PERMIT REVIEW COMMITTEE REPORT TO
COMMISSION ON CHICAGO LANDMARKS
October 6, 2011

There was no Permit Review Committee (PRC) meeting on August 4, 2011. The PRC met on September 1, 2011, at 11:15 a.m. The meeting was held at 33 N. LaSalle Street, Room 1600.

Present: Ernest Wong
John Baird
Tony Hu
Mary Ann Smith

Staff: Eleanor Gorski, Assistant Commissioner, Historic Preservation Division, Bureau of Planning and Zoning, Department of Housing and Economic Development
Dijana Cuvalo
Cindy Roubik
Beth Johnson
Lawrence Shure

The following projects were reviewed by the PRC:

1. **1260 N. Lake Shore Drive**

(Seven Houses on Lake Shore Drive District – 43rd Ward)

Proposal: Proposed renovation of existing residence including installation of a new garage door and entry on west elevation, new curb cut, window replacement, modifications to an existing rooftop penthouse, masonry restoration and interior alterations

Action: Approved unanimously with the following conditions:

1. As proposed, should any masonry be beyond repair and require replacement, the replacement brick or limestone shall match the historic in size, color, finish and texture. The pointing mortar shall match the original mortar in type, color and joint profile; and,
2. Details of the decorative bronze frame and screen proposed in front of the two mechanical louvers and basement windows on the north elevation shall be submitted with the permit application plans.

2. **3734 N. Harding**

(Villa District – 30th Ward)

Proposal: Proposed 19'-3" long shed-roofed dormer on the north elevation and window replacement for a single-family residence

Action: Approved unanimously as submitted.

3. **4943 S. Washington Park Court**
(Washington Park Court District – 4th Ward)

Proposal: Proposed replacement of limestone façade with cast stone and limestone masonry units, removal of non-historic front porch, and construction of a new front porch with roof for a 2½-story single-family residence

Action: Approved unanimously with the following conditions:

1. As proposed the deteriorated limestone façade may be replaced with new rusticated cast stone and smooth limestone details to match the historic façade design. The number of stone courses along with the length and height of the units shall match the existing coursing as closely as possible;
2. The corners of the cast stone on the front façade shall have units with rusticated returns and the front porch treads shall be smooth with rusticated ends consistent with similar buildings in the district;
3. New mortar shall match the color of the new masonry. As proposed, the width of the mortar joints shall be 3/8”;
4. Limestone, cast stone, and mortar samples shall be reviewed and approved for color and texture by Historic Preservation staff prior to order and installation;
5. The proposed wood porch columns shall be revised to incorporate a more decorative capital and shorter base consistent with similar porches in the district. Details of the porch shall be submitted with the permit documents. The wood columns, soffit, and fascia of the porch shall be a painted finish;
6. Elevation drawings of the entire front façade and return that show the masonry pattern, dimensions of the stone units, and details of the rusticated corner stones and shall be included in the permit documents; and,
7. The owner shall contact Historic Preservation staff to schedule a pre-construction meeting to review the conditions of approval and sample approval process with the contractor and owner prior to ordering any materials and beginning construction.
