- 
- I. Welcome and Attendance
  - II. Public Comment
  - III. Level Setting
    - What are the differences between Deflection & Diversion?
    - Presentation of the Sequential Intercept Model
  - IV. Focus Areas
    - Identification of Diversion & Deflection programs and services
      - Sequential Intercept Model (SIM) is unidirectional, we want to make sure diversion & deflection is bi-directional, incorporating pre-arrest deflection and re-entry programs
      - Categorization, not inventory
        - be expansive in our definitions
        - include prevention programs
          - e.g: First episode psychosis, mental health first aid
    - Community Engagement
      - What does Diversion & Deflection look like from the consumer's perspective?
        - Engage BH community via focus groups and interviews
    - Develop "User Stories"
      - Human-Centered Design (HCD) concept that segments consumer types
      - Recognize that one-size does not fit all
      - What is the right combination of supports and services for different consumer types?
  - V. Next Steps
