

Southside Recycling/RMG Health Impact Assessment Session #1 Agenda

**Thursday, November 4, 2021
5:00-7:00 p.m.**

Topic	Description
Welcome: Introductions & Icebreaker	Meeting panelists will introduce themselves. A panelist will explain the icebreaker, and participants will have a chance to answer the icebreaker questions through a Zoom poll.
What is a Health Impact Assessment (HIA)?	An explanation of the purpose and process of a Health Impact Assessment.
How will we apply the HIA process to the Southside Recycling permit application?	A description of how the Chicago Department of Public Health (CDPH) will apply an HIA to assess the Southside Recycling/RMG permit application.
Current Conditions on the Southeast Side	Discuss current environmental, health, and quality of life conditions on the Southeast Side and compare conditions to the City of Chicago and Lincoln Park.
Q&A	Participants will have an opportunity to ask questions related to the HIA process and data presented.
Closeout & Next Steps	Recap the meeting, a brief introduction of the next meeting, next steps, and ways to stay involved.
