PERMIT REVIEW COMMITTEE
COMMISSION ON CHICAGO LANDMARKS
September 7, 2017

The Permit Review Committee (PRC) met on August 3, 2017, at 1:32 p.m. The meeting was held at 121 N. LaSalle St., in Room 201-A.

Present: Gabriel Ignacio Dziekiewicz
James Houlihan
Ernest Wong, Chair

Staff: Dijana Cuvalo
Kandalyn Hahn
Cindy Roubik
Larry Shure
David Trayte

The following projects were reviewed by the PRC:

- 1. 2900-2906 W. Logan** **32nd Ward**
Proposed Logan Square Boulevards District Extension
Proposed adaptive rehabilitation of former church to multi-unit residential building.

Action: Approved unanimously with the following conditions:

1. As proposed, the existing sanctuary stained glass windows may be altered to receive clear vision glass in select locations to meet light and ventilation code requirements. Alterations are to be contained at the bottom of the window units where operable vents are located and match the existing leaded division pattern. Proposed window details shall be submitted with the permit application;
2. As proposed, basement art glass windows may be replaced with clear vision glass windows to match the existing configuration; existing Parish House double hung windows are to be replaced with new double hung wood windows to match the existing configuration. Proposed window details shall be submitted with the permit application;
3. As proposed, the existing storefront doors of the Parish House are to be replaced with new solid wood double doors, proposed door details shall be submitted with the permit application;
4. As proposed, the existing light wells at west elevation will be enlarged from 1'-6" to 2'-10" beyond the face of the building, with no change to the light well depth (5'-6");
5. Parish House window trim and wood spandrel panels that deteriorated beyond repair are to be replaced in-kind to match the existing profiles and dimensions; and,
6. The 5'-0" tall open metal fence and gate are approved as proposed.

2. 328 N. Carpenter

27th Ward

Fulton-Randolph Market District

Proposed demolition of a 1-story non-contributing building and new construction of a 7-story commercial building with rooftop decks, a new curb-cut off Carroll, and underground parking.

Action: Approved unanimously with the following conditions:

Proposed Demolition:

1. Preliminarily find that the property at 328 N. Carpenter, a 1-story commercial building, is non-contributing to the character of the Fulton-Randolph Market District and its demolition will not be an adverse effect on the character of the Landmark District;
2. Recommend that the Commission recommend to the City Council approval of the proposed demolition of the buildings at 328 N. Carpenter in accordance with Section 2-120-825 of the Municipal Code of Chicago, entitled “Permits for demolition of landmarks – City Council Approval Required”;

Proposed New Construction:

3. Find that the proposed project, contingent upon City Council approval and with the following conditions, will not have an adverse effect on the significant historical and architectural features of the landmark district and approved the project with the following conditions:
 - a) The massing of the building, with the 6th-floor street facade parapet at 77’-3” tall, and 7th floor set back penthouse per drawings dated 7/28/17 is approved as proposed given the property’s context along Carroll which has several similarly scaled buildings. The elevator/stair enclosure to the rooftop deck above the 7th floor has also been reduced in size to minimize its visibility from the street;
 - b) The new 21’-wide curb-cut proposed along Carroll Street to access the two-way ramp for below ground-parking is approved as curb-cuts in general are part of character of secondary streets in the district;
 - c) The recessed terraces at the 5th-7th floors are approved as proposed, with glass railings mounted to the inside face of the walls;
 - d) Enlarged brick facade, window, railing, and storefront details shall be included in the permit plans. Simulated divided-lite muntins shall have a substantial interior and exterior profile with spacer bar; and,
 - e) Exterior wall samples are approved as proposed.

3. 1001 W. Fulton Market

27th Ward

Fulton-Randolph Market District

Proposed new construction of a 5-story masonry commercial building with a roof deck and pergola.

Action: Approved unanimously with the following conditions:

1. Enlarged dimensioned window and storefront details shall be submitted with the permit plan; and,

2. Masonry and cladding samples shall be provided for staff review and approval prior to order and installation. As proposed the red/brown brick for the upper stories (Black Select or Brownstone Blend produced by Morin Brick) and the black brick for the first story (Black Engobe produced by Morin Brick) are approved.

4. 456 W. Belden

43rd Ward

Mid-North District

Proposed rehabilitation of existing masonry single-family residence including new masonry corner garage with roof deck.

Action: Approved unanimously with the following conditions:

1. Windows and/or decorative changes in the masonry be employed in the 10' x 19' lower portion of the west garage wall to further reduce its monumentality at the pedestrian level;
2. Mullions for proposed paired basement windows match dimensions of historic;
3. Window details for the safety glass replacement be provided with permit for staff review and approval; and
4. Material samples to be provided for staff review and approval prior to order and installation.

5. 2335 N. Orchard

43rd Ward

Mid-North District

Proposed new limestone, glass and metal freestanding sign with two changing image screens.

Action: Approved unanimously with the following conditions:

1. As proposed all electrical transformer boxes, conduit and electrical connections shall be concealed underground or within the sign or base and the illumination shall be dimmable;
2. As proposed the images on the digital screens shall display static images only. The permit application documents shall identify how frequently the images will change based on language to be drafted and agreed upon between church and Historic Preservation staff; and,
3. The owner agrees that should the church be sold to a non-religious entity the sign shall be removed.

6. 2125 N. Cleveland

43rd Ward

Mid-North District

Proposed new construction of a 3-story masonry single-family residence with roof deck and detached garage.

Action: Approved unanimously with the following conditions:

1. The penthouse design shown on drawings dated July 27, 2017 shall be revised to eliminate the proposed mechanical room from the roof level, or the applicant shall provide a 3D computer-generated visibility study

for staff review for approval prior to permit application, to confirm the mechanical enclosure will not be visible from public rights of way;

2. The modular-sized Morin Brick Company “brownstone blend waterstruck” brick and Indiana limestone detailing is approved as proposed. The mortar should match the color of the face brick. Brick, limestone, and mortar samples shall be submitted to Historic Preservation staff prior to permit submittal;
3. The rooftop penthouse cladding is proposed to be fiber cement lap siding. Fiber cement siding is to be a smooth finish, maintain a 4” lap exposure, and have a neutral/dark color to minimize visibility. Any rooftop feature and/or planting/ landscaping on the roof decks should be set back and low in height so as not to be visible from the public rights-of-way;
4. The front and side yard setbacks as shown on Sheet A-1 dated July 27, 2017, match the predominate yard depth of buildings contributing to the district’s character and are approved as proposed.
