WHEREAS, a public hearing was held on this application by the Zoning Board of Appeals at its regular meeting held on May 17, 2002, after due notice thereof as provided under Section 11.10-3 and by publication in the Chicago Sun-Times on May 2, 2002; and

WHEREAS, the Zoning Board of Appeals, having fully heard the testimony and arguments of the parties and being fully advised in the premises, hereby finds the following: that the proposed use is to be located in a B2-3 Restricted Retail District; that the subject site is a 7,349 sq. ft. L-shaped lot with frontage on N. Clark Street, W. Dickens Street and N. Orleans Street and is presently improved with a 2-story brick commercial building and rear parking lot; that in 1967 the subject site property was purchased from the Chicago Park District and sub-divided, which created the present L-shaped parcel; that the subject site abuts property to the south, at 2056-46 N. Clark Street, owned by the Chicago Province of the Society of Jesus; that the applicant proposes to erect a 4-story 4 dwelling unit building with commercial use on the N. Clark Street ground floor frontage; that interior garage space with access driveways will be provided; that testimony presented indicates that the L-shaped design of the proposed 4-story building provides no space at the rear of the abutting building at 2056 N. Clark to allow for emergency egress or taking garbage to the street for pickup, that the applicant testified that although no formal easement agreements ever existed between the former owner of the subject property, the Chicago Park District, and the owner of the abutting property, the Society of Jesus, they will be “working” with the Society of Jesus on resolving this rear egress problem; that the Board finds that the design of the proposed 4-story building on this L-shaped lot presently provides a threat to the public health, safety and welfare and is not in the public interest; it is therefore

RESOLVED, that the application for a special use be and it hereby is denied.

No. 161-02-S, for the approval of the establishment of retail use below the 2nd floor in the construction of the aforesaid 4-story building, finding, in part, that the design of the proposed building did not allow for egress from the rear of the abutting building at 2056 N. ACTION OF BOARD-- VARIATION GRANTED.

WHEREAS, a public hearing was held on this application by the Zoning Board of Appeals at its regular meeting held on May 17, 2002; and

WHEREAS, the Zoning Board of Appeals, having fully heard the testimony and arguments of the parties and being fully advised in the premises, hereby finds the following: that the property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations in the district in which it is located; that the plight of the owner is due to unique circumstances; that the variations, if granted, will not alter the essential character of the locality; it is therefore

RESOLVED, that the Zoning Board of Appeals, by virtue of the authority conferred upon it, does hereby make a variation in the application of the district regulations of the zoning ordinance and that the aforesaid variation request be and it hereby is granted subject to the following condition(s):

That all applicable ordinances of the City of Chicago shall be complied with before a permit is issued.
Gary I. Wigoda, for Austin Spanish Congregation of Jehovah’s Witnesses, successor in interest to the prior owner and applicant, New Horizon Temple of Chicago, Inc., presented a written request for an extension of time in which to obtain necessary permits for the establishment of a 202 seat church in an existing 2-story with basement brick building with on-site parking, on premises at 2555 N. Central Avenue, approved by the Zoning Board of Appeals on February 16, 2001, in Cal. No. 58-01-S.

Mr. Wigoda stated that the Austin Spanish Congregation of Jehovah’s Witnesses is the successor in interest to the prior owner of the property and it is their intent to use and develop the property in a manner consistent with that which was approved by the Zoning Board of Appeals in its resolution 58-01-S. Further, since the Congregation has only recently acquired the site, they are still in the process of filing for permits.

Chairman Spingola moved that the request be granted and the time for obtaining necessary permits be extended to February 16, 2003. The motion prevailed by yeas and nays as follows:

Yeas- Spingola, Martin, McCabe-Miele. Nays- None. Absent- Crowe, Konstantelos.
John J. George, for U-Wrench-It Chicago Properties, LLC, applicant, presented a written request for an extension of time in which to obtain necessary permits for the establishment of an (automobile) junk yard, in an M3-3 Heavy Manufacturing District, on premises at 10355-59 W. Woodlawn Avenue, approved by the Zoning Board of Appeals on May 18, 2001, in Cal. No. 151-01-S.

Mr. George stated that subsequent to the May 18, 2001 hearing on the application, the applicant began negotiating with several architectural firms to complete a site study on the aforesaid junk yard project. Once estimated costs of the site were identified the applicant began negotiations with the owners of the property and its developer and for various reasons these negotiations were not finalized until November, 2001. Mr. George further stated that asbestos was discovered at the site in June, 2001 which necessitated the hiring of a special contractor for removal, which process was not completed until February, 2002. A demolition permit was filed for in March, 2002 for the removal of vegetation and debris but sometime between that point and receiving sign-offs on various permits, the applicant was notified that some of the documentation necessary for the demolition permit was missing. The applicant has delivered all necessary documentation to the City and was informed that the demolition permit would issue shortly. In addition, the developer has been in the process of finalizing building plans resulting from several design changes necessary to satisfy various City of Chicago building code requirements. The applicant is therefore moving forward on the project but is requesting an extension of the validity period of the special granted in order to complete the project within the next 12 months.

Chairman Spingola moved that the request be granted and the time for obtaining necessary permits be extended to May 18, 2003. The motion prevailed by yeas and nays as follows:

Yeas- Spingola, Martin, McCabe-Miele. Nays- None. Absent- Crowe, Kontantelos.
Gary I. Wigoda, for Old Kent Bank, Tr. #16849, applicant, presented a written request for an extension of time in which to obtain necessary building permits for the establishment of dwelling units located below the 2nd floor in a proposed 4-story 4 dwelling unit building, on premises at 1612 S. Indiana Avenue; and to permit the erection of the aforesaid building whose front yard will be 2' instead of 15', an with no south transitional yard, on premises at 1612 S. Indiana Avenue, approved by the Zoning Board of Appeals on June 165, 2001, in Cal. Nos. 227-01-S and 228-01-Z, respectively.

Mr. Wigoda stated that the applicant has not been able to proceed with the projects due to certain problems with the property and financing issues which were discovered after the approval of the special use and variation applications. These problems have now been resolved and the applicant will soon be filing for building permits.

Chairman Spingola moved that the request be granted and the time for obtaining the necessary building permits be extended to June 15, 2003. The motion prevailed by yeas and nays as follows:

Yeas- Spingola, Martin, McCabe-Miele. Nays- None. Absent- Crowe, Konstantelos.
Motion was made by Member Martin to recess the Zoning Board of Appeals for deliberation on the matters heard; motion was seconded by Member McCabe-Miele. The motion passed unanimously. The Board thereupon recessed, taking action designated on the face of the resolutions.
