THE RESOLUTION:

WHEREAS, a public hearing was held on this application by the Zoning Board of Appeals at its regular meeting held on January 20, 2012, after due notice thereof as provided under Section 17-13-0107A and by publication in the Chicago Sun-Times on January 5, 2012 and

WHEREAS, the Zoning Board of Appeals, having fully heard the testimony and arguments of the parties and being fully advised in the premises, hereby finds the following; a special use was granted to the subject site in Cal. No. 17-12-S to permit a community center with 25 dwelling units and 9 ground floor parking spaces; the applicant shall now be permitted to reduce the required rear yard setback from 30' to zero to allow the 5-story community center with 25 dwelling units and 9 ground floor parking spaces; the Board finds 1) strict compliance with the regulations and standards of this Zoning Ordinance would create practical difficulties or particular hardships for the subject property; 2) the requested variation is consistent with the stated purpose and intent of this Zoning Ordinance 3) the property in question cannot yield a reasonable return if permitted to be used only in accordance with the standards of this Zoning Ordinance; 4) the practical difficulties or particular hardships are due to unique circumstances and are not generally applicable to other similarly situated property; and 5) the variation, if granted will not alter the essential character of the neighborhood; it is therefore

RESOLVED, that the Zoning Board of Appeals, by virtue of the authority conferred upon it, does hereby make a variation in the application of the district regulations of the zoning ordinance and that the aforesaid variation request be and it hereby is granted subject to the following condition(s):

That all applicable ordinances of the City of Chicago shall be complied with before a permit is issued.

FACTS

The subject property is located in a RS-2 zoning district. The property is currently improved with a 1½-story residential building. The applicant proposes to remove the existing front staircase with side railings and construct a new one-story open deck. The new staircase will bring the stairs to the Front yard lot line.
TESTIMONY

RAY ERICKSON AND JOYCE ERICKSON, owners of the property appeared in support of the application.

Mr. Erickson testified that they are the owners of the property for 32 years; that they need to repair and replace the front porch as it is unsafe; and that for their enjoyment and usage they would like to expand the size of the front porch.

GERALD MILIGAN project architect, testified in support of the application.

Mr. Milligan testified that he is a licensed architect in the state of Illinois for 20 years. When marking the photos used as exhibits he noted that another property two doors down had a similar front porch as proposed for applicants’ building but is two feet short of the lot line. Mr. Milligan testified that in his opinion, the granting of the variation will not be detrimental to the public welfare or injurious to other property or improvements in the area.

FINDINGS

Pursuant to Section 17-13-1107 of the Chicago Zoning Ordinance, the Board makes the following findings with reference to the Applicant’s application for a Variance:

The applicants have failed to establish that they will experience any hardship should the variance not be granted. The proposed porch has been designed for their own “usage and enjoyment.” No other evidence was presented describing any hardship. Although citing neighbors also have remodeled front porches and stairways, it was noted that none of the examples cited eliminated the entire front yard setback.

CONCLUSION

As the standards for granting a variation have not been met, the Zoning Board of Appeals hereby denies the requested variation.

This is a final decision subject to review under the Administrative Review Law (735 ILCS 5/3).

FACTS

The subject property is located in a C1-1 zoning district. The property is currently a vacant lot. The applicant proposes to open a pawn shop in a newly constructed improvement on the property.

TESTIMONY

ALVIN BELL, JR. testified in support of the application.

Mr. Bell testified that he is one of the owners of Big Pawn Inc.; that Big Pawn has been in operation for 19 years, has 4 locations and has employed as many as 35 people, and that 12-16 people that will be employed at the subject location. Mr. Bell described how Big Pawn does business at its other locations and expects to do business at
merchandize from its locations; that the store will offer pawn loans, will not sell guns, will not make payday loans, the applicant will invest over $350,000.00 in the premises; that the applicant maintains pawnshops throughout the country; and that many security measures are in place to deter theft and fencing of stolen goods in the applicant’s pawn shops; and

WHEREAS, Mr. Ed Vers testified in support of the application; Mr. O’Brien stated that he is an appraiser and his credentials as an expert were acknowledged by the Board; he stated that he examined the area for his analysis and ranged over a mile in each direction from the subject property assessing the number and types of businesses, counting the vacant storefronts and that there currently exits some thirty-two vacant store fronts in the surrounding area; he further stated that it is his opinion that the granting of the special use and the resultant pawn shop will have no adverse effect on the surrounding community as the large number of vacant store fronts are a drag on the local economy and that additional businesses such as the pawn shop result in more sales and real estate taxes being generated; and

WHEREAS, Mr. Steve Lennet testified in support of the application; his credentials as an expert urban planner were acknowledged by the Board; his report was submitted and accepted by the Board and he testified to certain pertinent highlights: that currently a improved with a single story building; The applicant proposes to open a pawn shop after renovating the building; that the building and the use complies with all applicable standards of the Zoning Ordinance; that utilizing the storefront is in the interest of the public convenience and such use as a pawnshop will not have a significant adverse impact on the general welfare of the neighborhood or community; that the existing building exterior is not being altered and that exterior is already compatible with the character of the surrounding area in terms of site planning and building scale and project design; that the project is compatible with the character of the surrounding area in terms of operating characteristics, such as hours of operation, outdoor lighting, noise, and traffic generation; and as the entrance is not being altered there will be no ill effect on pedestrian safety and comfort; and

WHEREAS, Dr. George Frain testified in opposition to the application; he stated that he owns a dental practice near the subject property that he does not want a pawn shop close to his business; this type of business will detract from development in the neighborhood; and

WHEREAS, the staff report of the Zoning division of the Department of Housing and Economic Development recommended disapproval of the application; therefore,

Pursuant to Section 17-13-905 of the Chicago Zoning Ordinance, the Board makes the following findings with reference to the Applicant’s application for a Special use Permit:

1. the application complies with all standards of the Zoning Ordinance;
2. the application is in the interest of the public convenience and will not have an adverse affect on the general welfare of the neighborhood in that the general concerns of the objectors that the pawn shop business which will result upon granting of the Special Use will not be sustainable (in that another pawn shop is located a few blocks west of the subject property) is not substantiated by the evidence presented to the board.

3. as characteristics of the special use such as the building’s entrance already exists and will not be altered it is compatible with the character of the surrounding neighborhood in terms of building scale and project design;

4. as the building exists and will not be changed in its dimensions, and as the plan for the pawn shop’s operation is reasonable, the proposed use is compatible with the character of the surrounding area in terms of operation, lighting and noise;

5. the proposed project is designed to promote pedestrian traffic; no testimony was presented contraverting the expert testimony in support of the application.

As the standards for granting a special use have been met, the Zoning Board of Appeals hereby approves the requested special use application.

RESOLVED, the Board finds that the applicant has proved a prime facie case by testimony and evidence covering the six specific criteria of Section 17-13-905-A of the Chicago Zoning Ordinance.

RESOLVED, the aforesaid special use application be and it hereby is approved and the Zoning Administrator is authorized to permit said special use.

This is a final decision subject to review under the Administrative Review Law (735 ILCS 5/3).
