DEPARTMENT OF PLANNING AND DEVELOPMENT
CITY OF CHICAGO

August 20, 2018

Jack George
Akerman LLP
71 South Wacker Dr., 47th Floor
Chicago, IL 60606

**Re: Administrative Relief request for Planned Development No. 1272, Sub area A
1550 N. Clark St.**

Dear Mr. George:

Please be advised that your request for a minor change to Residential Business Planned Development No. 1272 ("PD 1272"), Sub area A, has been considered by the Department of Planning and Development pursuant to Section 17-13-0611 of the Chicago Zoning Ordinance and Statement No. 12 of PD 1272.

Your client and the owner of all of the property within Sub area A, 1550 North Clark (Chicago) Owner, LLC, is seeking administrative relief to allow for the following modifications to the proposed building at 1550 N. Clark St.:

- At the request of the CTA, changes were made to the site plan to accommodate the CTA's existing bus routes. They requested that the proposed partial vacation of North Ave. be changed from a fee vacation to an air rights vacation. As a result, the width of the north-south alley vacation along the west property line has increased from 4.3' to 6.5' to offset the loss of 431 square feet ("SF") in net site area. The Sub area A FAR building square footage has been reduced from 133,118 SF to 130,963 SF. The PD's overall FAR remains unchanged at 5.0. A revised Bulk Regulations and Data Table is attached.
- Design changes to the building, including the relocation of the residential lobby from North Ave. to Clark St., a reduction in the amount of ground floor retail space, the relocation of the parking garage entrance adjacent to the exit, the shifting of the loading dock to the south along Sandburg Terrace, and the relocation of the interior generator.
- On the exterior, the building will consist of a granite base on the north and east facades. The proposed brick and stone cladding has been replaced with precast concrete and the balcony railings are now glass instead of metal.
- Site plan changes include a new tapered curb alignment along North Ave., and pad mounted transformers along Sandburg Terrace. These modifications are shown on the attached, Zoning and Land Use Map, Property Line, Boundary and Sub Area Map, Right of Way Adjustment Map, Landscape Plan, Plant List & Site Detail, Site Plan, East Elevation, North Elevation, West Elevation, and South Elevation.

With regard to your request, the Department of Planning and Development has determined that allowing the proposed modifications will not create an adverse impact on the Planned Development or surrounding neighborhood, will not result in an increase in the bulk or density, and will not change the character of the development, and therefore, would constitute a minor change. CDOT has also approved the modifications.

Finally, the Planned Development includes the Village Theater, which is designated as a Chicago Landmark. This minor change does not include any work to the Village Theater nor does it change any of the requirements pertaining to work on the Village Theater contained in Statement No. 15 of the Planned Development.

Accordingly, pursuant to the authority granted by the Chicago Zoning Ordinance and PD No. 1272, I hereby approve the foregoing minor change, but no other changes to this Planned Development. This minor change is valid for twelve (12) months from the date of this letter unless action to implement the minor change is commenced within such time period and thereafter diligently pursued to completion, including, if applicable, construction consistent with the minor change as authorized by a building permit. If action to implement the minor change, including construction, does not begin within the time set forth, or does not proceed with reasonable diligence, then the approval will lapse and become null and void.

Sincerely,

Patrick Murphey
Acting Zoning Administrator
