**RE: Request for Emergency Contract-Roadside Safety Devices**

Dear Ms. Dempsey:

The Chicago Department of Transportation requests an emergency contract with Industrial Fence Incorporated in the amount not to exceed \$100,000.00 for ongoing emergency repair of roadside safety devices.

Industrial Fence Incorporated currently has a contract for fence repair with the Department of Aviation. However, not all items required by CDOT are included in that agreement. Procurement Services is currently working on developing a specification for these services. CDOT work orders are typically less than \$1,000 per location. Timely repair of damaged devices is essential for traffic safety.

Please contact Trisha Sternberg of my staff at 744-4608 if you require further information. Thank you for your attention to this matter.

Sincerely,

Miguel d'Escoto  
Commissioner
