PERMIT REVIEW COMMITTEE REPORT TO
COMMISSION ON CHICAGO LANDMARKS

March 13, 2014

The Permit Review Committee (PRC) met on March 13, 2014, at 9:05 a.m. The meeting was held at 121 N. LaSalle St., in Council Chambers.

Present: Ernest Wong, Chair
Victor Dziekiewicz (arrived before agenda item 2)
James Houlihan (left after agenda item 6)
Mary Ann Smith

Staff: Eleanor Gorski, Director of Historic Preservation
Dijana Cuvalo
Kandalyn Hahn
Cynthia Roubik
Lawrence Shure

The following project was reviewed by the PRC:

1. **50 W. Washington**
(Daley Center – 42nd Ward)

Proposal: Security measures: proposed first floor lobby work: new partial height ballistic glass walls; new card access turnstiles; relocation of security desks, benches, and cameras.

Action: Approved unanimously with the following conditions:

1. Shop drawings of the glass partition attachment detail at the floor shall be reviewed and approved by Historic Preservation staff prior to order and installation; and,
2. Color/finish samples for the new mullions and turnstiles shall be reviewed and approved by Historic Preservation staff prior to order and installation.

2. **11 S. LaSalle**
(Roanoke Building and Tower – 42nd Ward)

Proposal: Proposed exterior and interior rehabilitation of an existing 36-story building for hotel use including window replacement, new hotel canopy, and storefront modifications.

Action: Approved unanimously with the following conditions:

1. As proposed, the existing infill/signage at the first floor storefront transoms, the interior supports blocking the transoms as well as interior dropped ceilings will be removed for a minimum depth of 3 feet behind the transoms and replaced with clear glass to allow transparency into the retail spaces. Any new interior supports shall be designed to not obstruct the transoms and details shall be included with the permit plans;
2. As proposed, the historic 2nd and 4th floor steel windows shall be repaired and retained. The blocking at the 2nd floor window transoms will be replaced with clear glass and the existing dropped ceilings blocking the transoms will be removed. Any new dropped ceiling soffits, if required, will be set back from the interior face of windows a minimum of 18". Details of window repairs/glazing as well as of any new soffits will be reviewed by Historic Preservation staff as part of the permit plans;
3. The canopy as proposed is approved;
4. Any proposed signage shall be subject to Historic Preservation staff review and approval when available; and,
5. The Commission takes no position regarding any requests relative to the zoning code requirements or any approvals from other city agencies (such as CDOT, CTA) that may be required as part of this project.

3. **1425 W. Fullerton**
(Fullerton State Bank Building – 2nd Ward)

Proposal: Proposed rehabilitation and conversion of existing 3-story bank building into an 8-unit residential use including façade restoration and new 4-story side addition and a 1-story rooftop addition.

Action: Approved (vote was 3-0 with Commissioner Smith abstaining) with the following conditions:

1. Masonry repair scope of work shall be indicated in the permit application plans. Samples of the exterior wall materials for the additions including the new brick, stone base, and metal color/finishes shall be reviewed and approved by Historic Preservation staff prior to order and installation;
2. The proposed 1-story rooftop addition, as shown on the drawings dated 11/15/13, is approved as proposed. Any rooftop elements such as landscaping in built-in planters, trellises, or code-required railings shall be set back and low enough so as not to be visible from the public rights-of-way;

3. The interior stair behind the arched window facing Fullerton Avenue shall be relocated to be in front of the new elevator. The railings and structure of the two interior stairs behind the arched windows facing Janssen Avenue shall be painted a dark grey color, the railings shall be open metal and held back from the glass line by at least 1', and the underside of the stair shall remain open;
4. A report by a licensed structural engineer addressing how the historic facades to remain should be supported, braced and protected, in-situ, during the demolition of the existing roof and interior structure and the excavation and construction of the new additions as well as during the foundation work, shall be included on the permit plans. The recommended measures, sequencing, and protections shall be incorporated in the structural and architectural drawings; and,
5. The project as proposed would trigger a zoning change, and variation and/or adjustment, and the Commission takes no position regarding any requested variance/adjustment relative to the zoning code requirements.

4. **1514-20 W. Division**

(Proposed Landmark – Polish National Alliance Building – 2nd Ward)

Proposal: Proposed exterior and interior rehabilitation of the building for office use including new 1-story rooftop addition, window replacement and alteration of basement window openings.

Action: This item was deferred by the applicant.

5. **2117-19 W. LeMoyne**

(Wicker Park District – 2nd Ward)

Proposal: Proposed new 2½-story residential building on proposed subdivided lot, a new rear addition for the existing greystone, demolition of 1-story portion of the rear buildings and conversion of remaining rear buildings into garages.

Action: This item was deferred by the applicant.

6. **3625 N. Springfield**

(Villa District – 30th Ward)

Proposal: Proposed exterior and interior rehabilitation of single-family residence including addition of a raised deck on the south elevation, new door and window openings on the south elevation and new window openings at basement level on north elevation.

Action: Approved unanimously with the following conditions:

1. The proposed plans shall be modified such that the proposed deck be reduced in size to start behind (east of) the two-story bay window and extend eastward;
2. The new 8'-3" wide opening proposed at the west end of the south elevation shall be reduced in width to be a single window; and,
3. As proposed, new windows visible from the public right-of-way shall be wood, matching the existing windows in size, glass size, operation, muntin arrangement, and profiles. If simulated divided lights are proposed, they shall have interior and exterior muntins and spacer bars. Permit plans shall include existing and proposed dimensioned window details.

7. **459 W. Belden**
(Mid-North District – 43rd Ward)

Proposal: Proposed exterior and interior rehabilitation of a 3-unit residential building to a single-family residence including a canopy at front entry, a conservatory addition at the rear, rooftop deck and stair additions and renovation of existing detached garage.

Action: Approved unanimously with the following conditions:

1. Front canopy is approved as proposed, attachment details shall be included on permit plans;
2. To minimize its visibility and the overall impact on the historic roofline of the building the proposed rooftop additions shall be modified as follows:
 - The stair enclosure shall be reduced in size by sloping the roofline above the stair;
 - The windows on the east elevation of the stair enclosure shall be eliminated;
 - The east elevations of the stair enclosure and dumbwaiter enclosure shall be clad with common brick similar to the existing brick on the building;
 - The north railing of the new roof deck shall be aluminum frame and non-reflective glass to match the other sections of the proposed railings;
 - The new mechanical units shall be as low as possible;
3. The following shall be submitted with the permit application:
 - Front door and surround repair/replacement details;
 - Decorative window grills, front fence and curb details;
 - Front porch details;
 - Mechanical unit sizes and support details;
 - Skylight details;

- Brick samples;
 - Garage siding samples and details; and,
4. The project as proposed would require a variation and/or adjustment, and the Commission takes no position regarding any requested variance/adjustment relative to the zoning code requirements;

8. **1471 N. Milwaukee**
(Milwaukee Avenue District – 1st Ward)

Proposal: Proposed rehabilitation of ground floor for a restaurant including replacement of existing storefronts and relocation of main entrance to Honore, new storefront openings on Honore, and new canvas-covered patio roof to shelter outdoor seating patio along Honore.

Action: Approved unanimously with the following conditions:

1. Though no entrance will be constructed on the front elevation, the proposed storefronts shall be designed in a way which acknowledges the historic entrance on Milwaukee, such as insertion of a fixed glass panel at the north end of the Milwaukee elevation, subject to staff review and approval;
2. The new operable storefront panels shall be redesigned to be a minimum of 3' wide in order to better approximate historic storefront proportions and the new storefront framing shall have a dark, factory-applied finish;
3. The column enclosures shall be designed to be more compatible with existing historic columns in the district, extending down to grade and incorporating a greater level of detail, such as inset panels, fluting and/or capitals and bases. Permit plans shall include enlarged sections and details of the proposed columns for staff review and approval; and,
4. Enlarged details of the existing and proposed storefronts shall be provided with the permit plans, including sections through the new storefronts and bulkheads. The existing non-historic bulkheads are to be stripped of paint and areas of infill are to match. Staff shall be notified to review and approve bulkhead material sample on-site following paint removal.
