

Keep it cool!

Compost your food scraps
so they don't heat up the Earth

Follow the ice floes to food scrap composting before they melt!

Go to chi.gov/composting and
watch the video.
T or F? Composting food scraps
helps save our climate.

Go to chi.gov/composting and zoom
in on the map. What drop-off
location is nearest you?
Write it here: _____

With a parent, use the
online form to sign up
for this location.
It's free!

Check out the list of accepted items at
chi.gov/composting.
On the back of this sheet, draw
something you threw away that could
have been composted.

Find a container with
a lid and start collecting
food scraps!

Take a field trip to your
drop-off location and
empty your container
into a green cart!

**You did it! You have joined
thousands of Chicagoans in
keeping hundreds of tons of food
scraps from landfills.
The polar bears thank you!**
