## You are invited to the third open house for the South Shore Corridor Study

Since March 2019, the City of Chicago, the Regional Transportation Authority and the 7th Ward have been working with the community to envision a vibrant, thriving future for East 75th and East 79th Streets, between Stony Island Avenue and Lake Michigan. At this third public meeting, you will have the opportunity to:

- See the results of the Study based on a year's worth of input
- Learn about the Ideas for Action and how they will be implemented
- View draft copies of the South Shore Corridor Study
- Celebrate the completion of this important effort!

Feel free to attend at any time during the open house. If you are unable to attend, not to worry! The materials will be available to view at the South Shore Chamber of Commerce and other locations after the open house, and the final report will be available on the City's website at the link below.
