As reported on each jurisdiction’s public-facing website, with data available on 5/14/21. Websites update data at varying frequencies. Some states only report data at the county level. Some jurisdictions report 16+ age subgroup instead of 18+ subgroup. Census populations used as denominators where necessary. See each jurisdiction’s website directly for up-to-date information or to confirm individual data points. N/A reflects data not reported publicly for age group on that jurisdiction’s site. All data is provisional and may change at any time.

Coronavirus (COVID-19) Funeral Assistance

FEMA is providing financial assistance for COVID-19-related funeral expenses incurred after Jan 20, 2020. To date, $65,491.77 given to Cook County residents.

Which expenses will qualify for reimbursement?
Examples of eligible expenses for funeral services and interment or cremation may include, but not limited to:
- Transportation for up to two people to identify the deceased individual
- The transfer of remains, a casket or urn
- A burial plot or cremation niche
- A marker or headstone
- Clergy or officiant services
- The arrangement of a funeral ceremony
- The use of funeral home equipment or staff
- Cremation or interment costs
- Costs associated with producing multiple death certificates

To be eligible for funeral assistance, you must meet these conditions:
- The death must have occurred in the United States, including the U.S. territories, and the District of Columbia.
- The death certificate must indicate the death was attributed to or caused by COVID-19.
- The applicant must be a U.S. citizen, non-citizen national or qualified alien who incurred funeral expenses after January 20, 2020.
- There is no requirement for the deceased person to have been a U.S. citizen, non-citizen national or qualified alien.
