Landmarks Illinois is in full support of the preliminary landmark designation of the MONASTERY OF THE HOLY CROSS (FORMERLY IMMACULATE CONCEPTION CHURCH) at 3101 South Aberdeen Street. I had the privilege of touring the church several years ago with church leadership and Preservation Chicago and in addition to the building's important architecture, integrity and history, representatives of the monastery were in full support of landmark designation. We are grateful to them for their care of the building and their support of its protection for generations to come.

Re: The Monastery of the Holy Cross, formerly The Church of the Immaculate Conception and Rectory, 3101-3111 S. Aberdeen Street, Chicago

Dear Chairman Wong and Members of the Commission on Chicago Landmarks,

Preservation Chicago fully and enthusiastically supports the proposed Preliminary Chicago Landmark designation of the Monastery of the Holy Cross, originally constructed as The Church of the Immaculate Conception and Rectory, and located at 3101-3111 South Aberdeen Street in the Bridgeport Community.

The Monastery of the Holy Cross, a magnificent and beautifully crafted church was constructed between 1908 and 1909 and was designed in the Gothic Revival style by noted architect, Hermann J. Gaul. Many of Gaul's works in and around Chicago, were built to serve German Roman Catholic clients and the church and parish functioned as a thriving hub for Bridgeport's vibrant Germanic community during the early part of the twentieth century. The church would continue to welcome parishioners of many diverse backgrounds as Bridgeport became home to numerous immigrant communities in the decades following its opening. Today, it is the last remaining example of a German national parish in Bridgeport Community of Chicago.

In addition to its cultural significance to the surrounding neighborhood, the church and its adjoining rectory are also notable architecturally. The church building features a slender, but towering steeple, which is highly visible landmark from many places in the community. The church's facades of buff colored brick and stone, with its high pointed gables, detailed carvings,

fine brickwork and craftsmanship, is both beautiful and extremely elegant in appearance. These features, along with its restrained, but ornate window tracery, and fine-quality art glass from Austria, place the church building among some of the finest ranks of Gothic Revival design in the City of Chicago. Unsurprisingly, the church has become both a physical and historic landmark for the local Bridgeport Community area over its 112 years of existence.

We at Preservation Chicago are thrilled to support the Monastery of the Holy Cross, formerly the Church of the Immaculate Conception, as a Designated Chicago Landmark. At a time when regrettable closures and consolidations further endanger Chicago's irreplaceable historic churches, a Chicago Landmark Designation of the Monastery of the Holy Cross would be an encouraging sign that our city and our communities both value and treasure its world-class houses of worship.

We would like to thank The Monastery of the Holy Cross and the Benedictine Monastery of the Subiaco Cassinese Congregation, Prior Peter Funk, OSB, the Department of Planning and Development for their support in bringing the Monastery of the Holy Cross before the Commission on Chicago Landmarks.

Sincerely,

Ward Miller

Re: City of Chicago Preliminary Landmark Recommendation: Muddy Waters House

Dear Commissioners,

I am writing in support of the preliminary recommendation to designate the Muddy Water House as a City of Chicago landmark. Iconic musician Muddy Waters is synonymous with the evolution of blues music in Chicago starting in the 1940s as African Americans continued migrating to northern cities as a part of the Great Migration. The Muddy Waters House, at 4339 South Lake Park Avenue, is a nationally significant African American site in Chicago, and efforts to rehabilitate the home and establish the MOJO Museum provide an opportunity to physically cement the legacy of Muddy Waters rightfully on the South Side of Chicago.

In 2020, The National Trust for Historic Preservation African American Cultural Heritage Action Fund (AACHAF) awarded the Muddy Waters House a \$50,000 grant to address critical repairs, including exterior stabilization and replacement of the roof. In addition to rehabilitation, protection of this historic site is crucial to its future and will ensure it remains a part of the Chicago cultural network, allowing future generations to learn about the achievements of Muddy Waters and his contributions to the field of music and African American culture. With its designation, it will join other Chicago landmarks and AACHAF grantees, such as South Side Community Art Center, who are working to preserve African American history and tell the full story of our nation.

As Executive Director of the African American Cultural Heritage Action Fund, I commend our local partners, Landmarks Illinois, Preservation Chicago, and the Muddy Waters MOJO Museum, in their work to designate the Muddy Waters House as a Chicago landmark. As a funder of the Muddy Waters House, we fully support its preliminary landmark designation and look forward to supporting future preservation efforts.

Sincerely,

Hello,

Thank you!

To members of the Commission on Chicago Landmarks,

Our names are Ve'Amber Miller and Erin Witt. We are recent graduates of Loyola University Chicago's Public History Master's program and residents of the City of Chicago. We also are writing the National Register of Historic Places Nomination for the Muddy Waters House. On June 3rd, 2021 you will be voting on whether to grant the Muddy Waters House Preliminary Landmark Status. As invested and interested members of the public, we would like to wholeheartedly and enthusiastically recommend that you grant this status to the Muddy Waters House.

Muddy Waters has a unique place in history as someone of national, local, and community importance. Muddy Water is a crucial figure not only in the Black community, but in the Blues and Chicago community as well. His career as a Blues musician, nurtured in Chicago, cemented him as an American icon. His story is one of creativity, talent, and triumph.

Muddy Waters' legacy, influence, and style were key to the creation of the American and Chicago Blues sound. His influence on the music industry can still be heard today. Not many physical spaces that are unique to Muddy Waters exist anywhere anymore, so this is a perfect opportunity to begin the physical act of remembrance and provide people a space to come and reflect, appreciate, and remember.

Having the MOJO museum attached and ready to take on the responsibility of the stewardship of his legacy will be greatly aided with Chicago Landmark Status. Muddy Waters' music has stood the test of time and still has a passionate following today. Taking pride and ownership over this Chicago legend's history will help preserve and foster his legacy. We sincerely hope that you move forward with the Preliminary Landmark Status and designate it as essential to the historic fabric of the City of Chicago.

Sincerely,

Dear Commission on Chicago Landmarks,

Preservation Futures is pleased to provide this letter of support for the landmarking of the Muddy Waters House. We stand alongside the Chicago historic preservation community as well as Ms. Chandra Cooper in supporting the efforts to renovate the home into a museum and community center celebrating the work of her grandfather, American blues musician Muddy Waters.

Landmarking the Muddy Waters House provides the stewards of the building with the attention that municipal landmarking brings, and unlocks resources and financial incentives for the building's rehabilitation and *active* adaptive re-use. Muddy Waters is a Chicago legend and his legacy should be celebrated as one that encourages innovation through the exploration of his work.

The designation of the Muddy Waters House, which was once the subject of a demolition order, puts Chicago in a position where we can take a new look at how our cities' culture and history is expressed through its built environment; especially as we seek to build equity in historic preservation.

Sincerely,

Elizabeth Blasius and Jonathan Solomon

Recommendation to Landmark Designation: Muddy Waters House Landmark Designation

[Warning: External email]

To the Members of the Commission on Chicago Landmarks:

I am writing to you today to state my support for the Designation of the Muddy Water House located at 4339 South Lake Park. As a preservation architect for more than 30 years, and a former Chicago Landmarks Commissioner member for five year and member of the Illinois Historic Site Advisory Council and Advisor to the National Trust for Historic Preservation have feel strongly that this nomination needs to be approved.

Blues musician, McKinley Morganfield known as Muddy Waters was an iconic figure the colorful chapter of Chicago Blues. Muddy's songs influence a whole and captured a diverse group of fans that influence music all over the world including bands such as the Beatles and Mick Jagger and the Rolling Stones. His music was Chicago that came from the Delta south and was transformed into amplified blues. Muddy Waters House become the center where a number of songs were created in the basement with other fellow great artists such as Otis Spann, James Cotton, Sonny Boy Williamson II and Jimmy Rogers. The is no denying that this site is truly significant to the legacy of Chicago's influence on today's blues, soul, R&B, rock and most currently Hip Hop. I also believe that a number of the songs produced by Muddy Waters had an influence in the Civil Rights Movement and promoted Black Pride in the 1960's.

Therefore, please accept the recommendation to designate the Muddy Waters House to a Chicago Landmark. It's the right thing to do.

Sincerely,

Edward Torrez

I live in the 4th ward. I am writing in favor of making Muddy Water's old house a landmark and a museum if can be done well. Such efforts can attract people from all over the world. Buddy Guy's place attracts tourists all the time. I was on an organized trip to Peru and Easter Island a year and a half ago. We made a side trip to Santiago, Chile, and visited the house/museum of the poet Pablo Neruda. I was skeptical at first but it was really quite entertaining and very well done.

I feel that Muddy Water's could make a similar contribution to Chicago if handled in a professional manner. Of course it would take money, but there are blues fans all over the world and it could add to Chicago's tourism efforts. If not done properly it could be a bust, but I'm an optimist. Just look at Open House Chicago. I'm an architecture fan and I go every year. Thanks for your time.

As a resident of the 4th Ward, I am writing in support of the designation of the Muddy Waters house at 4339 South Lake Park Avenue in the 4th Ward as a Chicago Landmark.

The importance of Chicago as a place where music developed by African-American musicians in the South and brought to the North doesn't need repeating here. Preserving the places that represent that history, has value to both residents and visitors, and so many places where that music was created and performed have been lost. The current condition of the Muddy Waters house shows how precarious the preservation of that heritage is, which makes it all the more important that official designation demonstrates that the City recognizes the value of this property. In 2017, a giant mural of Muddy Waters was painted in the Loop. Let's preserve not only a picture of him as a musician but also the place where he made the music.

Hello Mr. Wong,

I am writing to provide my unequivocal support to designate landmark status to the Muddy Waters home on South Lake Park. Muddy was the epitome of the Chicago blue scene, solidifying the experience of those in the great migration. The current state of the house is abysmal, and an embarrassment to the city as a whole. Especially give Mr. Water's significant and unmeasurable contribution to American music, the current status of the house is horrid (I mean, look for instance at Graceland in comparison to the Muddy Waters house. Elvis was not nearly as innovative, but did have better sideburns).

As a resident and homeowner of the Kenwood neighborhood, it is my opinion that every effort should be made to invest in the Muddy Waters house. Landmark designation is the least that should be done for this true Chicago hero.

Sincerely,

Chicago, Illinois 60653

Dear Mr. Wong:

Klein and Hoffman, Inc. (K&H) is pleased to provide a letter of support on the Chicago Landmark designation for the Muddy Waters Residence located at 4339 South Lake Park Avenue. K&H is one of Chicago's leading professional restoration architecture and structural engineering firms that provides expertise on various Chicago structures, from vintage to contemporary, including many with Landmark status. At the request of Landmarks Illinois, K&H provided a pro-bono condition assessment review and report on March 6, 2020, with the assistance of Berglund Construction for the Muddy Water Residence. We visually reviewed the existing condition of the exterior façade components, roof, and interior structure. Within the report we made recommendations regarding critical and high priority repairs as well as long term maintenance considerations. Based on our review of the property, the structure is in good to fair condition; and once the recommended repairs have been completed, the structure can continue to function and may serve the community for many years to come.

K&H understands the importance of protecting and saving key structures that not only serve as a focal point in the City's history, but also play an important role as a haven of human culture. The musical legacy Muddy Waters left to us serves as a testament to his life. He was, in no small part, influenced by Chicago and the community in which he chose to live. The Muddy Waters MOJO Museum is an important storyteller of Muddy Waters' life and allowing this property to thrive would celebrate his life and work by providing a physical space to inspire the next generation of music professionals. Consequently, the potential loss of this property by not granting the Chicago Landmark designation will be a great loss to the city and the music community.

for the
(FORMER) SCHLITZ BREWERY-TIED HOUSE, 1393-1399 West Lake Street*

Dear Commissioner Dziekiewicz,

Landmarks Illinois is in full support of the proposed Chicago
landmark designation for the *(FORMER) SCHLITZ BREWERY-TIED
HOUSE at 1393-1399 West Lake Street.*

The building is an outstanding surviving example of a Victorian
Schlitz Tied House with original construction dating to 1892. It has a
high degree of architectural integrity and represents the city's vast
growth and development following the Great Chicago Fire of 1871.
With its corner turret, impressive ornament and high quality
materials and construction, it demonstrates the meticulous care and
attention to detail one person went to the extent to build with the
greatest of pride and aspiration.

In addition to its Schlitz-branding, the building is an important early
example of mixed residential and commercial development that, in
this case, anticipated the city's growth in the wake of the World's
Columbian Exposition in 1893.

We agree that this important and historic building merits full Chicago
landmark protection and if demolished would result in an
irreplaceable loss.

Thank you for your consideration.

Re: Final Landmark Recommendation for the (Former) Lake Street Schlitz Brewery-Tied House/(Former) La Luce Restaurant, 1393-1399 W. Lake Street, Chicago

Dear Chairman Wong and Members of the Commission on Chicago Landmarks,

We at Preservation Chicago, fully support the Chicago Landmark Designation, of the former Schlitz Brewery-Tied House, located at 1393-1399 W. Lake Street, on Chicago's Near West Side. We also want to encourage you, Mr. Chairman, along with Members of the Commission on Chicago Landmarks, and the City of Chicago, to deny the permit application for the demolition of building, known as the (Former) Schlitz Brewery-Tied House at 1393-1399 W. Lake Street, Chicago.

The Schlitz Brewery-Tied House located at 1393-1399 W. Lake Street, the southeast corner of Lake and Loomis Streets and near Ogden Avenue, is a fine quality building of great craftsmanship and design and constructed in anticipation of the Columbian Exposition or Chicago World's Fair of 1893. It's overall composition and quality of detailing are outstanding, and this structure is an exemplary example of a Schlitz Brewery-Tied House, as well as a being an exceptionally fine-quality neighborhood commercial building. The Schlitz Brewery-Tied House Building, also known for about twenty years as the "La Luce Restaurant." The building is a highly visible structure, lovely in appearance, and is seen for many blocks, as one proceeds northward on Ogden Avenue, to Lake Street. It's magnificent use of rich materials of red brick, limestone, ornamental copper bays and corner turret, make it a much-admired building, and part of the Ogden Avenue, Lake Street, Near West Side, built environment and viewshed.

The Schlitz Brewing-Tied House building was surveyed as part of the Near West Side Community Area #28 in December 1984, and determined at that time, some 37 years ago, to be "orange-rated" and of significance in the Chicago Historic Resources Survey, which itself was published 25 years ago, by the City of Chicago. The significance of the building has been recognized by both the general public and the City for decades, and its importance to Chicago's built environment has only increased over almost forty years.

We at Preservation Chicago were proud to assist with both research and outreach to the citizens of Chicago, members of the general public, as well as contributing historical information to the Department of Planning and Development, Historic Preservation Division, for this Preliminary Chicago Landmark Designation Report. The public outcry associated with the building's possible demise and demolition, led us to start a very nicely worded Change.org petition to encourage preservation of the building, and the consideration of a Chicago Landmark Designation of this orange-rated structure.

The tremendous response from the general public was unlike anything we had encountered previously and resulted in over 8,315 petition signatures, spanning approximately 380 pages and about 25 pages of comments in support. These have been presented to all of you on the Commission on Chicago Landmarks, as well as the Department of Planning and Development, City of Chicago for the record.

Together this is 400 plus pages of documents and representing the opinion of over 8,315 individuals, many of them from Chicago, yet others extending across the nation. All of the 8,315 signatures, as of this submission on June 2, 2021, to meet the deadline for the Final Landmark Recommendation Hearing for the Commission on Chicago Landmarks, are all in support of preservation of the building and a Chicago Landmark Designation of the Lake Street Schlitz Brewery-Tied House Building.

We wish to thank the Department and Staff for bringing this much-loved building on Chicago's Near West Side to the Commission on Chicago Landmarks. And also for your consideration and support of this structure and the Final Landmark Recommendation of this building as a Designated Chicago Landmark. Thank you!

Sincerely,

Ward Miller

Eric Rogers	Chicago, IL	2020-12-03	"This building is a highly visible and well-loved landmark that should be preserved as the neighborhood changes."
Patricia Bester	Chicago, IL	2020-12-03	"Protect and renovate the historical architecture of Chicago. The cold uncultured international styles of offices and residences are egregious and contribute to sterile corporate civic landscape for our town."
Frank Kryzak	Chicago, IL	2020-12-03	"This extraordinary building is an example of what makes Chicago beautiful and what people love about it. If you keep allowing buildings like this to be demolished there will be nothing left of Chicago's history and Chicago will cease to be unique. What people love about it will be gone forever. It makes no sense to allow this incredible building to be torn down, there are plenty of vacant lots in this city where people can build. Chicago's architectural legacy is at stake here and must be preserved."
Jamie Donovan	Chicago, IL	2020-12-03	"Important building worthy of preservation"
Tara DaSilva	Southwest Brevard Cnty, FL	2020-12-03	"This is my hometown. This has been the hometown of my family since the 1880s. This city has such amazing architecture and history, but for some reason those in charge are determined to destroy it for a quick dollar, instead of preserving it for the long run."
Ashley Galloway	Chicago, IL	2020-12-03	"We need to protect the character and architectural fabric of this city that make it unique and a desirable place to be."
Austin Gilkeson	Park Ridge, US	2020-12-03	"Beautiful, historic buildings should be protected to preserve our history and architectural heritage."
Daniel Buban	Chicago, IL	2020-12-03	"This building is an immense asset to the diversity of our city. Who cannot understand that?"
Matthew Severson	fresno, CA	2020-12-03	"This building is a treasure and worthy of preservation."
Lawrence Pavia	Chicago, IL	2020-12-03	"This building is one of only a couple remaining examples of mixed-use structures along Lake Street from the Victorian Era. Thoughtfully restored in the 1990's, it occupies only a small footprint of land that can be easily built around with some development creativity. It's time Chicago steps forward to put this building on the Landmarks list."
Madeline T	Chicago, IL	2020-12-03	"I care about preserving our city's history and architectural masterpieces."
Amy Keller	Chicago, IL	2020-12-03	"This is a rare remaining example of an architectural style that provides valuable context and history in the area, and without its preservation, the city will have no adequate link to the past in this neighborhood."

We lose opportunities to reflect on the past, we diminish our ability to get lost in the beauty of architecture and art. These buildings are the heart and pulse of our city. Chicago is not a cookie cutter suburb, so cut out the BS and show some respect."

Jon Brentzel	Pittsburgh, PA	2020-12-03	"Chicago is home of some our country's most iconic architecture, both large and small. Those small buildings that played a supporting role in the World's Fair are some of the lone reminders of this important cultural event in our country's history."

Gentlemen,

As the owners of the property at 2348 N. Cleveland Avenue, unit #3, Chicago, IL 60614 which is adjacent to the Cenacle Retreat for which the said permit for demolition is being requested, I state the following:

We, owners and tenants of the property known as the Victorian Landmark, a building of 32 units which is over 100 years old, are concerned for the safety of our structure during the said proposed demolition;

We request the commitment in writing from the seller (owners of the Cenacle Retreat) as well as from the potential buyer/developer that our building must be protected from damage during and following the demolition of said property;

We also request that the easement between the new development on both ends of our property must allow at least 5 feet to permit for repairs and access in case of fire, structural repairs, emergencies etc;

We also request preservation of the trees on the west side of our property which are over very old and of great importance to the green space in Lincoln Park.

I thank you very much for your consideration and attention to this important issue.

Very truly yours,

Vesna Zafirovski

Dear Commission on Chicago Landmarks,

Preservation Futures is pleased to provide this letter urging action to prevent the demolition of the Cenacle Sisters Building at 513 W Fullerton Pkwy, and to promote adaptive reuse of this remarkable and viable structure.

The City of Chicago needs to do more to protect its architectural legacy and the integrity and diversity of its neighborhoods. Designed by Charles Pope Jr. in 1967 the Cenacle Sisters Building represents an elegant modernist solution to a complex site and to the needs of an institution balanced by the expectations of residential neighbors.

The Building is part of the Mid-North Historic District, established in 1977.

Sincerely,

Elizabeth Blasius and Jonathan Solomon

Cenacle Demolition and Redevelopment - Petition 2021-06-01.pdf;

[Warning: External email]

Dear Distinguished Committee Members,

As an adjacent neighbor to the Chicago Cenacle at 513 West Fullerton and a long-time Chicago resident I would like to express my concerns regarding the demolition of the property, a permit for which is on the agenda for the June 3, 2021 meeting of the Commission on Chicago Landmarks and/or Permit Review Committee. I live at 507 West Fullerton which is part of the Victorian Landmark building occupying the southwest corner of Fullerton Pkwy and Cleveland Street(s). The Victorian Landmark dates to the late 1800's and has a limestone foundation. During preliminary consultation with structural engineers, we have been advised that the demolition of the Cenacle poses severe structural risk to our building and others.

I urge you to make approval of this permit conditional on providing appropriate safeguards to protect Victorian Landmark and the historic buildings in the neighborhood. If measures are not put in place, irreversible damage to our building and others can occur. Victorian Landmark is in the process of engaging counsel and engineer consult. We intend to exercise our right to fair protection pursuant to the Illinois Adjacent Landowner Statute, common law negligence and other municipal codes and law, as may apply. I implore you to condition the same.

There are a number of other issues posed by this demolition (and eventual redevelopment of this property) including: increased traffic on the already-busy Fullerton Parkway, destruction of 100-year old aspen trees which are home to various wildlife, proximity of demolition/construction to our building's fence and windows, and dust production. I understand some of this will be debated and voted upon in the coming weeks/months. The attached petition, which includes concern regarding the demolition, addresses these other issues as well and has been signed (so far) by 30 others in the immediate vicinity of the Cenacle.

Thank you,
Katherine E. Hill

Recipient: Commission on Chicago Landmarks and 43rd Ward Alderman

Letter: Greetings,

We, the residents of the Victorian Landmark Association, Cleveland Street, and the Mid North District, wish to raise the following concerns regarding the redevelopment project of the Cenacle Sisters of Chicago located at 513 West Fullerton Pkwy ("Cenacle Redevelopment") by Henry Street Partners ("HSP"). We understand the Cenacle Redevelopment is in preliminary review with Landmark Division staff and expected to become the subject of a community meeting in the coming months. The demolition of the existing building is part of the agenda during the Landmark Permit Review Committee of the Commission on Chicago Landmarks on June 3, 2021.

Through preliminary consultation with engineers and specialists, we have become aware that the Cenacle Redevelopment poses structural risk to our properties and surroundings due to proposed below grade construction.

Pursuant to 750 ILCS 140/1, "The owner or possessor of the land upon which the excavation is being made shall also be liable to occupants and tenants of such adjoining lands or structures thereon for any damage to their property or business, proximately resulting from injury to such land or structures..." In a community meeting with HSP on February 23, 2021, when asked what protection would be provided if damage is sustained during redevelopment, HSP representatives indicated that "... there will be no protective clauses" provided. HSP's statement is of great concern to us as the Victorian Landmark building, among others, dates to the late 1800's. If proper protections are not put in place, this could result in untold damage to our homes, buildings, and the neighborhood.

Based on HSP's presentation, we have other concerns as to the integrity of the project. As you know, the Mid North district is of historical significance to our city. HSP has not been clear as to what contribution to the already-busy traffic on Fullerton Parkway the project will cause due to increased underground parking. In the community meeting with HSP, representatives indicated that the 100-year-old aspen trees lining the lot line of the 507 West Fullerton building will not be saved. These trees contribute to wildlife and have provided shade for residents of the Victorian Landmark building for decades. Finally, HSP's plan have not been clear as to the

proximity of the development to the west wall of the 507 Fullerton building.

The majority of the rooms in the 507 tier have windows on the west wall. Obstruction will cause ventilation and loss of light.

We urge our 43rd Ward Alderman and the Commission on Chicago Landmarks to make this development contingent upon adequate protections and with respect for the historic preservation of our community.
