APPLICATION NUMBER

CITY OF CHICAGO
AN APPLICATION TO THE CHICAGO PLAN COMMISSION UNDER THE LAKE MICHIGAN AND CHICAGO LAKEFRONT PROTECTION ORDINANCE

(This Application Must Be Typewritten)

The Chicago Plan Commission has provided this Application Form in accordance with Section 194B-6.1 (a) of the Lake Michigan and Chicago Lakefront Protection Ordinance. The Conditions under which the provisions of this Ordinance are applicable are stated in Section 194B-5.1 of the Ordinance. The process of Plan Commission review and public hearing on each proposal within the Lake Michigan and Chicago Lakefront Protection District will commence with the Applicant's submission to the Chicago Plan Commission of a completed Application Form and the required proof of notice. Strict compliance with Section 194B-6.1 (c) is required.

The staff of the Department of Planning is available to provide technical assistance to the Applicant, before preparation of his application, during the processing stages, and to review the application at submission to the Chicago Plan Commission. Copies of the Ordinance and this Application Form and examples of forms for both notification and proof of notice, are available from the Commissioner of Planning, in Room 1003, Lakefront Unit, City Hall, 121 N. La Salle Street, Chicago, Illinois 60602. Phone 744-6551.

This Application Form consists of Five Parts on 17 pages:

- Part One: General Information
Part Two: Character of Proposal
Part Three: Zoning Information
Part Four: Potential Impact of Proposal (2 Sections)
Part Five: Disclosure Forms (6 Sections)

A copy of this Application will be available for public inspection in the office of the Commissioner of Planning, Room 1000, five days prior to the date of which the public hearing on this Application before the Chicago Plan Commission is to commence.

GUIDELINES FOR COMPLETING PART ONE OF THE APPLICATION

Part One of this Application provides general information to the Plan Commission for use in preparing its public notices of the proposal set forth in the Application and in preparing its review of that proposal.

1. The date entered in I. should be the date on which the Application is filed.
2. The location of the site of the proposal should be given by street address; if there is no address, the location must be described in relation to existing streets, rights-of-way or other fixed points of reference.
3. The Applicant must state his own name, address and telephone number and the name, address and telephone number of the owner of the subject property. The Applicant must be either the owner of the subject property or his duly authorized agent or representative, and, if the Applicant is an agent or representative, the Applicant must submit proof to the Commission that he is authorized to represent the owner of the subject property.

Whenever the ownership of the subject property is complex - a partnership, corporation, land trust or association - the Applicant shall so indicate. Further, the Commission may require disclosure of all real parties of interest in the subject property.

4. The description of a proposal should include, at a minimum, types of land uses and space uses, floor area, number of dwelling units and height of proposed structures in feet or stories. Additional concise information may also be included.
5. Under the provisions of Section 194B-6.1(c) of the Lake Michigan and Chicago Lakefront Protection Ordinance, the Applicant must submit to the Commission at the time of filing an Application a list of the names and last known addresses of the owners of all property on which notice must be served, the method of service employed, the names and addresses of persons so served, and a statement certifying that the Applicant has complied with the noticing provisions of Section 194B-6.1(c) of the Lake Michigan and Chicago Lakefront Protection Ordinance. The Commission will not accept an application unless and until the Applicant furnishes the required list and certificate.
6. If there are any other approvals required from other public agencies before the Applicant can proceed with his proposal, they should be listed; except that other City of Chicago licenses and permits may be omitted as items requiring listing herein. If no other approvals are required, enter "NONE" under VI A. Examples of items which should be listed include approval of FHA financing, a U.S. Corps of Engineers permit, Federal Aviation Authority Approval, among others.

GUIDELINES FOR COMPLETING PART TWO OF THE APPLICATION

All graphic materials must be submitted in an 8.5" x 11" format and must be suitable for clear and sharp, black and white reproduction. Each map or diagram should have a scale and a north arrow. Each sheet of graphic material must be labeled with the appropriate figure number. If there are multiple sheets comprising one figure - for example figure 4 - those sheets should be labeled consecutively, for example Figure 4-1, Figure 4-2, etc., and each sheet should contain the address of the site of the proposal in the lower left corner.

For Figure 1, the Applicant should consider the "vicinity of the site" to be at least as extensive as the area for which he is required to give notice plus any intervening streets or other public rights-of-way.

For Figures 3 and 4, the Applicant should consider that "recreation areas" and "recreation space and facilities" include game courts, swimming pools and pool areas, game rooms, exercise rooms, party rooms, community rooms, observation decks and sun decks.

The required narrative statement should describe the features of the proposed development, including size and mix of dwelling units, mix of uses on the site, etc. It should present a basic rationale for the development.

For Figure 6, the Applicant is urged to provide any materials at 8.5" x 11" which will facilitate the review of his Application.

PART TWO: CHARACTER OF THE PROPOSAL

This portion of the Application must be completed by attaching the following items, correctly sized and labeled, to the Application:

- I. Figure 1: A Map of the Vicinity of the Site, showing Lake Michigan, lakefront parks, preferential streets, schools, parks, major institutions. All streets on this map should be named, and the outline and height on all structures on properties immediately adjacent to the site of the proposal must be shown.
- II. Figure 2: A Map of the Existing Site, showing locations and dimensions of lot lines; contour intervals (5-foot) ; existing structures, walkways, driveways, special features.
- III. Figure 3: The Proposed Site Plan, showing locations and dimensions of proposed structures, driveways and walkways; proposed exterior parking areas; proposed exterior open space and recreation areas.
- IV. Figure 4: Proposed Floor Plans, including the ground floor, a typical floor, any floor with recreation space or facilities.
- V. Figure 5: An Elevation or Cross-section, showing the height and number of stories for all proposed structures.
- VI. Narrative: A Statement Describing the Proposed Development.

In addition, the Applicant is encouraged to provide additional graphic materials, visual aids; e.g., photographs, renderings, data tables, among others. Any such exhibits shall be labeled Figure 6.

PART THREE: ZONING INFORMATION

The Applicant shall provide the basic data on zoning considerations for the site of the proposal. Calculations may be shown below on this page and on page 8.

I. Is a planned development ordinance or an amendment to an existing planned development required or permitted for the subject site?

required permitted no

If a planned development approach is required, or if it is permitted and the Applicant chooses to seek a planned development amendment, the Applicant is not required to complete the remainder of Part Three of this Application Form.

Address: 3111 East 77th Street

II Is Zoning Board of Appeals approval a variation or a special use either necessary or

contemplated in relation to the Applicant's proposal? Yes no.

If "yes," please explain the nature of the approval.

PART FOUR: POTENTIAL IMPACT OF THE PROPOSAL

The Chicago Plan Commission requires that the Applicant address the Fourteen Basic Policies of the Lakefront Plan of Chicago and the Thirteen Purposes of the Lake Michigan and Chicago Lakefront Protection Ordinance, as listed below, in a written statement to the Commission attached to this Application Form and labeled Part Four. The statement should indicate which policies or purposes are or are not applicable to the Applicant's proposal, and, for those policies and purposes which are applicable, the statements should discuss the potential impact of the proposal.

I. Fourteen Basic Policies

1. Complete the publicly owned and locally controlled park system along the entire Chicago lakefront.
2. Maintain and enhance the predominantly landscaped, spacious and continuous character of the lake shore parks.
3. Continue to improve the water quality and ecological balance of Lake Michigan.
4. Preserve the cultural, historical, and recreational heritage of the lakeshore parks.
5. Maintain and improve the formal character and open water vista of Grant Park with no new above-ground structures permitted.
6. Increase the diversity of recreational opportunities while emphasizing lake-oriented leisure time activities.
7. Protect and develop natural lakeshore park and water areas for wildlife habitation.
8. Increase personal safety.
9. Design all lake edge and lake construction to prevent detrimental shoreline erosion.
10. Ensure a harmonious relationship between the lakeshore parks and the community edge, but in no instance will further private development be permitted East of Lake Shore Drive.
11. Improve access to the lakeshore parks and reduce through vehicular traffic on secondary park roads.
12. Strengthen the parkway characteristics of Lake Shore Drive and prohibit roadway of expressway standards.
13. Ensure that all port, water supply, and public facilities are designed to enhance lakefront character.
14. Coordinate all public and private development within the water, park, and community zones.

PART FOUR: POTENTIAL IMPACT OF THE PROPOSAL

II Thirteen Purposes

1. To promote and protect the health, safety, comfort, convenience, and the general welfare

- of the people, and to conserve our natural resources;
2. To identify and establish the Lake Michigan and Chicago Lakefront Protection District and to divide that District into several zones wherein any and all development or construction, as specified in Article V hereinafter, shall be specifically restricted and regulated;
 3. To maintain and improve the purity and quality of the waters of Lake Michigan;
 4. To insure that construction in the Lake or modification of the existing shoreline shall not be permitted if such construction or modification would cause environmental or ecological damage to the Lake or would diminish water quality; and to insure that the life patterns of fish, migratory birds and other fauna are recognized and supported;
 5. To insure that the Lakefront Parks and the Lake itself are devoted only to public purposes and to insure the integrity of and expand the quantity and quality of the Lakefront Parks;
 6. To promote and provide for continuous pedestrian movement along the shoreline;
 7. To promote and provide for pedestrian access to the Lake and Lakefront Parks from and through areas adjacent thereto at regular intervals of one-fourth mile and additional places wherever possible, and to protect and enhance vistas at these locations and wherever else possible;
 8. To promote and provide for improved public transportation access to the Lakefront;
 9. To insure that no roadway of expressway standards, as hereinafter defined, shall be permitted in the Lakefront Parks;
 10. To insure that development of properties adjacent to the Lake or the Lakefront Parks is so defined as to implement the above-stated purposes, provided, however, that with respect to property located within the Private Use Zone as established by Article V, VI, and IX of this Ordinance, the permitted use, special use, lot area per dwelling unit, and floor area ratio provisions of the Chicago Zoning Ordinance, Chapter 194A of the Municipal Code of Chicago, shall govern except where such provisions are in substantial conflict with the purposes of this Ordinance or the Fourteen Basic Policies of the Lakefront Plan of Chicago;
 11. To achieve the above-stated purposes, the appropriate public agency should acquire such properties or rights as may be necessary and desirable;
 12. To define and limit the powers and duties of the administrative body and officers as provided herein;
 13. Nothing contained in the Lake Michigan and Chicago Lakefront Protection Ordinance shall be deemed to be a waiver or consent, license or permit to use any property or to locate, construct or maintain any building, structure or facility or to carry on any trade, industry, occupation or activity which may be otherwise required by law.

PART FOUR: POTENTIAL IMPACT OF THE PROPOSAL

FOURTEEN BASIC POLICIES:

1. *Complete the publicly owned and locally controlled park systems along the entire Chicago lakefront.*

The proposed Project will not impede or interfere with the completion of the publicly owned and locally controlled park systems along the lakefront. The proposed Project is located greater than several hundred feet from the nearest playground, field house, and any recreational sports field. Given these distances, the Project's development will not interfere in any way with any completion of the park's systems.

2. *Maintain and enhance the predominantly landscaped, spacious and continuous character of the lake shore parks.*

The proposed Project will not impede or interfere with this basic policy since the Project is located at the preexisting concession stand.

3. *Continue to improve the water quality and ecological balance of Lake Michigan.*

This basic policy is not applicable since the proposed Project will be an outside-open-deck built according to city approved specifications.

4. *Preserve the cultural, historical, and recreational heritage of the lakeshore parks.*

The proposed Project will not interfere with or impede furtherance of this basic policy. In fact, the proposed Project may promote the recreational heritage by providing the general public with a more convenient opportunity to use the lakefront parks.

5. *Maintain and improve the formal character and open water vista of Grant Park with no new above-ground structures permitted.*

This basic policy is not applicable since the proposed Project is located several miles south of Grant Park.

**NORFLO HOLDING CORPORATION
LAKEFRONT PROTECTION APPLICATION**

6. ***Increase the diversity of recreational opportunities while emphasizing lake-oriented leisure time activities.***

The proposed Project will not interfere with or impede furtherance of this basic policy. In fact, the proposed Project will bring many South Shore residents to the lakefront, and those South Shore residents will be able to enjoy the diverse recreational opportunities that the lakefront has to offer.

7. ***Protect and develop natural/lakeshore park and water areas for wildlife habitation.***

This basic policy is not applicable since the proposed Project will be an outside-open-deck built according to city approved specifications.

8. ***Increase personal safety.***

The proposed Project will promote this basic policy. The proposed Project will increase the local population at the lakefront area. Increased population means more street presence and activity leading to greater personal safety. In addition, the Project will improve and tastefully light what is currently a less-than moderately lit area. Improvement of open spaces generally tend to have a positive impact on personal safety.

9. ***Design all lake edge and lake construction to prevent detrimental shoreline erosion.***

The proposed Project will not interfere with or impede furtherance of this basic policy. The Project will be an outside-open-deck built according to city approved specifications.

10. ***Ensure a harmonious relationship between the lakeshore parks and the community edge, but in no instance will further private development be permitted East of Lake Shore Drive.***

This basic policy is not applicable since the proposed Project will be an outside-open-deck built according to city approved specifications and available to the public during all park approved hours of operations.

11. ***Improve access to the lakeshore parks and reduce-through-vehicular traffic on secondary park roads.***

The proposed Project will not interfere with or impede furtherance of this basic policy. The proposed Project will not affect access to lakeshore parks. Moreover, the proposed Project will be an outside-open-deck built on the beach and thus, will not affect secondary park road traffic.

12. ***Strengthen the parkway characteristics of Lake Shore Drive and prohibit roadway and expressway standards.***

This basic policy is not applicable since the proposed Project is located well east of Lake Shore Drive and does not propose any roadway or expressway improvements.

**NORFLO HOLDING CORPORATION
LAKEFRONT PROTECTION APPLICATION**

13. *Ensure that all port, water supply, and public facilities are designed to enhance lakefront character.*

The proposed Project will not interfere with or impede furtherance of this basic policy. It should be noted that no port, water supply, or publicly owned facilities are proposed as part of the Project.

14. *Coordinate all public and private development within the water, park, and community zones.*

The proposed Project will promote this basic policy. The proposed Project has been designed so that it is integrated into the public zone and consistent with, if not less intense than, the bulk and density of surrounding buildings.

PART FOUR: POTENTIAL IMPACT OF THE PROPOSAL

THIRTEEN PURPOSES:

1. ***To promote and protect the health, safety, comfort, convenience, and the general welfare of the people, and to conserve our natural resources;***

The Project will further this purpose in many respects. First, the deck will be constructed in accordance with all applicable codes and requirements, thus ensuring the health and safety of the general public. Second, the Project will provide entertainment to the public in close proximity to the lake, and its recreational opportunities, all of which promote the comfort and convenience for the residents of Chicago. Third, the Project will add to and diversify the community's sources of entertainment. In addition, the project promotes the general welfare of the people by adding to the tax base. Finally, the deck incorporation of energy efficient materials, and energy efficient appliances promote conservation of resources and mitigate climate impacts.

2. ***To identify and establish the Lake Michigan and Chicago Lakefront Protection District and to divide that District into several zones wherein any and all development or construction, as specified in Article V hereinafter, shall be specifically restricted and regulated;***

This purpose is not applicable to the proposed Project since the improvements will be an outside-open-deck built according to city approved specifications and available to the public during all park approved hours of operations.

3. ***To maintain and improve the purity and quality of the waters of Lake Michigan;***

This purpose is not applicable to the proposed Project since the improvements will be an outside-open-deck built according to city approved specifications and thus will have no effect on the purity and quality of the waters of Lake Michigan.

4. ***To insure that construction in the Lake or modification of the existing shoreline shall not be permitted if such construction or modification would cause environmental or ecological damage to the Lake or would diminish water quality; and to insure that the life patterns of fish, migratory birds and other fauna are recognized and supported;***

The proposed Project will not further or frustrate this purpose since the construction will be an outside-open-deck built according to city approved specifications. Thus, the proposed Project will not affect the life patterns of fish, birds or other fauna.

5. ***To ensure that the lakefront Parks and the Lake itself are devoted only to public purposes and to insure the integrity of and expand the quantity and quality of the Lakefront Parks;***

The proposed Project will be located on public property and will in no way affect or alter the public's use of lakefront parks.

**NORFLO HOLDING CORPORATION
LAKEFRONT PROTECTION APPLICATION**

6. ***To promote and provide for continuous pedestrian movement along the shoreline;***

This purpose is not applicable to the proposed Project since the improvements will be located on the beach east of the retaining wall. Thus, it will not affect continuous pedestrian movements.

7. ***To promote and provide for pedestrian access to Lake and Lakefront Parks from and through areas adjacent thereto at regular intervals of one-fourth mile and additional places wherever possible, and to protect and enhance vistas at these locations and wherever else possible;***

This purpose is not applicable to the proposed Project since the improvements will be located on the beach east of the retaining wall. Thus, it will not affect pedestrian access to the Lake and Lakefront Parks.

8. ***To promote and provide for improved public transportation access to the Lakefront;***

This purpose is not applicable because the proposed Project will not affect public transportation access to the lakefront. Since the proposed Project will enhance the public's opportunity for entertainment, demand for public transit may increase in the area. Such an increase could result in the provision of new public transit opportunities to serve increased demand. Those new opportunities could improve public transit options to the lakefront.

9. ***To insure that no roadway of expressway standards, as hereinafter defined, shall be permitted in the Lakefront Parks;***

The proposed Project does not include any roadways of expressway standards so it furthers this particular purpose.

10. ***To insure that development of properties adjacent to the Lake or the Lakefront Parks is so defined as to implement the above-stated purposes, provided, however, that with respect to property located within the Private Use Zone as established by Article V, VI, and IX of this Ordinance, the permitted use, special use, lot area per dwelling unit, and floor area ratio provisions of the Chicago Zoning Ordinance, Chapter 194A of the Municipal Code of Chicago, shall govern except where such provisions are in substantial conflict with the purposes of this Ordinance or the Fourteen Basic Policies of the Lakefront Plan of Chicago;***

This purpose is not applicable to the proposed Project since the improvements will be an outside-open-deck built according to city approved specifications and available to the public during all park approved hours of operations and thus, do not conflict with the purposes of this Ordinance or the Fourteen Basic Policies of the Lakefront Plan of Chicago.

11. ***To achieve the above-stated purposes, the appropriate public agency should acquire such properties or rights as may be necessary and desirable;***

This purpose is not applicable to the proposed Project because no acquisition of the subject property by a public agency is contemplated.

**NORFLO HOLDING CORPORATION
LAKEFRONT PROTECTION APPLICATION**

12. *To define and limit the powers and duties of the administrative body and officers as provided herein;*

Neither the proposed Project nor this application defines or limits the powers and duties of those public officials charged with administration of the Lake Michigan and Chicago Lakefront Protection Ordinance.

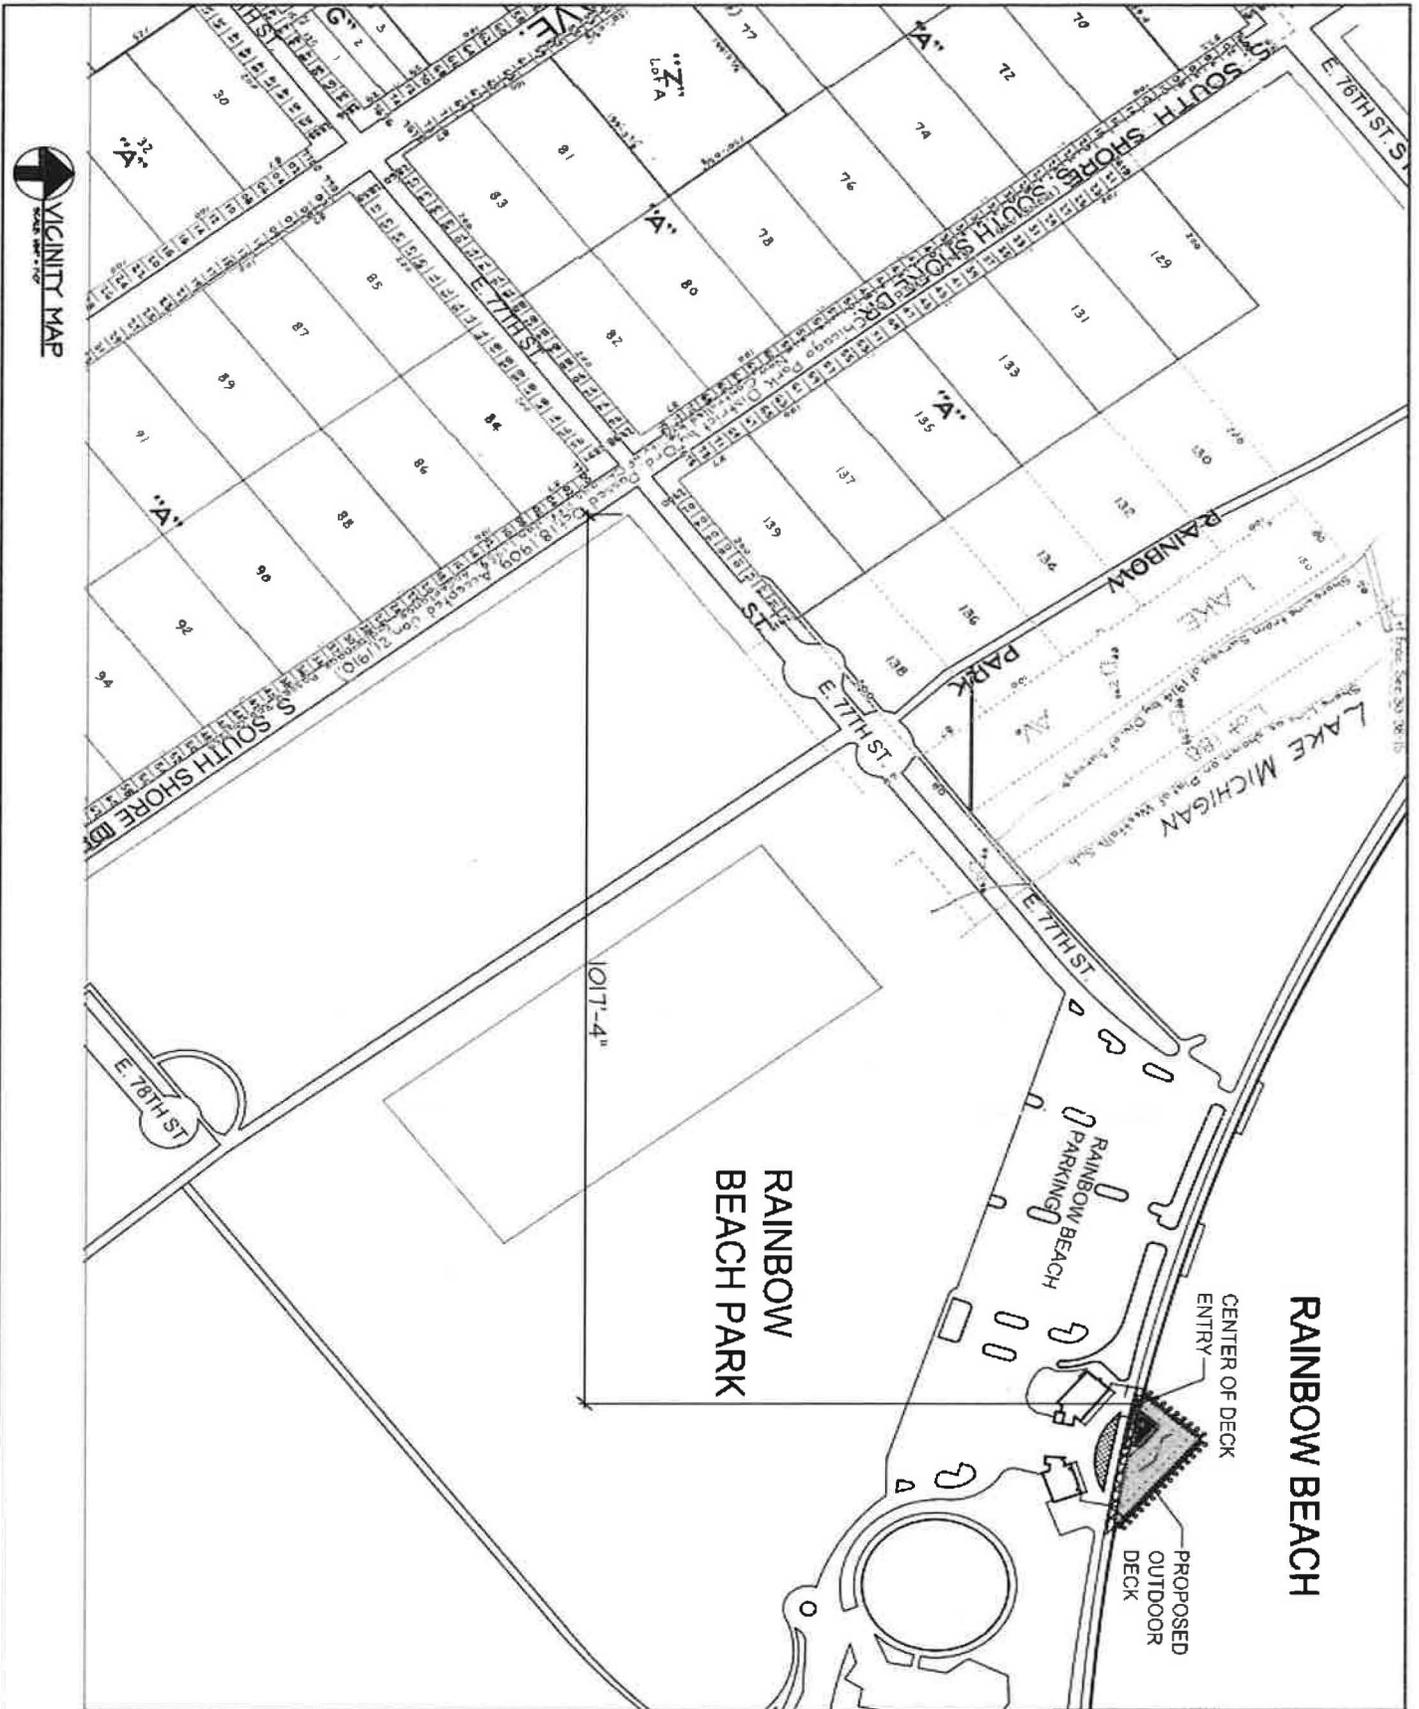

13. *Nothing contained in the Lake Michigan and Chicago Lakefront Protection Ordinance shall be deemed to be a waiver or consent, license or permit to use any property or to locate, construct or maintain any building, structure or facility or to carry on any trade, industry, occupation or activity which may be otherwise required by law.*

The Applicant understands and agrees that nothing contained in the Lake Michigan and Chicago Lakefront Protection Ordinance shall be deemed to be a waiver or consent, license or permit to use any property or to locate, construct or maintain any building, structure or facility or to carry on any trade, industry, occupation or activity which may be otherwise required by law
