Department Updates

Bye Mike !

Mike Parella
Coordinating Economic Developer
DPD West Region

Maintaining role as Project Manager of the
North Avenue ISW Corridor

Hi Ernest !

Ernest Bellamy
City Planner V
DPD West Region

Taking over as Project Manager of the
Chicago Avenue ISW Corridor

Department Updates

NOF Update

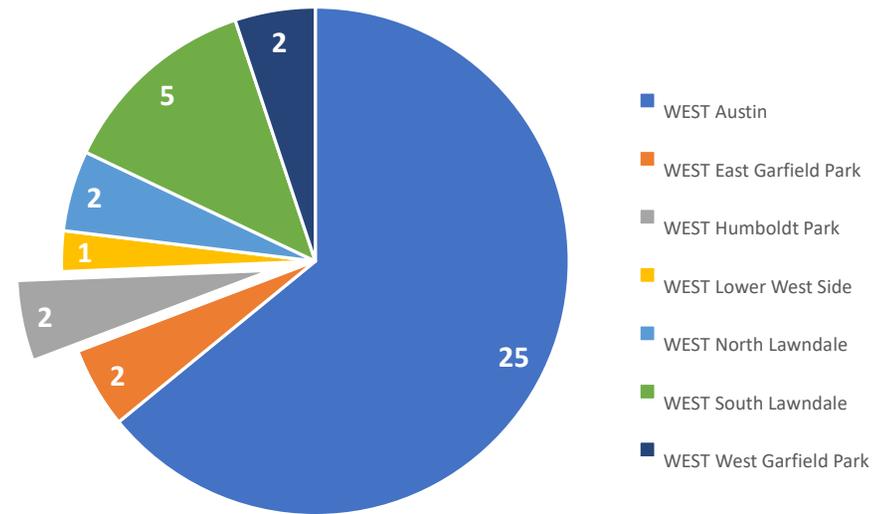

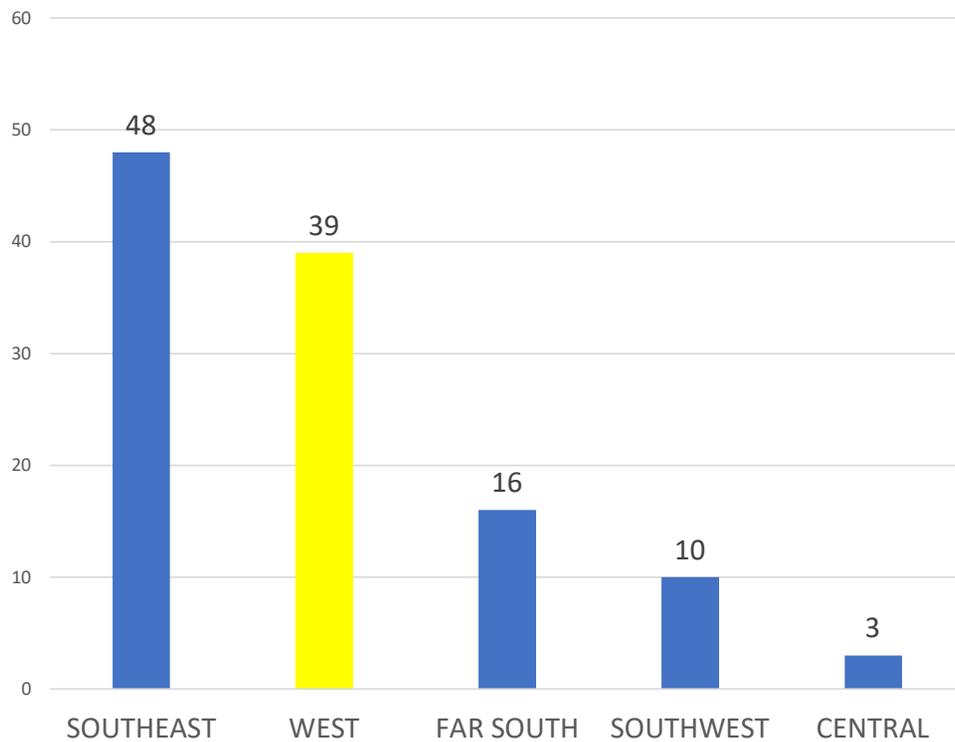

Department Updates

NOF Small Grants Application Updates

	1st Week (9/14 to 9/20)	As of Monday 10/19/2020
Project Readiness Quiz	1,488 (1,183 Unique)	1851 (1340 Unique)
NOF Applications Submitted	101	208
NOF Application Drafts		151

Application Deadline is
Friday, Nov. 6th at 10:00PM

Where are the applications?

As of 10/15/2020

What's next ?

2020 Round 2 (CURRENT)

- **Nov-Dec:** Application Review and Project Selection
- **December:** Finalist Announcement
- **January:** Finalists Orientation
- **April-May:** Award Letters
- **2022:** Projects completed

2020

2021

Round 1 – anticipating Q1

Round 2 – anticipating Q3

Public Safety

Our City, Our Safety

A comprehensive plan to reduce violence in Chicago

Invest South/West Community Roundtable: Humboldt Park

Norman Kerr, Director of Violence Reduction

This document lays out the comprehensive plan for the City of Chicago's violence reduction work through 2023, with the goal of sustainably reducing violence and making Chicago a city where everyone is and feels safe.

Empower and Heal People

Ensure that all residents can pursue opportunities to thrive without fear of violence by providing prevention and intervention supports that are available to individuals of all ages and levels of risk. ■

Increase capacity and service quality of gun violence, domestic violence, diversion, and victim services programs

Expand access to jobs and housing for those impacted by violence

Expand supportive programming for youth at highest risk of violence involvement

Increase knowledge of services through public awareness campaigns in communities of need

Protect and Secure Places

Reduce the "safety gap" between safer communities and those most affected by violence by reclaiming public places as safe spaces within communities and by promoting community wellbeing with stable housing, amenities, commerce, and opportunities. ■

Invest in place-based programming and services

Revitalize neighborhood economies

Improve and Advance Policing

Increase police legitimacy in communities where trust has eroded by ensuring humane, effective, and constitutional law enforcement practices and by fully implementing the spirit and letter of the consent decree and related reforms. ■

Acknowledge and remedy past harms between the Chicago Police Department and communities they serve

Deliver best practice reforms to police policy and operations, consistent with the consent decree

Improve workforce management including officer wellness, recruitment, hiring, retention, and promotion

Assess the types of needs where police may need additional training and/or rely on other resources as first or co-responders

Affect Public Policy

Ensure that laws and policies that govern the city reflect the values, aspirations, and safety of residents by collaborating with stakeholders to implement local policy, and advocate for state and federal policy and legislation related to public safety and violence prevention, with a special focus on criminal justice reform, gun regulation, and equitable quality of life. ■

Participate in local and national collaboratives to elevate policy positions

Advocate for and support equity-focused legislation and policy

Collaborate with State and County partners to align and coordinate policy efforts

Plan and Coordinate

Facilitate the development of realistic, actionable plans by promoting alignment on strategy and action among public, private, and community-based efforts to prevent and reduce violence, and by ensuring a citywide commitment to rigorous planning and consistent coordination. ■

Facilitate coordination among City departments and sister agencies

Establish, facilitate, and participate in coordination tables, networks, and coalitions

Utilize data to drive decision-making

Improve referral mechanisms and linkages for programs and services

Establish and promote standardized practices to improve coordination among partners

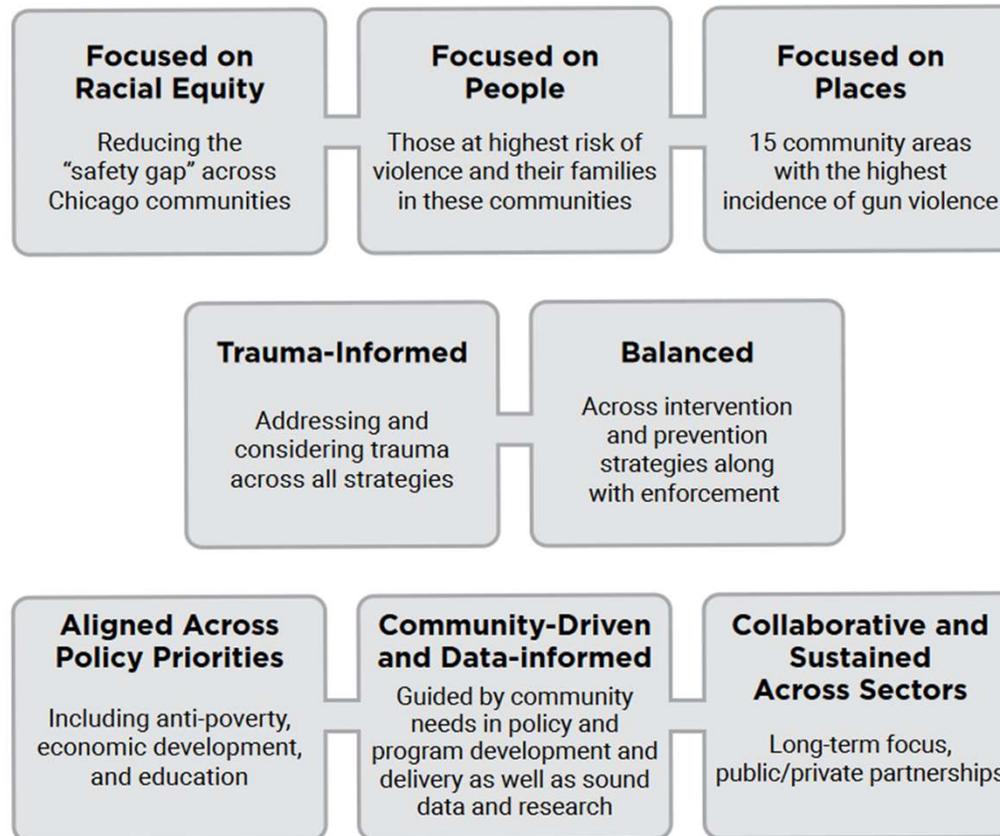

Provide needed technical support to grow capacity for partners and providers

Engage community in decision and policy making

— Outcome Indicators —

- ▶ The "Safety Gap" – the difference in rate of shootings and homicides in community areas with highest and lowest levels, while not decreasing safety in safer community areas.
- ▶ Number of serious victimizations (fatal and non-fatal shootings) and reported violent crimes (victim and incident counts)
- ▶ Community perception of safety, trust in law enforcement, and connectedness with City government

Guiding Principles

Key takeaways

- Addressing root causes is key to reducing violence
- City aims to support those at highest risk of violence involvement (perpetrators and victims)
 - Street Outreach – ALSO
- Focusing on improving coordination and building capacity
- Supporting community-led work that is already ongoing
- Connecting with other initiatives (ISW)
