15. Any material development in Subarea B.2 shall be submitted and processed under Site Plan Review pursuant to Section 17-13-0801 through Section 17-13-05 of the Chicago Zoning Ordinance. Prior to the Part II approval (Section 17-13-0610 of the Chicago Zoning Ordinance) for any buildings, the Applicant shall submit a site plan, landscape plan and building elevations ("Site Plan Submittal") for review and approval by the Department of Planning and Development ("DPD").   - (9) An approved Site Plan by CDOT, Fire Prevention Bureau, Mayor's Office for People with Disabilities, and the Building Department's Division of Storm Water Management; and
  - (10) Any other information necessary to illustrate substantial conformance with the Planned Development.

16. The Applicant acknowledges and agrees that the rezoning of the Property from Planned Development 617 to Planned Development 617, as amended (“PD”), triggers the requirements of Section 2-44-080 of the Municipal Code (the “Affordable Requirements Ordinance” or “ARO”). Any developer of a “residential housing project” within the meaning of the ARO must: (i) set aside 10% of the housing units in the residential housing project (“ARO Units”) as affordable units, or with the approval of the commissioner of the Department of Housing (“DOH”) (subject to the transition provisions of Section 2-44-040(c)), in consultation with the commissioner of the Department of Planning and Development (“DPD”) as appropriate; (ii) pay a fee in lieu of the development of the ARO Units (Cash Payment); or (iii) any combination of (i) and (ii); provided, however, that residential housing projects with 20 or more units must provide at least 25% of the ARO Units on-site or off-site (Required Units). If the developer elects to provide ARO Units off-site, the off-site ARO Units must be located within a two-mile radius from the residential housing project and in the same or a different higher income area or downtown district. The Property is located in a higher income area within the meaning of the ARO.

For Subarea B.1, the project has a total of 209 units. As a result, the Applicant’s affordable housing obligation is 21 ARO Units (10% of 209 rounded up), 6 of which are Required Units (25% of 21, rounded down). Applicant has agreed to satisfy its affordable housing obligation by making a cash payment to the Affordable Housing Opportunity Fund in the amount of \$134,242 per ARO Unit (“Cash Payment”) for a total cash payment of \$2,013,630 for 15 ARO Units, and providing 6 ARO Units in the building to be constructed in the Planned Development to be approved by the Department of Housing in consultation with DPD as appropriate, as set forth in the Affordable Housing Profile Form attached hereto as Exhibit A. The Applicant agrees that the ARO rental Units must be affordable to households earning no more than 60% of the Chicago Primary Metropolitan Statistical Area Median Income (AMI), as updated annually by the City of Chicago. If the Applicant subsequently reduces (or increases) the number of ARO Units in the Planned Development, the Applicant shall update and resubmit the Affordable Housing Profile Form to the Department of Housing for review and approval, and DOH may adjust the number of required ARO Units without amending the Planned Development. Prior to the issuance of any building permits for any residential building in the Planned Development, including, without limitation, excavation or foundation permits, the Applicant must make the required Cash Payment and/or execute and record an affordable housing agreement in accordance with Section 2-44-080(L). The cash payment will be recalculated at the time of payment (including partial payments for phased developments) and may be adjusted based on changes in the consumer price index in accordance with Section 2-44-080. The terms of the affordable housing agreement and any amendments thereto are

incorporated herein by this reference. The Applicant acknowledges and agrees that the affordable housing agreement will be recorded against the Planned Development, or the applicable portion thereof, and will constitute a lien against such property. The Commissioner of DOH may enforce remedies for any breach of this Statement 16, including any breach of any affordable housing agreement, and enter into settlement agreements with respect to any such breach, subject to the approval of the Corporation Counsel, without amending the Planned Development.

17. The Applicant acknowledges that it is the policy of the City to maximize opportunities for Minority and Women-owned Business Enterprises ("M/WBEs") and city residents to compete for contracts and jobs on construction projects approved through the planned development process. To assist the City in promoting and tracking such M/WBE and city resident participation, an applicant for planned development approval shall provide information at three points in the City approval process. First, the applicant must submit to DPD, as part of its application for planned development approval, an M/WBE Participation Proposal. The M/WBE Participation Proposal must identify the Applicant's goals for participation of certified M/WBE firms in the design, engineering and construction of the project, and of city residents in the construction work. The City encourages goals of (i) 26% MBE and 6% WBE participation (measured against the total construction budget for the project or any phase thereof), and (ii) 50% city resident hiring (measured against the total construction work hours for the project or any phase thereof). The M/WBE Participation Proposal must include a description of the Applicant's proposed outreach plan designed to inform M/WBEs and city residents of job and contracting opportunities. Second, at the time of the Applicant's submission for Part II permit review for the project or any phase thereof, the Applicant must submit to DPD (a) updates (if any) to the Applicant's preliminary outreach plan, (b) a description of the Applicant's outreach efforts and evidence of such outreach, including, without limitation, copies of certified letters to M/WBE contractor associations and the ward office of the alderman in which the project is located and receipts thereof; (c) responses to the Applicant's outreach efforts, and (d) updates (if any) to the Applicant's M/WBE and city resident participation goals. Third, prior to issuance of a Certificate of Occupancy for the project or any phase thereof, the Applicant must provide DPD with the actual level of M/WBE and city resident participation in the project or any phase thereof, and evidence of such participation. In addition to the forgoing, DPD may request such additional information as the department determines may be necessary or useful in evaluating the extent to which M/WBEs and city residents are informed of and utilized in planned development projects. All such information will be provided in a form acceptable to the Zoning Administrator. DPD will report the data it collects regarding projected and actual employment of M/WBEs and city residents in planned development

projects twice yearly to the Chicago Plan Commission and annually to the Chicago City Council and the Mayor.

18. This Planned Development shall be governed by Section 17-13-0612 of the Zoning Ordinance. Should this Planned Development ordinance lapse, the Commissioner of the Department of Planning and Development shall initiate a Zoning Map Amendment to rezone the property to B3-5 (Community Shopping District).

## SUMMARY OF COMPREHENSIVE PLAN GOALS

---

### CONSERVE & ENHANCE

Urban design concerns the physical character and order of the city. In particular, the relationship between people and their environment. A key consideration is the balance of development and preservation.

The proposed Six Corners Mixed-Use project is an adaptive-reuse project that seeks to conserve and enhance both the physical and non-physical attributes of the neighborhood by recognizing the need to preserve the former Sears Building to highlight the history of this neighborhood.

## DIAGRAM - DEMOLITION

The preservation of the original Art Deco structure begins with the demolition of a 1970's addition and portions of the original that do not conform to the adaptive reuse of a residential building.

## DIAGRAM - EXISTING BUILDING TO REMAIN

The design begins with the original Art Deco structure fronting both W Irving Park Road and N Cicero Avenue.

# MASSING STUDY

## STUDY 1 - COURTYARD

Study 1 explores the viability of limiting the residential addition to only the existing building footprint.

A 4-level residential addition is shown with a 2-level parking structure added to the northern portion of the site to satisfy off-street parking requirements.

With a limited addition to the original structure, the study highlighted the need to address the continuity of street-level interaction along N Cicero Avenue, which is designated a Pedestrian Street.

## STUDY 2 - NORTH WING ADDITION

Study 2 explores the viability of demolishing a portion of the northside of existing building in order to create a double loaded residential corridor.

A north wing addition is proposed to enhance the street-level interaction and pedestrian activity by expanding retail along N Cicero Avenue. This study highlights the benefit of a north wing addition which also reduces the visual impact of the parking garage addition.

### STUDY 3 - WEST WING ADDITION

Study 3 explores a 5-story west wing addition to the existing structure along N Cicero Avenue. The addition will enhance the street-level interaction and pedestrian activity by expanding the retail edges and entries along N Cicero Avenue. It will improve the walkability around the neighborhood with added overhead weather protection along both N Cicero and W Irving Park. While the west wing addition will reduce our off-street parking count, the urban design benefits outweigh the trade off.
