Notice No. 11-057

**UPDATED PHYSICAL EXAMINATION CERTIFICATION FORM**

Pursuant to Municipal Code of Chicago section 9-104-030 (2) (d), ALL new and renewal applicants for a public chauffeur license or a restricted public chauffeur license must successfully pass a drug test and a physical examination.

Effective immediately, the Department of Business Affairs and Consumer Protection's Public Vehicle Operations Division will start using the attached updated physical examination certification form. Attached is also descriptive information on both the drug testing and the physical examination requirements for all public chauffeurs.

Both of these documents are also available to download from [www.cityofchicago.org/bacp](http://www.cityofchicago.org/bacp)

Public Vehicle Operations encourages public chauffeur applicants to fulfill the physical exam certification form requirements before appearing at 2350 W. Ogden to initiate license renewals.

**DRUG TESTING AND PHYSICAL EXAMINATION REQUIREMENTS**

All new and renewal applicants for a public chauffeur license or a restricted public chauffeur license must successfully pass a drug test and a physical examination. See *Municipal Code of Chicago section 9-104-030 (2) (d)*.

**PHYSICAL EXAMINATIONS**

All new and renewal applicants for a public chauffeur license or a restricted public chauffeur license must submit documentation by an Illinois licensed physician that has determined that the applicant is capable of safely operating a public passenger vehicle based on a physical examination with TB, visual and auditory screening.

You can download a physical certification form at [www.cityofchicago.org/bacp](http://www.cityofchicago.org/bacp) or pick one up at the Ogden office. After your examination and screenings are complete, the doctor or clinic should complete the certification form.

Applicants that have a current valid Illinois Commercial Driver’s License (CDL) may be exempt from the physical examination requirement. If you have a current valid CDL – bring it with you when applying for or renewing a public chauffeur license.

A separate form entitled “Pre-Employment History and Physical Examination” is given to anyone being examined at a City of Chicago Department of Public Health clinic. The clinic may also ask you to sign a consent form to release information to the Department of Business Affairs and Consumer Protection.

Applicants may use their primary health care provider, government or private medical facilities to perform the physical examination and complete the physical examination certification form. Visit the City of Chicago’s Department of Public Health website at [www.cityofchicago.org/health](http://www.cityofchicago.org/health) or call 312-747-9884 to find free or low-income medical services for Chicago residents.

## DRUG TESTING

BACP will give all new and renewal applicants a **Drug Test Authorization Card** at the Public Vehicle Operations Facility at 2350 W. Ogden Avenue. A Drug Test Authorization Card contains the applicant's photo and fingerprints which must be presented to the drug testing facility. See the following listed approved drug testing facilities. ***You must complete the drug test within 24 hours of receiving the Drug Test Authorization Card.*** If you fail to complete the drug test within 24 hours of receiving your authorization card, you will be denied a public chauffeur license.

Please remember to bring another form of identification with you to the drug testing facility other than your driver's license. You will be asked to sign a consent form for the release of drug testing information to the Department of Business Affairs and Consumer Protection (BACP). The results of all tests will be forwarded directly to the Department of Business Affairs and Consumer Protection.

If you test positive, you will be contacted within five days of supplying the sample. You will have the opportunity to provide an explanation. If you feel there has been an error, the sample previously given may be retested. Should you be unreachable within the 5 days of supplying the sample, then the positive results will be forwarded to the Department of Business Affairs and Consumer Protection, and the license will be denied. You may still request a retest of the previously given sample by returning to the test site immediately. Anyone who tests positive will be denied a public chauffeur license.

**The following is a list of APPROVED drug testing facilities listed alphabetically and also by city. All of the following facilities also do perform physical examinations. Please call the facility of your choice to confirm services performed and hours of operations.**
