RE: Milwaukee Avenue Landmark District
1420 N. Milwaukee
Notice of Support

The Wicker Park Preservation & Development Committee has reviewed this proposal several times, and requested some modifications to be made. In its current design, the P&D Committee supports this proposal. The Staff recommendations are very much appreciated and will produce an excellent product. The resulting "facelift" to the building will make a significant contribution to the streetscape along Milwaukee Avenue.

Thank you.

Ed Tamminga
