

CITY OF CHICAGO CLIMATE BOND INVESTMENT

CHICAGO'S DOWN PAYMENT ON CLIMATE RESILIENCY AND MITIGATION

TOP LINE

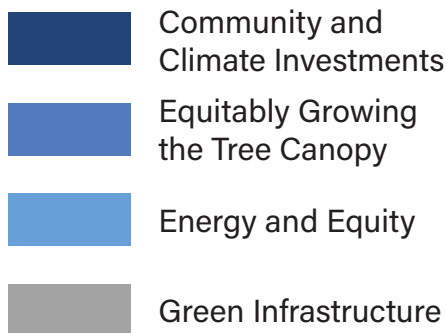

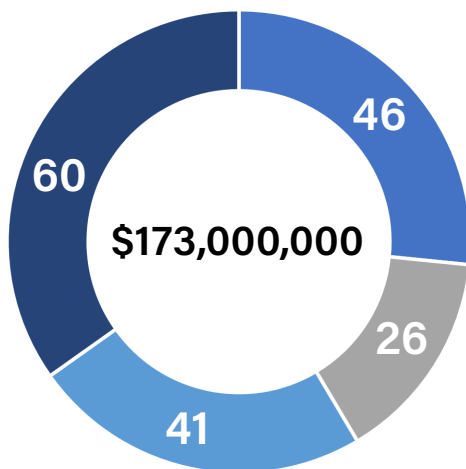

The City of Chicago is investing **\$173,000,000** in meaningful, substantive, and justice-oriented climate projects that will provide the City's underserved communities with resilient infrastructure and green workforce development opportunities.

PURPOSE

The City of Chicago is investing **\$173,000,000** in a variety of climate and environmental projects that advance Mayor Lightfoot's Green Recovery Agenda. The projects in the climate bond achieve critical resilience and mitigation goals, equitably distributing benefits across the City.

Chicago, like cities worldwide, must confront the realities of a changing climate and impacts that change will have on society's most vulnerable communities. The City is proud to announce this suite of projects and programs that will set us on the course toward a just, resilient, and sustainable future.
