# Long-Term Monitoring ARO Application Compliance Training for ARO Owner and Property Management Staff

This PowerPoint presentation is provided by DOH's Long-Term Monitoring Division for all ARO Owners, Property Managers, and Leasing staff that manage ARO rental units.

\*\*Disclaimer:\*\* The division's sole function is to audit and monitor program and compliance requirements. While this training is provided, it is limited in scope and does not cover all aspects. ARO site staff are responsible for fully understanding and consistently meeting all program and compliance requirements. It is the sole responsibility of the owners to ensure that property managers or management companies are adequately trained in affordable housing, fair housing and given detailed instructions on ARO requirements.

## Module 1 – History/Understanding the Basics

### **ARO Overview**

- First adopted in 2007, the Affordable Requirements Ordinance, is one of several City of Chicago programs that provides access to affordable housing for those who income-qualify. Visit <a href="https://www.chicago.gov/aro">www.chicago.gov/aro</a> for more information.
- As of 2021, the revised ARO expanded off-site options that aid in targeting those most in need. Additionally, ARO units currently target households earning between 40% 100% AMI (Area Median Income).
- DOH's Long-Term Monitoring (LTM) division provides program oversight for the initial lease-up period as well as for the life of project's affordability period, 30 years. Note: The commencement of the affordability period does not begin until all units have been initially leased, and corresponding leases provided to LTM.

## Module 2 – ARO Application Process

General Guidelines

Updated ARO Application Package Submission Process

## Application Package Submission Requirements General Guidelines:

Owner/Property Management staff must complete ALL applicable screening criteria for tenant eligibility before submitting application to DOH/LTM.

Owner/Property Management staff may evaluate prospective tenants based on the criteria they typically use to do so and may NOT evaluate prospective ARO tenants on any criteria they would not apply to all tenants.

ARO applicants should NOT be charged any fees for applying to an affordable unit other than allowable fees noted in the AFHM/Tenant Screening Plan Rules; Fees – Leasing agents may not charge application fees to applicants for affordable units other than a reasonable credit report or background check fee.

Administrative and/or move in fees charged during the application process must be a) refunded to the applicant within 30 days of application denial or b) credited to the approved applicant/tenant's first month rent. Administrative or move in fees, may not amount to more than 30% of the monthly rent of the unit.

One-time voluntary fees, including but not limited to, short term lease fees, early lease termination fees, and pet fees are allowed to be charged to ARO tenants, but must not be greater than fees charged to market rate tenants units.

The ARO program is an affordable housing initiative, we adhere to HUD guidelines, which require the disclosure of all income and asset sources. All new applicants must provide supporting documentation for their income and assets. If the applicant is unwilling to provide their paystubs, bank statements, tax transcripts, other documents as requested, or sign the verification documents, we are unable to process their application for the ARO program.

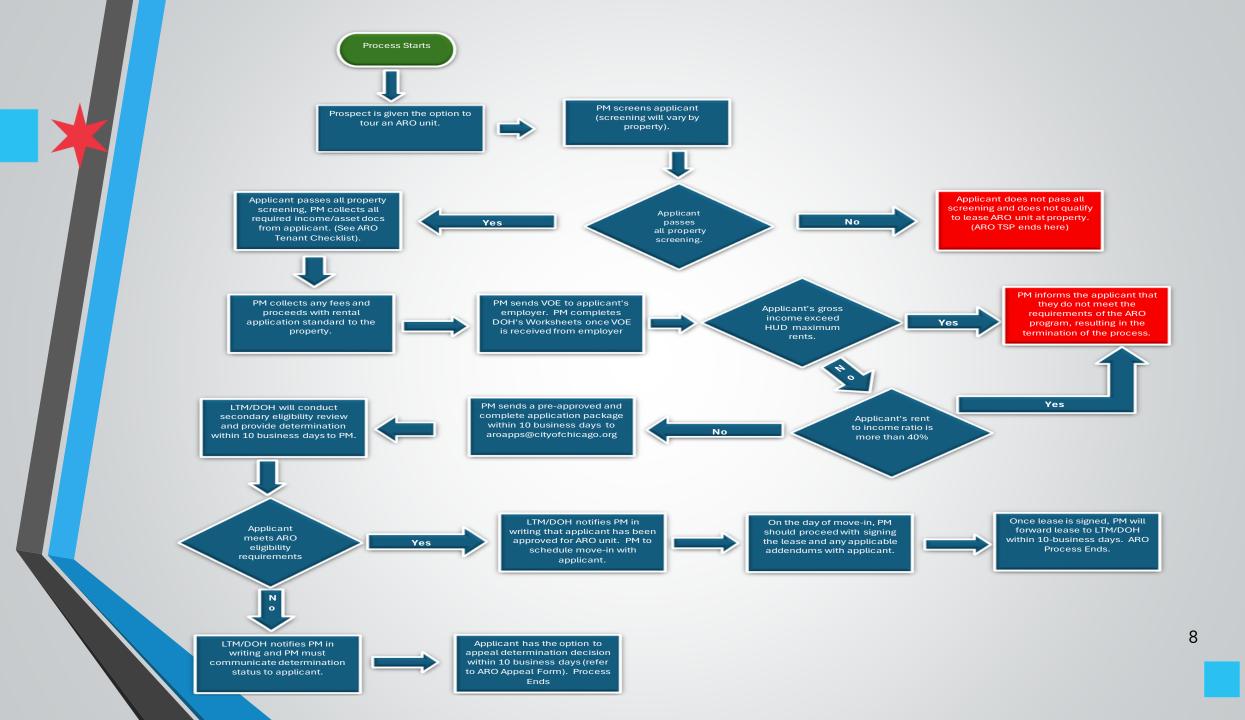

Owner/Property Management must ensure rent and income guidelines are adhered to.

Self Certification of income and assets is not allowed.

- Offer letters alone as proof of anticipated income are not acceptable. Applicants starting a new job must submit in addition to the offer letter and VOE at least two (2) paystub with their application.
- Paychecks or copies of checks as proof of income are not allowed because deductions are not shown of the paycheck.

### General Guidelines (continued):

- Owner/Property Management must ensure the rent being charged does not exceed 40% of applicants monthly gross income.
- Note: If application is deemed ineligible upon initial review by the property, do not submit the application to DOH/LTM for secondary review
- DOH/LTM should only receive pre-approved applications.
- - Income and asset documentation must be the most current at the time of application submission.
- The applicant's move-in date must be within 90 days of the application submission date.
- Applications submitted to ARO Apps will be reviewed within two business days in the order they are received. If an application is incomplete, it will be returned with a list of required corrections. The 10-business day determination period will not begin until all corrections are addressed and the application is assigned to an auditor for further review. Once you receive an email confirming that the application has been assigned and the 10-business day review period has started, please notify the applicant of the expected timeframe for a determination decision.
- Approval for an ARO apartment is not guaranteed until the application has been finalized and approved by our department. Please be aware of this clarification to manage applicant expectations accurately.
- DOH/LTM is not affiliated with property management staff; therefore, all communication with applicants and tenants must be managed directly by the on-site property management. DOH/LTM will not interact with applicants or tenants in any capacity. Please refrain from sharing DOH staff phone numbers or email addresses with applicants or tenants.

## Module 2 – ARO Application Process

### **Application Package Requirements**

The ARO Application Package requires the following:

- Completed/signed ARO Tenant Checklist
- Completed/signed DOH-approved TIC
- Income/Asset/Affordability Calculation Worksheets
- Four (4) to six (6) current <u>and</u> consecutive paystubs
- Three (3) current bank statements for checking accounts
- One (1) current bank statement for savings account (if applicable)
  - All accounts including, Apple Cash, Cash App, Venmo, or similar non-traditional bank accounts.
  - Note; Verification of retirement accounts are no longer required.
- Verification of Employment (VOE) This third-party verification must be sent by the property manager directly to the applicant's employer.
- Verification of Deposit (VOD)-This third-party verification must be sent by the property manager directly to the applicant's financial institution.
  - Third-party verification is defined as the process of obtaining an independent party (i.e., employer) to confirm the applicants' employment and income information. VOE's and VODs should never (under any circumstance) be completed by ARO Property Management staff and/or the applicant
- Student Status Affidavit must be completed by all ARO applicants.
  - If the applicant is a full-time student, they must provide supporting documentation that meets the qualified exemption listed on form.
- All applicants and any household members over the age of 18 who claim **zero income** must provide a current tax year 4506-T; wage and income transcript from the IRS website; 4506-T, An IRS Wage and Income Transcript include most of the information reported on IRS Form W-2, which contains information from all employers who reported income to the IRS during a specific tax year. An applicant can request tax transcripts via https://www.irs.gov/individuals/get-transcript.

#### Important Note: Tax return transcript

- Tax Returns are no longer required as it does not meet the definition of anticipated income.

Tax returns transcripts will be required if an applicant is self-employed (see instructions listed on the Self employment Affidavit).

## Module 3 – Calculating Income & Assets

### **Defining and Calculating Income**

- Income is defined as, "All amounts anticipated to be received from a source (outside of the family during the 12-month period following admission..." (Source: HUD 4350.3 REV-1, Change 4: Chapter 5, page 5-3).
- Additionally, "Annual income includes amounts derived (during the 12-month period) from interest earned from assets to which any member of the family has access." (Source: HUD 4350.3 REV-1, Change 4: Chapter 5, page 5-3).
- Calculating anticipated income means, among other things, you take the full amount (before any deductions) of wages, salaries, commissions, bonuses, tips, etc. Refer to HUD's 4350.3 Change 4, Exhibit 5-1 for more information:
- For self employed applicants, the NET income is counted as the annual income.

#### Exhibit 5-1: Income Inclusions and Exclusions

#### 24 CFR 5.609(b) and (c)

Examples included in parentheses have been added to the regulatory language for clarification.

#### INCOME INCLUSIONS

- The <u>full amount</u>, before any payroll deductions, of wages and salaries, overtime pay, commissions, fees, tips and bonuses, and other compensation for personal services;
- The net income from operation of a business or profession. Expenditures for business expansion or amortization of capital indebtedness shall not be used as deductions in determining net income. An allowance for depreciation of assets used in a business or profession may be deducted, based on straight line depreciation, as provided in Internal Revenue Service regulations. Any withdrawal of cash or assets from the operation of a business or profession will be included in income, except to the extent the withdrawal is reimbursement of cash or assets invested in the operation by the family:
- (3) Interest, dividends, and other net income of any kind from real or personal property. Expenditures for amortization of capital indebtedness shall not be used as deductions in determining net income. An allowance for depreciation is permitted only as authorized in paragraph (2) above. Any withdrawal of cash or assets from an investment will be included in income, except to the extent the withdrawal is reimbursement of cash or assets invested by the family. Where the family has net family assets in excess of \$5,000, annual income shall include the greater of the actual income derived from all net family assets or a percentage of the value of such assets based on the current passbook savings rate, as determined by HUD;
- (4) The full amount of <u>periodic amounts</u> received from social security, annuities, insurance policies, retirement funds, pensions, disability or death benefits, and other similar types of periodic receipts, including a lump-sum amount or prospective monthly amounts for the delayed start of a \*\*periodic amount (e.g., Black Lung Sick benefits, Veterans Disability, Dependent Indemnity Compensation, payments to the widow of a serviceman killed in action). See paragraph (13) under Income Exclusions for an exception to this paragraph;\*\*
- (5) Payments in <u>lieu of earnings</u>, such as unemployment, disability compensation, worker's compensation, and severance pay, except as provided in paragraph (3) under Income Exclusions;
- (6) Welfare Assistance.
  - (a) Welfare assistance received by the family.
  - (b) If the welfare assistance payment includes an amount specifically designated for shelter and utilities that is subject to adjustment by the welfare assistance agency in accordance with the actual cost of shelter and utilities, the amount of welfare assistance income to be included as

Important Note: There are (4) pages of Exhibit 5-1: Income Inclusions/Exclusions.

The goal is not to memorize all the information listed, but to know where you can locate it.

In most cases, you'll be processing information that is relevant to #1 and #2.

## Module 3 – Calculating Income & Assets

## **Defining and Calculating Income -** The ARO application package requires the completed Calculation Worksheet.

- The income listed on the TIC must be the <a href="higher calculated amount from the paystub average or the YTD">higher calculated amount from the paystub average or the YTD</a>
  <a href="calculation">calculation</a>. This amount will be listed at the bottom of the paystub worksheet.
- Four (4) to six (6) current <u>and</u> consecutive paystubs.
  - Packets that have less than 4 paystubs will not be accepted.
- Completed third-party employment verification (VOE).
  - Third-party is defined as the process of obtaining an independent party (i.e., employer) to confirm the applicants' employment and income information.
  - VOE's should never (under any circumstance) be completed by ARO Property Management staff and/or the applicant.
  - Note: The Verification Worksheet has been discontinued. All paystub data must be entered exclusively in the Paystub Worksheet.

## Module 3 – Calculating Income & Assets

One time bonus; If an applicants employer indicates on the VOE that the applicant receives a one-time bonus, their Year-to-Date (YTD) income should first be calculated without the bonus. The bonus should then be added separately at the end on the Paystub Worksheet. This prevents an overestimation of the applicant's annual income. If the bonus is included in the annualized YTD income calculation, it inflates the projected earnings by treating the bonus as recurring rather than as a one-time payment. Note; before entering the YTD in the worksheet, subtract the one-time bonus amount and then add the bonus to the final calculation.

An applicant earns a **salary of \$4,000 per month** and received a **\$5,000 one-time bonus** in June. By the end of **September (9 months of income)**, their YTD earnings on the paystub show **\$41,000** (which includes both regular salary and the bonus).

#### Incorrect Calculation (Including Bonus in Annualization):

If we include the full YTD amount in the calculation:

- •YTD earnings: \$41,000 (January–September, including the bonus)
- •Annualized income: \$41,000 ÷ 9 × 12 = \$54,667

This overestimates the income by treating the bonus as part of the applicant's regular earnings.

#### Correct Calculation (Excluding Bonus First):

- 1. Calculate YTD earnings without the bonus:
  - 1. Regular salary for 9 months =  $$4,000 \times 9 = $36,000$
- 2. Annualize only regular earnings:
  - 1.  $\$36,000 \div 9 \times 12 = \$48,000$  (projected base income)
- 3. Add the one-time bonus separately:
  - 1. \$48,000 + \$5,000 = **\$53,000** (correct projected annual income)

By handling the calculation this way, we accurately reflect the applicant's recurring earnings and account for the bonus separately, preventing an inflated income projection.

### Verification of Employment (VOE

Note: This is most current version of the form. Older versions will not be accepted.

In lieu of VOE form, applicants can provide a copy of their Work # report or similar. (they can obtain report free of charge)

#### Example - Calculating Anticipated Annual Income

A teacher's assistant works nine months annually and receives \$1,300 per month. During the summer recess, the teacher's assistant works for the Parks and Recreation Department for \$600 per month. The owner may calculate the family's income using either of the following two methods:

Calculate annual income based on current income: \$15,600 (\$1,300 x 12 months).

The owner would then conduct an interim recertification at the end of the school year to recalculate the family's income during the summer months at reduced annualized amount of \$7,200 (\$600 x 12 months). The owner would conduct another interim recertification when the tenant returns to the nine-month job.

2. Calculate annual income based on anticipated changes through the year:

\$11,700 (\$1,300 x 9 months)

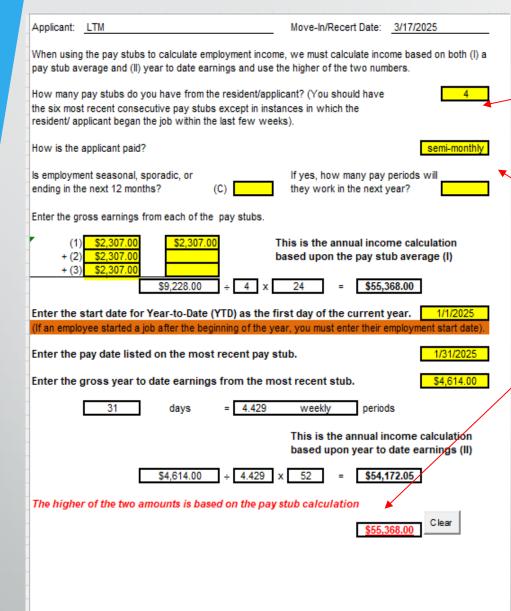

+ 1,800 (\$ 600 x 3 months)

\$13,500

Using the second method, the owner would not conduct an interim re-examination at the end of the school year. In order to use this method effectively, history of income from all sources in prior years should be available.

- B. Once all sources of income are known and verified, owners must convert reported income to an annual figure. Convert periodic wages to annual income by multiplying:
  - 1. Hourly wages by the number of hours worked per year (2,080 hours for full-time employment with a 40-hour week and no overtime);
  - 2. Weekly wages by 52;
  - 3. Bi-weekly wages (paid every other week) by 26;
  - Semi-monthly wages (paid twice each month) by 24; and
  - 5. Monthly wages by 12.

To annualize other than full-time income, multiply the wages by the actual number of hours or weeks the person is expected to work.

### **Paystubs Tips:**

- Only use four (4) to six (6) paystubs, no exceptions. Make sure you use the exact gross amounts listed on paystubs (include cents).
- Ensure to select the correct periodic wage conversion.
- When completing the TIC, use the highest calculated annual income listed (including cents). Paystub average or paystub YTD>

- Hourly wages by the number of hours worked per year (2,080 hours for full-time employment with a 40-hour week and no overtime);
- Weekly wages by 52;
- Bi-weekly wages (paid every other week) by 26;
- 4. Semi-monthly wages (paid twice each month) by 24; and
- Monthly wages by 12.

To annualize other than full-time income, multiply the wages by the actual number of hours or weeks the person is expected to work.

## Module 3 – Calculating Income & Assets

### **Defining and Calculating Assets**

The ARO application package requires the following:

- Applicant must sign Verification of Deposit Form
  - Applicant must provide full account # and full SSN #
    - Submit signed form with application packet and DOH staff will submit verification request to bank.
- Completion of Asset Calculation Worksheet.
- Three (3) current checking account (or similar)bank statements.
- One (1) current savings account (or similar) bank statement
  - No averaging required.
  - Use the ending balance from the most current/recent bank statement.
- Prepaid Card Calculation Formula
  - Treated exactly as a savings account, follow the instructions above.

#### Exhibit 5-2: Assets

**NOTE:** There is no asset limitation for participation in HUD assisted-housing programs. However, the definition of annual income includes net income from family assets.

- A. Net Family Assets include the following:
  - Cash held in savings and checking accounts, safe deposit boxes, homes, etc. For savings accounts, use the current balance. For checking accounts, use the average balance for the last six months. Assets held in foreign countries are considered assets.
  - 2. Revocable trusts. Include the cash value of any revocable trust available to the family. See discussion of trusts in paragraph 5-7 G.1.
  - Equity in rental property or other capital investments. Include the current fair market value less (a) any unpaid balance on any loans secured by the property and (b) reasonable costs that would be incurred in selling the asset (e.g., penalties, broker fees, etc.).

**NOTE:** If the person's main business is real estate, then count any income as business income under paragraph 5-6 G of the chapter. Do not count it both as an asset and business income.

- 4. Stocks, bonds, Treasury bills, certificates of deposit, mutual funds, and money market accounts. Interest or dividends earned are counted as income from assets even when the earnings are reinvested. The value of stocks and other assets vary from one day to another. The value of the asset may go up or down the day before or after rent is calculated and multiple times during the year thereafter. The owner may assess the value of these assets at any time after the authorization for the release of information has been received. The tenant may request an interim recertification at any time thereafter that a decrease in stock value may result in a decrease in rent.
- 5. <u>Individual retirement, 401K, and Keogh accounts</u>. These are included when the holder has access to the funds, even though a penalty may be assessed. If the individual is making occasional withdrawals from the account, determine the amount of the asset by using the average balance for the previous six months. (Do not count withdrawals as income.)

## Module 3 – Calculating Income & Assets

### **Defining and Calculating Assets**

- An asset is defined as, "an item of value that may be turned into cash." (Source: HUD 4350.3 REV-1, Change 4: Chapter 5, page 5-21).
- Typical assets include checking account, savings account, CD's, stocks, prepaid cards.
- Additionally, any asset (i.e., savings, money market accounts, CD's, etc.) that earns interest must be calculated and the current balance and interest earned must be input on the TIC (see below).
- Refer to HUD's 4350.3 Change 4, Exhibit 5-2 for more information: https://www.hud.gov/sites/documents/DOC\_35701.PDF

## Asset Calculation Worksheet

Note: This is most current version of the form. Older versions will not be accepted.

- Always enter most current (3) statements; Make sure you use the ending balance (include cents).
- Don't forget to add interest rate, if applicable.
- If the total of all assets are over \$50k, the worksheet and TIC will calculate the "Imputed Income" for you.
- When inputting "Total Income from Asset" always use the higher of the Annual Income or the Imputed Income. (Note: The new updated TIC, will automatically update for you.)
- Complete a separate worksheet for each individual bank account (i.e., two checking accounts, two savings accounts).
- When completing the TIC, use the exact "Total Cash Value of Assets" listed (including cents), in column H. And interest earned in column I.
- Follow example on next page.

## Module 3 – Calculating Income for Special Circumstances

- **Self-Employed Applicants** Applicant must complete Self-Employment (SE) Certification Form in its entirety, and provide the documents requested as listed on the form.
- Applicants can use the prior years business tax return, and the NET income figure can be used as income anticipated for the next 12 months. **OR** annualize income using business activity of the current year.
  - Applicant must provide the previous years Tax Transcript with Schedule C, from the IRS website. Income listed on the SE certification form must coincide with the previous years Schedule C. ([IRS Account Login] (https://bit.ly/irsacctlogin))
- OR
- The applicant can annualize SE income by using the current years business activity based on the full # of current months in business.
- Formula; total YTD income divided number of months in business of the current year, multiplied by 12 months, minus annual expenses EQUALS NET income.
- All supporting income documents used to calculate the anticipated gross annual Income as listed on the form must be provided.
- **Zero Income Household Members 18 and over** who claim zero income must submit a current 4506-T form (Wage and Income Transcript) obtained from the IRS website.
- What is a 4506-T? An IRS Wage and Income Transcript includes most of the information reported on an IRS Form W-2. It contains information from any employers who reported your income to the IRS during a particular tax year. <a href="https://www.irs.gov/individuals/get-transcript">https://www.irs.gov/individuals/get-transcript</a>

# Module 3 – Calculating Income for Special Circumstances (cont.)

#### Retired and Veteran Applicants

 Applicants who receive monthly Social Security, Pension, or VA benefits, must provide a current benefit award letter that indicates their current benefit monthly income. The monthly gross monthly amount listed on the letter must be annualized and entered in Part III of the TIC under column labeled; Social Security/Pension.

#### Rental Assistance/Subsidy

- If an applicant holds a CHA voucher you must send a Request for Tenancy Approval (RTA) packet directly to CHA. Please note that CHA operates independently from the Department of Housing. Therefore, it is essential to contact a housing voucher specialist to guide you through the RTA packet processing. When you submit the ARO application, include a copy of the approved RTA packet, along with the other necessary supporting application documents. The voucher amount should not be recorded as income but should instead be included in Part IV of the TIC under rent assistance. The affordability requirement (40% or below) evaluates the tenant's ability to afford the rent. However, when a tenant has a subsidy that covers all or part of their rent, the affordability requirement does not apply.
- If the applicant receives a different type of subsidy, you must submit a subsidy letter specifying the conditions and the amount provided.

#### Students and Non-Students

- Effective 12/15/2022, the ARO Affirmative Fair Housing Marketing and Tenant Screening Plan Procedures were updated. Section 2.13; students may only apply if they qualify for one of the exemptions listed. **All applicants** must complete the ARO Student Status Affidavit (see next page), along with any applicable supporting documentation. (reach out to ARO management staff for guidance, if needed).
- Student financial aid exceeding the actual costs of tuition and required fees is considered income, except for those who are the head of household, co-head, or spouse and are 23 or older with dependent children.

# Module 3 – Calculating Income for Special Circumstances (cont.)

#### Child Support

The actual amount received, rather than the court-ordered amount, will
determine the amount counted as income for child support or alimony.
Applicants must provide supporting documentation, such as records from
the state agency responsible for collecting support payments or bank
statements, to verify the received payments.

#### Recurring Monetary Gifts.

• **Regular** contributions and gifts from persons not living in the unit must be counted as income. These sources may include rent and utility payments paid on behalf of the applicant, and other cash or non-cash contributions provided on a regular basis.

### HOUSEHOLD CERTIFICATION & SIGNATURES

The information on this form will be used to determine maximum income eligibility. I/we have provided for each person(s) set forth in Part II acceptable verification of current anticipated annual income. I/we agree to notify the landlord immediately upon any member of the household moving out of the unit or any new member moving in. I/we agree to notify the landlord immediately upon any member becoming a full time student. I/we agree to provide upon request source documents evidencing the income and other information disclosed above. I/we consent and authorize the disclosure of such information and any such source documents to the City, County or IHDA and HUD and any agent acting on their behalf. I/we understand that the submission of this information is one of the requirements for tenancy and does not constitute an approval of my application, or my acceptance as a tenant.

Under penalties of perjury, I/we certify that the information presented in this Certification is true and accurate to the best of my/our knowledge and belief. The undersigned further understands that providing false representations herein constitutes an act of fraud. False, misleading or incomplete information may result in the termination of the lease agreement.

## Module 5 – ARO Affordability Ratio

ARO Owner/Property Management must ensure that the future tenant's rent is at/or below the 40% rent-to-income ratio requirement. Do not submit your completed application without first checking this ratio. If the applicant does not meet this requirement, the application must be denied in writing indicating why the application was denied. No other steps are required.

### AFFORDABILITY (RENT TO INCOME RATIO) Applicant Name: L. Cuthrell Move In/Recert Date: 3/17/2025 Total Annual Household Income from All Sources 55,368.00 Monthly Household Income 4.614.00 Monthly Tenant Paid Rent 1,610.00 Other Non-Optional Charges 100.00 1,710.00 Total Affordability Ratio 37.1% Does Unit Meet 40% Affordability Requirement (Pass=True/ Fail=False) TRUE **ENTER DATA** FORMULATED CELL (DO NOT ENTER DATA)

# Income/Asset/Affordability Excel Worksheet

- This is a DOH-created form to assist with income/asset calculations and to perform rent-to-income ratio calculations.
- Use this worksheet solely to determine whether an applicant's current income meets the rent-to-income affordability requirement of 40% or less. Do not disclose the required income amount to applicants before completing this assessment. For example, avoid stating, "You must earn three times the rent to qualify," as this may be misleading. Some applicants may receive rental assistance, in which case the rent-to-income ratio requirement would not apply.
- Please be sure to include exact figures listed in worksheet on the TIC. Tip: Always include cents and do not round.

## Rent-to-Income Ratio

# Tenant-paid rent should not exceed 40% of the applicant's income. (Monthly Affordable Rent ≤ 40% of Gross Monthly Income)

### Example 1a:

Rent for the unit being applied to is \$1,024. Household gross monthly income is \$3,072.

The monthly income is below the "rent-to-income" ratio. This household can afford the rent.

### Example 1b:

Rent for the unit being applied to is \$1,024. Household gross annual income is \$41,000.

The monthly unit rent is at or below the "rent-to-income" ratio. This household can afford the rent.

### Example 2:

Rent for the unit being applied to is \$1,024. Household monthly income is \$2,225.

This household **CANNOT** afford the rent. Unless Owner/Property Management Staff is willing to lower unit rent, do **NOT** submit application to DOH/LTM for review as applicant in ineligible for program.

## Module 6 – Rent/Income/Utility Allowance Limits

Typically, the income limits are published annually in April and the rent limits are published between the 1st and the 15th of June. Please be aware that per the ARO rules, property owners are not permitted to utilize the published income limits, until the new rent and utility allowance limits are released. Both sets of limits must be used together in accordance with the regulations.

Although the property may not necessarily be a "high rise" building in height, you must use the limits listed in the High-Rise section of each table.

Please note; In the context of the City of Chicago Income/Rent and UA tables, the utility allowance is not an actual charge imposed on residents but rather a deduction implemented by the Department of Housing and Urban Development (HUD). Its purpose is to alleviate the financial burden on tenants who are responsible for paying utilities directly to a service provider. This allowance is in no way associated with any specific property and/or required utility bundles/non-optional charges.

An example to clarify this concept. If the rent amount is \$1,500 and a resident is accountable for paying their electric bill directly to ComEd, and the current utility allowance (UA) for a one-bedroom is \$39.00 (specifically for electric only), HUD subtracts this allowance from the rent. Consequently, the tenant's portion of the rent is reduced to \$1,222.
