under the financing secured by such Collateral Assignment.

Section 18.3. Collateral Assignee's Right to Cure. The Collateral Assignee shall have a period of 60 Days with respect to any Concessionaire Default beyond any cure period expressly provided to the Concessionaire herein, in which to cure or cause to be cured any such Concessionaire Default; *provided, however*, that such 60-Day period shall be extended if the Concessionaire Default may be cured but cannot reasonably be cured within such period of 60 Days, and the Collateral Assignee begins to cure such default within such 60-Day period (or, if possession is necessary in order to effect such cure, the Collateral Assignee commences appropriate lawful action (pursuant to judicial process or otherwise) to take possession or transfer possession (subject to the provisions of Article 17) of the Metered Parking System within 60 Days) and thereafter proceeds with all due diligence to cure such Concessionaire Default (including by proceeding with all due diligence to take possession or effect such transfer) within a reasonable period of time acceptable to the City, acting reasonably; *provided further* that if a Collateral Assignee's right to cure a Concessionaire Default has not expired, and the Collateral Assignee is acting to cure such Concessionaire Default in accordance with this Section 18.3 then the City shall not exercise its right to terminate this Agreement by reason of such Concessionaire Default. In furtherance of the foregoing, the City shall permit the Collateral Assignee and its Representatives the same access to the Metered Parking System as is permitted to the Concessionaire hereunder. The City shall accept

any such performance by a Collateral Assignee as though the same had been done or performed by the Concessionaire. Any payment to be made or action to be taken by a Collateral Assignee hereunder as a prerequisite to keeping this Agreement in effect shall be deemed properly to have been made or taken by the Collateral Assignee if such payment is made or action is taken by a nominee, agent or assignee of the rights of such Collateral Assignee.

Section 18.4. Rights of the Collateral Assignee.

(a) Subject to the provisions of this Agreement including, but not limited to, the Reserved Powers, a Collateral Assignee may (i) enforce its Collateral Assignment in any lawful way, (ii) acquire the Concessionaire Interest in any lawful way or (iii) take control of in any lawful way and manage the Metered Parking System. Upon exercise of any contractual or statutory power of sale or possession under such Collateral Assignment and subject to the provisions of Article 17 (applied to the Collateral Assignee as if it were the Concessionaire), a Collateral Assignee may Transfer the Concessionaire Interest; *provided, however*, that no Transfer by a Collateral Assignee shall be effective unless the Transfer is made in accordance with Section 17.1. Any Person to whom the Collateral Assignee Transfers the Concessionaire Interest (including such Collateral Assignee) shall take the Concessionaire Interest subject to any of the Concessionaire's obligations under this Agreement.

(b) Except as provided in Section 18.3, unless and until a Collateral Assignee (i) forecloses upon or has otherwise taken ownership of the Concessionaire Interest or (ii) has taken possession or control of the Concessionaire Interest, whether directly or by an agent as a mortgagee in possession or a receiver or receiver and manager has taken possession or control of the Concessionaire Interest by reference to the Collateral Assignment, the Collateral Assignee shall not be liable for any of the Concessionaire's obligations under this Agreement or be entitled to any of the Concessionaire's rights and benefits contained in this Agreement, except by way of security. If the Collateral Assignee itself or by an agent or a receiver or a receiver and manager is the owner, or is in control or possession of, the Concessionaire Interest, it shall be bound by all liabilities and obligations of the Concessionaire under this Agreement (including the obligation to engage an Operator). Once the Collateral Assignee goes out of ownership, possession or control of the Concessionaire Interest or Transfers the Concessionaire Interest to another Person in accordance with the provisions of this Agreement, the Collateral Assignee shall cease to be liable for any of the Concessionaire's obligations under this Agreement accruing thereafter and shall cease to be entitled to any of the Concessionaire's rights and benefits contained in this Agreement, except, if the Collateral Assignment remains outstanding, by way of security.

Section 18.5. City's Termination of this Agreement; New Agreement.

(a) Without prejudice to the rights of a Collateral Assignee under Section 18.3, if this Agreement is terminated prior to the expiration of the Term due to a Concessionaire Default (in which case the City shall notify the Collateral Assignee of such termination) or if this Agreement is rejected or disaffirmed pursuant to any bankruptcy Law or proceeding or other similar Law or proceedings affecting creditors'

rights generally with respect to a bankruptcy proceeding relating to the Concessionaire or otherwise, the City agrees to enter into a new concession agreement of the Metered Parking System with the Collateral Assignee (or its designee or nominee, *provided* that such designee or nominee either is controlled by the Collateral Assignee or is Approved by the City as Transferee under Section 17.1) for the remainder of the original stated Term upon all of the covenants, agreements, terms, provisions and limitations of this Agreement (the "New Agreement"), effective as of the date of such termination, but only on and subject to the satisfaction of all of the following requirements and conditions: (i) such Collateral Assignee commits in writing to the City, in a notice delivered to the City, within 30 Days after the City delivers the termination notice to the Collateral Assignee (or, if later, upon the termination of any cure period granted to the Collateral Assignee pursuant to Section 18.3) or within 30 Days after the effective date of such rejection or disaffirmance, as the case may be, that the Collateral Assignee (or its designee or nominee) will enter into the New Agreement, which notice is accompanied by a copy of such New Agreement, duly executed and acknowledged by the Collateral Assignee (or its designee or nominee); (ii) provided the City notifies the Collateral Assignee in advance, the Collateral Assignee (or its designee or nominee) pays or causes to be paid to the City, at the time of the execution and delivery of the New Agreement, all amounts which, at the time of the execution and delivery thereof, would have been past-due or due and payable in accordance with the provisions of this Agreement but for such termination; (iii) provided the City furnishes a statement or invoice for such costs the Collateral Assignee pays or causes to be paid to the City all reasonable costs and expenses (including legal fees), Taxes, fees, charges and disbursements paid or incurred by the City in connection with such defaults and termination, the recovery of possession from the Concessionaire, and in connection with the preparation, execution and delivery of the New Agreement and related agreements and documents specified in such statement or invoice; and (iv) such Collateral Assignee (or its designee or nominee), at the time of such written request, cures all defaults under this Agreement (curable by the payment of money) existing immediately prior to the termination of this Agreement, or, if such defaults cannot be cured by the payment of money, such Collateral Assignee (or its designee or nominee) commits to the City in the New Agreement to proceed both promptly and diligently, upon the execution of the New Agreement, to cure all such other defaults and, if possession is necessary in order to cure such other Concessionaire Defaults, to proceed both promptly and diligently to obtain the possession required to cure any such other defaults (and such cure shall be a covenant in the New Agreement).

(b) Nothing contained in this Section 18.5 shall be deemed to limit or affect the City's interest in and to such Metered Parking System upon the expiration of the Term of the New Agreement. The provisions of this Section 18.5 shall survive the termination of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 18.5 were a separate and independent contract made by the City, the Concessionaire and the Collateral Assignee and, if the Collateral Assignee satisfies the conditions to a New Agreement from the effective date of such termination of this Agreement to the date of execution and delivery of the New Agreement, the Collateral Assignee may operate the concession created by this Agreement without hindrance by the City, but only on and subject to the terms and provisions of this Agreement.

Section 18.6. Right to Arbitration. In each case specified in this Agreement in which resort to arbitration is authorized, the Collateral Assignee shall have the right and privilege if an event of default under the Collateral Assignment then exists and notice has been given to the City as contemplated by Section 18.1(f), in the Concessionaire's name, place and stead, to obtain and participate in such arbitration upon notice to the City in accordance with Section 20.1, provided that the Collateral Assignee agrees to be bound by the decision of the arbitration panel.

Section 18.7. Recognition by the City of Collateral Assignee. If there is more than one Collateral Assignee, only that Collateral Assignee, to the exclusion of all other Collateral Assignees, whose notice was earliest received by the City pursuant to the Collateral Assignee Notice Requirements, shall have the rights as a Collateral Assignee under this Article 18, unless such Collateral Assignee has designated in writing another Collateral Assignee to exercise such rights.

Section 18.8. City's Right to Purchase Indebtedness Secured by Collateral Assignment.

(a) If any default by the Concessionaire has occurred under a Collateral Assignment, or any act, condition or event has occurred which would permit a Collateral Assignee to declare all or part of the indebtedness secured by a Collateral Assignment to be immediately due and payable, then the City shall have 30 Days after the date on which such Collateral Assignee shall serve notice upon the City in writing ("Collateral Assignee's Notice") that such Collateral Assignee intends to commence proceedings to exercise its rights or remedies under the Collateral Assignment (stating the calculation of the purchase price pursuant Section 18.8(c)), during which 30-Day period the City shall have the right and option (the "City's Option") to purchase from all Collateral Assignees the indebtedness secured by all Collateral Assignments, upon the terms and subject to the conditions contained in this Section 18.8.

(b) The City's Option shall be exercised by notice served upon the Concessionaire and all Collateral Assignees within such 30-Day period. Time shall be of the essence as to the exercise of the City's Option. If the City's Option is duly and timely exercised, the City shall purchase on the date which is 60 Days after the date on which a Collateral Assignee's Notice is served upon the City. The closing shall take place at a mutually convenient time and place.

(c) The purchase price payable by the City shall be equal to the aggregate amounts secured by such Collateral Assignments (including principal, interest, fees, premiums, breakage and other costs, expenses (including attorneys' fees) and any other amounts secured thereby) as of the closing date of the purchase. The purchase price shall be paid in full in cash at closing by wire transfer or other immediately available funds. The purchase price shall be paid by the City to each respective Collateral Assignee, to be applied by the Collateral Assignee to the indebtedness secured by the Collateral Assignment owed to such Collateral Assignee, subject to the priorities of the security interests created by such Collateral Assignments.

(d) At the closing and upon payment in full of the purchase price each Collateral Assignee shall assign its Collateral Assignment to the City, together with any security interest held by it in the Concessionaire Interest, without recourse, representations, covenants or warranties of any kind, *provided* that such Collateral Assignments and security interests shall be deemed modified to secure the amount of the aggregate purchase price paid by the City to all Collateral Assignees (rather than the indebtedness theretofore secured thereby) payable on demand, with interest and upon the other items referred to in this Section 18.8(d). The City shall be responsible for paying any Taxes payable to any Governmental Authority upon such assignment.

(e) Any Collateral Assignment shall contain an agreement of the Collateral Assignee to be bound by the provisions of this Section 18.8.

(f) The City shall have the right to receive all notices of default under any Collateral Assignment, but the City shall not have the right to cure any default under any Collateral Assignment, except to the extent provided in this Section 18.8.

ARTICLE 19 DISPUTE RESOLUTION

Section 19.1. Scope. Any dispute arising out of, relating to, or in connection with this Agreement, including any question as to whether such dispute is subject to arbitration, shall be resolved as set forth in this Article 19.

Section 19.2. Informal Dispute Resolution Procedures. The Parties shall attempt in good faith to resolve such dispute within 15 Business Days following receipt by one Party of notice of such dispute from the other Party. If the Parties are unable to resolve the dispute within such period of 15 Business Days, and upon notice by either Party to the other, the dispute shall be referred to the Designated Senior Person of each Party. The Designated Senior Persons shall negotiate in good faith to resolve the dispute, conferring as often as they deem reasonably necessary. Statements made by representatives of the Parties during the dispute resolution procedures set forth in this Section 19.2 and in Section 19.3 and documents specifically prepared for such dispute resolution procedures shall be considered part of settlement negotiations and shall not be admissible as evidence in any arbitration or other litigation proceeding between the Parties without the mutual consent of the Parties.

Section 19.3. Mediation. Mediation of a dispute under this Agreement may not be commenced until the earlier of: (i) such time as both of the Designated Senior Persons, after following the procedures set forth in Section 19.2, conclude in good faith that amicable resolution through continued negotiation of the matter does not appear likely; or (ii) 15 Business Days after the notice referring the dispute to the Designated Senior Persons pursuant to Section 19.2 has been received by both Designated Senior Persons. If, after such time period, the dispute remains unresolved, the Parties shall attempt to resolve the dispute through mediation administered by the AAA under its

Commercial Mediation Procedures before resorting to binding arbitration, as provided by Section 19.4.

Section 19.4. Arbitration. If the procedures described in Section 19.2 and Section 19.3 do not resolve the dispute within 30 Business Days following a reference to mediation, the dispute shall be exclusively and finally settled by arbitration administered by the AAA in accordance with the AAA Rules. Either Party may initiate the arbitration, as provided in the AAA Rules. The place of arbitration shall be Chicago, Illinois unless the Parties agree otherwise. The arbitral panel shall determine the rights and obligations of the Parties in accordance with the substantive laws of the State of Illinois and without regard to conflicts of laws principles thereof. Except as agreed by the Parties, the arbitral panel shall have no power to alter or modify any terms or provisions of this Agreement, or to render any award that, by its terms or effects, would alter or modify any term or provision of this Agreement. The Parties shall be entitled to reasonable production of relevant, non-privileged documents, carried out expeditiously. If the Parties are unable to agree upon same, the arbitral panel shall have the power, upon application of any Party, to make all appropriate orders for production of documents by any Party. At the request of either Party, the arbitral panel shall have the discretion to order the examination by deposition of any witness to the extent the arbitral tribunal deems such examination appropriate or necessary. The arbitral panel shall be composed of three arbitrators, one to be selected by the City, one to be selected by the Concessionaire and the third (who shall act as chairman of the panel) to be selected by the two previously-selected arbitrators. If, within 15 Business Days, the two previously-selected arbitrators cannot agree on the selection of the third arbitrator, then the third arbitrator shall be selected by the AAA pursuant to the AAA Rules. Once the arbitral panel has been composed, the arbitrators shall act as neutrals and not as party arbitrators, and no Party shall engage in any *ex parte* communication with any member of the arbitral panel. Each Party shall bear its own attorney fees, expenses, and costs. Any award of monetary damages shall include interest at the Bank Rate from the date of any breach or violation of this Agreement or the incurring of any obligation as determined in the arbitral award until paid in full. Any award of monetary damages shall be in writing and state the reasons upon which it is based. The award shall be final and binding on the Parties. Judgment on the award may be entered by any court with competent jurisdiction. The Federal Arbitration Act, 9 U.S.C. § 1 *et seq.*, shall govern any arbitration conducted pursuant to this Section 19.4.

Section 19.5. Provisional Remedies. No Party shall be precluded from initiating a proceeding in a court of competent jurisdiction for the purpose of obtaining any emergency or provisional remedy to protect its rights that may be necessary and that is not otherwise available under this Agreement, including temporary and preliminary injunctive relief and restraining orders and the appointment of a receiver or receiver and manager in connection with the collection and retention of Metered Parking Revenues.

Section 19.6. Tolling. If a Party receiving a notice of default under this Agreement contests, disputes or challenges the propriety of such notice by making application to the dispute resolution procedure in this Article 19, any cure period that applies to such default shall be tolled for the time period between such application and the issuance of a final award or determination.

Section 19.7. Technical Arbitration.

(a) *Informal Dispute Resolution by Consultant.* The Parties may agree to submit any technical dispute under this Agreement, including any technical dispute with respect to Article 7 that is submitted pursuant to Section 7.12 to the Consultant, which submission may be made without submitting the technical dispute to technical arbitration pursuant to Section 19.7(b) or to the dispute resolution process described in Section 19.2, Section 19.3 and Section 19.4 and once such technical dispute has been submitted to the Consultant then the time limits set out in Section 19.2, Section 19.3 and Section 19.4 shall no longer apply. The Consultant shall determine any unresolved disputed items within three Business Days of the submission of such dispute to the Consultant, unless the Consultant has good cause to extend such date for determination. The submission shall be in the form of written statements of position by one or both of the Parties, which statements shall be provided to both the other Party and the Consultant, with each Party having an opportunity to respond to such written statements of the other Party and any requests for statements or information by the Consultant, including in-person meetings. The Parties shall each bear their own costs with respect to the submission of such dispute to the Consultant and shall bear equally the cost of the Consultant with respect to such dispute. The Consultant's award shall be in writing and state the reasons upon which it is based. The decision of the Consultant shall be final and binding on the Parties, unless either Party expressly reserves the right to submit the dispute to technical arbitration pursuant to Section 19.7(b) or to the dispute resolution process described in Section 19.2, Section 19.3 and Section 19.4. Within one Business Day after its receipt of the decision, any Party may request the Consultant to interpret the decision or to correct any clerical, typographical or computation errors therein. The other Party shall have a right to comment within one Business Day of its receipt of the requesting Party's request for interpretation and/or correction. If the Consultant considers the request justified, it shall comply with such request within three Business Days after its receipt of such request. The correction and/or interpretation of the decision shall take the form of an addendum and shall constitute part of the decision.

(b) *Technical Arbitration.* The Parties may agree to submit any technical dispute under this Agreement to technical arbitration, which submission may be made without submitting the technical dispute to the Consultant pursuant to Section 19.7(a) or to the dispute resolution process described in Section 19.2, Section 19.3 and Section 19.4. Such technical arbitration shall be conducted by a Consultant, serving as an independent technical arbitrator, acceptable to the City and the Concessionaire (and if the Parties fail to agree upon the independent technical arbitrator within five Business Days after the Parties agree to submit the dispute to technical arbitration, then the City and the Concessionaire shall each appoint an independent technical arbitrator and both such arbitrators shall be instructed to select a third independent technical arbitrator to conduct the technical arbitration). If the Party-appointed technical arbitrators are unable to agree upon a third technical arbitrator within five Business Days after they are instructed by the Parties to select a third arbitrator, the Consultant shall select the independent technical arbitrator to conduct the technical arbitration as soon as possible. Such submission shall be in the form of written statements of position by one or both of the Parties, which statements shall be provided to both the other Party and the independent technical

arbitrator, with each Party having an opportunity to respond to such written statements of the other Party and any requests for statements or information by the independent technical arbitrator, including in-person meetings; *provided, however*, that all such submissions by a Party shall be made within 10 Business Days of appointment of the independent technical arbitrator and, notwithstanding any provision herein to the contrary, any unresolved disputed items shall be determined by the independent technical arbitrator within seven Business Days of receipt by the independent technical arbitrator of the Parties' submissions of information unless such independent technical arbitrator has good cause to extend such date for determination. The Parties shall each bear their own costs with respect to the arbitration of any such technical dispute and shall bear equally the cost of retaining such independent technical arbitrator. The independent technical arbitrator's award shall be in writing and state the reasons upon which it is based. Within one Business Day after its receipt of the decision, any Party may request the independent technical arbitrator to interpret the decision or to correct any clerical, typographical or computation errors therein. The other Party shall have a right to comment within one Business Day of its receipt of the requesting Party's request for interpretation and/or correction. If the independent technical arbitrator considers the request justified, it shall comply with such request within three Business Days after its receipt of such request. The correction and/or interpretation of the decision shall take the form of an addendum and shall constitute part of the decision. The independent technical arbitrator's award shall be final and binding on the Parties, except in the event of fraud, partiality, or manifest error, or if the independent technical arbitrator has exceeded its mandate or otherwise lacked jurisdiction. Any Party that wishes to challenge the award must initiate arbitration in accordance with Section 19.4 within seven Business Days of its receipt of the award and the arbitral panel must accept such matter for arbitration. The submission must set forth one or more of the limited grounds set out in this provision as the basis for its challenge in its request for arbitration, failing which the award shall be final and binding. In the event an arbitral panel composed pursuant to Section 19.4 decides that the award is not final and binding because of one or more grounds set out in this provision, it may proceed to determine the underlying issue *de novo* and its award shall constitute a final and binding determination of the dispute. Except in the event of a challenge to the award in accordance with this provision, each Party shall give effect to the award starting as of the eighth Day of its receipt of the award, including by paying the amount, if any, which becomes payable as a result of the award. If the amount payable as a result of the award is not so paid, interest will accrue on that amount at the Bank Rate. Judgment on the award may be entered in any court with competent jurisdiction. The independent technical arbitrator's award shall be final and binding on the Parties.

A notice, other communication or approval shall be deemed to have been sent and received (i) on the Day it is delivered, or if such Day is not a Business Day or if the notice is received after ordinary office hours (time of place of receipt), the notice, other communication or approval shall be deemed to have been sent and received on the next Business Day, or (ii) on the fourth Business Day after mailing if sent by U.S. registered or certified mail.

Section 20.2. Entire Agreement. This Agreement constitutes the entire agreement between the Parties pertaining to the subject matter hereof and supersedes all prior agreements, negotiations, discussions and understandings, written or oral, between the Parties. There are no representations, warranties, conditions or other agreements, whether direct or collateral, or express or implied, that form part of or affect this Agreement, or that induced any Party to enter into this Agreement or on which reliance is placed by any Party, except as specifically set forth in this Agreement. The Parties acknowledge and agree that (i) each has substantial business experience and is fully acquainted with the provisions of this Agreement, (ii) the provisions and language of this Agreement have been fully negotiated and (iii) no provision of this Agreement shall be construed in favor of any Party or against any Party by reason of such provision of this Agreement having been drafted on behalf of one Party rather than the other.

Section 20.3. Amendment. This Agreement may be amended, changed or supplemented only by a written agreement signed by the Parties.

Section 20.4. Waiver of Rights. Any waiver of, or consent to depart from, the requirements of any provision of this Agreement shall be effective only if it is in writing and signed by the Party giving it, and only in the specific instance and for the specific purpose for which it has been given. No failure on the part of any Party to exercise, and no delay in exercising, any right under this Agreement shall operate as a waiver of such right. No single or partial exercise of any such right shall preclude any other or further exercise of such right or the exercise of any other right.

Section 20.5. Severability. Each provision of this Agreement shall be valid and enforceable to the fullest extent permitted by applicable Law. The invalidity of any one or more phrases, sentences, clauses or sections contained in this Agreement shall not affect the remaining portions of this Agreement or any part thereof. If any provision of this Agreement or the application thereof to any Person or circumstance is held or deemed to be or determined to be invalid, inoperative or unenforceable in any particular case in any particular jurisdiction or jurisdictions because it conflicts with any other provision or provisions hereof or of any applicable Law, or public policy, or for any other reason, (i) such circumstance shall not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstance, or rendering any other provision or provisions herein contained invalid, inoperative or unenforceable to any extent whatever, and (ii) the Parties shall negotiate in good faith to amend this Agreement to implement the provisions set forth herein. If the Parties cannot agree on an appropriate amendment, either Party may refer the matter for determination pursuant to the dispute resolution procedure in Article 19. If, by means of the dispute resolution procedure, the Parties are unable, as a result of applicable Law, to resolve the matter in a manner that effectively entitles the City to have the same rights after the aforesaid determination of invalidity or unenforceability as before, the City shall have the right to enact, and cause to come into force, any Law to provide for the same or substantially the same rights as were determined to be invalid or unenforceable.

Section 20.6. Governing Law. This Agreement shall be governed by, and interpreted and enforced in accordance with, the laws in force in the State of Illinois (excluding any conflict of laws rule or principle which might refer such interpretation to the laws of another jurisdiction).

Section 20.7. Submission to Jurisdiction. Subject to Article 19, any action or proceeding against the Concessionaire or the City relating in any way to this Agreement may be brought and enforced in the federal or state courts in the State of Illinois in the County of Cook, and each of the Concessionaire and the City hereby irrevocably submits to the jurisdiction of such courts with regard to any such action or proceeding, and irrevocably waives, to the fullest extent permitted by applicable Law, any objection it may have now or hereafter have to the laying of venue of any such action or proceeding in such courts and any claim that any such action or proceeding brought in any such court has been brought in an inconvenient forum. Service of process on the City may be made, either by registered or certified mail addressed as provided for in Section 20.1 or by personal delivery on the City Clerk of the City. Service of process on the Concessionaire

may be made either by registered or certified mail addressed as provided for in Section 20.1 or by delivery to the Concessionaire's registered agent for service of process in the State of Illinois. If the Concessionaire is presented with a request for Documents by any administrative agency or with a *subpoena duces tecum* regarding any Documents which may be in its possession by reason of this Agreement, the Concessionaire shall give prompt notice to the Corporation Counsel of the City. The City may contest such process by any means available to it before such Documents are submitted to a court or other third party; *provided, however*, that the Concessionaire shall not be obligated to withhold such delivery beyond that time as may be ordered by the court or administrative agency or required by Law, unless the *subpoena* or request is quashed or the time to produce is otherwise extended.

Section 20.8. Further Acts. The Parties shall do or cause to be done all such further acts and things as may be reasonably necessary or desirable to give full effect to this Agreement. Without limiting the foregoing, each Party will, at any time and from time to time, execute and deliver or cause to be executed and delivered such further instruments and assurances and take such further actions as may be reasonably requested by the other Party in order to cure any defect in the execution and/or delivery of this Agreement.

Section 20.9. Costs. Except as otherwise provided in this Agreement, each Party shall be responsible for its own costs and expenses incurred in connection with performing and observing its obligations and covenants under this Agreement.

Section 20.10. Interest. Any amount payable under this Agreement and not paid when due shall bear interest at a variable nominal rate per annum equal on each day to the Bank Rate then in effect, from the date such payment is due until payment and both before and after judgment.

Section 20.11. Inurement and Binding Effect. This Agreement shall inure to the benefit of the Parties and their respective permitted successors and assigns and be binding upon the Parties and their respective successors and assigns.

Section 20.12. No Partnership or Third Party Beneficiaries. Except as expressly provided herein to the contrary (including with respect to such rights as are expressly granted to each Collateral Assignee pursuant to this Agreement), nothing contained in this Agreement shall constitute or be deemed to create a partnership, joint venture or principal and agent relationship between the City and the Concessionaire, nor shall any term or provision hereof be construed in any way to grant, convey or create any rights or interests to any Person not a party to this Agreement.

Section 20.13. Cumulative Remedies. The rights, remedies, powers and privileges herein provided are cumulative and not exclusive of any rights, remedies, powers and privileges provided by Law.

Section 20.14. Non-Liability of Public Officials. The Concessionaire and any assignee or Contractor may not charge any official, officer, employee, advisor or consultant of the City personally with any liability or expenses of defense or hold any

official, officer, employee, advisor or consultant of the City personally liable to them under any term or provision of this Agreement or because of the City's execution, attempted execution or any breach of this Agreement.

Section 20.15. Conflicts of Interest.

(a) No member of the governing body of the City or other unit of government and no other official, officer, employee, advisor or consultant of the City or other unit of government who exercises any functions or responsibilities in connection with the Metered Parking Services is permitted to have any personal interest, direct or indirect, in this Agreement. No member of or delegate to the Congress of the United States or the Illinois General Assembly and no alderman of the City or City employee is allowed to be admitted to any share or part of this Agreement or to any financial benefit to arise from it.

(b) The Concessionaire represents and covenants that it, and to the best of its knowledge, its Contractors if any, presently have no direct or indirect interest and will not acquire any interest, direct or indirect, in any project or contract that would conflict in any manner or degree with the performance of the Metered Parking Services. It is acknowledged and agreed that nothing in this Section 20.15 shall prevent or restrict the Concessionaire, the Operator or their owners or Affiliates from bidding on or engaging (or seeking to engage) in any other projects or other transactions with the City or the City's departments.

(c) The Concessionaire further covenants that, in the performance of this Agreement, no Person having any conflicting interest will be assigned to perform any Metered Parking Services. If the City determines that any of the Concessionaire's services for others conflict with the Metered Parking Services, the Concessionaire is to render for the City under this Agreement, the Concessionaire must terminate such other services immediately upon request of the City.

Section 20.16. Counterparts; Facsimile Execution. This Agreement may be executed in any number of counterparts which, taken together, shall constitute one and the same agreement. This Agreement shall be effective when it has been executed by each Party and delivered to both Parties. To evidence the fact that it has executed this Agreement, a Party may send a copy of its executed counterpart to the other Party by facsimile transmission. Such Party shall be deemed to have executed and delivered this Agreement on the date it sent such facsimile transmission. In such event, such Party shall forthwith deliver to the other Party an original counterpart of this Agreement executed by such Party.

IN WITNESS WHEREOF, the City has caused this Agreement to be duly executed on its behalf by its Mayor pursuant to due authorization of the City Council and the Concessionaire has caused this Agreement to be duly executed pursuant to due authorization, all as of the day and year first above written.

Required Capital Improvements.

General.

The Concessionaire shall be responsible for all capital improvements with respect to the Metered Parking System required to be completed during the Term in accordance with the terms of the Concession Agreement, including as required by the Operating Standards set out in Schedule 3 and the provisions of this Schedule 2. To the extent that there is any inconsistency between the terms set out in Articles 1 through 20 and this Schedule 2 the terms set out in Articles 1 through 20 shall govern.

Installation Of Time Differential Metering Software And Hardware Systems.

With respect to a Metering Device relating to more than two (2) Metered Parking Spaces ("Multi-Space Metering Device"), the Concessionaire shall install such time differential metering software and hardware systems acceptable to the City ("Time Differential Metering Systems"), which allows the City to select a reasonable number of peak and non-peak demand periods, and provide for a Metered Parking Fee schedule specific to each period. The Time Differential Metering Systems must allow the City to set period lengths in increments as small as fifteen (15) minutes or as long as twenty-four (24) hours. Customers must be able to select the amount of time they want to park, as opposed to selecting the total Metered Parking Fee to be paid, and the equipment must display the appropriate amount being debited.

The Time Differential Metering Systems shall provide only for City designated time-limits. The Time Differential Metering Systems shall not provide for artificial limits based on the amount of the Metered Parking Fee. Customers shall not be prohibited from purchasing multiple hours of parking across varying rate schedules unless the City designates a time-limit. If the City selects a limit, the limit must be based on increments as small as fifteen (15) minutes or as long as twenty-four (24) hours. The City must be able to select specific hours during the day when time limits will be enforced.

The Time Differential Metering Systems shall allow the City to choose to either allow motorists arriving and paying multiple hours prior to the start time of each designated peak period to (1) pay a reduced or non-peak Metered Parking Fee as an incentive for arriving early, even if the motorist remains parked during peak hours or (2) pay the peak period Metered Parking Fee during the hours the motorist remains parked during peak hours. Customers must be able to select the amount of time they want to park, as opposed to selecting the total Metered Parking Fee to be paid, and the equipment must display the appropriate amount being debited.

The Time Differential Metering Systems should allow for the implementation of variable rate structures to create or reduce vehicle turnover. The City must be able to either increase or

decrease the Metered Parking Fee for every subsequent hour that a customer purchases to park. Customers must be able to select the amount of time they want to park, as opposed to selecting the total Metered Parking Fee to be paid, and the equipment must display the appropriate amount being debited.

The Time Differential Metering Systems should allow for the setting of increments of time to be purchased as small as fifteen (15) minutes and as large as twenty-four (24) hours, provided that increments as small as five (5) minutes will be allowed if required in the aggregate to constitute a whole value of time. The City must be able to assign different incremental values based upon the time of day.

Schedule 6.
(To Chicago Metered Parking System
Concession Agreement)

Article 7 Methodology.

1. SETTLEMENT SYSTEM REVENUE VALUE

(a) Step 1 – Settlement System Revenue Value

- This is the hypothetical amount of revenue the concessionaire would have produced in the previous year if the entire System were in place
- **On or prior to February 28, 2010:** Settlement System Revenue Value = Initial Revenue Value
- **On any date from March 1, 2010 to February 28, 2011:** Settlement System Revenue Value = [(previous Reporting Year Actual System Operating Revenue * Initial Reporting Year Multiplier) / simple average of the monthly System in Service Percentage during the previous Reporting Year] plus (previous Reporting Year Required Closure Payments * Initial Reporting Year Multiplier)
- **After February 28, 2011:** Settlement System Revenue Value = (previous Reporting Year Actual System Operating Revenue / simple average of the monthly System in Service Percentage during the previous Reporting Year) plus previous Reporting Year Required Closure Payments

2. QUARTERLY SETTLEMENT AMOUNT

(a) Step 1 – Required Closure Payment (if any)

- Required Closure Payment = (weighted average Revenue Value * 25%) * (the number of Days in that Quarter such Concession Metered Parking Space was closed as a result of a Required Closure after the date the Required Closure Allowance for such Reporting Year was fully applied / the number of Days in that Quarter such Concession Metered Parking Space was designated a Concession Metered Parking Space)

(b) Step 2 – Quarterly System in Service (“Quarterly SIS”)

- Quarterly SIS = Simple average of Monthly System In Service Percentage for each month in that Quarter

(c) Step 3 – Quarterly Settlement Amount

- **For the Initial Period:** Quarterly Settlement Amount = Required Closure Payments + [Initial Period Percentage * Settlement System Revenue Value * (1 + Annual Percentage Adjustment) * (1 - Quarterly SIS)]
- **For all other Quarters:** Quarterly Settlement Amount = Required Closure Payments + [25% * Settlement System Revenue Value * (1 + Annual Percentage Adjustment) * (1 - Quarterly SIS)]

3. MONTHLY SYSTEM IN SERVICE PERCENTAGE

(a) Step 1 – Existing System Revenue

- Existing System Revenue = Sum of the Existing Revenue of all Concession Metered Parking Spaces

(b) Step 2 – Aggregate Revenue Value

- Aggregate Revenue Value = Sum of the Revenue Values of all Concession Metered Parking Spaces + sum of the Revenue Value Adjustments of all Concession Metered Parking Spaces

(c) Step 3 – Reserve Power System Impact (“RPSI”)

- $RPSI = 1 - (\text{Aggregate Revenue Value} / \text{Existing System Revenue})$

(d) Step 4 – Monthly System in Service (“SIS”)

- As of the Closing Date: Monthly SIS 100%
- As of any March 1st, beginning 3/1/10: Monthly SIS = Previous month SIS * [1-RPSI] * [1 / (1 + Annual Percentage Adjustment)]
- As of the 1st day of any other month: Monthly SIS = Previous month SIS * [1-RPSI]

4. REVENUE VALUE

(a) Step 1 – Determine Need for Calculation

- If the City has not exercised a Reserved Power, Revenue Value will equal Existing Revenue
- As such, only Concession Metered Parking Spaces that have been impacted by a Reserved Power need to have a separate Revenue Value calculation

(b) Step 2 – Existing Revenue

- As of the Closing Date: Existing Revenue = Initial Revenue Value
- As of 3/1/10 if Revenue Value was unchanged throughout the previous Reporting Year: Existing Revenue = (Previous year annualized Actual Operating Revenue * Initial Reporting Year Multiplier) + (previous year annualized Required Closure Payments * Initial Reporting Year Multiplier)
- As of any March 1st beginning 3/1/11 if Revenue Value was unchanged throughout the previous Reporting Year: Existing Revenue = Previous year Actual Operating Revenue + previous year Required Closure Payments
- As of any other date: Existing Revenue = Previous month Revenue Value

(c) Step 3 – Revenue Value

- As of the Closing Date: Revenue Value = Initial Revenue Value
- Regular Rate Adjustments: Revenue Value = Metered Parking Fee * Period of Operation * Utilization Rate from Existing Revenue + any reduction as required in accordance with the Rate to Fine Multiple pursuant to Section 7.8(e)
- As of any other date: Revenue Value = Metered Parking Fee * Period of Operation * Expected Utilization Rate + any reduction as required in accordance with the Rate to Fine Multiple pursuant to Section 7.8(e)

5. REVENUE VALUE ADJUSTMENT

(a) Step 1 – Expected Utilization Adjustment

- On the 1st day of a Reporting Year: Expected Utilization Adjustment = (Measured Utilization Rate - Expected Utilization Rate) / Measured Utilization Rate
- Expected Utilization Adjustment can not be greater than 0% for the period commencing on the Closing Date and ending March 1, 2014

(b) Step 2 – Revenue Value Adjustment

- On the 1st day of a Reporting Year: Revenue Value Adjustment = Revenue Value * Expected Utilization Adjustment

Re: Chicago Metered Parking System

Ladies and Gentlemen:

We refer to the Chicago Metered Parking System Concession Agreement dated December 4, 2008 (the *Concession Agreement*) between the City of Chicago, a municipal corporation and home rule unit of local government organized and existing under Article VII, Sections 1 and 6(a), respectively, of the 1970 Constitution of the State of Illinois (the *City*) and Chicago Parking Meters, LLC, a Delaware limited liability company (the *Concessionaire*). Capitalized terms used but not defined herein have the meanings given to them in the Concession Agreement.

The City and the Concessionaire, intending to be legally bound, agree as follows:

1. The Consideration is \$1,151,355,186.17, as adjusted pursuant to Sections 2.2(c) and 2.2(d) of the Concession Agreement and detailed in Exhibit A attached herewith. There will be no adjustment pursuant to Section 2.2(b).
2. Pursuant to Section 7.2 of the Concession Agreement the City, acting through the undersigned City Comptroller, hereby designates the Metered Parking Spaces described and as set forth in Exhibit B attached hereto to be Reserve Metered Parking Spaces as of the date hereof. This designation is subject to change, additions, subtractions and further designations at the option of the City in accordance with the terms of the Concession Agreement.
3. With respect to paragraph 22(c) of the "Metering Device Installation, Removal and Repair" Section of Schedule 3 to the Concession Agreement, the City hereby waives the regular 30 day deadline from ordinance passage referred to therein with regard to the Metered Parking System Ordinance and extends such deadline to a period ending 30 days from the Closing Date. Such waiver and extension does not affect other ordinances or directions pursuant to such paragraph.
4. With respect to paragraph 22(d) of the "Metering Device Installation, Removal and Repair" Section of Schedule 3 to the Concession Agreement, the City hereby waives the regular 60 day deadline from ordinance passage referred to therein with regard to the Metered Parking System Ordinance and extends such deadline to a period ending 60 days from the Closing Date. 5. Exhibit C attached herewith is incorporated as supplement to Schedule 5 to the Concession Agreement.

6. Schedule 6 of the Agreement is supplemented by the examples attached hereto as Exhibit D. These examples illustrate particular hypothetical events but are not a comprehensive illustration of all of the provisions of the Agreement that will impact the determination of Settlement System Revenue Value, Quarterly Settlement Amount and Monthly System in Service Percentage. The City and the Concessionaire agree to cooperate in the formulation of a comprehensive Article 7 Methodology to be included as a Supplement to Schedule 6 no later than August 31, 2009, and to follow Exhibit D, if applicable for determining Settlement System Revenue Value, Quarterly Settlement Amount and Monthly System in Service Percentage, for an interim period ending when a comprehensive Article 7 Methodology has been agreed upon by the City and the Concessionaire.

7. Exhibit E attached herewith is incorporated as supplement to Schedule 10 to the Concession Agreement.

Each of the City and the Concessionaire represents and warrants to the other that:

(i) it has the power and authority to enter into this agreement and to do all acts and things and execute and deliver all other documents as are required hereunder to be done, observed or performed by it in accordance with the terms hereof; and

(ii) this agreement has been duly authorized, executed and delivered by such party and constitutes its valid and legally binding obligation, enforceable against it in accordance with the terms hereof, subject only to applicable bankruptcy, insolvency and similar laws affecting the enforceability of the rights of creditors generally and to general principles of equity.

This agreement may not be amended or waived except by an instrument in writing signed by the City and the Concessionaire. This agreement may be executed in one or more counterparts all of which taken together constitute one and the same instrument.

This agreement shall be construed in accordance with, and this agreement and all matters arising out of or relating in any way whatsoever to this agreement (whether in contract, tort or otherwise) shall be governed by, the law of the State of Illinois (excluding any conflict of laws rule or principle which might refer such interpretation to the laws of another jurisdiction).
